I. GENERAL INFORMATION

The guidelines in this BL apply primarily to BCPs related to state operations and local assistance. Finance will issue a separate BL for Capital Outlay Budget Change Proposal (COBCPs) guidelines. Unless specifically identified as COBCPs, the term BCP refers to state operations and local assistance proposals, not capital outlay; however, this BL does include components that require identification for potential facility or capital outlay costs related to state operations and local assistance BCPs.

Budget Preparation Calendar: Budget Calendars in the Budget Analyst Guide will be updated, if needed, and are available at:

http://www.dof.ca.gov/budget/budget_calendars/Budget_Calendars.html

Price Letter Standards: Price Letter Standards for 2019-20 are currently targeted for distribution in early September 2018. The Department of General Services has published an updated version of its web-based 2017-18 Price Book that lists both the 2017-18 and proposed 2018-19 rates for its services, which can be viewed here:

<http://www.dgs.ca.gov/ofs/NewsEvents/PriceBookAnnouncement.aspx>.

State Administrative Manual (SAM): The budget chapter (Chapter 6000) of SAM is a valuable source of information on the technical aspects of the budget and legislative processes. You may access SAM Chapter 6000 at: <http://sam.dgs.ca.gov/Home.aspx>. SAM is being updated to reflect FI\$Cal changes, as needed. In the interim, please use Budget Letters and the Finance FI\$Cal webpage for specific technical Hyperion instructions at: http://www.dof.ca.gov/budget/fiscal_resources_for_budget/index.html.

Timeliness and Confidentiality: Strict adherence to all schedules and due dates stipulated in this letter and in the attachments is required. **Until release of the Governor's Budget, all information contained in budget documents used during the Governor's Budget development process is strictly confidential. Any BCPs or ECPs not released to the Legislature by Finance remain working papers subject to the Governor's deliberative process privilege indefinitely. These documents are to be released only if that privilege is waived by the Governor's Office, or pursuant to court order.** For purposes of the Public Records Act, the Governor's deliberative process privilege is reflected in [Government Code section 6255](#).

II. BUDGET CHANGE PROPOSALS

Forms

Departments are required to submit BCPs in hard copy form with appropriate signatures. The latest form [DF-46](#) to prepare the narrative portion of non-Capital Outlay proposals is available in Word format on Finance's website.

Departments using FI\$Cal/Hyperion should provide all necessary budget information in Hyperion either by keying data in the system directly or by utilizing upload templates for data input. To upload data, always use the template available online at: http://www.dof.ca.gov/budget/Resources_for_Departments/Budget_Forms/ to ensure the latest program or chart of account information is current. Upon completion of this current fiscal year, an updated version will be available in early July. Contact your Finance budget analyst for assistance, if necessary.

Timeframe

BCPs (including Budget Bill and Trailer Bill language changes) must be submitted to Finance no later than **Tuesday, September 4, 2018**, or by an earlier date established by the Finance Program Budget Manager. (**Exception:** BCPs for chaptered legislation and late requests approved by Finance [see below]). All major COBCPs and the Five-Year Infrastructure Plans for 2019-20, including minor COBCPs, Capital Outlay Concept Papers (COCPs), and adjustments that are needed to conform to the enacted 2018-19 budget or required changes to the escalation of construction costs are due by **Monday, July 30, 2018**.

BCPs requesting funding for information technology (IT) projects require the California Department of Technology's (CDT) approval of Special Project Report(s) (SPR), or the applicable Project Approval Lifecycle (PAL) documents upon release of the Governor's Budget, unless otherwise approved by Finance. Pursuant to [Government Code section 11545](#), et seq., CDT is responsible for approving and overseeing IT projects. Departments are required to submit documents to CDT electronically, in accordance with Statewide Information Management Manual (SIMM) 05A. SPRs, or applicable PAL documents, are due to CDT no later than Monday, **July 16, 2018** (unless otherwise exempted by CDT), for Finance to consider any associated fall funding requests. Departments are responsible for timely submission and completion of final documents to ensure distribution of the approved documents upon release of the Governor's Budget. Comprehensive information for IT project reporting, including instructions to assist departments in meeting CDT reporting requirements, can be found in the [Statewide Information Management Manual](#).

BCPs requesting funds for legislation chaptered through Friday, August 31, 2018, must be submitted to Finance no later than **Wednesday, September 12, 2018**. For bills chaptered after August 31, related BCPs must be submitted **no later than 10 calendar days after the bill is chaptered**. BCPs for chaptered legislation will not be accepted if costs are not identified during legislative consideration of the bill, or if submitted after the applicable time limit.

