

Education

Education programs provide academic services segmented by elementary, secondary, undergraduate and graduate programs as well as credentialing services to ensure schools are staffed with effective instructors. Elementary and secondary instruction is provided to all of California's children to prepare them for higher education or entry into the workforce. Institutions of higher education provide further access to the skills necessary for career goals and participation in a globally competitive workforce, as well as conducting research and providing public services.

6110 Department of Education

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6.3 million students. Administrative branches of the Department include the Executive Branch; the Finance, Technology, and Administration Branch; the Curriculum and Instruction Branch; the School and District Operations Branch; the Assessment and Accountability Branch; the Government Affairs Branch; and the Policy Development and External Affairs Branch.

The functions of state staff include:

- Allocation of funds to local education agencies.
- Curriculum and management leadership.
- Assessment and program review.
- Focused school improvement intervention.
- Regulatory and compliance action.
- Child development agency assistance.
- Nutrition services and distribution of United States Department of Agriculture (USDA) surplus donated food.

The primary duties of the Superintendent and the Department are to provide technical assistance to local school districts and to work with the educational community to improve academic performance. Major goals of the Department include: (a) holding local agencies accountable for student achievement in all programs and for all groups of students, (b) building local capacity to enable all students to achieve to state standards, (c) expanding and improving a system of recruiting, developing, and supporting teachers that instills excellence in every classroom, preschool through adult, (d) providing statewide leadership that promotes effective use of technology to improve teaching and learning, (e) increasing efficiency and effectiveness in administration of K-12 education, including student record keeping and good financial management practices, (f) providing broader and more effective communication among the home, school, district, county, and state, (g) establishing and fostering systems of school, home, and community resources that provide the physical, emotional, and intellectual support to help students succeed, (h) advocating for additional resources and additional flexibility, (i) providing statewide leadership that promotes good business practices so that California schools can target their resources to serve students, and (j) improving the effectiveness and efficiency of the Department.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Education's Capital Outlay Program, see "Infrastructure Overview."

LEGAL CITATIONS AND AUTHORITY**DEPARTMENT AUTHORITY**

Education Code, Section 33300

PROGRAM AUTHORITY

California Education Code, and select federal laws including, but not limited to, the No Child Left Behind Act, Elementary and Secondary Education Act, Carl D. Perkins Vocational and Applied Technology Education Act, and Workforce Investment Act.

MAJOR PROGRAM CHANGES

- The budget includes proposals to reduce the 2008-09 Proposition 98 Guarantee that do not directly reduce program spending in the current year. These include the deferral of \$2.6 billion of school district revenue limit and K-3 Class Size Reduction program payments from April of the 2008-09 fiscal year to July of the 2009-10 fiscal year, the use of \$1.1 billion in settle-up monies, owed in satisfaction of prior year Proposition 98 minimum guarantees which were underappropriated, for school district revenue limit costs, and the use of \$618.7 million of Public Transportation Account and Mass Transportation Fund resources for the Home-to-School Transportation program.
- The budget also includes elimination of the \$247.1 million cost of living adjustment included in the Budget Act of 2008 and a further decrease of \$1.6 billion to school district and county office of education revenue limits to bring Proposition 98 funding to the minimum guarantee for 2008-09. These proposals are accompanied by a comprehensive package of flexibility proposals, such as authorizing local educational agencies to transfer any categorical allocations received to their general fund for any purpose, intended to help schools minimize impacts to essential classroom instruction.
- The budget includes proposals to reduce Proposition 98 funding to the 2009-10 minimum guarantee. These include decreases of \$1.5 billion to school district and county office of education revenue limits, \$1.1 billion commensurate with allowing school districts to reduce the school year by five days, \$398.5 million to reflect the use of Public Transportation Account and Mass Transportation Fund resources for the Home-to-School Transportation program and \$114.2 million to eliminate the High Priority Schools Grant Program. The Administration also proposes to continue the comprehensive flexibilities described for 2008-09 above.
- The child care budget includes a decrease of \$38.7 million General Fund in 2009-10 to reflect a reduction in the reimbursement rate limits in voucher-based programs from the 85th percentile of the market to the 75th percentile, based on the 2007 regional market rate survey, effective July 1, 2009.
- The child care budget includes a decrease of \$14.4 million General Fund in 2009-10 to reflect a revised family fee schedule that increases the amount of fees paid as income increases. The revised fee schedule retains a flat fee per family, begins at income levels where families currently begin paying fees, increases fees by \$2 per day at the low end, and increases fees thereafter on a sliding scale up to 10 percent of income at a lower point in the income eligibility spectrum when compared to the current schedule.
- The budget includes an increase of \$891.6 million General Fund in 2009-10 to replace the allocation of State Lottery revenues to school districts and county offices of education with Proposition 98 General Fund pursuant to Chapter 764, Statutes of 2008 (AB 1654).
- The budget includes an increase of \$65 million General Fund in 2009-10 to fund Special Education Behavior Intervention Plans.
- The budget includes a net increase of \$13.4 million General Fund in 2009-10 for mandated costs related to interdistrict and intradistrict transfers and the California High School Exit Exam. As a result of a lawsuit that requires all education mandates be paid or suspended, the Administration proposes to suspend all education mandates with the exception of these mandates, which will be fully funded.

* Dollars in thousands

6110 Department of Education - Continued

- The budget includes a \$10.7 million increase from federal Title VI funds in 2009-10 for the next phase of the California Longitudinal Pupil Achievement Data System (CALPADS) implementation and development that will establish a longitudinal student level database.
- The budget includes a \$2.2 million General Fund increase in 2009-10 for the purpose of funding the next phase of the California Longitudinal Teacher Integrated Data Education System (CALTIDES), the new teacher information database.
- The budget includes a \$8.9 million General Fund increase in 2009-10 to continue to offset the General Fund reduction to the State Special Schools. In the current year, the offset was made possible by the use of one-time federal funds.
- The budget includes a \$4 million federal funds increase in 2009-10 for the Fresh Fruit and Vegetable Program, which provides an additional free fresh fruit or vegetable snack to students during the school day.
- The budget includes a \$1 million increase in reimbursement authority from the Community College Chancellor's Office, for a total of \$4 million in 2009-10, for the second year of the \$12 million Green Partnership Academies program. The program provides three-year start-up funding for dozens of new academies throughout the state focused on clean energy and other technologies that improve the environment utilizing the statutory academy funding model.

Revenue Limit Apportionments

	<u>2007-08</u>	<u>2008-09</u>	<u>2009-10</u>
District Revenue Limit ¹	\$35,078,327	\$31,535,801	\$32,321,643
Less Local Revenue ²	<u>11,803,686</u>	<u>12,830,478</u>	<u>12,558,473</u>
Total District Revenue Limit State Share ³	\$23,274,641	\$18,705,323 ⁴	\$19,763,170
County Office of Education Revenue Limit	660,289	633,074	622,035
Less Local Revenue	<u>385,714</u>	<u>401,193</u>	<u>404,509</u>
Total County Office Revenue Limit State Share	<u>\$274,575</u>	<u>\$231,881</u>	<u>\$217,526</u>
TOTAL K-12 REVENUE LIMIT--STATE SHARE	\$23,549,216	\$18,937,204	\$19,980,696

¹ K-12 District Revenue Limit includes funding for general purposes, meals for needy pupils, and necessary small schools.

² Local Revenue is composed of local property tax collections, state subventions for homeowners' exemptions, timber tax collections, miscellaneous income, and federal oil and mineral revenues. Local revenue excludes the share of property taxes allocated to county special education programs.

³ K-12 District Revenue Limit does not include revenues from the State Lottery.

⁴ 2008-09 State Share of Revenue Limit includes more than \$1.1 billion Proposition 98 "Settle Up" funds.

Totals, Categorical Programs		\$14,746,279	\$13,827,863	\$15,664,683

(a) Includes 2007-08 reductions adopted by AB 4XXX (Ch. 2XXX/08)

(b) SB 20 (Ch. 215/07) provided \$18 Million for the Charter School Facility Grant Program in 2007-08.

(c) Up to \$1 million of funds appropriated for the Principal Training Program can be used for this program.

(d) Includes \$115.5 million reappropriated from the Proposition 98 Reversion account. See Item 6110-485 (12) of the 2007 Budget Act.

(e) Includes Funding for Student Vocational Organizations.

(f) 2008-09 includes \$420.3 million from the Mass Transportation Fund and \$198.4 million from the Public Transportation Account.

(g) Fund sources for this program are Proposition 98 General Fund, E-Rate and California Teleconnect Funds, and unexpended cash reserves.

For individual programs, deferred funding is reflected in the year earned for services provided rather in the year of appropriation. In contrast, funding totals include an adjustment for deferrals to reflect the total amount appropriated in the fiscal year. Also, the figures shown in some instances include one-time appropriations of Proposition 98 Reversion Account funds.

