## LEGISLATIVE COUNSEL'S DIGEST

Bill No.

as introduced, \_\_\_\_\_.

General Subject: Community colleges: apprenticeship programs: reimbursement.

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the 3 segments of public postsecondary education in this state.

Existing law authorizes the board of governors, to the extent that funds are available, to establish certain internship training programs and to actively support apprenticeship training programs in collaboration with the Division of Apprenticeship Standards of the Department of Industrial Relations. Existing law requires the Chancellor of the California Community Colleges to allocate funds for approved apprenticeship programs in good standing and, upon appropriation by the Legislature, to allocate funds solely for the purposes of reimbursing community colleges.

This bill would authorize, if reimbursement is not claimed pursuant to the above provision relating to apprenticeship program reimbursement, the attendance of apprentices enrolled in any class offered for community college credit by a community college in collaboration with an apprenticeship program sponsor to be reimbursed, as prescribed, as part of a specified budget formula developed by the board of governors. The bill would require, for each community college receiving reimbursement for apprenticeship hours pursuant to this provision, the affected community college district to report to the chancellor specified information for each apportionment period. To the extent that this provision would impose additional duties on community college districts, the bill would impose a state-mandated local program. The bill would require the chancellor to report to the California Apprenticeship Council within 30 days of each apportionment period specified information for each community college receiving reimbursement for apprenticeship instruction pursuant to this provision, and would require the board of governors to include instructions necessary to enforce this provision in a specified audit report.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.