The Agency Secretary, or Departmental Director for departments that do not report to an Agency Secretary, must approve any request(s) for late BCP submittal. These late requests must be submitted in writing to your Finance Program Budget Manager, no later than **Friday, August 17, 2018**. Requests for late submittal are limited to those issues involving the most exceptional circumstances.

General Guidelines and Procedures for BCPs and ECPs

1. **BCPs/ECPs must fully conform to budget policies**, which will be provided in the upcoming Budget Policy BL.
2. **All information contained in BCPs/ECPs is strictly confidential until release of the Governor's Budget.** Each department is responsible for maintaining the confidentiality of its respective BCPs until approved for release (usually simultaneously with the release of the Governor's Budget in January).
3. **Disapproved BCPs/ECPs, disapproved premise assumptions, and disapproved versions of BCPs/ECPs remain confidential working papers and must not be released.** Responses to any requests for confidential budget documents under the Public Records Act or pursuant to discovery requests must be coordinated through your Finance budget analyst with Finance's legal staff.

4. **The appropriate Agency Secretary must approve BCPs (including COBCPs) prior to submission to Finance.** If proposing changes that involve other departments or other departments' funds, obtain and attach written concurrence and/or comments on the proposed change from the Director(s) or designee of the affected department(s) prior to submitting the BCP to Finance.
5. The BCP cover page **requires each department's Chief Information Officer to review and sign all BCPs with IT components** prior to submission to Finance. BCPs that do not have the appropriate approval and, when applicable, concurrence and/or comments, will be returned without consideration.
6. **Funding for chaptered legislation** that does not contain a specific appropriation must be absorbed or requested in a BCP or other budget request.
7. BCPs requesting funds from a special or bond fund must be accompanied by an **updated fund condition statement or by a statement of fund availability from the department administering the fund** (if different from the requesting department). Bond-funded BCPs must also cite the specific bond measure and relevant chapters and sections for proposed funding (i.e., "bond pot").
8. **Local assistance estimates should not include state operations funding.** A separate BCP for state operations should be provided unless approved by your Finance Program Budget Manager to include in the estimate. These BCPs should be provided consistent with the BCP deadlines.
9. **Departments must provide a succinct, well-written, and complete BCP.** Departments may provide supporting information, and must not rely on providing subsequent back-up material to respond to Finance's inquiries regarding justification for the request. BCPs that are incomplete by virtue of failing to provide relevant, critical, and substantiating information in the initial submission will likely be returned to departments without analysis at the discretion of Finance.

When applicable, **BCPs must include any proposed provisional, trailer bill, reversion, or reappropriation language.** In the case of provisional and trailer bill language, the BCP must effectively justify the need for this language and the programmatic implications associated with it. For proposed reappropriation and reversion language, the BCP must clearly identify the relevant budget acts, items of appropriation, and funds proposed for reappropriation and reversion, as well as the appropriate timeframes for encumbrance and liquidation. Departments are encouraged to use the standardized language available here: http://www.dof.ca.gov/budget/resources_for_departments/budget_analyst_guide/budget_bill_prep_guidelines.html.

10. **BCPs must include all appropriate documentation (including Hyperion fiscal pages), workload statistics, and code citations** or they will be returned without consideration. If a proposed change is funded through redirection, both the positive and negative changes must be reflected. BCPs proposing redirections must include a statement of the immediate and future impact on the program from which the resources will be redirected. When submitting a BCP that affects more than one program or subprogram, fiscal detail for each program/subprogram affected must be included. All program information must be consistent with the display in the Governor's Budget.

11. BCPs must be assigned an **individual priority number** and address a single issue. (Sequential numbering must be used, with 1 being the highest priority.) Multiple issues may not be consolidated as a single priority. However, BCPs that address a single issue, but affect multiple programs, divisions, or units, may be consolidated.
12. BCPs must describe the **methods of calculation and sources of data** for all numbers used. Departments should consult with their Finance budget analysts on analytical approaches, data sources, and content of the written BCPs prior to submission to Finance.
13. BCPs requesting **new positions and/or programs** must include both a narrative explanation and fiscal detail addressing the impact these new positions/programs will have on the facility needs of the department. Finance will not consider BCPs that do not include this information. Salaries and retirement rates should be as of July 1, 2018. Salary information is available on [CalHR's website](#). Retirement rates can be found in Control Section 3.60 of the upcoming 2018 Budget Act.
14. BCPs must include a description of how the proposal is **consistent with the department's strategic plan** by identifying the objective(s) the BCP will support. The justification must articulate the compelling need for this proposal and its intended objectives.
15. Each BCP must include a **discussion of alternatives considered** (other than the one being proposed and the status quo) to address the identified problem. Submittals that do not meet this criterion will be rejected.
16. Attachment II provides a list of designated lead agencies responsible for the coordination of specified subject areas/programs.