6110 Department of Education - Continued

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - INSTRUCTION

This program provides direct educational services to children and adults in the state's public elementary and secondary school system. The following elements are included in this program:

10.10 - School Apportionments:

Supplements local resources to fund general education programs.

10.25 - Class Size Reduction and Language Arts Enrichment:

Provides incentive funding for school districts to implement class size reduction programs in kindergarten and grades 1-3 and 9.

10.30 - Other Compensatory Programs:

Includes Migrant Education, California Indian Education Centers, Education for Homeless Children, Federal Title I, and Economic Impact Aid.

10.40 - Special Programs for English Learners:

Addresses the needs of English learners through direct local assistance to school districts.

10.50 - Adult Education:

Provides citizenship training and education to improve literacy skills, employability, and parenting abilities to adults served by public high school and unified districts. Adult education programs also meet the special needs of the disabled, older persons, and non-limited-English speaking adults.

10.60 - Special Education Programs for Exceptional Children:

Provides special education services. Under state law and the federal Individuals with Disabilities Education Act (20 USC 1400 et seq.), individuals with exceptional needs are entitled to a free, appropriate public education. Students requiring special education are served either by local educational agencies using state, federal, and local property tax funds or by the State Special Schools operated by the Department of Education. The Special Schools (three centers for diagnostic services, two residential schools for the deaf and one residential school for the blind) provide highly specialized services including educational assessments and individual educational recommendations and a comprehensive residential and nonresidential educational program composed of academic, nonacademic and extracurricular activities.

10.70 - Vocational Education:

Offers a sequence of courses that provide the academic knowledge and skills needed to prepare for further education and careers in current or emerging employment sectors. Programs include School-to-Career, Partnership Academies, Agricultural Education, and Carl D. Perkins Vocational and Applied Technology Education.

10.80 - Special Instructional Programs:

Includes Gifted and Talented Education, and university and college opportunity programs.

20 - INSTRUCTIONAL SUPPORT

Instructional Support provides resources to complement the Instruction Program. The following elements are included in this program:

20.10 - Curriculum Services:

Provides materials and resources for curriculum planning and development in language arts, mathematics, science, history-social science, foreign language, visual and performing arts, health, nutrition, safety, physical education, and environmental/energy education. Provides funding for the use of educational technology in schools, Safe and Drug Free Schools, and Rural and Low Income Schools Grants.

20.20 - Instructional Materials Management and Distribution:

Assists in the development of curriculum frameworks and evaluation and distribution of instructional materials, including electronic resources. This element includes the Clearinghouse for Specialized Media and Technology.

20.30 - Administrative Services to Local Educational Agencies:

Provides leadership, guidance, and technical expertise to schools to manage and improve operations, more efficiently use scarce resources, and publish specified documents.

20.40 - Supplementary Program Services:

Identifies, develops, and disseminates innovative and exemplary programs and practices to schools and aids in the development of alternative educational options. Examples include Independent Study, Library Services, Foster Youth Services, Alternative Educational Programs/Opportunity School Incentives, and Specialized Secondary Programs.

20.60 - Improving School Effectiveness:

Improves educational quality through: School Safety, Community Day Schools, Charter Schools, Administrator Training, Family-School Partnerships, Teacher Credentialing Block Grant, Bilingual Teacher Training, Readers for Blind Teachers, Teaching Improvement, High Priority Schools Grant Program, Learn and Serve America Program, Alternative Schools Accountability, Title V Innovative Programs, Title I Reading First, Title II Math and Science Partnership Grants, and Teacher and Principal Training.

6110 Department of Education - Continued

20.70 - Assessments:

Includes the Standardized Testing and Reporting (STAR) Program, which provides funding to districts for assessments in grades 2 through 11, the High School Exit Exam, the English Language Development Test, and Advanced Placement Test Fee Waivers.

30 - SPECIAL PROGRAMS

30.10 - Child Development:

Provides a full range of child care and development services, including part- and full-time child care and development and supportive services to children from low-income families and families with special needs. Several different programs exist to target resources to specific populations or to address specific needs. The State Preschool Program provides a wide range of educational services in part-day settings for pre-kindergarten (three-four year old) children from low-income families and parent education for the parents of eligible children. The After School Education and Safety program provides students in grades K-9 with academic support, homework assistance, and enrichment programs, in a safe after-school environment. Child care services for families participating in the California Work Opportunity and Responsibility to Kids (CalWORKs) program help public assistance recipients achieve and maintain self-sufficiency. The Department of Education administers child care for CalWORKs Stages 2 and 3.

30.20 - Child Nutrition:

Assists participating public and private schools, county offices of education, public and private residential child care institutions, camps, family day care homes, and non-residential adult day care centers in serving nutritious meals by providing educational and technical assistance, and federal and state subsidies. Subsidies are received from the United States Department of Agriculture (USDA) to fund the National School Lunch Program, School Breakfast Program, Special Milk Program, Child Care Food Program, Adult Day Care Food Program, Summer Food Service Program, After School Meals Program, and the Nutrition Education and Training Program. Subsidies also are provided by the state through the state-mandated Child Nutrition Programs, the School Breakfast start-up grants program, and the Meal Supplement for Pregnant and Lactating Students Program.

30.50 - Food Distribution:

Makes surplus USDA donated food available to certain California public, private, and nonprofit agencies. The Department of Education is designated as the California State Agency for USDA surplus food distribution.

40 - EXECUTIVE MANAGEMENT AND SPECIAL SERVICES

Executive Management and Special Services consists of the offices of the Superintendent of Public Instruction, Deputy Superintendents, Communications, and Government Affairs.

42 - DEPARTMENT MANAGEMENT AND ADMINISTRATIVE SERVICES

Department Management and Administrative Services consists of Accounting, Budgeting, Contracting, Personnel, and Technology Services. The effective provision of these services ensures the delivery of timely, reliable, and accountable educational services to students in California.

50 - STATE BOARD OF EDUCATION

The State Board of Education sets K-12 education policy in the areas of standards, instructional materials, assessment, and accountability.

98 - STATE-MANDATED LOCAL PROGRAMS

This program provides funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated education programs.

INFRASTRUCTURE OVERVIEW

The State Special Schools Division has six facilities under its jurisdiction: three residential schools and three diagnostic centers. The residential schools, which serve students ranging in age from three to 22, include Schools for the Deaf in Riverside and Fremont, and a School for the Blind in Fremont. The California Schools for the Deaf provide comprehensive educational programs composed of academic, extracurricular, and residential activities for students. The California School for the Blind is a statewide residential campus that provides intensive, disability-specific educational services for pupils who are blind, visually impaired or deaf-blind. The diagnostic centers are regionally located in Fresno, Fremont, and Los Angeles, and address the unique educational needs of California's most difficult to serve special education students. The diagnostic centers provide comprehensive assessment services for students with complex learning and behavioral problems in addition to providing Local Education Agencies staff with professional development and training opportunities. These facilities comprise a total of 960,000 gross square feet on 176 acres.

MAJOR PROJECT CHANGES

* Dollars in thousands

6110 Department of Education - Continued

- The Governor's Budget proposes \$27.9 million lease-revenue bonds for the construction and renovation of the athletic facilities at the California School for the Deaf, Riverside, and California School for the Deaf, Fremont.

6120 California State Library

The California State Library preserves California's past and shapes California's future. For over 150 years, the State Library has preserved California's past - our collective cultural heritage - by collecting historic materials on California and the West. This includes books, posters, maps, photographs, government documents, and artwork.

The State Library shapes California's future in a variety of ways: by providing information and conducting research that helps policymakers craft sound approaches to our public issues; by strengthening the state's over 1,100 public libraries; and by providing the visually disabled with informational and literary resources that meet their needs.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the State Library's Capital Outlay Program, see "Infrastructure Overview."

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STATE LIBRARY SERVICES

The State Library Services (SLS) program serves as the central reference and research library for the Governor, the State Legislature and state government officials and staff. The SLS also provides library services to the public by making available collections and services in its branch libraries and special collections. In order to perform its functions, the SLS gathers, catalogs, preserves and protects information and materials so they may be easily used.

The interlibrary loan service supplements the collections of California libraries. Reference and informational questions are also answered for local libraries. The SLS collects and makes accessible a vast array of current and historical federal, state, and local publications. The SLS also coordinates the distribution of state and federal publications to libraries so residents using local libraries have convenient access to official government publications.

Through the Braille and Talking Book Library, which is a regional library designated by the Library of Congress National Library Service for the Blind and Physically Handicapped, Braille and recorded books (records and cassettes) and special playback equipment are provided to blind and physically disabled residents of Northern California who are unable to use standard print materials. This collection is being transitioned from analog to digital materials and equipment. Funds are provided for the Braille Institute in Los Angeles to operate the Southern California Regional Library.

