	11,505.25 (B)
	7,263.10 (C)
	54,817.62 (D)
26,364.03 (Cash Book Balance)	

This exhibit does not include any warrants issued by SCO on June 30 or prior for payment of ORF reimbursement claims, but not received and/or deposited by the department as of June 30. If applicable, adjustment needs to be made for the A-2 entry as follows:

- 1) **SCO warrants issued by June 30 for ORF reimbursement but not received or deposited.**
Increase the Cash on Hand included in TC 531 entry by the SCO warrant(s) amount.
Decrease the vouchers pending reimbursement included in TC 524 entry by the same amount.

ENTRY A-3: Reimbursement and Abatement Accrual

The A-3 entry records reimbursements and abatements due to the department but not yet recorded in CALSTARS. These entries are normally made in CALSTARS throughout the year as invoices are prepared. Any amounts due to the department at year-end, but not yet recorded, should be accrued using A-3 entries. The transaction codes used to record accruals are the same that are used during the year to establish receivables as abatements or reimbursements.

TC 122-Record Billing of Accounts Receivable-Reimbursements^{2/}

Dr. 1312 Accounts Receivable-Reimbursements
Cr. 8100 Reimbursements

TC 123-Record Billing of Accounts Receivable-Abatements^{1/}

Dr. 1311 Accounts Receivable-Abatements
Cr. 9000 Expenditures

TC 129-Record Amount Due From Other Governments as Reimbursements^{2/}

Dr. 1500 Due From Other Governments
Cr. 8100 Reimbursements

TC 130-Record Amount Due From Other Governments as Abatements^{1/}

Dr. 1500 Due From Other Governments
Cr. 9000 Expenditures

TC 174-Record Amount Due From Other Funds as Reimbursements^{2/ 3/}

Dr. 1400 Due From Other Funds or Appropriations
Cr. 8100 Reimbursements

TC 175-Record Amount Due From Other Funds-Abatements^{1/ 3/}

Dr. 1400 Due From Other Funds or Appropriations
Cr. 9000 Expenditures

A-3 entries **not supported by invoices** should be reversed in the new FY and re-entered as invoices are prepared. Auto reverse batches are recommended for entries not supported by invoices.

NOTE: For TCs 129, 130, 174, and 175, establish a separate Current Document Number with a unique suffix when the Subsidiary changes.

^{1/} Abatements require both an Object Detail and a Source. Transactions are made in the Clearing Account if the original expenditure was made in the Clearing Account.

^{2/} Reimbursements accruals are posted after Cost Allocation/Fund Split for FM13 is run.

^{3/} The **vendor number** must be keyed into the transaction in order to facilitate the "Due From Other Funds/Appropriations (GL1410/1420) and Due To Other Funds/Appropriations (GL 3114/3115) Supplementary Information" worksheet for GL1400.

Departments should prepare separate entries to accrue reimbursement receivables resulting from encumbrances. These entries may be useful in identifying the encumbrance amounts to be reported on Report 1, Report of Accruals to Controller's Accounts.

These entries typically are not supported by invoices and should be reversed in the new year.

If reimbursements from another fund or appropriation have been over-collected and the amount of the over-collection will be refunded to the fund or appropriation after June 30, accrue the amount with the following entry:

TC 553-Accrue Reimbursement Refund Due From Other Funds/Appns
 Dr. 8100 Reimbursements
 Cr. 3110 Due To Other Funds or Appropriations

TC 553 is reversed in the new year. Auto-reverse batches are recommended.

ENTRY A-4: Reclassify Items for Reverted Appropriations

"Accounts Receivable" and "Due Froms" for **abatements** and **reimbursements** that are not cleared by June 30 must be reclassified to GL 1600-Provision for Deferred Receivables. CALSTARS provides an automated process (CFY022-Document File Reclassification/Liquidation Process) to assist departments to identify and reclassify documents within reverting appropriations. For reverting appropriations that were correctly identified in the AS Table when the CFY022 transactions were generated in early May, the A-4 entry would already be posted. CFY022-Document File Reclassification/Liquidation Process is discussed in Chapter 1 of the Volume and in SAM Section 10603. However, if reverting appropriations were improperly identified in the AS Table, the A-4 entry must be manually posted. These receivables may be identified by reviewing the D06 Report, Document Report by Appropriation.

