THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 12432 of the Government Code is amended to read:

12432. (a) The Legislature hereby finds and declares that it is essential for the state to replace the current automated human resource/payroll systems operated by the Controller to ensure that state employees continue to be paid accurately and on time and that the state may take advantage of new capabilities and improved business practices. To achieve this replacement of the current systems, the Controller is authorized to procure, modify, and implement a new human resource management system that meets the needs of a modern state government. This replacement effort is known as the 21st Century Project.

(b) Notwithstanding any other law, beginning with the 2004–05 fiscal year, the Controller may assess the special and nongovernmental cost funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to those funds. Assessments in support of the expenditures for the 21st Century Project shall be made quarterly, and the total amount assessed from these funds annually shall not exceed the total expenditures incurred by the Controller for the 21st Century Project that are attributable to those funds in that fiscal year. Appropriations for this purpose shall be made in the annual Budget Act.

(c) To the extent permitted by law, beginning with the 2004–05 fiscal year, the Controller shall establish agreements with various agencies and departments for the collection from federal funds of costs that are attributable to federal funds. The total amount collected from those agencies and departments annually shall not exceed the total expenditures incurred by the Controller for the 21st Century Project that are

attributable to federal funds in that fiscal year. Appropriations for that purpose shall be made in the annual Budget Act.
