

# Education

---

Education programs provide academic services segmented by elementary, secondary, undergraduate and graduate programs as well as credentialing services to ensure schools are staffed with effective instructors. Elementary and secondary instruction is provided to all of California's children to prepare them for higher education or entry into the workforce. Institutions of higher education provide further access to the skills necessary for career goals and participation in a globally competitive workforce, as well as conducting research and providing public services.

## 6110 Department of Education

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6.4 million students. Administrative branches of the department include the Executive Branch; the Finance, Technology, and Administrative Branch; the Curriculum and Instruction Branch; the School and District Operations Branch; and the Assessment and Accountability Branch.

The functions of state staff include:

- Allocation of funds to local education agencies.
- Curriculum and management leadership.
- Assessment and program review.
- Focused school improvement intervention.
- Regulatory and compliance action.
- Child development agency assistance.
- Nutrition services and distribution of USDA surplus donated food.

The primary duties of the Superintendent and the department are to provide technical assistance to local school districts, and to work with the educational community to improve academic performance. Major goals of the department include: (a) holding local agencies accountable for student achievement in all programs and for all groups of students, (b) building local capacity to enable all students to achieve to state standards, (c) expanding and improving a system of recruiting, developing and supporting teachers that instills excellence in every classroom, preschool through adult, (d) providing statewide leadership that promotes effective use of technology to improve teaching and learning; increasing efficiency and effectiveness in administration of K-12 education, including student record keeping and good financial management practices; and providing broader and more effective communication among the home, school, district, county, and state, (e) establishing and fostering systems of school, home and community resources that provide the physical, emotional, and intellectual support to help students succeed, (f) advocating for additional resources and additional flexibility, and providing statewide leadership that promotes good business practices, so that California schools can target their resources to serve students, and (g) improving the effectiveness and efficiency of the department.

	<b>\$11,710,174</b>	<b>\$11,686,150</b>	<b>\$12,167,370</b>
--	---------------------	---------------------	---------------------

(a) Includes Funding for Student Vocational Organizations. Grant.

(c) Chapter 871, Statutes of 2004 consolidated these programs into the School Safety Competitive Grant.

(d) Chapter 871, Statutes of 2004 consolidated this program into the Teacher Credentialing Block Grant.

(e) Chapter 871, Statutes of 2004 consolidated these programs into the Professional Development Block Grant.

(f) Chapter 871, Statutes of 2004 consolidated these programs into the Targeted Instructional Improvement Block Grant.

(g) Chapter 871, Statutes of 2004 consolidated these programs into the School and Library Improvement Block Grant.

For individual programs, deferred funding is reflected in the year earned for services provided rather in the year of appropriation. In contrast, funding totals include an adjustment for deferrals to reflect the total amount appropriated in the fiscal year. Also, the figures shown in some instances include one-time appropriations of Proposition 98 Reversion Account funds.

## 6110 Department of Education - Continued

### ***PROGRAM DESCRIPTIONS (Program Objectives Statement)***

#### **10 INSTRUCTION**

This program provides direct educational services to children and adults in the State's public elementary and secondary school system. The following elements are included in this program:

##### **10.10-School Apportionments:**

Supplements local resources to fund general education programs.

##### **10.25-Class Size Reduction and Language Arts Enrichment:**

Provides incentive funding for school districts to implement class size reduction programs in kindergarten and grades 1-3 and 9.

##### **10.30-Other Compensatory Programs:**

Includes Migrant Education, California Indian Education Centers, Education for Homeless Children, Federal Title I, and Economic Impact Aid.

##### **10.40-Special Programs for English Learners:**

Addresses the needs of limited-English-proficient students through direct local assistance to school districts.

##### **10.50-Adult Education:**

Provides citizenship training and education to improve literacy skills, employability, and parenting abilities to adults served by public high school and unified districts. Adult education programs also meet the special needs of the disabled, older persons and non- and limited-English speaking adults.

##### **10.60-Special Education Programs for Exceptional Children:**

Provides special education services. Under state law and the federal Individuals with Disabilities Education Act (20 USC 1400 et seq.), individuals with exceptional needs are entitled to a free, appropriate public education. Students requiring special education are served either by local education agencies using state, federal, and local property tax funds or by the State Special Schools operated by the Department of Education. The Special Schools (three centers for diagnostic services, two residential schools for the deaf and one residential school for the blind) provide highly specialized services including educational assessments and individual educational recommendations and a comprehensive residential and nonresidential educational program composed of academic, nonacademic and extracurricular activities. Other specific Special Education programs include the Clearinghouse for Specialized Media and Technology.

##### **10.70- Vocational Education:**

Offers a sequence of courses that provide the academic knowledge and skills needed to prepare for further education and careers in current or emerging employment sectors. Programs include School-to-Career, Partnership Academies, Agricultural Education, and Carl D. Perkins Vocational and Applied Technology Education.

##### **10.80-Special Instructional Programs:**

Includes Gifted and Talented Education, and university and college opportunity programs.

#### **20 INSTRUCTIONAL SUPPORT**

Instructional Support provides resources to complement the Instruction Program. The following elements are included in this program:

##### **20.10-Curriculum Services:**

Provides materials and resources for curriculum planning and development in language arts, mathematics, science, history-social science, foreign language, visual and performing arts, health, nutrition, safety, physical education, and environmental/energy education. Provides funding for the use of educational technology in schools. Includes funding for Safe and Drug Free Schools, and Rural and Low Income Schools Grants.

##### **20.20-Instructional Materials Management and Distribution:**

Assists in the development of curriculum frameworks and evaluation and distribution of instructional materials, including electronic resources.

##### **20.30-Administrative Services to Local Educational Agencies:**

Provides leadership, guidance and technical expertise to schools to manage and improve operations and more efficiently use scarce resources, in addition to publishing specified documents.

## 6110 Department of Education - Continued

### 20.40-Supplementary Program Services:

Identifies, develops and disseminates innovative and exemplary programs and practices to schools and aids in the development of alternative educational options. Examples include Independent Study, Library Services, Gender Equity in Education, Foster Youth Services, Alternative Educational Programs/Opportunity School Incentives, Specialized Secondary Programs, and the Drop Out Prevention Program.

### 20.60-Improving School Effectiveness:

Improves educational quality through: School Leadership, High-Risk Youth Education and Public Safety Program (Ch. 340/97), School Safety, Targeted Truancy and Public Safety Program, Community Day Schools, School Improvement, Charter Schools, Administrator Training, Family-School Partnerships, Beginning Teacher Support and Assessment, Bilingual Teacher Training, Readers for Blind Teachers, Regional Science Resource Centers, Geography Education, Teaching Improvement, Immediate Intervention/Underperforming Schools Program, High Priority Schools Grant Program, Learn and Serve America Program, Alternative Schools Accountability, Title V Innovative Programs, Title I Reading First, Title II Math and Science Partnership Grants, and Teacher and Principal Training.

### 20.70-Assessments:

Includes the Standardized Testing and Reporting (STAR) Program, which provides funding to districts for assessments in grades 2 through 11, the High School Exit Exam, the English Language Development Test, and Advanced Placement Test Fee Waivers.

## 30 SPECIAL PROGRAMS

### 30.10-Child Development:

Provides a full range of child care and development services, including part- and full-time child care and development and supportive services, to children from low-income families and families with special needs. Several different programs exist to target resources to specific populations or to address specific needs. The State Preschool Program provides a wide range of educational services in part-day settings for pre-kindergarten (three- and four-year-old) children from low-income families, and parent education for the parents of eligible children. The After School Education and Safety program provides students in grades K-9 with academic support, homework assistance, and enrichment programs, in a safe after-school environment. Child care services for families participating in the California Work Opportunity and Responsibility to Kids (CalWORKs) program help public assistance recipients achieve and maintain self-sufficiency. The Department of Education administers child care for CalWORKs Stages 2 and 3.