Departments should use the following entries to record A-4 adjusting entries for receivables that CALSTARS did not reclassify. For each receivable, two transactions must be posted.

First transaction:

TC 576-A-4 Establish AR Other
 Dr. 1319 Accounts Receivables-Other
 Cr. 1600 Provision for Deferred Receivables

OR

TC 577 – Establish Negative A/R
 Dr. 1600 Provision for Deferred Receivables
 Cr. 1319 Accounts Receivable Other

NOTE: TC 576 is for positive amounts and must be used with one of the following TCs listed below. For negative amounts, use TC 577. TCs

used in conjunction with TC 577 must use Reverse code **R**. Both TC 576 and TC 577 should be recorded at the fund level only.

Second transaction (one of the following):

TC 555-A-4 Reclass A/R Abatement-Reverted Appn

Dr. 9000 Expenditures

Cr. 1311 Accounts Receivable-Abatements

TC 556-A-4 Reclass A/R Reimbursement-Reverted Appn

Dr. 8100 Reimbursements

Cr. 1312 Accounts Receivable-Reimbursements

TC 572-A-4 Reclass Abate Due From Other Funds-Reverted Appn

Dr. 9000 Expenditures

Cr. 1400 Due from Other Funds or Appropriations

TC 573-A-4 Reclass Reimb Due from Other Funds-Reverted Appn

Dr. 8100 Reimbursements

Cr. 1400 Due from Other Funds or Appropriation

TC 574-A-4 Reclass Abate Due from Other Govts-Reverted Appn

Dr. 9000 Expenditures

Cr. 1500 Due From Other Governments

TC 575-A-4 Reclass Reimb Due from Other Govts-Reverted Appn

Dr. 8100 Reimbursements

Cr. 1500 Due From Other Governments

Refer to Chapter I, Preparation Activities, section *Reclassify/Liquidate Reverting Appropriation Document File Balances*, for procedures on cash collections.

A-4 entries are **NOT** reversed in the new year.

ENTRY A-5: Accrue Interest Earnings on Investments

The A-5 entry accrues interest earnings on investments to reflect the appropriate adjustments to accrued interest purchased, premiums, and discounts. Source **215n00** is used to identify investment interest earned, where **n** identifies the type of interest (per the UCM).

TC 121-Record Billing of Accounts Receivable-Operating Revenue

Dr. 1314 Accounts Receivable-Operating Revenue

Cr. 8000 Revenue

TC 548-A-5 Record Amortization of Discount on Securities

Dr. 2014 Discount on Securities

Cr. 8000 Revenue

TC 549-A-5 Record Amortization of Premium on Securities

Dr. 8000 Revenue

Cr. 2013 Premium on Securities

TC 550-A-5 Record Amortization of Accrued Interest Purchased
 Dr. 8000 Revenue
 Cr. 1320 Accrued Interest Receivable

A-5 entries are **NOT** reversed in the new year.

ENTRY A-6: Record Interest Due From Other Funds

The A-6 entry accrues interest revenue that is due from other funds. This includes interest income due from inter-fund loans and deposits in the Surplus Money Investment Fund (SMIF). A Source and a Subsidiary are required for this entry.

TC 176-Record Amount Due From Other Funds as Revenue
 Dr. 1400 Due From Other Funds or Appropriations
 Cr. 8000 Revenue

SMIF Interest Due

Departments receive journal entries (JEs) for SMIF interest as of June 30. The A-6 entry for interest due from SMIF is posted using information from the JE. (The General Fund share of SMIF interest is **not** posted on any department's books.) The interest amount can also be accessed via SCO PROD.

For interest earned on governmental funds use Source **150300**-Income From Surplus Money Investments. For interest earned on Operating Revenues from proprietary and fiduciary funds use Source **250300**-Income From Surplus Money Investment Fund. Use Subsidiary **06810000** in both instances.

