

General Government

The General Government Section includes departments, commissions and offices responsible for oversight of distinct policy areas that are not easily consolidated into other oversight areas such as ensuring peace officer competence, reasonable public utility rates, food and agricultural issues, and services to veterans. Additionally, this Section includes issues that are statewide in nature such as lease/revenue issues, bonds, and local government issues.

8120 Commission on Peace Officer Standards and Training

The Commission on Peace Officer Standards and Training is responsible for raising the competence level of law enforcement officers in California by establishing minimum selection and training standards, improving management practices, and providing financial assistance to local agencies relating to the training of law enforcement officers.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STANDARDS

The Standards Program establishes job-related selection and training standards for peace officers and dispatchers. It also provides management consultation to local law enforcement agencies. Activities include development of examinations and counseling local law enforcement agencies on ways to improve management practices.

The Program conducts applied research in the areas of peace officer selection and training, operational procedures and program evaluation to meet statutory requirements and to provide management guidance to local law enforcement agencies. It also facilitates the development and implementation of new programs for local agencies by serving as a clearinghouse of successful program information. Finally, it conducts accreditation and peace officer feasibility studies.

20 - TRAINING

The Training Program increases the competence of law enforcement personnel by developing and certifying courses that meet identified training needs. This activity requires scheduling and quality control of such courses, and assisting law enforcement agencies in presenting necessary training and career development programs to their officers. The Commission assesses training on a continuing basis to ensure that evolving training needs are met. The curricula cover a wide variety of topics necessary to satisfy statutory and regulatory mandates, maintain competence in police work, and address the training needs of law enforcement agency personnel. Curricula content is updated regularly. The Program also presents advanced training for law enforcement supervisors and executives through its Command College and the Supervisory Leadership Institute, and for trainers through the Basic Academy Instructor Certificate Program and the Instructor Development Institute. Other specialty programs include the Institute of Criminal Investigation.

Job-related selection and training standards for peace officers and dispatchers, established by the Standards Program, are enforced through inspections of local agencies receiving state aid to ensure they are adhering to minimum state standards.

30 - PEACE OFFICER TRAINING

The Peace Officer Training Program provides financial assistance to participating jurisdictions for instructional costs associated with selected training courses. Funding is also provided for the cost of student travel and per diem expenses associated with training presentations and for necessary overtime to enable line officers to receive in-service training in areas of critical need. To encourage and assist local law enforcement agencies to meet and maintain minimum standards in the selection and training of law enforcement officers, the Commission provides financial assistance to all 58 counties, approximately 346 cities, and numerous specialized districts and local agencies which have agreed to meet the Commission's standards.

- Sets the terms and conditions of employment for employees excluded from collective bargaining (managers, supervisors, and confidential employees).
- Manages salaries, benefits, classifications, and administers all aspects of the terms and conditions of employment for state employees except for merit-related matters (merit-related matters are those involving hiring, promoting, and disciplining state employees).
- Administers the tax-deferred savings program for state employees.

8385 California Citizens' Compensation Commission

The California Citizens' Compensation Commission is responsible for setting the salaries and benefits for the state Legislators, Governor, Attorney General, Lieutenant Governor, Secretary of State, Controller, Treasurer, Superintendent of Public Instruction, Insurance Commissioner, and Board of Equalization members.

The seven-member Commission meets annually, no later than June 30, to determine if any changes should be made to the salaries and benefits of the state's elected officials. The decisions of the Commission become effective the December following the annual meeting.

The members of the Commission are appointed by the Governor, three representing the public, two representing the business community, and two representing labor organizations. Each member serves a six-year term, and the terms are staggered.

The Commission's budget provides for travel expenses and stipends for the annual meeting. Staff from the Department of Personnel Administration provide support to the Commission using existing resources of the Department.

8420 State Compensation Insurance Fund

The mission of the State Compensation Insurance Fund is to:

- Provide California employers with a permanent market for workers' compensation insurance protection at cost with no financial obligation to the public.
- Compete fairly with other insurers and, by example, set the standard for fair premium rates, financial integrity, excellence in customer service, and impartial treatment of injured workers.
- Assist employers in providing safe places to work. When a worker is injured, help restore that person to a useful place in the economy.

Pursuant to Insurance Code, Section 11871, claims against uninsured state agencies are adjusted by the State Compensation Insurance Fund under a Master Agreement with the Department of Personnel Administration. Adjustment costs and other administrative charges under the Master Agreement are reflected in the Workers' Compensation Benefits for State Agencies budget display.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

11 - AGRICULTURAL PLANT AND ANIMAL HEALTH; PEST PREVENTION; FOOD SAFETY SERVICES

The objective of this program is to prevent the introduction and establishment of serious plant and animal pests and diseases to California, protect the safety of California's milk supply, protect the safety of meat and poultry products exempt from Federal inspection, and protect cattle owners against loss or theft. In particular, the program is focused on pests and diseases that can: (1) be transmitted to humans, (2) cause serious financial losses to the agricultural industry in California, (3) severely impact the environment, or (4) adversely affect the supply of agricultural products to the consumer.