### 30.20-Child Nutrition:

Assists participating public and private schools, county offices of education, public and private residential child care institutions, camps, family day care homes, and non-residential adult day care centers in serving nutritious meals by providing educational and technical assistance, and federal and state subsidies. Subsidies are received from the United States Department of Agriculture (USDA) to fund the National School Lunch Program, School Breakfast Program, Special Milk Program, Child Care Food Program, Adult Day Care Food Program, Summer Food Service Program, After School Meals Program, and the Nutrition Education and Training Program. Subsidies also are received from the State through the state-mandated Child Nutrition Programs, the School Breakfast start-up grants program and the Meal Supplement for Pregnant and Lactating Students Program.

### 30.50-Food Distribution:

Makes surplus USDA donated food available to certain California public, private and nonprofit agencies. The Department of Education is designated as the California State Agency for USDA surplus food distribution.

## 41 EXECUTIVE MANAGEMENT AND SPECIAL SERVICES

Executive Management and Special Services consists of the offices of the Superintendent of Public Instruction, the State Board of Education, Deputy Superintendents, Communications, and Government Affairs.

## 42 DEPARTMENT MANAGEMENT AND ADMINISTRATIVE SERVICES

Department Management and Administrative Services consists of Accounting, Budgeting, Contracting, Personnel and Technology Services. The effective provision of these services ensures the delivery of timely, reliable and accountable educational services to students in California.

## 98 STATE-MANDATED LOCAL PROGRAMS

This program provides funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated education programs.

## 6110 Department of Education - Continued

### CAPITAL OUTLAY

The State Special Schools Division has six facilities under its jurisdiction: three residential schools and three diagnostic centers. The residential schools, which serve students ranging in age from 3-22, include Schools for the Deaf in Fremont and Riverside, and a School for the Blind in Fremont. The California Schools for the Deaf provide comprehensive educational programs composed of academic, extracurricular, and residential activities for students. The California School for the Blind is a statewide residential campus that provides intensive, disability specific educational services for pupils who are blind, visually impaired or deaf-blind. The diagnostic centers are regionally located in Fresno, Fremont, and Los Angeles, and address the unique educational needs of California's most difficult to serve special education students. These facilities comprise a total of 951,000 gross square feet on 176 acres.

The following major budget adjustments are proposed for 2005-06:

- The Governor's Budget proposes \$16.6 million lease revenue bonds for new career and technical education facilities at the California School for the Deaf in Riverside, which will include a classroom building, shop building, greenhouse, and service yard. The new facility addresses significant critical infrastructure deficiencies and provides appropriate educational space for skills that are in current demand.

**6120 California State Library**

The goal of the State Library is to make information available to users in a coordinated, effective, and efficient manner. The State Library provides services to the Legislative and Executive Branches of State government, to members of the public and to California public libraries, develops and promotes outreach programs such as the California Literacy Campaign, and improves access to information through information technology and the use of resource sharing.

10-State Library Services:

Education Code Sections 19320(h), 19320(k), 19323, 19324.

30-Information Technology Services:

Education Code Section 19320(d).

**MAJOR PROGRAM CHANGES**

- Braille and Talking Book Library - The Administration has provided \$329,000 General Fund for the acquisition and implementation of a replacement automated library system to support the California State Library's Braille and Talking Book Library (BTBL) program.
- State Operations - Due to the State's fiscal crisis, we have reduced state operations by \$170,000. The Library will have the flexibility to implement the state operations reduction through layoffs, hiring freeze, procurement reductions or other administrative means as it may choose.
- Local Assistance - Due to the State's fiscal crisis, we have reduced the Public Library Foundation by \$2.2 million, Library Development by \$828,000, and English Acquisition programs by \$276,000 for a total of \$3.3 million.

**DETAILED BUDGET ADJUSTMENTS**

• Reduction to Public Library Foundation, Library Development, and English Acquisition programs	-	-	-	-3,312	-	-

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 STATE LIBRARY SERVICES

The State Library Services (SLS) program serves as the central reference and research library for the Governor, the State Legislature and State government officials and staff. SLS also provides library services to the public through the use of the collections and services available in its branch libraries and special collections. In order to perform its functions, the SLS gathers, catalogs, preserves and protects information and materials so they may be easily used.

The interlibrary loan service supplements the collections of California libraries. Reference and informational questions are also answered for local libraries. The SLS also coordinates the distribution of State and federal publications to libraries so residents using local libraries have convenient access to official government publications.

Through the Braille and Talking Book Library, which is a regional library designated by the Library of Congress National Library Service for the Blind and Physically Handicapped, braille and recorded books (records and cassettes) and special playback equipment are provided to blind and physically disabled residents of Northern California who are unable to use standard print materials. Funds are provided for the Braille Institute in Los Angeles to operate the Southern California Regional Library. Government Code Section 68926.3 provides an estimated \$600,000 annually from appellate court filing fees to partially support the Bernard E. Witkin State Law Library.

The California Research Bureau (CRB) provides nonpartisan analytical research and specialized library services on major state issues for both houses of the Legislature, the Governor's Office and other constitutional officers. It maintains a growing publications program on state policy matters, including CRB notes that provide current summaries of state issues, as well as more in-depth research works.

#### 20 LIBRARY DEVELOPMENT SERVICES

The Library Development Services program provides state and federal financial assistance to libraries and provides technical consulting assistance to help local libraries extend and improve services to all residents. The primary components of the program are: (a) the California Library Services Act, (b) the California State Library Literacy and English Acquisition Services Program, (c) the Public Library Foundation Program, and (d) the Library Services and Technology Act Program.

The Library of California extends the previously enacted California Library Services Act program to libraries of all types throughout the state. It also expands the programs and services provided by the State to include such things as efficient access to licensed databases, telecommunications links among libraries, electronic loan of materials, cooperative collection development, and coordinated efforts to preserve California's information resources.

The California State Library Literacy and English Acquisition Services Program provides community-centered literacy assistance to adults who have missed the opportunity to learn to read English.

The Public Library Foundation Act is a funding formula under which the State contributes funding for basic local library services under specified conditions.

The federal Library Services and Technology Act provides grants, to libraries of all types on a competitive basis, for developing new and innovative library services, providing technology assistance, and library networking and resource sharing.

The California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act was enacted as Proposition 14 in the spring of 2000 to provide \$350 million in bond funds for the construction and renovation of public libraries.

#### 30 INFORMATION TECHNOLOGY SERVICES

\* Dollars in thousands, except in Salary Range.

## 6120 California State Library - Continued

The Information Technology Services program supports library technology operations and infrastructure, including the integrated bibliographic library system, network infrastructure, data communications, microcomputer systems and applications, electronic mail, web-related interfaces and services, access to the Internet, specialized applications of technology, and related support services.

**6125 Education Audit Appeals Panel**

The Education Audit Appeals Panel approves the annual guide for audits of K-12 education entities, and independently resolves any disputes arising from those audits. These activities set clear expectations for the management of education funding, and allow both the State and local schools to avoid lengthy and expensive litigation over disputed funding.

### LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code, Title 1, Division 1, Part 13, Chapter 16.

### MAJOR PROGRAM CHANGES

- This proposal would eliminate the State's annual contribution to the California State Teachers' Retirement System Defined Benefit Program and shift the responsibility for these payments to school districts and/or teachers in order to ensure an effective link between future costs and benefits of the teachers' retirement system. Initially, school districts will be expected to pay an additional two percent of payroll, but they will be provided authority to shift this cost to teachers through collective bargaining agreements. Recognizing that this shift could ultimately result in less take-home pay for teachers, this proposal is coupled with a proposal to permit teachers to opt-out of the newly created Defined Benefit Supplement Program. Those teachers who choose to opt-out of the Defined Benefit Supplement Program will realize an immediate increase in compensation equal to a two percent raise. This proposal will result in General Fund savings of \$469 million.