The **vendor number for SCO** must be keyed into the transaction in order to facilitate the "Due From Other Funds/Appropriations (GL1410/1420) and Due To Other Funds/Appropriations (GL 3114/3115) Supplementary Information" worksheet for GL1400.

A-6 entries are **NOT** reversed in the new year.

NOTE: Post the June 30 SMIF Interest Income JE in FM01 using TC 135 as follows:

TC 135 – To Record SCO Cash Receipt Of Due From Other Funds/Revenue
 Dr. 1140-Cash in State Treasury
 Cr. 1400-Due From Other Funds Or Appropriations

ENTRY A-7: Abatements for Surveyed Equipment

The A-7 entry accrues an abatement for the estimated value of surveyed equipment available for sale. This entry is displayed on the H11 Report, General Fixed Asset Transaction Analysis Report. The A-7 entry is used only if the equipment has been budgeted for replacement. Source **580600** is used for this abatement.

In the fund which will purchase the new asset, record the following for the amount of the **expected** sales price:

TC 546-A-7 Record Abatement for Surveyed Equipment
 Dr. 2740 Inventory of Surveyed Equipment
 Cr. 9000 Expenditures

NOTE: The FM 13 reconciliation will be out of balance by the amount of this entry.

In Fund 0997 (and Fund Detail), record the following for the amount of the **original** purchase price:

TC 494-Record Write-Off of Non-Expendable Assets
 Dr. 5200 Investment in Capital Assets
 Cr. 23nn Capital Asset Account (nn=10, 21, 31 or 41)

A-7 entries are reversed in the new year. Auto-reverse batches are recommended.

ENTRY A-8: Accrual of Expenditures

The A-8 entry accrues expenditures as "Accounts Payable" or "Due To" for goods or services received by June 30 but not scheduled for payment by June 30. This entry is necessary because expenditures are recorded in the fiscal year the goods or services are received, not the fiscal year the invoice is actually paid. A-8 adjusting entries are **not** made for goods or services received after June 30. A-8 entries are usually recorded in the Clearing Account, if used.

Prior year accruals should be within 10% of actual expenditures and revenues in order to receive an Award for Achieving Excellence in Financial Reporting from the SCO.

Personal Services

Personal services incurred as of June 30 that will be paid in the new FY must also be accrued. Departments using the CALSTARS Labor Distribution Subsystem must record the Personal Services accrual with Document Number/Suffix **PRA99999-99**. Use Object Detail **003** for the last transaction entered.

During the new year, the Labor Distribution Subsystem will liquidate this accrual by posting prior year Personal Services costs (TC 378) to this Document Number/Suffix. This continues each month during labor distribution until the department closes the document or the OC Table Error Severity Indicator code **F** (Fund Related, position 1, 2, and 3 or 4) disallows posting because no funds are available in the document. The transaction then posts to the Error Suspense File where it may be adjusted by changing TC 378 to TC 242 or TC 372.

Goods or Services

Exhibit II-7 displays the transaction codes used to establish, liquidate and adjust accounts payable documents. **These entries are made only if the goods or services**

were received by June 30. The Debit GL for each of the TCs in the "Set Up TC" column is GL 9000-Expenditures. The Credit GL is shown in the "General Ledger Liability Account" column.

When setting up accounts payables for previously encumbered documents, use of the **F** (Final Payment) Modifier will liquidate the entire balance (plus or minus) in the Document File. Accounts payable documents must be liquidated/adjusted for the exact amount. Differences should be adjusted to zero as soon as possible and the document should be closed (Modifier=**C**) to preclude further Document File posting.

Federal Trust Fund Encumbrances

Departments with federal grants may need to encumber accruals in lieu of preparing the A-8 entry for federal expenditures. If accruals are encumbered, they will not show as expenditures on CALSTARS reports used for the monthly Plan of Financial Adjustment (PFA). This will help ensure that expenditures are not overstated when completing the PFA for a federal drawdown. Use Document Number/Suffix **A8nnnnnn-nn** for these encumbrances. The encumbrances are shown as GL 3010 in the Pre-closing and Post-closing Trial Balances on the G02 Report. In order to reflect the correct general ledger liability accounts in CALSTARS, i.e., GLs 3110, 3210, 3220, or 3290, the encumbrances must be reclassified to the correct account using TC 517 or TC 519. Refer to the *Reclassify Encumbrances Reported As Accounts Payable* section in Chapter III for further instructions.