To support the Bernard E. Witkin State Law Library, Government Code Section 68926.3 provides an estimated \$425,000 annually from appellate court filing fees to partially support its collections, which contain primary and secondary sources in American law; Federal and state appellate court opinions, session laws, codes/statutes; federal agency decisions, and attorney general opinions of the U.S. and its fifty four jurisdictions.

The California Research Bureau (CRB) provides nonpartisan analytical research and specialized library services on major state issues for both houses of the Legislature, the Governor's Office and other constitutional officers. It maintains a growing publications program on state policy matters, including CRB Briefs that provide current summaries of state issues, as well as more in-depth research works.

20 - LIBRARY DEVELOPMENT SERVICES

The Library Development Services program provides state and federal financial assistance to libraries and provides technical consulting assistance to help local libraries extend and improve services to all residents. The primary components of the program are: (a) the California Library Services Act, (b) the California State Library Literacy and English Acquisition Services Program, (c) the Public Library Foundation Program, (d) the Library Services and Technology Act Program, and (e) the California Civil Liberties Public Education Program.

The California Library Services Act promotes resource sharing and reimburses public libraries for loans to people living outside their jurisdiction.

The California Library Literacy and English Acquisition Services Program (California Library Literacy Services) provide community-centered literacy assistance to English-speaking adults who have missed the opportunity to learn to read English in traditional learning settings.

The Public Library Foundation Act is a funding formula under which the state contributes funding for basic local library services under specified conditions.

The federal Library Services and Technology Act provides grants to libraries of all types on a competitive basis for (a) developing new and innovative library services, (b) providing technology assistance, (c) library networking and resource sharing, and (d) providing library services to underserved populations.

* Dollars in thousands

6120 California State Library - Continued

The California Civil Liberties Public Education Program provides grants to libraries, non-profit organizations and others to support educational efforts that demonstrate the experience of the Japanese Internment.

The California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act was enacted as Proposition 14 in the Spring of 2000 to provide \$350 million in bond funds for the construction and renovation of public libraries.

30 - INFORMATION TECHNOLOGY SERVICES

The Information Technology Services program supports library technology operations and infrastructure, including the integrated bibliographic library system, network infrastructure, data communications, microcomputer systems and applications, electronic mail, web-related interfaces and services, access to the Internet, specialized applications of technology, and related support services.

INFRASTRUCTURE OVERVIEW

The California State Library operates two facilities in Sacramento and one in San Francisco. In Sacramento, the facilities are the Stanley Mosk Library and Courts Building, and the Library and Courts Building II that total 267,722 gross square feet. In San Francisco, a temporary 21,231 square foot facility is being used to house the Sutro Library collection, until a joint use library with the California State University, San Francisco, is constructed.

6125 Education Audit Appeals Panel

The Education Audit Appeals Panel adopts the annual guide for audits of K-12 education entities and independently resolves disputes arising from those audits. These activities set clear standards for compliance with education funding requirements, and allow both the state and local schools to avoid lengthy and expensive litigation over disputed funding.

6300 State Contributions to the State Teachers' Retirement System

The state General Fund makes annual payments to the California State Teachers' Retirement System (CalSTRS) in order to reduce the retirement contribution burden on members and school districts.

Effective July 1, 2003, the annual General Fund contribution to the CalSTRS Defined Benefit Program is based on 2.017 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. Current

* Dollars in thousands

6300 State Contributions to the State Teachers' Retirement System - Continued

law also provides for an additional state contribution when the State Teachers' Retirement Fund has a normal cost deficit or unfunded obligation for benefits in place on July 1, 1990. This contribution is 0.524 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. If the unfunded obligation continues, the 0.524 percent factor may be adjusted upwards annually in increments of no more than 0.25 percent and is capped at 1.505 percent of members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. No state contribution is required for this purpose in 2009-10. The state contributions are not appropriated through the annual Budget Act.

The Supplemental Benefit Maintenance Account (SBMA) was established in 1989 to maintain purchasing power of retired members. In 2001, the purchasing power threshold was increased from 75 percent to 80 percent of the value of the original benefit. In 2008, the purchasing power threshold was increased up to 85 percent, subject to the availability of funds. The General Fund provides a statutory transfer to the SBMA of an amount equal to 2.5 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year, less a specified amount. If, at anytime, the funds in the SBMA are insufficient to support 80 percent purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no CalSTRS unfunded obligation exists; (2) increase employer contributions; or (3) reduce the SBMA benefit payment. The state's basic contributions are not appropriated through the annual Budget Act. Any increase in employer contributions must be approved through the Budget Act.

6330 California Career Resource Network

The California Career Resource Network (CalCRN), formerly the California Occupational Information Coordinating Committee, provides youth and adults with the career development information and resources they need to enable them to reach their career goals. The primary duty of the CalCRN is to develop and distribute career information, resources, and training materials to middle school and high school counselors, educators, and administrators in order to ensure that students are provided the guidance and educational tools needed to help them achieve their career goals.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA CAREER RESOURCE NETWORK

Empirical research shows that effective career self-management programs and services result in significant educational, social, and economic benefits. Providing these programs and services is the central objective of the California Career Resource Network. Major focuses of this organization include the following:

Educational Outcomes

- Improved educational achievement
- Improved preparation and participation in postsecondary education
- Better articulation among levels of education and between education and work
- Shorter time to graduation
- Higher graduation and retention rates

* Dollars in thousands

6330 California Career Resource Network - Continued

Social Benefits

- Benefits to family, peers, and community
- Higher levels of worker satisfaction and career retention
- Shorter path to primary labor market for young workers
- Lower incidence of work-related stress and depression
- Reduced likelihood of work-related or school violence

Economic Consequences

- Higher incomes and increased tax revenues
- Lower rates and shorter periods of unemployment
- Lower costs of worker turnover
- Lower healthcare costs
- Lower incarceration and criminal justice costs
- Increased worker productivity

6350 School Facilities Aid Program

The School Facilities Aid Program provides financing to school districts for K-12 school facility-related activities such as school construction, deferred maintenance, and emergency repairs.

The Leroy F. Greene School Facilities Act of 1998, Chapter 407, Statutes of 1998 (SB 50), created the School Facility Program (SFP) to streamline school construction funding. The SFP provides grants from State General Obligation Bonds to school districts for new construction and modernization projects. Proposition 1D, approved in November 2006, provides \$500 million for the Career Technical Education Facilities Program, to create and equip facilities so that students can acquire high-demand skills necessary for the technical careers of today and tomorrow; and the High Performance Incentive Grant Program which promotes the use of high performance attributes in new construction and modernization projects. High performance attributes include using designs and materials that promote energy and water efficiency, maximize the use of natural lights, improve indoor air quality, and utilize recycled materials. The SFP also contains provisions for Charter Schools, Overcrowding Relief, Critically Overcrowded Schools, Joint-Use, and Seismic Mitigation.

The State School Deferred Maintenance Program, established by Chapter 282, Statutes of 1979 (AB 8), provides state matching funds, on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of school building components, such as roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. The program also provides funds for critical hardship projects where the work must be completed within one year.

As a part of the Williams vs. State of California settlement, Chapter 899, Statutes of 2004 (SB 6) established the Emergency Repair Program (ERP). In order to help meet emergency repair costs, the School Facilities Emergency Repair Account is funded from the Proposition 98 Reversion Account at a minimum of \$100 million per year until a total of \$800 million has been disbursed for the purpose of addressing emergency facilities needs at school sites in deciles 1 through 3 based on the 2006 Academic Performance Index. As a continuation of the provisions of the settlement, Chapter 704, Statutes of 2006 (AB 607) adopts and encourages participation in the ERP by providing grant funding as well as funding to reimburse applicants for emergency repairs, and provides for a permanent state standard of good repair.

MAJOR PROGRAM CHANGES

- The 2009-10 Governor's Budget projects major changes in proposed expenditures for all three major current bond funds. For 2008-09, the Governor's Budget projects an increase of more than \$1.3 billion in expenditures from the 2002 State School Facilities Fund and \$830.3 million from the 2004 State School Facilities Fund, which will fully exhaust both of those bond funds. Additionally, the Governor's Budget projects substantially reduced expenditures from the 2006 State School Facilities Fund of more than \$2.6 billion for both 2008-09 and 2009-10, due in part to the projected increases in expenditures from the 2002 and 2004 bond funds. Collectively, all three bonds will provide more than \$3.9 billion in funding for 2008-09 and \$518 million for 2009-10.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STANDARDS FOR THE PREPARATION AND LICENSING OF TEACHERS

10.10 - Certification, Assignment and Waivers:

The Certification, Assignment and Waivers Division is responsible for evaluating and processing over 250,000 applications annually for credentials, permits, certificates, and waivers for authorization to serve in California's public schools. The Division serves as the Commission's primary point of contact, providing information to credential applicants and holders and credential personnel at the college, university, county, and school district levels regarding specific requirements for the licenses issued. It is also responsible for monitoring certificated assignments in collaboration with county and district offices of education.

