Glossary of Budget Terms

The following budgetary terms are used frequently throughout the Governor's Budget, the Governor's Budget Summary, and the annual Budget ( Appropriations) Bill. Definitions are provided for terminology that is common to all publications. For definitions of terms unique to a specific program area, please refer to the individual budget presentation.

Abatement
A reduction to an expenditure that has already been made. In state accounting, only specific types of receipts are accounted for as abatements, including refund of overpayment of salaries, rebates from vendors or third parties for defective or returned merchandise, jury duty and witness fees, and property damage or loss recoveries. (See SAM 10220 for more detail.)

Abolishment of Fund
The closure of a fund pursuant to the operation of law. When a special fund is abolished, all of its assets and liabilities are transferred by the State Controller's Office to a successor fund, or if no successor fund is specified, then to the General Fund.

Accrual basis of accounting
The basis of accounting in which revenue is recorded when earned and expenditures are recorded when obligated, regardless of when the cash is received or paid.

Administration
Refers to the Governor's Office and those individuals, departments, and offices reporting to it (e.g., the Department of Finance).

Administration Program Costs
The indirect cost of a program, typically a share of the costs of the administrative units serving the entire department (e.g., the Director's Office, Legal, Personnel, Accounting, and Business Services). "Distributed Administration" costs represent the distribution of the indirect costs to the various program activities of a department. In most departments, all administrative costs are distributed. (See also "Indirect Costs" and "SWCAP."")

Administratively Established Positions
Positions authorized by the Department of Finance during a fiscal year that were not included in the Budget and are necessary for workload or administrative reasons. Such positions terminate at the end of the fiscal year, or, in order to continue, must meet certain criteria under Control Section 31.00. (SAM 6406, Control Section 31.00)

Agency
A legal or official reference to a government organization at any level in the state organizational hierarchy. (See the UCM for the hierarchy of State Government Organizations.)

OR A government organization belonging to the highest level of the state organizational hierarchy as defined in the UCM. An organization whose head (Agency Secretary) is designated by Governor's order as a cabinet member. (SAM 6610)

Allocation
A distribution of funds or costs from one account or appropriation to one or more accounts or appropriations (e.g., the allocation of approved deficiency funding from the statewide 9840 Budget Act items to departmental Budget Act items).
Allotment
The approved division of an amount (usually of an appropriation) to be expended for a particular purpose during a specified time period. An allotment is generally authorized on a line item expenditure basis by program or organization. *(SAM 8300 et seq)*

Amendment
A proposed or accepted change to a bill in the Legislature, the California Constitution, statutes enacted by the Legislature, or ballot initiative.

A-pages
A common reference to the Governor's Budget Summary. Budget highlights now contained in the Governor's Budget Summary were once contained in front of the Governor's Budget on pages A-1, A-2, etc., and were, therefore, called the A-pages.

Appropriated Revenue
Revenue which, as it is earned, is reserved and appropriated for a specific purpose. An example is student fees received by state colleges that are by law appropriated for the support of the colleges. The revenue does not become available for expenditure until it is earned.

Appropriation
Authorization for a specific agency to make expenditures or incur liabilities from a specific fund for a specific purpose. It is usually limited in amount and period of time during which the expenditure is to be incurred. For example, appropriations made by the Budget Act are available for encumbrance for one year, unless otherwise specified. Appropriations made by other legislation are available for encumbrance for three years, unless otherwise specified, and appropriations stating “without regard to fiscal year” shall be available from year to year until expended. Legislation or the California Constitution can provide continuous appropriations, and the voters can also make appropriations. An appropriation shall be available for encumbrance during the period specified therein, or if not specified, for a period of three years after the date upon which it first became available for encumbrance. Except for federal funds, liquidation of encumbrances must be within two years of the expiration date of the period of availability for encumbrance, at which time the undisbursed (i.e., unliquidated) balance of the appropriation is reverted back into the fund. Federal funds have four years to liquidate.

Appropriation Without Regard To Fiscal Year (AWRTFY)
An appropriation for a specified amount that is available from year to year until expended.

Appropriations Limit, State (SAL)
The constitutional limit on the growth of certain appropriations from tax proceeds, generally set to the level of the prior year's appropriation limit as adjusted for changes in cost of living and population. Other adjustments may be made for such reasons as the transfer of services from one government entity to another. *(Article XIII B, § 8; GC Sec. 7900 et seq; CS 12.00)*

Appropriation Schedule
The detail of an appropriation (e.g., in the Budget Act), showing the distribution of the appropriation to each of the categories, programs, or projects thereof.