NOTE: The H11 Report for FM 13 reflects accrued expenditures, including Capital Outlay and equipment purchases, at the time the accruals are posted, not when actual payment is made. This may impact the reconciliation of property records.

A-8 adjusting entries are **NOT** reversed in the new year, **except** for estimated accruals entries.

EXHIBIT II-7
A-8 ENTRY TRANSACTION CODES

Vendor Description	Vendor Type	General Ledger Liability Account DR 9000 CRXXXX	Account Title	Previous Status	Transaction Codes

				Not Previously Encumbered	283	268	284	263	283	201	283

^{1/}Do not include these transactions in auto reverse batches.

^{2/}Use TC215 to accrue Travel Expense Claims, including CALATERS Travel Expense Claims.

ENTRY A-9: Record Revenue Accruals

The A-9 entry records revenue earned but not yet billed. These entries are typically made in CALSTARS throughout the fiscal year when revenue is billed or earned. At year-end, any estimated or earned but unbilled revenue is recorded using an A-9 entry. The transactions codes are the same that are used to record revenue throughout the year:

TC 120-Record Billing of Accounts Receivable-Revenue (if earned)
 Dr. 1313 Accounts Receivable Revenue
 Cr. 8000 Revenue

TC 121-Record Billing of Accounts Receivable – Operating Revenue (if earned)
 Dr. 1314 Accounts Receivable Revenue – Operating Revenue
 Cr. 8000 Revenue – Operating Revenue

TC 128-Record Due From Other Govts-Revenue (if earned)
 Dr. 1500 Due From Other Governments ^{1/}
 Cr. 8000 Revenue

TC 176-Record Due From Other Funds-Revenue (if earned)
 Dr. 1400 Due From Other Funds or Appropriations ^{1/ 2/}
 Cr. 8000 Revenue

Any current year billed revenue receivable not expected to be collected in the next fiscal year should be deferred. Reverse the original Accounts Receivable – Revenue posting and post the appropriate TCs as follows:

TC 505-A-9 Establish Deferred Accounts Receivable – Operating Revenue
 Dr. 1314 Accounts Receivable Revenue – Operating Revenue
 Cr. 1600 Provision for Deferred Receivables

TC 506-A-9 Establish Deferred Accounts Receivable – Revenue
 Dr. 1313 Accounts Receivable Revenue
 Cr. 1600 Provision for Deferred Receivables

TC 507-A-9 Establish Deferred Accounts Receivable – Due From Other Funds or Appropriations
 Dr. 1400 Due From Other Funds or Appropriations ^{1/ 2/}
 Cr. 1600 Provision for Deferred Receivables

TC 509-A-9 Establish Deferred Accounts Receivable – Due From Other Governments
 Dr. 1500 Due From Other Governments ^{1/}
 Cr. 1600 Provision for Deferred Receivables

Both the reversal of the original accounts receivable and the A-9 entries (TC 505, TC 506, TC 507, TC 509) are reversed in the new year. Auto-reverse batches are recommended.

^{1/} Use unique document numbers for TCs that require a Subsidiary.

^{2/} The **vendor number** must be keyed into the transaction in order to facilitate the “Due From Other Funds/Appropriations (GL1410/1420) and Due To Other Funds/Appropriations (GL 3114/3115) Supplementary Information” worksheet for GL1400.

Year-end revenue accruals **not supported by invoices** should be reversed and re-entered when the invoices are prepared.

Prior Year Accounts Receivable Revenue

All prior year accounts receivable revenue must be deferred. Departments may use the automated process (CFY023) discussed in Chapter I, Preparation Activities, section *Reclassify/Liquidate Reverting Appropriation Document File Balances*. If the automated process was not used, the entries must be posted manually using the transaction codes displayed in that section.