10.20 - Professional Services:

The Professional Services Division is responsible for the development of licensure standards for all credential areas for which the Commission issues credentials; the accreditation of colleges, universities, and local educational agencies that

* Dollars in thousands

6360 Commission on Teacher Credentialing - Continued

offer educator preparation; the development and implementation of licensing examinations as required in the Education Code; and the administration of state-funded programs including the Paraprofessional Teacher Training Program, the Alternative Certification/Intern Program, and in conjunction with the Department of Education, the Beginning Teacher Support and Assessment Program. Related activities include data collection, reporting, and policy research.

10.30 - Professional Practices:

The Division of Professional Practices is responsible for the discipline of credential applicants and holders and the legal activities of the Commission. The Division supports the Committee of Credentials, a statutory body that is responsible for conducting investigations of charges of misconduct against a credential holder or applicant upon initial application for a credential, when a credential is renewed, or when there are allegations against a credential holder relating to criminal activity, unprofessional conduct, or misconduct that would impact the status of a license. The Division's legal staff provides legal counsel and advice to the Commission, the Committee of Credentials, and other divisions within the Commission.

6420 California Postsecondary Education Commission

The California Postsecondary Education Commission is responsible for the planning and coordination of education beyond high school. The Commission provides policy analyses, advice and recommendations to the Legislature and the Governor on statewide policy and funding priorities for colleges, universities, and other postsecondary education institutions. The Commission has 16 members: one member each from the governing boards of the University of California, the California State University, and the California Community Colleges; one representative of the independent colleges and universities, appointed by the Governor; one representative from the State Board of Education; two student representatives, appointed by the Governor; and nine representatives of the general public, three each appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee. The Commission selects its chairperson from among the public members.

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code Sections 66010.6, 66900-6, and 67002.

MAJOR PROGRAM CHANGES

- The Budget proposes a reorganization that would consolidate the functions of the California Postsecondary Education Commission (CPEC) and the California Student Aid Commission (CSAC) and decentralize the administration of financial aid, including CalGrants, to the higher education segments. The Budget anticipates a partial-year savings of \$2 million assuming mid-year implementation of this proposal, which is scored under a separate organization code. A new control section is proposed that would authorize the Director of Finance to shift funding from the existing appropriations for CPEC and CSAC consistent with this reorganization.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - The Commission has organized its staff into three broad units to carry out its responsibilities: Executive, Policy and Federal Programs, and Information Systems.

EXECUTIVE

Under general policies established by the Commission, the Executive Unit provides leadership to staff in the long-range planning and coordinating efforts of the Commission, and advises the Governor, the Legislature, and other state agencies concerning policies and funding priorities for postsecondary education. The Executive Director works closely with the voluntarily-created Education Roundtable and a Statutory Advisory Committee established pursuant to Section 66901 of the Education Code. The governmental relations activities of the Executive area are the primary means by which the Commission establishes and maintains liaison with the Legislature, the Legislative Analyst's Office, the Governor's Office, and the Department of Finance. Major activities include reviewing, monitoring, and providing summaries of all legislation and budget proposals related to postsecondary education in California, as well as providing direct testimony to appropriate legislative committees. The Executive Office also manages the Commission's accounting, contracting, and personnel functions.

POLICY AND FEDERAL PROGRAMS

The Policy and Federal Programs Unit is responsible for policy analyses and evaluation activities. It also is responsible for program and facilities review, fiscal and policy analysis, and for carrying out many of the Commission's specific charges delineated in Sections 66903 and 66904 of the Education Code. This unit also has primary responsibility for preparing responses to legislative or gubernatorial requests for information on postsecondary education pursuant to Section 66902 of the Education Code. The Federal Programs component of the unit is responsible for the administration of the federally-funded Improving Teacher Quality Grant Program. The unit is also responsible for the Commission's business services function and the oversight of its agenda production.

INFORMATION SYSTEMS AND ADMINISTRATIVE SERVICES

The Information Systems and Administrative Services Unit is responsible for the collection of data and maintenance of a comprehensive data system on postsecondary education. The unit provides general support services to the public and to Commission staff. This unit coordinates the annual collection of data for the Integrated Postsecondary Education Data System survey by the National Center for Educational Statistics and maintains historical data on the enrollment characteristics and degrees awarded to students in all public, and many independent, colleges and universities. The Commission's database provides the foundation for its policy analyses, annual publication of data abstracts on various postsecondary education outcomes, and research by members of the education and public policy communities.

6440 University of California

The University of California was founded in 1868 as a public, state-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust, to be administered by an independent governing board - the Regents of the University of California. The Board of Regents includes 28 members: seven ex officio, 20 appointed by the Governor with the approval of the Senate for staggered terms, and one student appointed by the Board.

The 1960 Master Plan for Higher Education designates the University of California as the primary state-supported academic agency for research, with exclusive jurisdiction in public higher education over instruction in law, medicine, dentistry, and veterinary medicine. Sole authority is also vested in the University to award doctoral degrees in all fields, with the exception of the doctorate in Education that may be awarded by the California State University. Joint doctoral degrees may also be awarded with the California State University. The University is headed by a President who is responsible for overall policy development, planning, and resource allocations. Chancellors are responsible for the management of individual campuses. The Regents have delegated authority to the Academic Senate to determine conditions for admission, degree requirements, and approval of courses and curricula. Special faculty committees serve in an advisory capacity to the Regents, the President, and the Chancellors in a variety of matters.

There are ten campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Nine general campuses offer undergraduate, graduate, and professional education, with the San Francisco campus devoted exclusively to the health sciences. The University operates five teaching hospitals in Los Angeles, San Francisco, Sacramento, San Diego, and Orange counties. Approximately 150 University institutes, centers, bureaus, and research laboratories operate in all parts of the state. The University also provides oversight of one Department of Energy Laboratory and is in partnerships with private industry to manage two additional Department of Energy Laboratories.

The University of California conducts higher education programs in four major areas:

- Instruction of qualified individuals through offering lower division, upper division, graduate, professional, and postdoctoral degree programs on each of its general campuses.
- Research directed toward advancing the understanding of arts and sciences and the interpretation of human history.
- Education for professional careers.
- Public service contributing to the fulfillment of the University's obligation to disseminate knowledge.

Because department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the University of California's Capital Outlay Program see "Infrastructure Overview."

Budgeted programs expenditures total: 07-08=\$13,732,673,000; 08-09=\$14,348,110,000; 09-10=\$15,057,148,000.
 Extramural programs expenditures total: 07-08=\$4,467,449,000 and Department of Energy Laboratories (LLNL and LBNL) total \$1,007,836,000 for a combined total of \$5,475,285,000; 08-09=\$4,554,030,000 and Department of Energy Laboratory (LBNL) total \$625,300,000 for a combined total of \$5,179,330,000; 09-10=\$4,562,824,000 and Department of Energy Laboratory (LBNL) total \$625,300,000 for a combined total of \$5,188,124,000.

Restricted funds include the following: 0007, 0046, 0234, 0308, 0321, 0814, 0890, 0895, 0945, 0992 (07-08=\$1,593,143,000; 08-09=\$1,734,660,000; 09-10=\$1,903,105,000), 0993, 0995, 3054, 6048, 8054, 8056.

This summary includes expenditures, but not personnel years for auxiliary organizations or extramural programs.

MAJOR PROGRAM CHANGES

- The Budget reflects continuation of the proposed Special Session unallocated reduction of \$65.5 million to the University of California (UC) General Fund support budget.

* Dollars in thousands

6440 University of California - Continued

- The Budget avoids new costs by eliminating the 5 percent increase for basic budget and core instructional support and the increase for 2.5 percent enrollment growth under the Higher Education Compact as part of the proposed solutions to address the fiscal crisis.
- The Budget reflects an increase in fee revenue of \$166.1 million associated with an increase of 9.3 percent in mandatory systemwide fees, and fee increases ranging from 5 percent to 24 percent for specified professional school programs.
- Finally, the Budget provides \$1.1 million to UC to fund 50 new undergraduate nursing and 42 new master's level nursing enrollments at full cost. In addition, UC will receive an increase of \$1.5 million to enroll an additional 57 medical students at full cost in its Programs in Medical Education (PRIME).

¹ As of December 2008, UC Regents have taken no action to approve increases in any fee levels for 2009-10. Fee levels shown for 2009-10 assume a 10% increase in the Educational Fee, a 4.2% increase in the Registration Fee, and professional school fee increases ranging from 5% to 24% depending on the program. Because these fee levels have not been approved, they are not final. The Regents will consider fee increases at a meeting during early 2009.

