LEGISLATIVE COUNSEL'S DIGEST

Bill No. _____
as introduced, _____.
General Subject: Transportation finance: loans and bond debt service.

Existing law identifies the total amount of specified loans from the General Fund to the Traffic Congestion Relief Fund, and requires those loan amounts to be repaid from the General Fund pursuant to Section 20 of Article XVI of the California Constitution.

This bill would require a specified portion of those loan amounts to be repaid from the General Fund, but not pursuant to that provision of the California Constitution.

Existing law imposes weight fees on the registration of commercial motor vehicles. Existing law requires revenues from weight fees, after administrative expenses, to be deposited into the State Highway Account. Existing law transfers weight fee revenues from the State Highway Account to the Transportation Debt Service Fund for the purpose of servicing specified transportation bond debt. Existing law requires weight fee revenue in excess of the amount necessary to offset current fiscal year transportation bond debt service to be loaned to the General Fund. Existing law authorizes the Director of Finance to repay any portion of the balance of the loan in any year in which the director determines that the funds are needed to reimburse the General Fund for current year transportation bond debt service, as specified.

This bill would authorize the director to also repay any portion of the balance of the loan in any year in which the director determines that the funds are needed to reimburse the General Fund for future year transportation bond debt service.