Excess Revenue Collections From Other Funds or Other Governments

Occasionally there is an excess collection of revenue from other funds, the federal government or some other governmental entity. If the excess collection is returned after June 30, an accrual entry reducing revenue must be made:

TC 552-Accrue YE Due to Other Govt (Excess Collections)
 Dr. 8000 Revenue
 Cr. Input GL (3210, 3220 or 3290)

TC 557-Accrue YE Due to Other Funds/Appropriations (Excess Collections)
 Dr. 8000 Revenue
 Cr. 3110 Due to Other Funds or Appropriations

The excess collection entries are reversed in the new year. Auto-reverse batches are recommended.

NOTE: The liability accrual (GLs 3110, 3210, 3220 or 3290) is not included on the DB1 Report. For reconciliation purposes, the amount of the TC 552 or TC 557 entry must be added to the SCO account balances.

ENTRY A-10: Adjustment for Dishonored Checks

CALSTARS departments are required to account for dishonored checks by using transactions to adjust the nominal accounts during the year. Typically, this involves adjusting the nominal accounts by recording transactions to reimburse the bank for the dishonored check and establish a receivable in GL 1315-Accounts Receivable-Dishonored Checks with an offset to GL 1600-Provision for Deferred Receivables. At year-end, the A-10 entry is required for the dishonored checks considered to be **collectible** during the next year. The A-10 entry removes the **collectible** dishonored checks from GL 1600 and reflects the amount in the nominal account. Refer to the following chart for the A-10 transactions codes.

A-10 Adjusting Entries			
Account		Description	TC
Debit	Credit		
1600		Provision for Deferred Receivables	
	3110	Due to Other Funds or Appropriations	585
	3400	Advance Collections	586
	3730	Uncleared Collections	587
	8000	Revenue	588
	8100	Reimbursements	589
	9000	Abatement	590
	9830	Other Sources	578
	9891	Refunds to Reverted Appropriations	591

NOTE: If an A-10 adjusting entry is required, the FM 13 reconciliation to SCO balance will not agree by the amount of the A-10 entry, except GL 3400 and GL 3730.

A-10 entries are reversed in the new year. Auto-reverse batches are recommended.

ENTRY A-11: Alternative Adjustment for Dishonored Checks

CALSTARS departments do not prepare the A-11 adjusting entry. Refer to the A-10 adjusting entry.

ENTRY A-12: Establish Reserve for Deferred Accounts Receivable for Abatements and Reimbursements

The A-12 entry establishes a reserve for accounts receivable abatements and reimbursements estimated to be uncollectible during the next fiscal year. Reverse the original accounts receivable – reimbursements or abatements posting(s) and post the appropriate TCs as follows:

TC 503-A-12 Establish Deferred Accounts Receivable – Reimbursements

Dr. 1312 Accounts Receivable – Reimbursements

Cr. 1600 Provision for Deferred Receivables

TC 504-A-12 Establish Deferred Accounts Receivable – Abatements

Dr. 1311 Accounts Receivable-Abatements

Cr. 1600 Provision for Deferred Receivables

TC 507-A-12 Establish Deferred Accounts Receivable – Due From Other Funds or Appropriations

Dr. 1400 Due From Other Funds or Appropriations ^{1/2/}

Cr. 1600 Provision for Deferred Receivables

TC 509-A-12 Establish Deferred Accounts Receivable – Due From Other Governments

Dr. 1500 Due From Other Governments ^{1/}

Cr. 1600 Provision for Deferred Receivables

^{1/} Use unique document numbers for TCs that require a Subsidiary.

^{2/} The **vendor number** must be keyed into the transaction in order to facilitate the “Due From Other Funds/Appropriations (GL1410/1420) and Due To Other Funds/Appropriations (GL 3114/3115) Supplementary Information” worksheet for GL1400.

Both the reversal of the original accounts receivable and the A-12 entries are reversed in the new year. Auto-reverse batches are recommended.

ENTRY A-13: Transfer CIST to Fund Balance

Typically, CALSTARS departments **do not post** the A-13 entry. During the YEC process, CALSTARS closes GL 1140-Cash in State Treasury into GL 5570-Fund Balance Clearing for funds identified as shared in the D22-Statewide Fund Descriptor Table. The G02 Report will not display GL 1140.