² In July 2005, the Regents approved a schedule of temporary increases in mandatory systemwide fees to cover income losses associated with a student fee lawsuit. A temporary fee of \$700 for professional school students only was implemented in 2005-06 and increased to \$1,050 for 2006-07. For 2007-08, the temporary fee for professional school students was eliminated and replaced by a \$60 temporary surcharge for all UC students. Until all losses are covered, the temporary surcharge is included in Educational Fee charges.

³ Miscellaneous fees vary by campus. Average values shown here are calculated on a weighted basis using enrollments. Miscellaneous fees for graduate students include a waivable health insurance fee. Beginning Fall 2001, undergraduate students must show proof of health insurance or purchase a campus undergraduate health insurance plan; the average cost of health insurance in 2008-09 for undergraduates is not included in the miscellaneous fee levels for undergraduates shown above. Miscellaneous fees for 2009-10 have not yet been determined, thus miscellaneous fee levels for 2008-09 serve as placeholders for the 2009-10 fee levels.

⁴ Some degree programs charge different fee levels to reflect individual program needs. The range of fee levels is shown for those programs.

⁵ The Professional Fee level includes the \$376 additional Special Fee for Law and Medicine.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

05 - INSTRUCTION AND DEPARTMENTAL RESEARCH

General Campuses

Instruction includes most of the direct instructional resources associated with the schools and colleges located on the general campuses. Included are classroom and laboratory instruction, instructional technology, and joint scholarly research activities of students and faculty.

Health Sciences

The instructional program in the health sciences is carried on in 15 schools that provide education in various health fields to students preparing for careers in health care, teaching and research. The health science schools are located on six campuses and include five schools of medicine, two schools of dentistry, three schools of nursing, two schools of public health, two schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, four programs in medical education are conducted at Berkeley, Fresno, Riverside, and the Charles R. Drew University of Medicine and Science in Los Angeles. The physical, biological and behavioral science programs of the general campuses complement the programs of the health science schools.

Summer Sessions

Non-UC matriculated students may enroll in summer sessions as self-supported students; funding for these students remains in the Summer Session budget. In summer 2008, 9,500 non-UC students registered for UC summer sessions. Many of these students are regularly enrolled at the California State University, California Community Colleges, and other institutions. All general campuses currently offer state-supported summer instruction to UC-matriculated students, funding for which is included in the general campus instruction portion of the budget.

University Extension

University Extension is the largest institution of its kind, with an annual estimated enrollment of nearly 300,000 registrants participating in classes, short courses, seminars, field studies, and similar activities throughout California and in several foreign countries. It has open admissions, optional credit, and free student selection of curriculum. University Extension is self-supporting, and its offerings depend entirely on student fees. Almost 60 percent of Extension's offerings are designed to serve the continuing educational needs of professionals. Overall, more than 1,300 certificate programs are offered.

10 - RESEARCH

The University is designated by the 1960 Master Plan as the primary state-supported academic agency for research. Its research activities contribute to the social, economic, and technological progress of the state and the nation. Knowledge discovered in the University's research programs has yielded a multitude of benefits, ranging from technological applications that increase industrial and agricultural productivity to insights into social and personal behaviors that help improve the quality of human life. The research process also is essential to training scholars in the methodology of inquiry, particularly in graduate and professional programs.

15 - PUBLIC SERVICE

Public service includes a broad range of activities organized by the University to serve state and local communities, students, teachers and staff in K-12 schools and community colleges, and the public in general. Consistent with its mission as a land grant institution, the University's public service programs help improve the quality of life in California by focusing on major challenges, whether in business, education, health care, community development, or civic engagement, that impact the economic and social well-being of its citizens. One component of public service is the University's Student Academic Preparation and Educational Partnerships, which work collaboratively with schools and other partners to help educationally disadvantaged students meet rigorous standards of academic preparation needed to be successful in higher education and the world of work. Public service also includes Cooperative Extension, which is the University's largest public service program. Cooperative Extension provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, community resource development, and 4-H youth development. Campuses also conduct other public service programs, generally supported by user fees and other non-state fund sources such as arts and lecture programs, and student-initiated community service projects. The University's public service programs also include a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

20 - ACADEMIC SUPPORT

Libraries

The University libraries identify, acquire, organize and provide access to publications and scholarly materials in all formats. Access is provided for the University's students, faculty and staff, the faculty and students of other California colleges and universities, other California libraries, business and industry, and the general public. The University library system serves both instructional and research needs, and provides a critical archival function. The rapid expansion of knowledge requires extensive efforts to keep materials current and of a high quality. The accelerating impact of changes in information technology and the dynamic information needs of its faculty and students obligates the University to develop new digital library collections and services while also maintaining and enhancing its traditional collections.

Academic Support - Other

Academic Support - General Campus Programs: Other academic support on the general campuses is comprised of a number of partially self-supporting activities organized and operated in connection with educational departments, and conducted as a basic support for the departments' educational programs. Many diversified programs are included, such as a demonstration school that serves as an interdepartmental teaching laboratory for experimentation, research and teacher

6440 University of California - Continued

training.

Academic Support - Health Sciences Programs: The University operates dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco, a veterinary medicine teaching facility at Davis and one in the San Joaquin Valley (near Tulare), an optometry clinic at Berkeley and two occupational health centers. These facilities are extensions of the health sciences schools and provide both clinical experience and community health services.

Other activities supporting both general campus and health sciences programs include vivaria, which provide centralized facilities for ordering, receiving and care of all animals necessary for teaching and research in the biological sciences; support for arts by direct sponsorship of performances and exhibits; support of specialized physical science and engineering projects; and support for professional journals.

25 - TEACHING HOSPITALS

The University owns and operates five academic medical centers - Davis, Irvine, Los Angeles, San Diego, and San Francisco. Their primary mission is to support the clinical teaching programs of the five schools of medicine and the educational programs in the University's other health science schools. The academic medical centers also provide a full range of health care services to their community and are sites for the development and testing of new diagnostic and therapeutic techniques. The medical centers provide health care to thousands of patients who generally have more serious illnesses and fewer financial resources than patients at non-teaching hospitals. Based on their tripartite mission of teaching, research and public service, the University of California's academic medical centers are a major resource for California and the nation.

The state appropriates funds, called Clinical Teaching Support, for the University medical centers in recognition of the need to maintain a sufficiently large and diverse patient population for teaching purposes. The funds are primarily used to provide financial support for patients who are essential for the clinical teaching programs, but who are unable to pay the full cost of their care.

30 - STUDENT SERVICES

Student Services programs support activities whose primary purpose is to contribute to the students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instruction program. It includes expenditures for Student Services administrative activities that provide assistance and support for the needs of students.

35 - INSTITUTIONAL SUPPORT

This includes a wide variety of activities including police, accounting, payroll, personnel, administrative computing, material management, environmental health and safety, and publications. Institutional Support also includes the planning, policy making, and coordination activities that occur within the offices of the Chancellors, President, and the Regents.

40 - OPERATION AND MAINTENANCE OF PLANT

This function includes resources for the operation, maintenance, and renewal of the University's State and Educational Fee-supported physical plant. The physical plant includes site infrastructure and over 58 million gross square feet of buildings and related fixed equipment. Major component elements include purchased utilities, building and grounds maintenance, refuse, and janitorial services, with additional administrative and support services.

45 - STUDENT FINANCIAL AID

University of California students receive financial aid from University resources, the federal government, the state, and from private donors and outside agencies. The primary sources of University support are the state General Fund, student fee income, and support from the Regents. The federal government provides loans, work-study, veterans' benefits, and grants. In addition, graduate students receive traineeships and fellowships through various federal sources. The California Student Aid Commission provides scholarships, loans, and grants directly to students. Private donors and outside agencies also provide scholarships, loans and grants.

50 - AUXILIARY ENTERPRISES

Auxiliary Enterprises are those non-instructional services provided to individuals, primarily students, in return for specific user charges. These services include student housing, intercollegiate athletics, food services, and parking. Auxiliary Enterprises are self-supporting and are not subsidized by the state.

55 - PROVISIONS FOR ALLOCATION

These budgetary provisions serve as a temporary repository for lump sum appropriations which are destined for allocation (1) from systemwide provisions to campus provisions and (2) from campus provisions to operating programs and subprograms where expenditures will occur. Provisions for allocation may include funds for academic position upgrades, staff reclassifications, price increases, employee benefits, unallocated state funding increases, and University endowment income. These provisions also include funds for lease-purchase bond payments. They are partially offset by the University budgetary savings target.

60 - PROGRAM MAINTENANCE - FIXED COSTS, ECONOMIC FACTORS AND SALARY INCREASES

This program category is a temporary repository for proposed fixed cost increases, economic factors, and proposed salary

6440 University of California - Continued

increases only in the proposed budget year. These costs, once determined, will be allocated in the following year into the appropriate functional program areas.