### DETAILED BUDGET ADJUSTMENTS

	2004-05*			2005-06*		
	General Fund	Other Funds	Positions	General Fund	Other Funds	Positions
<b>Baseline Adjustment Descriptions</b>						
• Various baseline adjustments	-\$2,050	\$-	-	-\$6,428	\$-	-
• Additional Contribution to STRS Not Required	-	-	-	-94,000	-	-
<b>Policy Adjustment Descriptions</b>						
• Eliminate State's Contribution to STRS Defined Benefit Program	-	-	-	-469,047	-	-

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

Effective July 1, 2003, the annual General Fund contribution to the California State Teachers Retirement System (CalSTRS) is based on 2.017% of the teachers' salaries of the fiscal year ending in the immediately preceding calendar year. Current law also provides for an additional State contribution when the State Teachers Retirement Fund has a normal cost deficit or unfunded obligation. This contribution is 0.524% of the teachers' salaries. If the unfunded obligation continues, the 0.524% factor may be adjusted upwards annually in increments of no more than 0.25% and is capped at 1.505% of teachers' salaries. The State contributions are not appropriated through the annual Budget Act.

The Supplemental Benefit Maintenance Account was established in 1989 to maintain purchasing power of retired teachers. In 2001, the purchasing power percentage was increased from 75% to 80% of the value of the original benefit. The State General Fund provides a statutory transfer to the CalSTRS of an amount equal to 2.5% of the teachers' salaries to be deposited in the Supplemental Benefits Maintenance Account. If, however, the 2.5% annual General Fund contribution is insufficient to support 80% purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no CalSTRS unfunded obligation exists; (2) increase employer contributions; or (3) reduce the Supplemental Benefit Maintenance Account benefit payment. The State's basic contributions (2.5% of teacher salaries) for purchasing power protection are not appropriated through the annual Budget Act. Any increase in employer contributions must be approved through the Budget Act.

## 6330 California Occupational Information Coordinating Committee

The California Occupational Information Coordinating Committee's (COICC's) mission is to provide all California youth and adults with the career development information and resources they need to enable them to reach their career goals.

\* Dollars in thousands, except in Salary Range.

## 6330 California Occupational Information Coordinating Committee - Continued

Annually since 2000, the COICC has received Carl Perkins Act, Section 118 funding as part of a nationwide program called the America's Career Resource Network (ACRN), which is administered through the Office of Vocational and Adult Education of the U.S. Department of Education. In order to strengthen the programmatic ties to the ACRN, the COICC is commonly referred to as the California Career Resource Network (CalCRN).

To fulfill its mission, the COICC develops and distributes high quality career development information and training that reaches hundreds of thousands of students, jobseekers, educators, and career practitioners in California each year.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

Empirical research shows that effective career management skills result in enormous educational, social, and economic benefits. These proven benefits are the desired outcomes (objectives) of the COICC.

#### Educational Outcomes

- Improved educational achievement
- Improved preparation and participation in postsecondary education
- Better articulation among levels of education and between education and work
- Shorter time to graduation
- Higher graduation and retention rates

#### Social Benefits

- Benefits to family, peers, and community
- Higher levels of worker satisfaction and career retention
- Shorter path to primary labor market for young workers
- Lower incidence of work-related stress and depression
- Reduced likelihood of work-related or school violence

#### Economic Consequences

\* Dollars in thousands, except in Salary Range.

## 6330 California Occupational Information Coordinating Committee - Continued

- Higher incomes and increased tax revenues
- Lower rates and shorter periods of unemployment
- Lower costs of worker turnover
- Lower health care costs
- Lower incarceration and criminal justice costs
- Increased worker productivity

## 6350 School Facilities Aid Program

This program provides financing for school construction, modernization, portable classrooms, deferred maintenance, and other K-12 school facility related activities. With the passage of the School Facilities Act of 1998, the School Facilities Program was established to streamline the state's school construction funding process. The program provides grants to school districts to match local contributions for new construction and modernization projects, based on "unhoused pupils", from revenues obtained through the sale of State General Obligation Bonds when approved by voters in statewide elections.

The State School Deferred Maintenance Program, established by Chapter 282, Statutes of 1979 (AB 8), appropriates to the State School Deferred Maintenance Fund the amount of loan repayments received from school districts that is in excess of the amount required to reimburse the General Fund for debt service.

As part of the Williams case settlement, the School Facilities Needs Assessment Grant Program, established by Chapter 899, Statutes of 2004, appropriates funds for a one time comprehensive assessment of school facilities needs for schoolsites ranked in deciles 1 to 3, inclusive, on the Academic Performance Index (API) for 2003. The School Facilities Emergency Repair Account, also established by Chapter 899, is funded from the Proposition 98 Reversion Account at \$100 million per year until a total of \$800 million has been disbursed, for the purpose of addressing emergency facilities needs of schoolsites ranked in deciles 1 to 3 on the API.

The amounts included as General Fund are for the purposes of meeting the minimum funding guarantee for education programs pursuant to Section 8 of Article XVI of the California Constitution. Specific appropriations are identified in the Detail of Appropriations and Adjustments.

### LEGAL CITATIONS AND AUTHORITY

#### DEPARTMENT AUTHORITY

Education Code Sections 44210 and 44225.

### MAJOR PROGRAM CHANGES

- University Application Automation - The Administration proposes that all public and private colleges and universities that have teacher preparation programs that have been accredited by the Commission on Teacher Credentialing (CTC) be responsible for approving and electronically submitting all credentialing applications for their students. This will result in a substantial workload reduction for the CTC and will better ensure that applications from new teachers are processed in a timely manner, thus allowing them to enter the classroom as soon as possible.
- Teacher Credentialing Service Improvement Project (TCSIP) - In 2005-06 CTC will fully implement TCSIP. With full implementation of the TCSIP, the CTC is in a position to realize workload savings from an increase in the number of automated renewals and from the electronic submission of new applications by colleges and universities. To reflect the decreased staff time required to process applications, a reduction of \$600,000 and 6.0 positions is proposed from the Teacher Credentials Fund.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 STANDARDS FOR THE PREPARATION AND LICENSING OF TEACHERS

##### 10.10-Certification, Assignment and Waivers:

Certification, Assignments and Waivers is the licensing branch of the Commission, responsible for evaluating and processing over 245,000 applications annually for credentials, permits, certificates and waivers for authorization to serve in California's public schools. Certification, Assignments and Waivers serves as the Commission's primary point of contact, providing information to credential applicants and holders and credential personnel at the college, university, county, and school district levels regarding specific requirements for the licenses issued. It is also responsible for monitoring certificated assignments in collaboration with county offices of education.

##### 10.20-Professional Services:

Professional Services is responsible for: the development of licensure standards for all credential areas for which the Commission issues credentials; the accreditation of colleges, universities and local education agencies that offer educator preparation; the development and implementation of licensing examinations as required in the Education Code; and the administration of State funded programs including the Paraprofessional Program, the Pre-intern Program, the Intern Program and the Beginning Teacher Support and Assessment Program (in conjunction with the California Department of Education). Related activities include data collection and reporting and policy research.

##### 10.30-Professional Practices:

Professional Practices is responsible for both the discipline of credential applicants and holders and the legal activities of the Commission. Professional Practices is responsible for reviewing charges of misconduct against a credential holder or applicant upon initial application for a credential, when a credential is renewed, or when there are allegations against a credential holder relating to criminal activity, unprofessional conduct or problems that would impact the status of a license. The professional practices legal staff provides legal counsel and advice to the Commission and program divisions within the Commission.

**6420 California Postsecondary Education Commission**

The California Postsecondary Education Commission is responsible for the planning and coordination of education beyond high school. The Commission provides policy analyses, advice and recommendations to the Legislature and the Governor on statewide policy and funding priorities for colleges, universities, and other postsecondary education institutions. The Commission has 16 members: one member each from the governing boards of the University of California, the California State University, and the California Community Colleges; one representative of the independent colleges and universities, appointed by the Governor; one representative from the State Board of Education; two student representatives, appointed by the Governor; and nine representatives of the general public, three each appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee. The Commission selects its chairperson from among the public members.

## 6420 California Postsecondary Education Commission - Continued

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

The Commission has organized its staff into three broad divisions to carry out the responsibilities of the Commission: Executive, Policy and Federal Programs, and Information Systems and Administrative Services.