Assembly
California's lower house of the Legislature composed of 80 members who are elected for two-year terms and may serve a maximum of three terms. *(Article IV, § 2 (a))*

Audit
Typically a review of financial statements or performance activity (such as of an agency or program) to determine conformity or compliance with applicable laws, regulations, and/or standards. The state has three central organizations that perform audits of state agencies: the State Controller’s Office, the
Department of Finance, and the Bureau of State Audits. Many state departments also have internal audit units to review their internal functions and program activities. (SAM 20000, etc.)

Augmentation
An authorized increase to a previously authorized appropriation or allotment. This increase can be authorized by Budget Act provisional language, control sections, or other legislation. Usually a Budget Revision or an Executive Order is processed to implement the increase.

Authorized
Given the force of law (e.g., by statute). For some action or quantity to be authorized, it must be possible to identify the enabling source and date of authorization.

Authorized Positions
As reflected in the Governor's Budget, authorized positions represent a point-in-time number as of July 1 of the current year. For past year, authorized positions represents the number of actual personnel years for that year. For current year, authorized positions include all regular ongoing positions approved in the Budget Act for that year, less positions abolished because of continued vacancy. For budget year, the number of authorized positions is the same as current year except for adjustments for any positions that will expire by the end of the current year. The detail of authorized positions by department and classification is published in the annual “Salaries and Wages Supplement.” Changes in authorized positions are listed at the end of each department's budget presentation in the Governor's Budget. (GC 19818; SAM 6406)

Availability Period
The time period during which an appropriation may be encumbered (i.e., committed for expenditure), usually specified by the law creating the appropriation. If no specific time is provided in financial legislation, the period of availability automatically becomes three years. Unless otherwise provided, Budget Act appropriations are available for one year. However based on project phase, capital outlay projects may have up to three years to encumber. An appropriation with the term "without regard to fiscal year" has an unlimited period of availability and may be encumbered at any time until the funding is exhausted. (See also "Encumbrances")

Balance Available
In regards to a fund, it is the excess of assets over liabilities and reserves that is available for appropriation. For appropriations, it is the unobligated balance still available.

Baseline Adjustment
A change from the currently authorized budget necessary to maintain the current level of service or activities in the current year or in a future year. Also referred to as Workload Budget Adjustment.

Baseline Budget
The anticipated costs of carrying out the current level of service or activities as authorized by the Legislature. It sometimes includes adjustments for cost increases, but does not include changes in level of service beyond those authorized by the Legislature. Also referred to as Workload Budget. (SAM 6315)

Bill
A draft of a proposed law presented to the Legislature for enactment. (A bill has greater legal formality and standing than a resolution.)

OR An invoice, or itemized statement, of an amount owing for goods and services received.

Board of Control, State
Previous name for the California Victim Compensation and Government Claims Board.
**Bond Funds**
For legal basis budgeting purposes, funds used to account for the receipt and disbursement of non-self liquidating general obligation bond proceeds. These funds do not account for the debt retirement since the liability created by the sale of bonds is not a liability of bond funds. Depending on the provisions of the bond act, either the General Fund or a sinking fund pays the principal and interest on the general obligation bonds. The proceeds and debt of bonds related to self-liquidating bonds are included in nongovernmental cost funds. *(SAM 14400)*

**Budget**
A plan of operation expressed in terms of financial or other resource requirements for a specific period of time. *(GC 13320, 13335; SAM 6120)*

**Budget Act (BA)**
An annual statute authorizing state departments to expend appropriated funds for the purposes stated in the Governor’s Budget and amended by the Legislature. *(SAM 6333)*

**Budget Bill**
Legislation presenting the Governor’s proposal for spending authorization for the next fiscal year. This bill is prepared by the Department of Finance and submitted to each house of the Legislature in January (accompanying the Governor’s Budget). The bills’ authors are typically the budget committee chairpersons.

