## LEGISLATIVE COUNSEL'S DIGEST

Bill No.  
as introduced, \_\_\_\_\_.  
General Subject: State personnel: payment of salary or wages.

Existing law requires a state agency to furnish an employee, at the time salary or wages are paid, with an itemized statement showing all deductions made from the salary or wages. Existing law authorizes this statement to be provided electronically, contingent upon the funding and implementation of the Controller's "21st Century Project," and provided that the project provides for this. The authorizations associated with this project have generally been repealed.

This bill would repeal the obsolete reference to the 21st Century Project described above and instead make the provision of an electronic statement of itemized deductions contingent on the funding of the necessary technology to provide this information and its implementation by the Controller.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