#### EXECUTIVE

Under general policies established by the Commission, the Executive Division provides leadership to staff in the long-range planning and coordinating efforts of the Commission, and advises the Governor, the Legislature, and other State agencies concerning policies and funding priorities for postsecondary education. The Executive Director works closely with the voluntarily created Education Roundtable and the Statutory Advisory Committee established pursuant to Section 66901 of the Education Code. The governmental relations activities of the Executive area are the primary means by which the Commission establishes and maintains liaison with the Legislature, the Legislative Analyst's Office, the Governor's Office, and the Department of Finance. Major activities include reviewing, monitoring, and providing summaries of all legislation and budget proposals related to postsecondary education in California, as well as providing direct testimony to appropriate legislative committees.

#### POLICY AND FEDERAL PROGRAMS

The Policy and Federal Programs Division is responsible for the policy analyses and evaluation activities of the Commission related to postsecondary education. The Program and Facilities Review/Fiscal and Policy Analysis Unit is responsible for carrying out many of the specific charges of the Commission delineated in Sections 66903 and 66904 of the Education Code, including the review of proposed new academic facilities and programs, recommendations on the need for and proposed location of new campuses and off-campus centers, development and update of long-range plans for postsecondary education, and identification of potential barriers to student access and success. This unit also has primary responsibility for preparing responses to legislative or gubernatorial requests for information on postsecondary education pursuant to Section 66902 of the Education Code. The Federal Programs Unit is responsible for administration of the federally funded Improving Teacher Quality Grant Program.

#### INFORMATION SYSTEMS AND ADMINISTRATIVE SERVICES

The Information Systems and Administrative Service Division is responsible for the collection of data and maintenance of a comprehensive database on postsecondary education, accounting and contract services of the Commission, and provision of general support services to the public and Commission staff. The Commission coordinates the annual collection of data for the Integrated Postsecondary Education Data System survey by the National Center for Educational Statistics, and maintains historical data on the enrollment characteristics and degrees awarded to students in all public, and many independent, colleges and universities. The Commission's database provides the foundation for its policy analyses, annual publication of data abstracts on various postsecondary education outcomes, and research by members of the education and public policy communities.

## 6440 University of California

The University of California was founded in 1868 as a public, State-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust, to be administered by an independent governing board—the Regents of the University of California. The Board of Regents includes 28 members: seven ex officio, 20 appointed by the Governor with the approval of the Senate for staggered terms, and one student appointed by the board.

The 1960 Master Plan for Higher Education designates the University of California as the primary State-supported academic agency for research, with exclusive jurisdiction in public higher education over instruction in law, medicine, dentistry, and veterinary medicine. Sole authority is also vested in the University to award doctoral degrees in all fields, except that joint doctoral degrees with the California State University may be awarded. The University is headed by a President who is responsible for overall policy development, planning, and resource allocations. Chancellors are responsible for the management of individual campuses. The Regents have delegated authority to the academic senate to determine conditions for admission, degree requirements, and approval of courses and curricula. Special faculty committees serve in an advisory capacity to the Regents, the President, and the Chancellors in a variety of matters.

There are ten campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Each campus offers undergraduate, graduate, and professional education, with the San Francisco campus devoted exclusively to the health sciences. The University operates five teaching hospitals in Los Angeles, San Francisco, Sacramento, San Diego, and Orange counties. Approximately 150 University institutes, centers, bureaus, and research laboratories operate in all parts of the State. The University also provides oversight of three Department of Energy Laboratories.

The University of California conducts higher education programs in four major areas:

- Instruction of qualified individuals through offering lower division, upper division, graduate, professional, and postdoctoral programs on each of its general campuses.
- Research directed toward advancing the understanding of arts and sciences and the interpretation of human history.
- Education for professional careers.
- Public service contributing to the fulfillment of the University's obligation to disseminate knowledge.

## 6440 University of California - Continued

Some of the amounts included as General Funds are for the purposes of meeting the minimum funding guarantee for educational programs pursuant to Section 8 of Article XVI of the California Constitution.

This summary includes expenditures, but not personnel years for auxiliary organizations nor extramural programs.

### MAJOR PROGRAM CHANGES

- Pursuant to the Higher Education Compact agreed to last Spring between the UC and Governor Schwarzenegger, the Budget for the University includes a 3 percent general funding increase of \$76.1 million for basic budget support.
- Also, consistent with the Compact, the budget includes additional funding of \$37.9 million for 2.5 percent enrollment growth, sufficient to fund 5,000 additional full-time equivalent students.
- As called for under the Compact, undergraduate fees will increase no greater than an average of ten percent per year in 2004-05, 2005-06 and 2006-07. As a consequence of a 14 percent undergraduate fee increase in 2004-05, the regents have approved an undergraduate fee increase of 8 percent for 2005-06. Consistent with the policy goal of charging graduate fees more in line with the additional costs of graduate level instruction, the regents have approved a 10 percent increase for academic graduate students. Professional school fees will increase an average of 3 percent. The University will dedicate a substantial portion of the fee revenue for financial aid for needy students.
- The 2005-06 Governor's Budget provides \$14 million one-time General Fund for the UC Merced campus for a total of \$24 million for 2005-06. These funds will be used for start-up costs associated with opening the campus for student enrollment in the Fall of 2005.

**6440 University of California - Continued*****PROGRAM DESCRIPTIONS (Program Objectives Statement)*****05 INSTRUCTION AND DEPARTMENTAL RESEARCH****General Campuses**

Instruction includes most of the direct instructional resources associated with the schools and colleges located on the general campuses. Included are classroom and laboratory instruction as well as joint scholarly research activities of students and faculty.

**Health Sciences**

The instructional program in the health sciences is carried on in 15 schools that provide education in various health fields to students preparing for careers in health care, teaching and research. The health science schools are located on six campuses and include five schools of medicine, two schools of dentistry, two schools of nursing, two schools of public health, two schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, four programs in medical education are conducted at Berkeley, Fresno, Riverside, and the Charles R. Drew University of Medicine and Science in Los Angeles. The physical, biological and behavioral science programs of the general campuses complement the programs of the health science schools.

**Summer Instruction**

Summer session courses are offered for UC degree credit. About 90 percent of the UC students in the summer are undergraduates, and of those, about 75 percent are juniors and seniors. Students enroll in the summer to maintain progress toward graduation, take required general education courses or courses that are highly impacted during the regular year, or focus on a particularly difficult course. Historically, the State has provided funding for students enrolling in the fall, winter, and spring terms, but not summer. Through summer 2000, summer sessions were supported from student course and registration fees set by each UC campus. To accommodate the enrollment demand projected for the next ten years, the University began converting summer instruction from a self-supporting program to a State-supported program. At present, the Berkeley, Davis, Los Angeles, Santa Barbara, and Merced (which opens officially in Fall 2005) operate State-supported summer instruction programs. Consistent with the Compact with Governor Schwarzenegger, the remaining four campuses will convert to State-supported summer instruction over the next several years.

**University Extension**

University Extension is the largest institution of its kind, with an annual estimated enrollment of nearly 325,000 registrants participating in classes, short courses, seminars, field studies, and similar activities throughout California and in several foreign countries. It has open admissions, optional credit, and free student selection of curriculum. University Extension is self-supporting, and its offerings depend entirely on student fees. Almost 60 percent of Extension's offerings are designed to serve the continuing educational needs of professionals. Overall, more than 380 certificate programs are offered.

**10 RESEARCH**

The University is designated by the 1960 Master Plan as the primary State-supported academic agency for research. Its research activities contribute to the social, economic, and technological progress of the State and the nation. Knowledge discovered in the University's research programs has yielded a multitude of benefits, ranging from technological applications that increase industrial and agricultural productivity to insights into social and personal behaviors that help improve the quality of human life. The research process also is essential to training scholars in the methodology of inquiry, particularly in graduate and professional programs.