III. POSITION RELATED GUIDELINES

Requests for New Positions—When requesting new positions, departments are required to clearly establish the long and short-term benefits to be gained by increasing personnel as opposed to other possible alternatives (e.g., automation, workload readjustments, implement more efficient work processes, etc.). Depending on a department's vacancy rate, requests for new positions generally will be limited to redirections of existing positions. **Other alternatives that have been considered by the department must also be identified and analyzed.** BCPs requesting new positions must effectively justify why a redirection is not possible. Relevant vacancy information may be requested by Finance and must be provided promptly. If new positions are approved, positions will be budgeted at the mid-step, across all years, unless evidence is provided justifying a higher level for hard-to-fill classifications. Finance must approve the establishment of any position above mid-step of the respective salary range.

Requests for IT Positions—When requesting IT positions, departments are required to use the new consolidated IT classifications adopted by the State Personnel Board on January 11, 2018.

Limited-Term Positions—As a policy, Finance does not approve limited-term position authority to meet short-term workload efforts. If an increase in temporary resources is necessary to support short-term workload, limited-term expenditure authority will be considered to meet operational needs. The limited-term funding will be approved for a specific length of time, as authorized during the budget process. **For more specific**

information on limited-term expenditures, consult with your Finance budget analyst.

Merit Salary Adjustment— Merit Salary Adjustments (MSAs) are included in the definition of a workload budget in [Government Code section 13308.05](#); however, because savings result when positions return to the bottom step after staff promotions or departures, these resources are then available to pay for the costs of MSAs. Therefore, no workload budget adjustments will be made by Finance.

Budget Position Transparency— This adjustment to the display of positions and expenditures occurs biennially and will not be included in the 2019-20 Governor's Budget.

IV. CAPITAL OUTLAY BUDGET CHANGE PROPOSALS

Major Capital Outlay Budget Change Proposals

The General Guidelines and Procedures for BCPs described above also apply to COBCPs. COBCPs and Five-Year Infrastructure Plans (including requests for provisional language changes) are required to be submitted to the Legislature with the Governor's Budget, pursuant to Government Code section 13100, et seq. and must be submitted to Finance no later than **Monday, July 30, 2018**, or by an earlier date established by the Finance Program Budget Manager. The BL with more specific instructions, including FI\$Cal related instructions, and due dates for submitting five-year infrastructure plans, COBCPs, and COCPs, is forthcoming.

Changes for any other reason may be deferred to the 2020-21 capital outlay budget cycle. The capital outlay process is described in SAM sections 6801, et seq. and is available at: https://www.documents.dgs.ca.gov/sam/SamPrint/new/sam_master/sam_master_file/cha_p6000/6801.pdf.

Minor COBCPs

COBCPs for minor capital outlay projects for 2019-20 must be submitted to Finance no later than **Monday, July 30, 2018**, or by an earlier date established by the Finance Program Budget Manager. Detailed information on the submission of Minor COBCPs for the 2019-20 fiscal year will be provided in an upcoming BL.

The dollar limit for each minor capital outlay project is \$709,000 for most agencies and \$975,000 for departments within the Resources Agency, per Public Contract Code sections [10108](#) and [10108.5](#), respectively.

V. INFORMATION TECHNOLOGY

Line-item display in the Governor's Budget

Hyperion includes account categories for Consolidated Data Centers (5344000) and Information Technology – Other (5346900). Departments must use these account category codes to distinguish between a department's internal information technology costs (5346900) and data center costs (5344000).

Departments are required to inform the Office of Technology Services (OTech) of: (1) all activities and any significant changes in IT services anticipated; and (2) the IT equipment

that will be included in their budget, but obtained from the data center. Failure on the part of the department to inform OTech could have an adverse impact on OTech's ability to support the services or the procurement.

VI. FINANCIAL REPORTING REQUIREMENTS

The following schedule applies to the 2017-18 year-end financial reports for submittal to the Controller's Office:

Tuesday, July 31, 2018: General Fund, feeder funds (0081, 0084, 0085, 0086, 0089, 0090, 0091, 0094, and 0097), and economic uncertainty funds (0374 and 0375).

Monday, August 20, 2018: All other funds.