The California Constitution requires the Legislature to pass the Budget Bill and send it by June 15 each year to the Governor for signature. After signature by the Governor, the Budget Bill becomes the Budget Act. *(Art. IV. § 12(c); GC 13338; SAM 6325, 6333)*

**Budget Change Proposal (BCP)**
A proposal to change the level of service or funding sources for activities authorized by the Legislature, propose new program activities not currently authorized, or to delete existing programs. The Department of Finance annually issues a Budget Letter with specific instructions for preparing BCPs. *(SAM 6120)*

**Budget Cycle**
The period of time, usually one year, required to prepare a state financial plan and enact that portion of it applying to the budget year. Significant events in the cycle include:

- preparation of the Governor’s proposed budget (mostly done between July 1st and January 10)
- submission of the Governor’s Budget and Budget Bill to the Legislature (by January 10)
- submission to the Legislature of proposed adjustments to the Governor’s Budget
  - April 1 - adjustments other than Capital Outlay and May Revision
  - May 1 - Capital Outlay appropriation adjustments
  - May 14 - May Revision adjustments for changes in General Fund revenues, necessary expenditure reductions to reflect updated revenue, and funding for Proposition 98, caseload, and population
- review and revision of the Governor’s Budget by the Legislature
- return of the revised budget to the Governor for signature after any line-item vetoes (which the California Constitution requires be done by June 15)
- signing of the budget by the Governor (ideally by June 30). *(SAM 6150) (GC 13308)*
Budget, Program or Traditional
A program budget expresses the operating plan in terms of the costs of activities (programs) to be undertaken to achieve specific goals and objectives. A traditional (or object of expenditure) budget expresses the plan in terms of categories of costs of the goods or services to be used to perform specific functions.

The Governor's Budget is primarily a program budget but also includes detailed categorization of proposed expenditures for goods and services (Expenditures by Category) for State Operations for each department. (GC 13336; SAM 6210, 6220)

Budget Revision (BR)
A document, usually approved by the Department of Finance, that cites a legal authority to authorize a change in an appropriation. Typically, BRs either increase the appropriation or make adjustments to the categories or programs within the appropriation as scheduled. (SAM 6533, 6542, 6545)

Budget Year (BY)
The next state fiscal year, beginning July 1 and ending June 30, for which the Governor's Budget is submitted (i.e., the year following the current fiscal year).

CALSTARS
The acronym for the California State Accounting and Reporting System, the state's primary accounting system. Most departments now use CALSTARS. (GC 13300)

Capital Outlay (CO)
A character of expenditure of funds to acquire land, plan and construct new buildings, expand or modify existing buildings, and/or purchase equipment related to such construction. (CS 3.00)

Carryover
The unencumbered balance of an appropriation available for expenditure in years subsequent to the year of enactment. For example, if a three-year appropriation is not fully encumbered in the first year, the remaining amount is carried over to the next fiscal year.

Cash Basis
The basis of accounting that records receipts and disbursements when cash is received or paid.

Cash Flow Statement
A statement of cash receipts and disbursements for a specified period of time. Amounts recorded as accruals, which do not affect cash, are not reflected in this statement.

Category
A grouping of related types of expenditures, such as Personal Services, Operating Expenses and Equipment, Reimbursements, Special Items of Expense, Unclassified, Local Costs, Capital Costs, and Internal Cost Recovery. (UCM)

Category Transfer
An allowed transfer between categories or functions within the same schedule of an appropriation. Such transfers are presently authorized by Control Section 26.00 of the Budget Act (and prior to 1996-97, by Section 6.50 of the Budget Act). The control section specifies the amounts of the allowable transfers and reporting requirements.

Change Book System
The system the Department of Finance uses to record all the legislative changes made to the Governor's Budget and the final actions on the budget taken by the Legislature and Governor.
“Final Change Book” is published after enactment of the Budget Act. It includes detailed fiscal information on the changes made by the Legislature and by the Governor’s vetoes. (SAM 6355)

Change Tables
Change tables are included in the Governor’s Budget Summary to provide the reader a snapshot of proposed expenditure and position adjustments in each agency, why those changes are being proposed, and their dollar and position impact. There is one change table for each of the following agencies or sub-agencies: Legislative, Judicial, and Executive; State and Consumer Services; Business, Transportation, and Housing; Resources; Environmental Protection; Health and Human Services; Corrections and Rehabilitation; K-12 Education; Higher Education; Labor and Workforce Development; and General Government.