**15 PUBLIC SERVICE**

Public service includes a broad range of activities that serve local communities, students, teachers in K-12 schools and community colleges, and the public in general. One component of public service is the University's student academic development programs (formerly referred to as outreach). These provide academic assistance to K-14 students and schools to encourage more students to become qualified for higher education. Public service also includes Cooperative Extension, which is the University's largest public service program. Cooperative Extension provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, community resource development, and 4-H youth development. Campuses also conduct other public service programs, which are almost completely supported by user fees and other non-State fund sources. These include activities such as arts and lecture programs, and community service projects. The University's public service programs also include a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

**20 ACADEMIC SUPPORT****Libraries**

The University libraries identify, acquire, organize and provide access to publications and scholarly materials in all formats. Access is provided for the University's students, faculty and staff, the faculty and students of other California colleges and universities, other California libraries, business and industry, and the general public. The University library system serves both instructional and research needs, and provides a critical archival function. The rapid expansion of knowledge requires extensive efforts to keep materials current and of a high quality. The accelerating impact of changes in information technology and the dynamic information needs of its faculty and students obligates the University to develop new digital library collections and services while also maintaining and enhancing its traditional collections.

## 6440 University of California - Continued

### Academic Support-Other

Academic Support-General Campus Programs: Other academic support on the general campuses is comprised of a number of partially self-supporting activities organized and operated in connection with educational departments, and conducted as a basic support for the departments' educational programs. Many diversified programs are included, such as a demonstration school that serves as an interdepartmental teaching laboratory for experimentation, research and teacher training.

Academic Support-Health Sciences Programs: The University operates dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco, a veterinary medicine teaching facility at Davis and one in the San Joaquin Valley (near Tulare), an optometry clinic at Berkeley and two occupational health centers. These facilities are extensions of the health sciences schools, and provide both clinical experience and community health services.

Other activities supporting both general campus and health sciences programs include vivaria, which provide centralized facilities for ordering, receiving and care of all animals necessary for teaching and research in the biological sciences; support for arts by direct sponsorship of performances and exhibits; support of specialized physical science and engineering projects; and support for professional journals.

### 25 TEACHING HOSPITALS

The University owns and operates five academic medical centers-Davis, Irvine, Los Angeles, San Diego, and San Francisco. Their primary mission is to support the clinical teaching programs of the five schools of medicine, and the educational programs in the University's other health science schools. The academic medical centers also provide a full range of health care services to their community, and are sites for the development and testing of new diagnostic and therapeutic techniques. The medical centers provide health care to thousands of patients who generally have more serious illnesses and fewer financial resources than patients at non-teaching hospitals. Based on their tripartite mission of teaching, research and public service, the University of California's academic medical centers are a major resource for California and the nation.

The State appropriates funds, called Clinical Teaching Support, for the University medical centers in recognition of the need to maintain a sufficiently large and diverse patient population for teaching purposes. The funds are primarily used to provide financial support for patients who are essential for the clinical teaching programs, but who are unable to pay the full cost of their care.

### 30 STUDENT SERVICES

Student Services programs support activities whose primary purpose is to contribute to the students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instruction program. It includes expenditures for organized Student Service administrative activities that provide assistance and support for the needs of students.

### 35 INSTITUTIONAL SUPPORT

This includes a wide variety of activities including police, accounting, payroll, personnel, administrative computing, material management, environmental health and safety, and publications. Instructional Support also includes the planning, policy making, and coordination activities that occur within the offices of the Chancellors, President, and the Regents.

### 40 OPERATION AND MAINTENANCE OF PLANT

This function includes resources for the maintenance, preservation, and renewal of the University's State and Educational Fee-supported physical plant. The physical plant includes improved grounds areas totaling over 50 million gross square feet of buildings and related fixed equipment. Major component elements include utilities, building and grounds maintenance, and janitorial services, with additional administrative and support services.

### 45 STUDENT FINANCIAL AID

University of California students receive financial aid from the University resources, the federal government, the State, and from private donors and outside agencies. The primary sources of University support are the State General Fund, student fee income, and support from the Regents. The Federal government provides loans, work-study, veterans' benefits, and grants. In addition, graduate students receive traineeships and fellowships through various federal sources. The California Student Aid Commission provides scholarships, loans, and grants directly to students. Private donors and outside agencies also provide scholarships, loans and grants.

### 50 AUXILIARY ENTERPRISES

Auxiliary Enterprises are those non-instructional services provided to individuals, primarily students, in return for specific user charges. These services include student housing, intercollegiate athletics, food services, and parking. Auxiliary Enterprises are self-supporting, and are not subsidized by the State.

### 55 PROVISIONS FOR ALLOCATION

These budgetary provisions serve as a temporary repository for lump sum appropriations which are destined for allocation (1) from systemwide provisions to campus provisions, and (2) campus provisions to operating programs and subprograms where expenditures will occur. Provisions for allocation may include funds for academic position upgrades, staff reclassifications, price increases, employee benefits, unallocated State funding increases, and University endowment income. These provisions also include funds for lease-purchase bond payments. They are partially offset by the University

## 6440 University of California - Continued

budgetary savings target.

### 65 SPECIAL REGENTS' PROGRAMS

After provision for costs related to federal contract and grant activity, and the funding of buildings supported under Garamendi (wherein the University may use federal indirect cost monies received for research activities to pay debt service and maintenance costs for specifically approved research buildings), 55 percent of the Federal overhead on contracts and grants is used to fund the University's general purpose budget for current operations. The other 45 percent is the source of the University Opportunity Fund. This fund supports high priority programs that are not adequately supported from other sources, such as faculty recruitment and retention, special research programs, instructional programs and administrative programs, and support for external fund raising. In addition, compensation from the Department of Energy includes payment of performance management fees to cover costs related to audit disallowances and federally unreimbursed costs, and to support two university research programs.

**CAPITAL OUTLAY**

The UC system is comprised of 10 campuses, which are located in Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz, that operate 150 institutes, centers, bureaus, and research laboratories throughout the state serving approximately 201,000 students. All of the campuses offer undergraduate, graduate, and professional education; with one, San Francisco, devoted exclusively to the health sciences. In addition, the University operates teaching hospitals and clinics in five counties. The UC system has over 5,000 buildings with 101 million gross square feet on 27,000 acres.

The following major budget adjustment is proposed for 2005-06:

- The Governor's Budget proposes \$305.2 million in Higher Education Capital Outlay Bond Funds of 2004 for 24 projects for the construction and renovation of buildings. These buildings are needed for critical infrastructure deficiencies and to meet enrollment and facility renewal needs systemwide.

**6445 California Institute for Regenerative Medicine**

The California Institute for Regenerative Medicine (CIRM) was created by the passage of Proposition 71 in 2004. The CIRM administers the issuance of \$3 billion in bond proceeds authorized by the Proposition for stem cell-related research, and ensures the bond monies are used appropriately. The Proposition created the Independent Citizen's Oversight Committee (ICOC) as the CIRM's governing body. The ICOC administers the daily operations of the CIRM, and also appoints and monitors three advisory working groups tasked with developing and maintaining accountability standards, reviewing grant bids, and constructing bond-funded research facilities.

**6600 Hastings College of the Law**

The college was founded in 1878 by Serranus Clinton Hastings, the first Chief Justice of the State of California. On March 26, 1878, the Legislature provided for affiliation with the University of California. Hastings is the oldest law school and one of the largest public law schools in the West. Policy for the college is established by the Board of Directors and is carried out by the Dean and other officers of the college. There are 11 directors on the board-one is an heir or representative of S.C. Hastings, and the other 10 are appointed by the Governor and approved by a majority of the Senate. Directors serve for terms of twelve years. Hastings is a charter member of the Association of American Law Schools and is fully accredited by the American Bar Association. The juris doctor degree is granted by The Regents of the University of California, and is signed by the President of the University of California and the Chancellor and Dean of Hastings College of the Law.

The mission of the University of California, Hastings College of the Law is to provide an academic program of the highest quality, based upon scholarship, teaching, and research, to a diverse student body and to assure that its graduates have a comprehensive understanding and appreciation of the law and are well trained for the multiplicity of roles they will play in a society and profession that are subject to continually changing demands and needs.

<sup>2</sup> The enrollment fee for 2004-05 was \$18,750 for both new and continuing students.

<sup>3</sup> The Health Insurance and Health Services Fees for 2005-06 will be determined in Spring 2005.