65 - SPECIAL REGENTS' PROGRAMS

After provision for costs related to federal contract and grant activity, and the funding of buildings supported under Garamendi (wherein the University may use federal indirect cost monies received for research activities to pay debt service and maintenance costs for specifically approved research buildings), 55 percent of the federal overhead on contracts and grants is used to fund the University's general purpose budget for current operations. The other 45 percent is the source of the University Opportunity Fund. This fund supports high priority programs that are not adequately supported from other sources, such as faculty recruitment and retention, special research programs, instructional programs and administrative programs, and support for external fund raising.

70 - EXTRAMURAL PROGRAMS

Extramural programs are supported by fund sources defined as non-budgeted due to the limited life of the funding source. These extramural fund sources are derived from State Agency Contracts, Federal Contracts and Grants, Private Contracts and Grants, and other University one-time funding. Most program areas described above receive some support from extramural funds, although the largest program area supported by these funds is Research.

80 - DEPARTMENT OF ENERGY LABORATORY (LBNL)

The University manages the Lawrence Berkeley National Laboratory (LBNL). The LBNL is a separate entity, but research at LBNL has direct and indirect benefits for University faculty and students. LBNL is supported entirely by federal funds through extramural contracts and grants. The lab conducts research important to the State and the nation, including research on bioterrorism, nuclear nonproliferation, and energy efficiency and new energy resources.

INFRASTRUCTURE OVERVIEW

The University of California (UC) system comprises 10 campuses, which are located in Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz, that operate 150 institutes, centers, bureaus, and research laboratories throughout the state serving more than 226,000 students. All of the campuses offer undergraduate, graduate, and professional education with one, San Francisco, devoted exclusively to the health sciences. In addition, the University operates teaching hospitals and clinics in five counties. The UC system has more than 5,600 buildings with 122 million gross square feet on approximately 30,000 acres.

6445 California Institute for Regenerative Medicine

Proposition 71, the California Stem Cell Research and Cures Act, was approved by California voters on November 2, 2004, providing \$3 billion in funding for stem cell research at California universities and research institutions, and calling for the establishment of a new state agency to make grants and provide loans for stem cell research, research facilities, and other vital research opportunities. The California Institute for Regenerative Medicine (Institute) was established in early 2005.

The Independent Citizens Oversight Committee (ICOC) is the 29-member governing board for the Institute. The ICOC members are public officials, appointed on the basis of their experience earned in California's leading public universities, non-profit academic and research institutions, patient advocacy groups, and the biotechnology industry.

6600 Hastings College of the Law

Hastings College of the Law was founded in 1878 by Serranus Clinton Hastings, the first Chief Justice of the State of California. On March 26, 1878, the Legislature provided for affiliation with the University of California. Hastings is the oldest law school and one of the largest public law schools in the West. Policy for the College is established by the Board of Directors and is carried out by the Chancellor, Dean, and other officers of the College. The Board has 11 directors: one is an heir or representative of S.C. Hastings and the other 10 are appointed by the Governor and approved by a majority of the Senate. Directors serve for twelve-year terms. Hastings is a charter member of the Association of American Law Schools and is fully accredited by the American Bar Association. The juris doctor degree is granted by The Regents of the University of California, and is signed by the President of the University of California and the Chancellor and Dean of Hastings College of the Law.

The mission of the University of California, Hastings College of the Law is to provide an academic program of the highest quality, based upon scholarship, teaching, and research, to a diverse student body and to assure that its graduates have a comprehensive understanding and appreciation of the law and are well trained for the multiplicity of roles they will play in a society and profession that are subject to continually changing demands and needs.

Because an institution's programs drive the need for infrastructure investment, each entity has a related capital outlay program to support this need. For the specifics on the Hastings College of the Law's Capital Outlay Program see "Infrastructure Overview."

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code, Section 92200 et seq.

MAJOR PROGRAM CHANGES

- The Budget reflects continuation of the proposed Special Session unallocated reduction of \$402,000 to the Hastings College of the Law General Fund support budget.
- The Budget avoids new costs by eliminating the 5 percent increase for basic budget and core instructional support under the Higher Education Compact as part of the proposed solutions to address the fiscal crisis.
- Finally, the Budget reflects an increase in fee revenue of \$4.2 million associated with a 13 percent scheduled fee increase that has been adopted by the Hastings Board of Directors.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - INSTRUCTION PROGRAM

The Instruction program is designed to provide thorough and systematic instruction in those branches of the law, which will best prepare students for their responsibilities to the community as members of the legal profession. It is composed of three elements: classroom, theory-practice, and instructional support. Through these elements, students receive a combination of theoretical instruction, practical experience, specialized training as lawyers, and necessary support services.

The principal objectives of the program are to: (1) develop in the students the required competency in substantive law demanded by the legal profession; (2) develop students' skills in research and writing; (3) provide students with an adequate background in the law through the study of the development of the legal system and the role of the legal profession, both in the United States and abroad; (4) instill in students, through theory-practice clinical courses, a level of professional competence and skill that will shorten the period of training in the law office; and (5) develop special skills in advocacy for trial lawyers.

30 - ACADEMIC SUPPORT PROGRAM-LAW LIBRARY

The primary objective of the Law Library is to support the legal education curriculum of Hastings by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, for moot court, trial practice, legal clinic assignments, and to support legal scholarships. A secondary objective of the Law Library is to support the legal research needs of the larger community, including local attorneys.

40 - STUDENT SERVICES PROGRAM

The Student Services program includes Admissions, Records, Financial Aid, Career Services, the Academic Support Program, the Legal Education Opportunity Program (LEOP) and the Disability Resource Program. Through these offices, students are provided a fair system for admittance to the law school and information about their academic performance. Students are assisted in securing necessary financial assistance to complete the instructional program, and are also assisted in identifying employment opportunities. Supportive services include academic advising, accommodations for students with disabilities, the Academic Support Program, which provides analytical skills and writing instruction to qualifying students, and the LEOP program, which includes small group tutorials and other services to supplement regular instructional activities for the educationally, socially, economically, or otherwise disadvantaged students. In 2008-09, the 247 LEOP students comprised 19 percent of the student body.

50 - INSTITUTIONAL SUPPORT PROGRAM

The Institutional Support program includes Executive Management and Management Support, Personnel, Fiscal Services, Public Safety, Community Relations and Administrative Services. This program provides administrative support to all the programs provided by the Hastings College of the Law.

INFRASTRUCTURE OVERVIEW

Hastings College of the Law is a stand-alone institution with over 1,200 students and is affiliated with the University of California. The College's academic mission is dedicated exclusively to providing legal education of the highest quality. Hastings is located in San Francisco's Civic Center area. The campus is on 2.6 acres in an urban setting with three buildings totaling 581,000 gross square feet along with a parking lot of 37,000 gross square feet.

6610 California State University

The California State University (CSU) system is comprised of 23 campuses, including 22 university campuses and the California Maritime Academy. The system is administered by an independent governing Board of Trustees that includes 25 members: 5 ex officio, 16 appointed by the Governor to four-year terms and 4 members appointed to two-year terms (two student representatives-one voting and one non-voting; and one representative each from faculty and alumni). The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers of the respective campuses.

The California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972, the system became the California State University and Colleges (CSUC); the name of the system was changed to the California State University in January 1982. The oldest campus, San Jose State University, was founded in 1857 and became the first institution of public higher education in California.

The Trustees, the Chancellor, and the Presidents develop systemwide policy, with actual implementation at the campus level taking place through a broadly based consultative process. The Academic Senate, made up of elected faculty representatives from each campus, recommends academic policy to the Board of Trustees through the Chancellor. While each campus has its own unique geographic and curricular character, all campuses offer undergraduate and graduate instruction for professional and occupational goals, as well as broad liberal education programs. For graduation, each campus requires a basic program of general education, regardless of the major selected by the student. CSU offers the doctorate in Education, as well as a limited number of doctoral degrees offered jointly with the University of California and with Claremont Graduate School.

The program goals of the University are:

- To provide instruction in the liberal arts and sciences, the professions, applied fields which require more than two years of college education, and teacher education-both for undergraduate and graduate students through the master's degree.
- To provide public services to the people of the State of California.
- To provide services to students enrolled in the University.
- To support the primary functions of instruction, research, public services, and student services in the University, and to ensure legal obligations related to executive and business affairs are met.
- To prepare administrative leaders for California public elementary and secondary schools and community colleges with the knowledge and skills needed to be effective leaders by awarding the doctorate degree in Education.

Because department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the California State University's Capital Outlay Program see "Infrastructure Overview."

Beginning in fiscal year 2006-07, Higher Education Fees and Income are continuously appropriated and deposited in CSU local trust accounts.

This summary includes expenditures, but not personnel years, for auxiliary organizations.