The Change Tables include two adjustment categories: workload and policy. The most important policy and workload adjustments may be individually highlighted or included in a category. The categories are comprised of standard workload adjustments displayed in each agency change table. Some change tables may include specific categories that are unique to a particular agency. Below are the standard change table categories or headings including definitions:

- **Workload Budget** - See “Workload Budget.”
- **Policy Adjustments** - See “Policy Adjustments.”
- **Infrastructure Adjustments** - Adjustments to provide funding for capital outlay (an expenditure of funds to acquire land or other real property, plan and construct new buildings, expand or modify existing buildings, and/or purchase equipment related to such construction).
- **Enrollment/Caseload/Population** - See “Enrollment, Caseload, & Population Adjustments.”
- **Employee Compensation/Retirement** - See “Employee Compensation/Retirement.”
- **Statutory Cost-of-Living Adjustments** - Cost-of-living adjustments required by law.
- **Court Orders/Lawsuits** - Costs resulting from court-ordered settlements or judgments against the state.
- **Expiring Programs or Positions** - Reduction of the budget-year funding and positions for expiring programs or positions.
- **One-Time Cost Reductions** - Reductions of the budget-year funding and positions to account for one-time costs budgeted in the current year.
- **Full-Year Cost of New Programs** - Increases to the budget year funding and positions to reflect the full-year costs of programs authorized to begin after July 1 of the current fiscal year (does not include the full year effect of employee compensation adjustments that are displayed separately).
- **Other Workload Adjustments** - This category includes all workload adjustments not included in one of the aforementioned categories. Adjustments reflected in this category may include reductions for vacant positions per Government Code 12439, new legislation (i.e., costs not already built in the current year enacted budget total), carryovers and reappropriations of funds to be used for the same purposes, Pro Rata costs, and Statewide Costs Allocation Plan (SWCAP) adjustments. Pro Rata costs represent General Fund recoveries from special funds for statewide general administrative costs incurred by central service agencies. SWCAP adjustments represent General Fund recoveries from federal funds for statewide general administrative costs incurred by central service agencies.

Changes in Authorized Positions (“Schedule 2”)
A schedule included at the end of each department’s budget display in the Governor’s Budget that reflects staffing changes made subsequent to the adoption of the current year budget. This schedule documents transfers, positions established, and selected reclassifications, as well as proposed new positions for the budget year. (SAM 6406)

Chapter
The reference assigned by the Secretary of State to an enacted bill, numbered sequentially in order of enactment each calendar year. The enacted bill is then referred to by this "chapter" number and the
year in which it became law. For example, Chapter 1, Statutes of 1997, would refer to the first bill enacted in 1997.

**Character of Expenditure**  
A classification identifying the purpose of an expenditure, such as State Operations, Local Assistance, or Capital Outlay. *(UCM)*

**Claim Schedule**  
A request from a state agency to the State Controller’s Office to disburse payment from an appropriation or account for a lawful state obligation. The claim schedule identifies the appropriation or account to be charged, the payee, the amount to be paid, and an affidavit attesting to the validity of the request.

**COBCP**  
Capital outlay budgets are zero-based each year, therefore, the department must submit a written capital outlay budget change proposal for each new project or subsequent phase of an existing project for which the department requests funding. *(SAM 6818)*

**Codes, Uniform**  
See "Uniform Codes Manual."

**Conference Committee**  
A committee of up to three members (two from the majority party, one from the minority party) from each house, appointed to meet and resolve differences between versions of a bill (e.g., when one house of the Legislature does not concur with bill amendments made by the other house). If resolution cannot be reached, another conference committee can be selected, but no more than three different conference committees can be appointed on any one bill. Budget staff commonly refer to the conference committee on the annual budget bill as the “Conference Committee.” *(SAM 6340)*

**Continuing Appropriation**  
An appropriation for a set amount that is available for more than one year.

**Continuous Appropriation**  
Constitutional or statutory expenditure authorization which is renewed each year without further legislative action. The amount available may be a specific, recurring sum each year; all or a specified portion of the proceeds of specified revenues which have been dedicated permanently to a certain purpose; or it may be whatever amount is designated for the purpose as determined by formula, e.g., school apportionments. Note: Government Code Section 13340 sunsets statutory continuous appropriations on June 30 with exceptions specified in the code and other statutes. Section 30.00 of the annual Budget Act traditionally extends the continuous appropriations for one additional fiscal year. *(GC 13340; SAM 8382)*