## 6600 Hastings College of the Law - Continued

### **PROGRAM DESCRIPTIONS (Program Objectives Statement)**

#### **10 INSTRUCTION PROGRAM**

The instruction program is designed to provide thorough and systematic instruction in those branches of the law which will best prepare students for their responsibilities to the community as members of the legal profession. It is composed of three elements including the classroom, theory-practice, and instructional support. Through these elements, it is planned that the student will receive a combination of theoretical instruction, practical experience, specialized training as lawyers, and necessary support services.

The principal objectives are to develop in the students the required competency in substantive law demanded by the legal profession; develop students' skills in research and writing; provide students with an adequate background in the law through the study of the development of the legal system and the role of the legal profession, both in the United States and abroad; instill in students, through theory-practice clinical courses, a level of professional competence and skill that will shorten the period of training in the law office; and to develop special skills in advocacy for trial lawyers.

#### **20 PUBLIC AND PROFESSIONAL SERVICES PROGRAM**

The Office of Continuing Legal Education is designed to provide training to practicing attorneys and judges through intensified courses in civil and criminal law. The program is fully self-supporting.

#### **30 ACADEMIC SUPPORT PROGRAM-LAW LIBRARY**

The primary objective of the Law Library is to support the legal education curriculum of Hastings by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, for moot court, trial practice, legal clinic assignments, and to support legal scholarships. A secondary objective of the Law Library is to support the legal research needs of the larger community, including local attorneys.

At the present time, the Law Library provides information through its collection of 422,740 bound volumes, 249,533 volume-equivalents on microform, 2,739 audio cassettes, 634 video cassettes, and over 7,880 subscriptions to serials and other information services based on compact disc, video disc, and computerized databases, as well as through information available over the Internet and World Wide Web.

#### **40 STUDENT SERVICES PROGRAM**

The Student Services Program includes Admissions, Records, Financial Aid, Career Services, the Academic Support Program, the Legal Education Opportunity Program (LEOP) and the Disability Resource Program. Through these offices, students are provided a fair system for admittance to the law school and information about their academic performance. Students are assisted in securing necessary financial assistance to complete the instructional program, and are also helped in identifying employment opportunities. Supportive services include academic advising, accommodations for students with disabilities, the Academic Support Program which provides analytical skills and writing instruction to qualifying students, and the LEOP program which includes small group tutorials and other services to supplement regular instructional activities for the educationally, socially, economically, or otherwise disadvantaged students. LEOP students numbered 234 in 2003-04 and comprised about 19 percent of the student body.

#### **50 INSTITUTIONAL SUPPORT PROGRAM**

The Institutional Support Program includes Executive Management and Management Support, Personnel, Fiscal Services, Public Safety, Community Relations and Administrative Services. This program provides administrative support to all the programs provided by the Hastings College of the Law.

### CAPITAL OUTLAY

Hastings College of the Law is a stand-alone institution with over 1,200 students and is affiliated with the University of California. The College's academic mission is dedicated exclusively to providing legal education of the highest quality. Hastings is located in San Francisco's Civic Center area. The campus is on 2.6 acres in an urban setting with three buildings totaling 581,000 gross square feet along with a parking lot of 37,000 gross square feet.

## 6610 California State University

The California State University system is comprised of 23 campuses, including 22 university campuses and the California Maritime Academy. The system is administered by an independent governing Board of Trustees that includes 25 members: five ex officio, 16 appointed by the Governor to four-year terms and four members appointed to two-year terms (two student representatives-one voting and one non-voting; and one representative each for faculty and alumni). The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers on the respective campuses.

The California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972, the system became the California State University and Colleges (CSUC); the name of the system was changed to the California State University in January, 1982. The oldest campus, San Jose State University, was founded in 1857 and became the first institution of public higher education in California.

The Trustees, the Chancellor, and the Presidents develop systemwide policy, with actual implementation at the campus level taking place through a broadly based consultative process. The Academic Senate, made up of elected faculty representatives from each campus, recommends academic policy to the Board of Trustees through the Chancellor. While each campus has its own unique geographic and curricular character, all campuses offer undergraduate and graduate instruction for professional and occupational goals, as well as broad liberal education programs. For graduation, each campus requires a basic program of general education, regardless of the major selected by the student. A limited number of doctoral degrees are offered jointly with the University of California and with Claremont Graduate School.

The program goals of the University are:

- To provide instruction in the liberal arts and sciences, the professions, applied fields which require more than two years of college education, and teacher education-both for undergraduate students and graduate students through the master's degree.
- To provide public services to the people of the State of California.
- To provide services to students enrolled in the University.
- To support the primary functions of instruction, research, public services, and student services in the University, and to ensure legal obligations related to executive and business affairs are met.

### 3-YR EXPENDITURES AND POSITIONS (Summary of Program Requirements)

FUNDING	2003-04*	2004-05*	2005-06*
<b>TOTALS, EXPENDITURES, ALL FUNDS</b>	<b>\$5,818,964</b>	<b>\$5,830,064</b>	<b>\$6,017,263</b>

This summary includes expenditures, but not personnel years, for auxiliary organizations.

### MAJOR PROGRAM CHANGES

- Pursuant to the Higher Education Compact agreed to last Spring between the CSU and Governor Schwarzenegger, the budget for the University includes a 3 percent general funding increase of \$71.7 million for basic budget support.
- Also, consistent with the Compact, the budget includes additional funding of \$50.8 million for 2.5 percent enrollment growth, sufficient to fund over 8,000 additional full-time equivalent students.
- As called for under the Compact, undergraduate fees will increase no greater than an average of ten percent per year in 2004-05, 2005-06, and 2006-07. As a consequence of the trustees action to increase undergraduate fees by 14 percent in 2004-05, the trustees have approved an undergraduate fee increase of 8 percent for 2005-06. Consistent with the policy goal of charging graduate fees more in line with the additional costs of graduate level instruction, the trustees have approved a 10 percent increase for academic graduate students, with the exception of teacher credential candidates whose fees will rise only 8 percent. The CSU will dedicate a substantial portion of the fee revenue for financial aid for needy students.

### DETAILED BUDGET ADJUSTMENTS

	2004-05*			2005-06*

<sup>1</sup> The College Year Enrollment is defined as the average enrollment for the Academic Year plus one-third of the Summer Term Enrollment. By 2002-03, all campuses had state-supported summer enrollment except Bakersfield, Fresno, Monterey Bay, Northridge, and Sonoma. The California Maritime Academy has a cruise during the summer term. No increase is anticipated in state-supported summer enrollment targets in 2005-06 due to CSU budget reductions in 2004-05. The College Year Enrollment for Stanislaus, which is on a 4-1-4 academic calendar, is the average of fall and spring semesters, omitting the one-month winter session. CSU Special Program Enrollments are derived as follows: Summer Arts Program enrollment is Summer Arts term enrollment divided by one-half; Statewide Nursing Program enrollment is average of SNP fall and spring enrollment.

<sup>2</sup> Full-Time Equivalent Students (FTES) for the College Year are derived by dividing total semester student credit units by 30 for semester campuses. College Year FTES for campuses on the quarter system are derived by dividing the total number of student credit units for the Academic Year by 45 and adding one-third of the term FTES for the summer quarter. Only Hayward, Los Angeles, Pomona and San Luis Obispo have summer terms. College Year FTES for CSU special Programs are derived as follows: Summer Arts Program FTES are total Summer Arts Student credit units divided by 30; Statewide Nursing Program FTES are total annual student credit units divided by 30.

<sup>3</sup> Budget year numbers for specific enrollment levels are provided for display purposes only and do not constitute an enrollment plan.

### **PROGRAM DESCRIPTIONS (Program Objectives Statement)**

#### **01 INSTRUCTION**

The California State University (CSU) Instruction program educates students for attainment of degrees, credentials or certificates in the liberal arts and sciences, and certain applied fields and professions. CSU graduates ten percent of the California workforce, and prepares an estimated ten percent of the nation's teachers and seven percent of the nation's engineers. The University prepares about 60 percent of California's teachers. CSU offers more than 1,800 bachelor's and master's degree programs in over 240 subject areas. Many programs are offered so students can complete all upper division and graduate requirements by part-time late afternoon and evening study.

In conjunction with campus-based instruction, CSU provides instruction through seven off-campus centers, and through self-supporting extended education programs. CSU also offers a limited number of doctoral degrees jointly with the University of California and with private California institutions.