The Report of Accounts Outside of the State Treasury, Report 14, must be submitted by departments to the Treasurer's Office electronically through FI\$Cal by August 20, 2018, and two copies must be submitted by departments to the Controller's Office: one Excel version to blfinrep@sco.ca.gov, and one hardcopy with a signature to be sent with the year-end reports by Monday, **August 20, 2018**.

The Report of Expenditures of Federal Funds, Report 13, must be submitted to Finance's FSCU on or before Monday, **August 20, 2018**.

Departments are responsible for both the accuracy and the timeliness of the year-end reports. **Government Code section 12461.2** authorizes the **Controller's Office to withhold any or all operating funds from a department if that department fails to submit complete and accurate financial reports within 20 days of the prescribed due date(s)**. Therefore, departments should plan carefully to meet year-end reporting deadlines.

To assist with this process, CALSTARS departments are reminded of the availability of sample task lists, checklists, year-end training sessions, and individualized assistance through the CALSTARS Hotline: phone (916) 327-0100 or e-mail: hotline@dof.ca.gov.

The CALSTARS Training Schedule can be accessed at: http://www.dof.ca.gov/Accounting/CALSTARS/CALSTARS_Training/ and the Procedures Manual at: http://www.dof.ca.gov/Accounting/CALSTARS/Procedures_Manual/.

Departments using FI\$Cal/PeopleSoft for accounting functions will be required to submit financial reports produced from FI\$Cal. Month-end close requirements are provided in [BL 17-28](#). Finance will continue to provide assistance and year-end training for departments using FI\$Cal (see [BL 18-05](#)). Departments should work with their Finance accounting analyst/manager and FI\$Cal retention coordinator to make arrangements for additional support to meet the year-end deadlines.

Departments may also contact Finance's FSCU for assistance at (916) 324-0385 or via e-mail at: fscuhotline@dof.ca.gov.

Additional information on available FI\$Cal training classes and training materials is available at: http://www.dof.ca.gov/Accounting/Consulting_and_Training/FISCal_Training/

VII. PRO RATA ASSESSMENTS AND SWCAP ALLOCATIONS

Pro Rata assessments and SWCAP (Statewide Cost Allocation Plan) will be available in late September 2018. Finance will provide guidelines in a separate BL. For an overview of the current Pro Rata and SWCAP, please refer to the Finance Pro Rata and SWCAP website at: http://www.dof.ca.gov/Accounting/Statewide_Cost_Allocation/.

VIII. BASELINE BUDGET ADJUSTMENTS (EXPENDITURES)

Baseline Budget Adjustments (BBAs) are changes to costs of currently authorized services in the budget necessary to maintain the current level of service. BBAs will be used to make baseline expenditure adjustments in Hyperion for all years (past year through budget year plus four). There are currently 12 non-capital outlay related baseline adjustment types in Hyperion that can be used to make baseline expenditure changes. A new BBA type (Other Post-Employment Benefits Adjustments) will be available beginning with the 2019-20 budget development. A separate BL will be issued to describe all non-capital outlay BBA types (listed below) in more detail, as well as provide information for the upload templates. That BL will also describe the process for entering capital outlay BBAs and provide information about various capital outlay BBA types.

1. Salary Adjustments
2. Benefit Adjustments
3. Retirement Rate Adjustments
4. Budget Position Transparency
5. Carryover/Reappropriation
6. Legislation with an Appropriation
7. Pro Rata
8. SWCAP
9. Miscellaneous Baseline Adjustments
10. Lease Revenue Debt Service Adjustment
11. Statutory COLA's
12. Other Post-Employment Benefits Adjustments
13. Issue Specific Adjustment

IX. BASELINE BUDGET ADJUSTMENTS FOR REVENUES, TRANSFERS, AND LOANS

Baseline revenues, revenue transfers, and loans will be collected for all years in Hyperion (past year through budget year plus four). These baseline adjustments must be authorized under current law or policies. For transfers and loans, the appropriate authority must be cited in the title of the adjustment. Detailed instructions for reporting baseline revenues, transfers, and loans will be included in the forthcoming Baseline Budget Adjustments BL.

X. MISCELLANEOUS

Rounding Rules

To prevent rounding problems, use zeros in the last three digits for dollars in all years. Amounts of 500 and above should be rounded to 1,000; amounts below 500 should be rounded to zero. For example, \$2,222,222 should be entered as \$2,222,000 and \$4,500 as \$5,000, in Hyperion. This applies to both expenditures and revenues, all amounts, all years.

If you have any questions, please contact your Finance budget analyst.