**Continuously Vacant Positions**  
On July 1, positions which were continuously vacant for six consecutive monthly pay periods during the preceding fiscal year are abolished by the State Controller’s Office. The six consecutive monthly pay periods may occur entirely within one fiscal year or between two consecutive fiscal years. The exceptions to this rule are positions exempt from civil service and instructional positions authorized for the California State University. The Department of Finance may authorize the reestablishment of positions in cases where the vacancies were (1) due to a hiring freeze, (2) the department has diligently attempted to fill the position but was unable to complete all steps to fill the position within six months, (3) the position is determined to be hard-to-fill, (4) the position has been designated as a management position for the purposes of collective bargaining and has been held vacant pending the appointment of the director or other chief executive officer of the department as part of the transition from one Governor to the succeeding Governor, or, (5) late enactment of the budget causes the department to delay filling the position, and the Department of Finance approves an agency’s written
appeal to continue the positions. In addition, departments may self-certify reestablishments by August 15 for positions that meet specified conditions during the vacancy period.

By October 15 of each year, the State Controller's Office is required to notify the Joint Legislative Budget Committee and the Department of Finance of the continually vacant positions identified for the preceding fiscal year.

(GC 12439)

Control Sections
Sections of the Budget Act (i.e., 3.00 to the end) providing specific controls on the appropriations itemized in Section 2.00 of the Budget Act. See more detail under “Sections.”

Conversion Code Listing
See “Finance Conversion Code Listing.”

Cost-of-Living Adjustments (COLA)
Increases provided in state-funded programs that include periodic adjustments predetermined in state law (statutory, such as K-12 education apportionments), or established at optional levels (discretionary) by the Administration and the Legislature each year through the budget process.

Current Year (CY)
A term used in budgeting and accounting to designate the operations of the present fiscal year in contrast to past or future periods. (See also “Fiscal Year.”)

Debt Service
The amount of money required to pay interest on outstanding bonds and the principal of maturing bonds.

Deficiency
A lack or shortage of (1) money in a fund, (2) expenditure authority due to an insufficient appropriation, or (3) expenditure authority due to a cash problem (e.g., reimbursements not received on a timely basis). See Budget Act 9840 Items.

Department
A governmental organization, usually belonging to the third level of the state organizational hierarchy as defined in the Uniform Codes Manual. (UCM)

Department of Finance (Finance)
The department that is delegated the responsibility for preparation of the Governor’s Budget. The Director of Finance functions as the Governor’s chief fiscal advisor. Major activities of the department include:

- Establish appropriate fiscal policies to carry out the Administration's programs
- Prepare, enact, and administer the State's Annual Financial Plan
- Analyze legislation that has a fiscal impact
- Administer and maintain CALSTARS
- Monitor/audit expenditures by state departments to ensure compliance with approved standards and policies

(SAM 6478)

Element
A subdivision of a budgetary program and the second level of the program structure in the Uniform Codes Manual.

Employee Compensation/Retirement
Salary, benefit, employer retirement rate contribution adjustments, and any other related statewide compensation adjustments for state employees. Various 9800 Items of the Budget Act appropriate funds for compensation increases for most state employees (excluding Higher Education and some others), that is, they appropriate the incremental adjustment proposed for the salary and benefit adjustments for the budget year. The base salary and benefit levels are included in individual agency/departmental budgets.

Encumbrance
The commitment of all or part of an appropriation for future expenditures. Encumbrances are accrued as expenditures by departments at year-end and included in expenditure totals in individual budget displays. On a state-wide basis, an adjustment is made for the General Fund to remove from the expenditure totals the amount of encumbrances where goods and services have not been received. The amount of encumbrances where goods and services have not been received is shown in the Reserve for Encumbrances. This adjustment and the use of the Reserve for Encumbrances are in accordance with Generally Accepted Accounting Principles and is required by Government Code Section 13306.

Enrolled Bill Report (EBR)
An analysis prepared on Legislative measures passed by both houses and referred to the Governor, to provide the Governor’s Office with information concerning the measure with a recommendation for action by the Governor. While approved bill analyses become public information, EBRs do not. Note that EBRs are not prepared for Constitutional Amendments, or for Concurrent, Joint, or single house resolutions, since these are not acted upon by the Governor.  (SAM 6965)

Enrollment, Caseload, & Population Adjustments
These adjustments are generally formula or population driven.