The Instruction program consists of general academic instruction, preparatory/remedial instruction, instructional information technology, community education instructional services, and non-baccalaureate vocational/technical instruction.

#### **02 RESEARCH**

CSU research is comprised of specifically organized activities, whether commissioned by an external agency, or budgeted by the University. Additional research funds may be provided directly to the campuses from non-State General Fund, external sources.

#### **03 PUBLIC SERVICE**

The public service program consists of educational television programs offered to the community by San Diego State University's Channel 15 (KPBS-TV), the only open channel television station licensed directly to CSU. The channel began operating in 1967.

#### **04 ACADEMIC SUPPORT**

The Academic Support program includes libraries, museums and galleries, educational media services, support information technology, course and curriculum development, academic administration, and personnel development. The University budget includes \$2.5 million for individual faculty development through research and creative activity at the 23 campuses. Ancillary programs include the Desert Studies consortium, college farms, and the Center for Deaf Studies at the Northridge campus.

#### **05 STUDENT SERVICES**

The Student Services program includes activities that contribute to students' emotional and physical well-being, and their intellectual, cultural and social development outside the formal instruction program. These include student newspapers, intramural athletics, student organizations, counseling and career guidance, student financial aid administration, and student health services.

#### **06 INSTITUTIONAL SUPPORT**

The Institutional Support program includes executive-level activities concerned with management and long-range planning. These activities maintain the University's effectiveness and continuity, and ensure the University's operations are consistent with the State's public higher education policy. Activities include executive management, fiscal operations, general administration, administrative information technology, public relations, and mandatory transfers.

#### **07 OPERATION AND MAINTENANCE OF PLANT**

The Operation and Plant Maintenance program includes physical plant administration, building maintenance, ground maintenance, utilities, major repairs, security and safety, logistics, debt service payments, operations and maintenance information technology, and insurance costs. The University also receives funding for scheduled maintenance. Currently, the deferred maintenance backlog exceeds \$351 million.

#### **08 STUDENT FINANCIAL AID**

The University provides over \$100 million in direct student financial assistance through the State University Grant program. Additional financial aid is provided through graduate fellowships, and Equal Opportunity Program grants. Federal financial aid provides over \$200 million in scholarships, grants, and loans to CSU students.

#### **09 AUXILIARY ENTERPRISES**

Auxiliary Enterprises consist of student housing, parking, intercollegiate athletics, food services, book stores, and other self-supporting non-instructional services. These services are funded through specific user charges and are not subsidized by the State. CSU provides over 28,000 housing spaces and approximately 141,000 parking spaces at its 23 campuses.

#### **10 PROVISIONS FOR ALLOCATION**

Funding for expenditures and budget adjustments required throughout the budget year are held in the Provisions for Allocation program. These expenditures and adjustments include Lottery funds that are provided on a quarterly basis,

---

\* Dollars in thousands, except in Salary Range.

## 6610 California State University - Continued

special program initiatives for productivity improvements, costs associated with unbudgeted earthquake repairs, and the cost for services provided for CSU from other State agencies.

### 11 REIMBURSED ACTIVITIES

This program includes activities funded from external organizations that are independent of, but enhance the mission of, the CSU.

### CAPITAL OUTLAY

The California State University system includes 23 campuses and seven off-campus centers, which serve 409,000 students. While each campus in the system has its own unique geographic and curricular character, 22 campuses can be characterized as multipurpose institutions, offering undergraduate and graduate instruction for professional and occupational goals. The California Maritime Academy has a specialized mission, focusing on marine transportation and engineering, and maritime sciences. The CSU system has a total of 1,732 buildings with 60.4 million gross square feet on 19,161 acres.

The following major budget adjustment is proposed for 2005-06:

- The Governor's Budget proposes \$261.5 million in Higher Education Capital Outlay Bond Funds of 2004 for 19 projects for the construction and renovation of buildings. These buildings are needed for critical infrastructure deficiencies and to meet enrollment and facility renewal needs at CSU campuses.

## 6870 Board of Governors of the California Community Colleges

The Board of Governors of the California Community Colleges was established in 1967 to provide statewide leadership to California's community colleges. The Board has 17 members appointed by the Governor with the advice and consent of the Senate. Thirteen members are appointed to six-year terms and two student members are appointed to two-year terms. Since community college programs drive the need for infrastructure investment, each community college district has a related capital outlay program to support this need. For the specifics on the community college Capital Outlay Program see "Infrastructure Overview."

The objectives of the Board are:

- To give direction, coordination, planning, and leadership to California's community colleges.
- To promote quality education in community colleges.
- To improve district and campus programs through informational and technical services on a statewide basis, while recognizing the community-oriented aspect of California's network of 109 community colleges.
- To seek adequate financial support while ensuring the most prudent use of public funds.

## 6870 Board of Governors of the California Community Colleges - Continued

Education Code, Division 7.

### MAJOR PROGRAM CHANGES

- **Enrollment Growth** - The Administration proposes \$136.7 million Proposition 98 General Fund for enrollment growth. This augmentation reflects a 3 percent growth in apportionments to provide access for an additional 34,000 full-time equivalent (FTE) students, for a total of over 1,177,000 FTE students in 2005-06. This level of funded growth exceeds the 1.89 percent change in adult population, which is the current statutory index for system growth.
- **Cost-of-Living-Adjustment (COLA)** - The Administration proposes \$195.5 million Proposition 98 General Fund for a COLA of 3.93 percent for general-purpose funds and selected categorical programs. This adjustment provides \$184.5 million to fully fund COLA increases for community college apportionments, and \$11.1 million to provide COLA increases for categorical programs providing essential services to special populations.
- **Economic Development Augmentation** - The Administration proposes \$20.0 million in one-time Proposition 98 Reversion Account funding to increase coordination between community colleges and high schools for fully articulated, industry-driven career technical education curricula. This is part of the Administration's Career Technical Education initiative designed to improve the link between all education segments in preparing K-12 students for highly-skilled, emerging careers in the continually advancing California economy.

### DETAILED BUDGET ADJUSTMENTS

	2004-05*			2005-06*

## 6870 Board of Governors of the California Community Colleges - Continued

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 COMMUNITY COLLEGE APPORTIONMENTS

This program provides the funds that supplement local resources in financing the general education programs of the 109 community colleges. This program also includes the preparation of reports and the collection of a wide range of data from community colleges for certification of the funding provided to each district. The majority of State funding for community colleges is provided by the General Fund.

#### 20 SPECIAL SERVICES, OPERATIONS AND INFORMATION

Special Services, Operations and Information functions include the development, implementation, and coordination of policies and procedures regarding education programs and funding other than apportionments. Such programs include student financial aid, academic counseling, foster care education, and support for disabled students and CalWORKs participants.

#### 30 ADMINISTRATION

A total of 40.8 positions and \$4.1 million will be utilized by the Chancellor's Office during the 2005-06 fiscal year to perform administrative functions for support of the various programs of the Board of Governors of the California Community Colleges.

**CAPITAL OUTLAY**

The California Community College (CCC) system consists of 72 semi-autonomous districts encompassing 109 colleges, 58 off-campus centers, and 22 district offices throughout the state that serve over 2.8 million students. The CCC assets include 20,489 acres of land, 4,474 buildings, and 55.9 million gross square feet of space. In addition, the system has numerous off-campus outreach centers at various locations. CCC facilities are used to provide lower division level academic and vocational education for recent high school graduates and working adults returning to school.

The following major budget adjustment is proposed for 2005-06:

\* Dollars in thousands, except in Salary Range.

## 6870 Board of Governors of the California Community Colleges - Continued

- The Governor's Budget proposes \$262.5 million Higher Education Capital Outlay Bond Funds for 50 community college facility projects as part of their five-year plan population growth forecast and needed critical infrastructure modernization.

### SUMMARY OF PROJECTS

State Building Program Expenditures		2003-04*	2004-05*	2005-06*

## 7980 California Student Aid Commission

The mission of the California Student Aid Commission (Commission) is to make education beyond high school financially accessible to all Californians. The Commission ensures the effective and efficient administration of federal and state authorized financial aid, including grants and student loans. In addition, the Commission has responsibility to provide leadership on financial aid issues and to make public policy recommendations concerning financial aid programs.