MAJOR PROGRAM CHANGES

- The Budget reflects continuation of the proposed Special Session unallocated reduction of \$66.3 million to the California State University General Fund support budget.
- The Budget avoids new costs by eliminating the 5 percent increase for basic budget and core instructional support and the increase for 2.5 percent enrollment growth under the Higher Education Compact as part of the proposed solutions to address the fiscal crisis.
- The Budget reflects an increase in fee revenue of \$130.4 million associated with fee increases of 10 percent for undergraduates, graduates, and teacher credential candidates.
- Finally, the Budget provides \$3.6 million to CSU to fund an additional cohort of 340 undergraduate nursing enrollments at full cost.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

01 - INSTRUCTION

The California State University (CSU) Instruction program educates students for attainment of degrees, credentials or certificates in the liberal arts and sciences, and certain applied fields and professions. CSU offers more than 1,800 bachelor's and master's degree programs in some 357 subject areas, as well as teaching credential programs. Many programs are offered so students can complete all upper division and graduate requirements by part-time late afternoon and evening study. CSU also offers a doctorate degree in Education, as well as a limited number of doctoral degrees jointly with the University of California and with private California institutions.

The CSU plays a critical role in preparing outstanding candidates for the job market. With 89,000 annual graduates, the CSU is the state's greatest producer of bachelor's degrees and drives California's economy in information technology, life sciences, agriculture, business, education, international trade, public administration, entertainment and multimedia industries.

In conjunction with campus-based instruction, CSU provides instruction through seven off-campus centers, and through self-supporting extended education programs.

The Instruction program consists of general academic instruction, preparatory/remedial instruction, instructional information technology, community education instructional services, and non-baccalaureate vocational/technical instruction.

02 - RESEARCH

CSU research is comprised of specifically organized activities, whether commissioned by an external agency or budgeted by the University. Additional research funds may be provided directly to the campuses from non-state General Fund, external sources.

03 - PUBLIC SERVICES

The Public Services program includes expenses for activities established primarily to provide non-instructional services beneficial to individuals and groups external to the institution. These activities include community service programs (excluding instructional activities) and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, and similar non-instructional services to particular sectors of the community.

04 - ACADEMIC SUPPORT

The Academic Support program includes libraries, museums and galleries, educational media services, support information technology, course and curriculum development, academic administration, and personnel development. The University budget includes \$2.5 million for individual faculty development through research and creative activity at the 23 campuses. Ancillary programs include the Desert Studies consortium, college farms, and the Center for Deaf Studies at the Northridge campus.

05 - STUDENT SERVICES

The Student Services program includes activities that contribute to students' emotional and physical well-being, and their intellectual, cultural and social development outside the formal instruction program. These activities include student newspapers, intramural athletics, student organizations, counseling and career guidance, student financial aid administration, and student health services.

06 - INSTITUTIONAL SUPPORT

The Institutional Support program includes executive-level activities concerned with management and long-range planning. These activities maintain the University's effectiveness and continuity and ensure the University's operations are consistent with the state's public higher education policy. Activities include executive management, fiscal operations, general administration, administrative information technology, public relations, and mandatory transfers.

07 - OPERATION AND MAINTENANCE OF PLANT

The Operation and Maintenance of Plant program includes physical plant administration, building maintenance, ground maintenance, utilities, major repairs, security and safety, logistics, debt service payments, operations and maintenance information technology, and insurance costs. The University also receives funding for scheduled maintenance. Currently, the deferred maintenance backlog exceeds \$400 million.

08 - STUDENT FINANCIAL AID

In 2009-10, it is estimated that the University will provide approximately \$320 million in direct student financial assistance through the State University Grant program. Additional financial aid is provided through graduate fellowships and Educational Opportunity Program grants. Federal funds for financial aid that are not reported in the state treasury total over \$380 million. All federal financial aid programs provide between \$1 and \$2 billion in scholarships, grants, and loans to CSU students.

6610 California State University - Continued**09 - AUXILIARY ENTERPRISES**

Auxiliary Enterprises consist of student housing, parking, intercollegiate athletics, food services, book stores, and other self-supporting non-instructional services. These services are funded through specific user charges and are not subsidized by the state. CSU provides approximately 37,000 housing spaces and over 155,000 parking spaces at its 23 campuses.

11 - REIMBURSED ACTIVITIES

This program includes activities funded from external organizations that are independent of, but enhance the mission of, the CSU.

INFRASTRUCTURE OVERVIEW

The California State University (CSU) system includes 23 campuses and 7 off-campus centers, which serve 437,000 students. While each campus in the system has its own unique geographic and curricular character, 22 campuses can be characterized as multipurpose institutions, offering undergraduate and graduate instruction for professional and occupational goals. The California Maritime Academy has a specialized mission, focusing on marine transportation and engineering, and maritime sciences. The CSU system has a total of 2,239 buildings with 83.3 million gross square feet on 23,062 acres.

6870 Board of Governors of the California Community Colleges

The Board of Governors of the California Community Colleges was established in 1967 to provide statewide leadership to California's community colleges. The Board has 17 members appointed by the Governor with the advice and consent of the Senate. Twelve members are appointed to six-year terms and two student members, two faculty members, and one classified member are appointed to two-year terms.

The objectives of the Board are:

- To provide direction, coordination, planning, and leadership to California's community colleges.
- To promote quality education in community colleges.
- To improve district and campus programs through informational and technical services on a statewide basis, while recognizing the community-oriented aspect of California's network of 110 community colleges.
- To seek adequate financial support while ensuring the most prudent use of public funds.

Since community college programs drive the need for infrastructure investment, each community college district has a related capital outlay program to support this need. For the specifics on the community college capital outlay program see "Infrastructure Overview."

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code, Division 7.

MAJOR PROGRAM CHANGES

- The budget includes proposals to help reduce the 2008-09 Proposition 98 Guarantee to the minimum level by eliminating the \$39.8 million cost-of-living adjustment included in the Budget Act of 2008 for Apportionments and defers \$230 million in payments from January and February, 2009 to July, 2009. The deferral does not reduce program spending in the current year.
- Additionally, the Special Session budget proposal includes significant categorical flexibility that authorizes districts to transfer any categorical allocations to their general fund in order to preserve course offerings aligned with the system's highest priorities for transfer, basic skills and career preparation.
- For 2009-10, the budget includes a 3-percent growth increase of \$185.4 million to fund 36,000 additional Full Time Equivalent Students. Further, the budget achieves significant cost avoidance by eliminating a \$322.9 million cost-of-living increase and by suspending reimbursable state mandates for a savings of \$4 million.
- The budget also includes an increase of \$167.5 million Proposition 98 General Fund to replace the allocation of State Lottery revenues to community college districts pursuant to Chapter 764, Statutes of 2008 (AB1654).

PROGRAM DESCRIPTIONS (Program Objectives Statement)**10 - APPORTIONMENTS**

This program provides funding that supplements local resources in financing the general education programs of the 110 community colleges. This program also includes the preparation of reports and the collection of a wide range of data from community colleges for certification of the funding provided to each district. The majority of state funding for community colleges is provided by the General Fund.

20 - SPECIAL SERVICES, OPERATIONS AND INFORMATION

Special Services, Operations and Information functions include the development, implementation, and coordination of policies and procedures regarding education programs and funding other than apportionments. Such programs include student financial aid, academic counseling, foster care education, and support for disabled students and CalWORKs participants.

30 - ADMINISTRATION

A total of 49.4 positions and \$4.4 million will be utilized by the Chancellor's Office during the 2009-10 fiscal year to perform administrative functions for support of the various programs of the Board of Governors of the California Community Colleges.

INFRASTRUCTURE OVERVIEW

The California Community College (CCC) system consists of 72 semi-autonomous districts encompassing 110 colleges, 69 off-campus centers, and 22 district offices throughout the state that serve over 2.6 million students. The CCC assets include over 21,600 acres of land, 4,885 buildings, and 64.4 million gross square feet of space. In addition, the system has numerous off-campus outreach centers at various locations. CCC facilities are used to provide lower division level academic and vocational education for recent high school graduates and working adults returning to school.

7980 California Student Aid Commission

The mission of the California Student Aid Commission (Commission) is to make education beyond high school financially accessible to all Californians. The Commission administers federal and state authorized financial aid, including grants and student loans. In addition, the Commission makes public policy recommendations concerning financial aid programs.

The Commission is composed of 15 members: 11 members are appointed by the Governor and confirmed by the Senate, 2 members are appointed by the Senate Rules Committee and 2 members are appointed by the Speaker of the Assembly. Members serve four-year terms except the two student members, appointed by the Governor, who serve two-year terms.