Verify on the G02 Report, that GL 1140 balance has closed into GL 5570. If the G02 Report reflects a balance in GL 1140 for a shared fund, one of the following entries must be manually posted.

If Cash in State Treasury has a debit balance:

TC 501-YEC-To close Debit Balance GL-Shared Fund
 Dr. 5570 Fund Balance Clearing Account
 Cr. (Input 1140) Cash in State Treasury

If Cash in State Treasury has a credit balance:

TC 502-YEC-To close Credit Balance GL-Shared Fund
 Dr. (Input 1140) Cash in State Treasury
 Cr. 5570 Fund Balance-Clearing Account

These transactions are generated during the YEC process for shared funds. Funds that are identified in the D22-Statewide Fund Descriptor Table as non-shared funds are **not** impacted by this entry.

A-13 entries are **NOT** reversed in the new year.

PREPARE ADJUSTING ENTRIES FOR TRANSFERS AND LOANS

The following adjusting entries should be posted in FM 13 to accrue activities related to Operating transfers, Interfund Loans/General Obligation Bonds and Loan Principal Disbursements:

Operating Transfers

For additional information, refer to CPM Volume 3, Chapter II, Accounting for Interfund Transfers

TC	PURPOSE	GL DEBIT	GL CREDIT
260	To accrue Operating Transfers – In	1400	9811
579	To accrue Operating Transfers – Out	9812	3110

The **vendor number** must be keyed into the transaction in order to facilitate the "Due From Other Funds/Appropriations (GL1410/1420) and Due To Other

Funds/Appropriations (GL 3114/3115) Supplementary Information” worksheet for GL3110 and 1400.

Interfund Loans/General Obligation Bond Funds

For additional information, refer to CPM Volume 3, Chapter IV, Accounting for Interfund Loans.

TC	PURPOSE	GL DEBIT	GL CREDIT
L02*	To reduce long-term loan receivable by the amount of accrued repayment	5370	2170
L04*	To reduce long-term loan payable by the amount of accrued repayment	4050	2500
176	To accrue interest on loan Due From Other Funds	1400	8000
260**	To accrue Operating Transfers – In for current amount of loan principal Due From Other Funds (Loan Repayment)	1400	9811
285**	To accrue interest expense on loan Due to Other Funds (including PMIA loans)	9000	3110
579**	To accrue Operating Transfers – Out for current amount of loan principal Due To Other Funds	9812	3110

*Transactions for Non-shared funds only

**Typical accruals in General Obligation Bond Funds. TC 260 and TC 579 are used to accrue the cash transfer that funds the encumbrances or the final June expenditures in the new fiscal year.

Auto-reverse batches are recommended. SCO will post the cash transfer letters when received in the new fiscal year.

To determine the cash transfer accrual amounts for non-shared General Obligation (GO) Bond Funds refer to a G02 Report, Post-Closing Trial Balance GL 5530. For shared GO Bonds refer to a G02 Report Pre-Closing Trial Balance to determine the cash amount needed in the new fiscal year. For example on Report No. 7, subtract the amount of the GL 9811 Operating Transfers In from Budgetary expenditures reported (GL 9000 for GLs 6150, 6151, 9000, 9822 and 9844).

The **vendor number** must be keyed into the transaction in order to facilitate the “Due From Other Funds/Appropriations (GL1410/1420) and Due To Other Funds/Appropriations (GL 3114/3115) Supplementary Information” worksheet for GL3110 and GL1400.

Loan Principal Disbursements

For additional information refer to CPM Volume 3, Chapter V, Accounting for Loan Disbursements.

TC	PURPOSE	GL DEBIT	GL CREDIT
121	To accrue interest on loan due from individuals or non-governmental entities	1314	8000
128	To accrue interest on loan due from non-state governmental entities.	1500	8000
568	To adjust negative expenditures for encumbrances established in previous years and subsequently liquidated (For G02-Report 7)	9000	9844
L05	To accrue loan principal disbursement due to other governmental entities	9844	3290
