(a) (1) If the regional center determines, or is informed by the consumer's parents, legal guardian, conservator, or authorized representative that the community placement of a consumer is at risk of failing, and that admittance to ~~a developmental center or State Department of Developmental Services-operated facility~~ an acute crisis home operated by the department is a likelihood, or the regional center is notified by a court of a potential admission to ~~a developmental center consistent with Section 7505,~~ an acute crisis home operated by the department, the regional center shall immediately notify the appropriate regional resource development project, the consumer, the consumer's parents, legal guardian, or conservator, and the regional center clients' rights advocate. If, based on the assessment, the regional resource development project determines that additional or different services and supports are necessary, the department shall ensure that the regional center provides those services and supports on an emergency basis. An individual program plan meeting, including the regional resource development project's representative, shall be convened as soon as possible to review the emergency services and supports and determine the consumer's ongoing needs for services and supports. The regional resource development project shall follow up with the regional center as to the success of the recommended interventions until the consumer's living arrangement is stable.

(c) (1) If the regional resource development project determines, based on the assessment conducted pursuant to subdivision (b), that the consumer referred to the regional resource development project by the court cannot be safely served in ~~the developmental center or State Department of Developmental Services-operated facility,~~ an acute crisis home operated by the department, the department shall notify the court in writing.

(2) (A) If the regional resource development project, in consultation with the regional center, the consumer, and the consumer's parents, legal guardian, or

conservator, when appropriate, determines that admittance to ~~a developmental center or State Department of Developmental Services-operated facility~~ an acute crisis home operated by the department is necessary due to an acute crisis, as defined in paragraph (1) of subdivision (d), the regional center shall immediately pursue the obtainment of a court order for short-term admission and crisis stabilization.

(B) (i) The regional resource development project, in consultation with the regional center, the consumer, and, when appropriate, the consumer's parents, legal guardian, conservator, or authorized representative, shall not make a determination that admittance to ~~a developmental center or State Department of Developmental Services-operated facility~~ an acute crisis home operated by the department is necessary due to an acute crisis, as defined in paragraph (1) of subdivision (d), unless the determination includes a regional center report detailing all considered community-based services and supports, including a community crisis home certified pursuant to Article 8 (commencing with Section 4698) of Chapter 6 of Division 4.5, and an explanation of why those options could not meet the consumer's needs at the time of ~~such a~~ the determination.

(ii) For purposes of complying with clause (i), the regional center shall not be required to consider out-of-state placements or mental health facilities, including institutions for mental disease, as described in Part 5 (commencing with Section 5900) of Division 5, that are ineligible for federal Medicaid funding.

(d) (1) For purposes of this section, an "acute crisis" means a situation in which the consumer meets the criteria of Section 6500 and, as a result of the consumer's behavior, all of the following are met:

(B) The service and support needs of the consumer cannot be met in the community, including with supplemental services, as set forth in subparagraph (F) of paragraph (9) of subdivision (a) of Section 4648, and emergency and crisis intervention services, as set forth in paragraph (10) of subdivision (a) of Section 4648.

(C) Due to serious and potentially life-threatening conditions, the consumer requires a ~~more restrictive~~ specialized environment for crisis stabilization.

(2) For purposes of paragraph (1), out-of-state placements or mental health facilities and other facilities, including institutions for mental disease, as described in Part 5 (commencing with Section 5900) of Division 5, for which federal Medicaid funding is not available, shall not be deemed to be supplemental services or emergency and crisis intervention services.

The clients' rights advocate for the regional center shall be notified of the admission and the individual program plan meeting and may participate in the individual program plan meeting unless the consumer objects on his or her own behalf.

(2) If transition is not expected within 90 days of admission, an individual program plan meeting shall be held to discuss the status of transition and to determine if the consumer is still in need of crisis stabilization. If crisis services continue to be necessary, the regional center shall submit to the department an updated transition plan and a request for an extension of stay at the ~~developmental center or State Department of Developmental Services-operated facility~~ acute crisis home operated by the department of up to 90 days.

(ii) The individual program planning team has developed a plan that identifies the specific services and supports necessary to transition the consumer into the community, and the plan includes a timeline to obtain or develop those services and supports.

(iii) The committing court has reviewed and, if appropriate, extended the commitment.

(B) The clients' rights advocate for the regional center shall be notified of the proposed extension pursuant to clause (iii) of subparagraph (A) and the individual program plan meeting to consider the extension, and may participate in the individual program plan meeting unless the consumer objects on his or her own behalf.

LEGISLATIVE COUNSEL'S DIGEST

Bill No.
as introduced, _____.
General Subject: Acute crisis placements.

Existing law vests in the State Department of Developmental Services jurisdiction over various state hospitals, referred to as developmental centers, for the provision of care to persons with developmental disabilities. Existing law prohibits the admission of a person to a developmental center except under certain circumstances, including when the person is experiencing an acute crisis and is committed by a court to the acute crisis center at the Fairview Developmental Center or the Sonoma Developmental Center.

Under existing law, if a regional center determines, or is informed by a consumer's parents, legal guardian, conservator, or authorized representative that the community placement of a consumer is at risk of failing, and that admittance to a developmental center or department-operated facility is a likelihood, or the regional center is notified by a court of a potential admission to a developmental center, the regional center is required to immediately notify the appropriate regional resource development project, the consumer, the consumer's parents, legal guardian, or conservator, and the regional center clients' rights advocate. Existing law defines the acute crisis center at the Fairview Developmental Center and the acute crisis center at the Sonoma Developmental Center to each consist of one unit that is distinct from other residential units at the developmental center and serves no more than 5 consumers.

This bill would revise the provisions relating to the failure of community placement and admittance to a developmental center or department-operated facility, to instead refer to an acute crisis home operated by the department. The bill would include the acute crisis centers at the Fairview Developmental Center and the Sonoma Developmental Center within the definition of an acute crisis home operated by the department for those purposes. The bill also would make technical, nonsubstantive changes.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