MAJOR PROGRAM CHANGES

- The Budget proposes a reorganization that would consolidate the functions of the California Postsecondary Education Commission (CPEC) and the Commission and decentralize the administration of financial aid, including Cal Grants, to the higher education segments. The Budget anticipates a partial-year savings of \$2 million assuming mid-year implementation of this proposal and is scored under a separate organization code. A new control section is proposed that would authorize the Director of Finance to shift funding from the existing appropriations for the CPEC and the Commission consistent with this reorganization.
- The Budget proposes \$87.5 million in reductions by eliminating new awards for the Cal Grant Competitive Program, partially decoupling Cal Grant awards from segment fee increases, reducing the Cal Grant award for independent and private institutions, and freezing Cal Grant income eligibility at 2008-09 levels.
- The Budget proposes to shift \$192.6 million Cal Grant costs from General Fund to the federal Temporary Assistance for Needy Families Program through a reimbursement from the Department of Social Services.
- The Budget recognizes revised estimates of costs for Cal Grants in 2008-09 that project a potential shortfall of \$62.6 million.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

15 - 15 FINANCIAL AID GRANTS PROGRAM

This program provides grants and other specialized financial aid to help undergraduate and graduate students pay educational expenses. Awards are coordinated with other available award sources including federal Pell Grants. The financial aid grant programs are described below.

CAL GRANT A and B

Entitlement Awards

Cal Grant Entitlement Award Programs were established by Chapter 403 of the Statutes of 2000. The entitlement awards are guaranteed to students who graduate from high school in 2000-01, or beyond, and meet financial, academic, and general program eligibility requirements.

- Cal Grant A provides tuition and fee funding to eligible lower income high school graduates who have at least a 3.0 grade point average (GPA) on a four-point scale. The award provides up to a maximum grant award of \$8,322 for new and renewal recipients at qualifying postsecondary institutions.
- Cal Grant B provides funds to eligible low-income disadvantaged high school graduates who have at least a 2.0 GPA. The award provides up to \$1,551 for book and living expenses for the first year. In the second year, it also helps pay for tuition and fees at qualifying post secondary institutions.
- The California Community College Transfer Award provides funding to eligible high school graduates who have a community college GPA of at least 2.4 on a four-point scale.

Competitive Awards

Cal Grant Competitive Award Program was established by Chapter 403 of the Statutes of 2000. There are 22,500 Cal Grant A and B competitive awards available to applicants who meet financial, academic, and general program eligibility requirements. Half of these awards (11,250) are offered to those applicants who did not receive an entitlement award and meet the March 2 deadline. The remaining 11,250 awards are offered to students who are enrolled at a California Community College and meet the September 2 deadline. Beginning 2009-10, no new warrants will be issued; only renewals will continue to be funded.

Existing Awards

The existing Cal Grant A and B Programs, prior to Chapter 403 of the Statutes of 2000, are being phased out. Funding is provided for renewal of awards made prior to the 2001-02 fiscal year.

- Cal Grant A and B provide tuition and fee funding for financially and academically eligible students attending a California college or university of their choice. Recipients at private institutions will continue to receive their maximum grant awards depending on when they received their first award. Cal Grant B recipients also receive up to \$1,551 for books and living expenses.

OTHER AWARDS

- The Cal Grant C provides funding for financially eligible lower income students preparing for occupational or technical training. The authorized number of new awards is 7,761. For new and renewal recipients, the current tuition and fee award is up to \$2,592 and the allowance for training-related costs is \$576.
- The Assumption Program of Loans for Education (APLE) allows the State to issue agreements for loan assumptions annually to students, district interns, and out-of-state teachers pursuing careers in teaching. Through APLE, a participant who teaches a total of four years can receive up to \$11,000 toward outstanding student loans. APLE participants who provide the designated teaching service in the areas of math, science, or education specialist instruction are eligible to receive an additional \$1,000 per year in loan assumption benefits. Participants meeting this requirement who provide teaching service in a California public school that is ranked in the lowest 20 percentile of the Academic Performance Index are eligible to receive an additional \$1,000 per year for a possible total loan assumption benefit of up to \$19,000.
- The Law Enforcement Personnel Dependents (LEPD) Scholarship Program provides college grants equivalent to Cal Grant amounts to dependents of: California law enforcement officers, officers and employees of the Department of Corrections and Department of Youth Authority, and firefighters killed or permanently disabled in the line of duty. This program is funded from the General Fund.
- The Graduate Assumption Program of Loans for Education (Graduate APLE) allows the State to issue loan assumption agreements to Californians pursuing graduate degrees at postsecondary institutions. A recipient who teaches for three years at a regionally accredited California college or university can receive up to \$6,000 toward outstanding student loans. Since 2003-04, no new warrants have been issued; only renewals will continue to be funded.
- The National Guard Assumption Program of Loans for Education (Chapter 345 of the Statutes of 2003) was established for qualifying members of the National Guard, the State Military Reserve, or the Naval Militia who seek, or who have completed, baccalaureate degrees at institutions of higher education within the State of California. Participants who provide additional service for four years can receive up to \$11,000 for student loans. Since 2006-07, no new warrants have been issued.
- The State Nursing Assumption Program of Loans for Education (SNAPLE), for nursing faculty, allows the State to issue agreements for loan assumptions to persons who have completed at least one academic year, or the equivalent, of full-time teaching nursing studies at one or more regionally accredited, eligible California colleges or universities. Through

7980 California Student Aid Commission - Continued

SNAPLE, a participant can receive up to \$8,333 annually for 3 years towards outstanding student loans for a total loan assumption of up to \$25,000.

- The Robert C. Byrd Honors Scholarship Program provides a \$1,500 federal scholarship to exceptionally able students who show promise of continued academic excellence. Scholarships may be renewed for up to four years. This program is funded from federal funds. The State Department of Education contracts with CSAC to administer the program.
- The Child Development Teacher and Supervisor Grant Program (Chapter 721 of the Statutes of 1997) replaced the loan assumption program for participants who intend to teach or supervise in the field of child care and development in a licensed children's center. This program is funded from federal funds through an interagency agreement with the State Department of Education.
- The California Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth who are enrolled in college or vocational school at least half-time. The grant can be renewed if funding is available. This program is funded from federal funds and the General Fund. The State Department of Social Services contracts with CSAC to administer the program.
- The State Nursing Assumption Program of Loans for Education, for nurses in state facilities, allows the State to issue agreements for loan assumptions to persons who fulfill agreements to work full-time for at least 4 consecutive years as a clinical registered nurse in a state-operated 24-hour facility that employs registered nurses and that has a clinical registered vacancy rate of greater than 10 percent. A participant can receive up to \$5,000 annually for four consecutive years towards outstanding student loans for a total loan assumption of up to \$20,000.

OTHER PROGRAMS

- The California Student Opportunity and Access Program (Cal-SOAP), through intersegmental consortia, provides financial aid outreach and tutoring services to disadvantaged K-12 students, increases their access to postsecondary education, and informs students about opportunities for Career Technical Education. Cal-SOAP also assists the matriculation of community college students to four-year institutions. There are 15 Cal-SOAP consortia operating in 17 locations throughout California.
- Cash for College provides financial aid workshops to assist low-income students with completing the Free Application for Federal Student Aid and the Cal Grant GPA Verification Form, as well as providing other financial aid information.

50 - 50 CALIFORNIA LOAN PROGRAM

The Commission administers the Federal Family Education Loan Program (FFELP) for students on behalf of the United States Department of Education (USED) pursuant to the Higher Education Act of 1965, as amended. Chapter 961 of the Statutes of 1996 authorized the Commission to establish an auxiliary organization, EdFund, as a nonprofit public benefit corporation to provide operational and administrative services for the Commission's participation in the FFELP, effective January 1, 1997. The Federal Student Loan Reserve Fund and Student Loan Operating Fund are continuously appropriated for this purpose.

The FFELP consists of Federal Subsidized Stafford loans, Federal Unsubsidized Stafford loans, Federal Parent Loans for Undergraduate Students (PLUS), Graduate and Professional PLUS, and the Federal Loan Consolidation Program. Loans are made available to students through private lenders such as banks or credit unions, and the Commission guarantees the loan. If a student or parent defaults, the lender files a claim with the Commission, which pays the lender a portion of the outstanding balance. The USED reimburses the Commission for the default. The cost of default claims, collection expenses and administration of FFELP are funded by: USED, a federal default fee, collections and fees from defaulted borrowers, and interest on investments.

Chapter 182 of the Statutes of 2007 (SB 89) authorizes the sale, or an alternative financial arrangement to the sale, of the California Student Aid Commission's loan guarantee function and nonprofit auxiliary organization, EdFund, in order to maximize the value of the State's assets related to implementation of the Federal Family Education Loan Program. The law authorizes the Director of Finance to act as an agent for the sale. Net proceeds generated from the sale will be deposited into the state's General Fund. SB 89 amends Education Code Sections 69522, 69526 and 69766 and adds Section 69521-69521.11.