Excess Vacant Positions
Positions in excess of those necessary to meet budgeted salary savings. For example, a department which had 95 budgeted personnel years (100 authorized positions less 5 for salary savings) but actual expenditure of only 91 personnel years, would have had 4 “excess vacant positions” (plus or minus other adjustments pursuant to Department of Finance instructions and review).

Executive Branch
One of the three branches of state government, responsible for implementing and administering the state’s laws and programs. The Governor’s Office and those individuals, departments, and offices reporting to it (the Administration) are part of the Executive Branch.

Executive Order (EO)
A budget document, issued by the Department of Finance, requesting the State Controller’s Office to make an adjustment in their accounts. The adjustments are typically authorized by appropriation language, Budget Act control sections, and other statutes. An EO is used when the adjustment makes increases or decreases on a state-wide basis, involves two or more appropriations, or makes certain transfers or loans between funds.
Exempts
State employees exempt from civil service pursuant to subdivision (e), (f), or (g) of Section 4 of Article VII of the California Constitution. Examples include department directors and other gubernatorial appointees. (SAM 0400)

Expenditure
Where accounts are kept on a cash basis, the term designates only actual cash disbursements. For individual departments, where accounts are kept on an accrual or a modified accrual basis, expenditures represent the amount of an appropriation used for goods and services ordered, whether paid or unpaid.

However for the General Fund, expenditures are adjusted on a statewide basis to reflect only amounts where goods and services have been received.

Expenditure Authority
The authorization to make an expenditure (usually by a budget act appropriation, provisional language or other legislation).

Expenditures by Category (formerly Summary by Object)
A budget display, for each department, that reflects actual past year, estimated current year, and proposed budget year expenditures presented by character of expenditure (e.g., State Operations and/or Local Assistance) and category of expenditure (e.g., Personal Services, Operating Expenses and Equipment).

3-year Expenditures and Positions (formerly Summary of Program Requirements)
A display at the start of each departmental budget that presents the various departmental programs by title, dollar totals, personnel years, and source of funds for the past, current, and budget years.

Feasibility Study Report (FSR)
A document proposing an information technology project that contains analyses of options, cost estimates, and other information. (SAM 4920-4930)

Federal Fiscal Year (FFY)
The 12-month accounting period of the federal government, beginning on October 1 and ending the following September 30. For example, a reference to FFY 2006 means the period beginning October 1, 2005 and ending September 30, 2006. (See also “Fiscal Year.”)

Federal Funds
For legal basis budgeting purposes, classification of funds into which money received in trust from an agency of the federal government will be deposited and expended by a state department in accordance with state and/or federal rules and regulations. State departments must deposit federal grant funds in the Federal Trust Fund, or other appropriate federal fund in the State Treasury. (GC 13326 (Finance approval), 13338 approp. of FF, CS 8.50)

Feeder Funds
For legal basis accounting purposes, funds into which certain taxes or fees are deposited upon collection. In some cases administrative costs, collection expenses, and refunds are paid. The balance of these funds is transferable at any time by the State Controller’s Office to the receiving fund.

Final Budget
Generally refers to the Governor’s Budget as amended by actions taken on the Budget Bill (e.g. legislative changes, Governor’s vetoes). Note: Subsequent legislation (law enacted after the Budget Bill is chaptered) may add, delete, or change appropriations or require other actions that affect a budget appropriation.
Final Budget Summary
A document produced by the Department of Finance after enactment of the Budget Act which reflects the Budget Act, any vetoes to language and/or appropriations, technical corrections to the Budget Act, and summary budget information. (See also “Budget Act,” “Change Book.”) (SAM 6130, 6350)

Finance Conversion Code (FCC) Listing
A listing distributed by the State Controller’s Office to departments each spring, which based upon departmental coding updates, will dictate how the salaries and wages detail will be displayed in the Salaries and Wages publication. (SAM 6430)

Finance Letter (FL)
Proposals made, by the Director of Finance to the chairpersons of the budget committees in each house, to amend the Budget Bill and the Governor’s Budget from that submitted on January 10 to reflect a revised plan of expenditure for the budget year and/or current year. Specifically, the Department of Finance is required to provide the Legislature with updated expenditure and revenue information for all policy adjustments by April 1, capital outlay technical changes by May 1, and changes for caseload, population, enrollment, updated revenues, and Proposition 98 by May 14. (GC 13308)

