## LEGISLATIVE COUNSEL'S DIGEST

Bill No.

as introduced, \_\_\_\_\_.

General Subject: Every Woman Counts Program.

Existing law requires, under the Every Woman Counts Program, the State Department of Health Care Services to provide breast cancer and cervical cancer screening services for qualified low-income individuals. Existing law requires the department to provide the fiscal and appropriate policy committees of the Legislature with quarterly updates on caseload, estimated expenditures, and related program monitoring data for the program, as specified.

This bill would instead require the department to provide biannual updates, as specified, and would require, commencing with the 2017–18 fiscal year, expenditures for the program included in the department's budget for services provided on or after July 1, 2017, to be charged against the appropriation for the fiscal year in which the billing is paid.