The Commission is composed of 15 members of whom 11 members are appointed by the Governor and confirmed by the Senate, two members are appointed by the Senate Rules Committee and two members are appointed by the Speaker of the Assembly. Terms are for four years except for two student members whose terms are for two years.

Education Code Sections 66021.2, 69430-69440, 69509, 69509.5, 69510-69518, 69522 to 69529.5, 69530-69547, 69560-69566, 69612-69615.6, 69618-69628, 69750 to 69779, and Labor Code Section 4709.

**MAJOR PROGRAM CHANGES**

- The Budget proposes an increase of \$44.8 million in 2005-06 from the revised estimate of costs for Cal Grants for needy students for the current year. The estimate for the current year has been reduced by a similar amount based on more recent data since the 2004 Budget Act was finalized. Additionally, a \$6.8 million increase is budgeted for the increasing costs of the Assumption Program of Loans for Education (APLE) program which provides loan assumption grants for teachers agreeing to teach certain subjects or in low performing schools.
- The Budget provides authorization for 100 new National Guard APLE awards to enhance recruitment and retention incentives for guardsman pursuant to Chapters 549 and 554, Statutes of 2004. Guardsman may earn up to \$11,000 toward college expenses in exchange for completing service enlistments. \$200,000 is provided for the initial year's earned awards.
- In order to help address the General Fund shortfall, the Budget includes a one-time fund shift of \$35 million from General Fund to surplus Student Loan Operating Fund (SLOF) sources. Additionally, the Budget saves \$7.5 million by reducing the maximum Cal Grant award for students attending private institutions from \$8,332 to \$7,449.

## 7980 California Student Aid Commission - Continued

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 15 FINANCIAL AID GRANTS PROGRAM

This program provides grants and other specialized financial aid to help undergraduate and graduate students pay educational expenses. Awards are coordinated with other available award sources including federal Pell Grants. The financial aid grant programs are described below.

#### ENTITLEMENT AWARDS

Cal Grant Entitlement Award Programs were established through SB 1644 (Chapter 403, Statutes of 2000). The entitlement awards are guaranteed to students who graduate from high school in 2000-01, or beyond, and meet financial, academic, and general program eligibility requirements.

- The Cal Grant A provides tuition and fee funding to eligible high school graduates who have at least a 3.0 grade point average (GPA) on a four-point scale. The award provides up to a maximum grant of \$7,449 for new 2005-06 recipients and \$8,322 for renewal recipients. Maximum family income for eligible students for 2005-06 is \$25,500 to \$80,400 depending on family size.
- The Cal Grant B provides funds to eligible low-income disadvantaged high school graduates who have at least a 2.0 GPA. The award provides up to \$1,551 for books and living expenses for the first year. In the second year, it also helps pay for tuition and fees at qualifying post secondary institutions which, in 2005-06, is up to a maximum grant of \$7,449 for new 2005-06 recipients and \$8,322 for renewal recipients. The family income ceiling is \$25,500 to \$44,200, depending upon family size.
- The California Community College Transfer Award provides funding to eligible high school graduates who have a community college GPA of at least 2.4 on a four-point scale.

#### COMPETITIVE AWARDS

The Cal Grant Competitive Award Program was established through SB 1644 (Chapter 403, Statutes of 2000). 22,500 Cal Grant A and B competitive awards are available to applicants who meet financial, academic, and general program eligibility requirements. Half of these awards (11,250) are offered to those applicants who did not receive an entitlement award and meet the March 2nd deadline. The remaining 11,250 awards are offered to students who are enrolled at a California Community College and meet the September 2nd deadline.

#### EXISTING AWARDS

The existing Cal Grant A and B programs are being phased out. Funding is provided for renewal of awards made prior to the 2001-02 fiscal year.

- The Cal Grant A and B provide tuition and fee funding for financially and academically eligible students attending a California college or university of their choice. Recipients at private institutions will continue to receive their maximum grant awards from \$5,250 to \$9,708 depending on when they received their first award. Cal Grant B recipients also receive up to \$1,551 for books and living expenses.

#### OTHER AWARDS

- The Cal Grant C provides funding for financially eligible students preparing for vocational or occupational careers. The authorized number of new awards is 7,761; the authorized maximum tuition and fee award is \$2,592 and the authorized award for training-related costs is \$576 for new and renewal grant recipients. The maximum household income level is \$22,320 to \$70,290 depending on family size.
- The Cal Grant T funding is available only for renewal students pursuing a teaching credential. Recipients must teach for one year at a low-performing school for each \$2,000 incentive received for a maximum period of four years.
- The California Student Opportunity and Access Program (Cal-SOAP), through intersegmental consortia, provides financial aid outreach and tutoring services to disadvantaged K-12 students, to increase their access to postsecondary education. Cal-SOAP also assists community college students to matriculate at a four-year institution. There are 16 Cal-SOAP consortia operating in 17 locations.
- The Assumption Program of Loans for Education (APLE) allows the State to issue agreements for loan assumptions annually to students, district interns, and out-of-state teachers pursuing careers in teaching. Through APLE, a participant who teaches a total of four years can receive up to \$11,000 toward outstanding student loans. Participants teaching in priority areas will receive an additional \$1,000 a year, and if participants teach in a low-performing school they will receive an additional bonus of \$1,000 per year for a maximum of \$19,000.
- The Law Enforcement Personnel Dependents (LEPD) Scholarship Program provides college grants to dependents of: California law enforcement officers, officers and employees of the Department of Corrections and Department of Youth Authority, and firefighters killed or permanently disabled in the line of duty.
- The Graduate Assumption Program of Loans for Education (Graduate APLE) allows the State to issue loan assumption agreements to Californians pursuing graduate degrees at postsecondary institutions. A recipient who teaches for three years at a regionally accredited California college or university can receive up to \$6,000 toward outstanding student loans. Since 2003-04 no new warrants have been issued; only renewals will continue to be funded.
- The National Guard Assumption Program of Loans for Education (Chapter 345, Statutes of 2003) is established for qualifying members of the National Guard, the State Military Reserve, or the Naval Militia who seek, or who have completed, baccalaureate degrees at institutions of higher education within the State of California. Participants who provide additional service for four years can receive up to \$11,000 for student loans.
- The Robert C. Byrd Honors Scholarship Program provides a \$1,500 scholarship to exceptionally able students who show promise of continued academic excellence. Scholarships may be renewed for up to four years.

\* Dollars in thousands, except in Salary Range.

## 7980 California Student Aid Commission - Continued

- The Child Development Teacher and Supervisor Grant Program (Chapter 721, Statutes of 1997) replaced the loan assumption program for participants who intend to teach or supervise in the field of child care and development in a licensed children's center.
- The California Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth who are enrolled in college or vocational school at least half time. The grant can be renewed if funding is available.

### 50 CALIFORNIA LOAN PROGRAM

The Commission administers the Federal Family Education Loan Program (FFELP) for students on behalf of the United States Department of Education (USDE) pursuant to the Higher Education Act of 1965, as amended. Chapter 961, Statutes of 1996, authorized the Commission to establish an auxiliary organization, EdFund, as a nonprofit public benefit corporation to provide operational and administrative services for the Commission's participation in FFELP, effective January 1, 1997. The Federal Student Loan Reserve Fund and Student Loan Operating Fund are continuously appropriated for this purpose.

The FFELP consists of Federal Subsidized Stafford loans, Federal Unsubsidized Stafford loans, Federal Parent Loans for Undergraduate Students, and the Federal Loan Consolidation Program. Loans are made available to students through private lenders such as banks or credit unions, and the Commission guarantees the loan. If a student or parent defaults, the lender files a claim with the Commission, which pays the lender a portion of the outstanding balance. The USDE reimburses the Commission for the default claims. The cost of default claims, collection expenses and administration of FFELP are funded by: USDE, loan insurance premiums paid by students, collections and fees from defaulted borrowers, and interest on investments.