Fiscal Committees
Committees of members in each house of the Legislature that review the fiscal impact of proposed legislation, including the Budget Bill. Currently, the fiscal committees include the Senate Budget and Fiscal Review Committee, Senate Appropriations Committee, Assembly Appropriations Committee, and the Assembly Budget Committee. The Senate Budget and Fiscal Review Committee and the Assembly Budget Committee are broken into subcommittees responsible for specific state departments or subject areas. Both houses also have Revenue and Taxation Committees that are often considered fiscal committees.

Fiscal Impact Analysis
Typically refers to a section of an analysis (e.g., bill analysis) that identifies the costs and revenue impact of a proposal and, to the extent possible, a specific numeric estimate for applicable fiscal years.

Fiscal Year (FY)
A 12-month period during which income is earned and received, obligations are incurred, encumbrances are made, appropriations are expended, and for which other fiscal transactions are recorded. In California state government, the fiscal year begins July 1 and ends the following June 30. If reference is made to the state’s FY 2006, this is the time period beginning July 1, 2006 and ending June 30, 2007. (See also “Federal Fiscal Year.”) (GC 13290)

Floor
The Assembly or Senate chambers or the term used to describe the location of a bill or the type of session. Matters may be referred to as “on the floor”.

Form 9
A request by a department for space planning services (e.g., new or additional space lease extensions, or renewals in noninstitutional) and also reviewed by the Department of Finance. (SAM 6454)

Form 22
A department’s request to transfer money to the Architectural Revolving Fund (e.g., for building improvements), reviewed by the Department of Finance. (GC 14957; SAM 1321.1)
Fund
A legal budgeting and accounting entity that provides for the segregation of moneys or other resources in the State Treasury for obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and balance, as well as its income and expenditures.

Fund Balance
Excess of a fund’s assets over its liabilities and reserves.

Fund Condition Statement
A budget display, included in the Governor’s Budget, summarizing the operations of a fund for the past, current, and budget years. The display includes the beginning balance, prior year adjustments, revenue, transfers, loans, expenditures, the ending balance, and any reserves. Fund Condition Statements are required for all special funds. The Fund Condition Statement for the General Fund is Summary Schedule 1. Other funds are displayed at the discretion of the Department of Finance.

General Fund (GF)
For legal basis accounting and budgeting purposes, the predominant fund for financing state government programs, used to account for revenues which are not specifically designated to be accounted for by any other fund. The primary sources of revenue for the General Fund are the personal income tax, sales tax, and bank and corporation taxes. The major uses of the General Fund are education (K-12 and higher education), health and human service programs, youth and adult correctional programs, and tax relief.

Governmental Cost Funds
Funds that derive revenue from taxes, licenses, and fees.

Governor’s Budget
The publication the Governor presents to the Legislature, by January 10 each year. It contains recommendations and estimates for the state’s financial operations for the budget year. It also displays the actual revenues and expenditures of the state for the prior fiscal year and updates estimates for the current year revenues and expenditures. This publication is also produced in a web format known as the Proposed Budget Detail on the Department of Finance website. (Article IV, § 12; SAM 6120, et seq)

Governor’s Budget Summary (or A-Pages)
A companion publication to the Governor’s Budget that outlines the Governor’s policies, goals, and objectives for the budget year. It provides a perspective on significant fiscal and/or structural proposals. This publication is also produced in a web format known as the Proposed Budget Summary on the Department of Finance web site.

Grants
Typically used to describe amounts of money received by an organization for a specific purpose but with no obligation to repay (in contrast to a loan, although the award may stipulate repayment of funds under certain circumstances). For example, the state receives some federal grants for the implementation of health and community development programs, and the state also awards various grants to local governments, private organizations and individuals according to criteria applicable to the program.

Hot Books
Binders or other compilations of reference materials the Department of Finance budget staff use when testifying on the Governor’s Budget before the Legislature.
**Indirect Costs**
Costs which by their nature cannot be readily associated with a specific organization unit or program. Like general administrative expenses, indirect costs are distributed to the organizational unit(s) or program(s) which benefit from their incurrence.

**Initiative**