21 - MARKETING; COMMODITIES AND AGRICULTURAL SERVICES

California agriculture produces over 350 different crops, which enter state, national, and international commerce. The objectives of this program are to assure orderly domestic and international marketing of safe and quality agricultural commodities, consumer protection, fair pricing practices, industry-supported grading services, and standards of measurement which provide a basis of value comparison and fair competition in the marketplace.

This program also provides support to governmental agencies needing chemical or product determinations by providing accurate and timely chemical analyses.

31 - ASSISTANCE TO FAIRS AND COUNTY AGRICULTURAL ACTIVITIES

This program provides fiscal and policy oversight to the network of California fairs to advance their success. This program also partially reimburses counties for carrying out agricultural programs authorized by the Food and Agricultural Code under the supervision of the California Department of Food and Agriculture.

The state has a total of 80 county fairs, citrus fruit fairs and district fairs. State support for these local fairs includes budget approval and oversight of the capital outlay program, which is supported by Assistance to Fairs and County Agricultural Activities.

41 - EXECUTIVE, MANAGEMENT AND ADMINISTRATIVE SERVICES

* Dollars in thousands

8570 Department of Food and Agriculture - Continued

Executive and Management Services include the executive leadership of the Secretary's Office. The Secretary's Office sets priorities and policies to protect, support, and promote agriculture in the State of California, as well as helping to protect the health and welfare of the public and the environment.

Administrative Services provides centralized administrative support to the Department through fiscal operations, employee-employer relations, personnel management, employee development, and general business services.

51 - GENERAL AGRICULTURAL ACTIVITIES

This program provides the fiscal and policy oversight of the federal grants awarded that promote California agriculture. In addition, this program serves as the central point of contact for logistical coordination of all departmental resources, provides industry and agency coordination on environmental issues affecting agriculture, and provides centralized communications to our agricultural industry, including Agricultural Commissioners and the statewide fairgrounds.

This program also partially reimburses counties for carrying out agricultural programs authorized by the Food and Agricultural Code under the supervision of the California Department of Food and Agriculture.

8620 Fair Political Practices Commission

The Fair Political Practices Commission has primary responsibility for the impartial administration, implementation, and enforcement of the Political Reform Act of 1974, as amended by the voters and Legislature. The objectives of the Political Reform Act are to:

- Ensure that election campaign contribution and expenditure data is fully and accurately disclosed so that the voters may be fully informed and to inhibit improper financial practices.
- Regulate the activities of lobbyists and disclose their finances to prevent any improper influencing of public officials.
- Provide for the disclosure of assets and income of public officials, which may affect their official actions, to avoid any conflicts of interest.
- Ensure that the state ballot pamphlet contains useful and adequate information so that the voters will not be entirely dependent upon paid advertising for information concerning state measures.
- Eliminate laws and practices that unfairly favor incumbents to provide for fair elections.
- Provide adequate mechanisms to public officials and to private citizens to ensure vigorous enforcement of the Act.

8660 Public Utilities Commission

The California Public Utilities Commission (PUC) regulates critical and essential services such as privately owned telecommunications, electric, natural gas, and water companies, in addition to overseeing railroad/rail transit and moving and transportation companies. The PUC is the only agency in the state charged with protecting private utility consumers. As such, the PUC is responsible for ensuring that customers have safe, reliable utility service at reasonable rates, protecting against fraud, and promoting the health of California's economy, which depends on the infrastructure the utilities and the PUC provide.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - REGULATION OF UTILITIES

The fundamental objectives of this program are to ensure that customers have safe, reliable utility service at reasonable rates, protect against fraud, and promote the health of California's economy, which depends on the infrastructure the utilities and the PUC provide. Californians spend more than \$38 billion annually for services from industries regulated by the PUC. This includes 11 electricity utilities (80 percent of electric load in California), 1,821 telecommunications carriers, 156 water and sewer utilities, and 6 natural gas utilities.

The program also includes the Division of Ratepayer Advocates, which advocates on behalf of public utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. The Division balances the interests of all ratepayers to ensure that all consumers are treated equitably. The Division is funded by the Public Utility Ratepayer Advocate Account, which funds are utilized exclusively by the Division in the performance of its duties as determined by the director.

In the area of energy regulation, the PUC has a number of programs in place to help consumers, the economy, and the

environment. The PUC is working to protect the environment from climate change. The PUC is also committed to renewable power and is working to implement renewable energy goals for utilities. Through the California Solar Initiative, the PUC will provide more than \$2 billion in incentives over the next several years for solar installations.

The Commission oversees the safety of electric, communications, natural gas, and propane gas utility systems and also performs operation and maintenance audits, outage inspections and investigations of incidents at electric generation facilities.

To ensure that consumers have access to sufficient information to make informed telecommunications choices, the PUC created a Telecommunications Consumer Education Initiative called Cal Phone Info, designed to help consumers navigate the increasingly competitive telecommunications market and to learn how to avoid becoming victims of consumer fraud. Cal Phone Info provides consumers with information on issues such as understanding phone bills, slamming, cramming, buying wireless telephone service, choosing telecommunications companies and services, prepaid phone cards, and avoiding telephone fraud and misleading advertising.

The Commission also administers the issuance of state franchises for the provision of video service in California. The Commission is responsible for monitoring video service provider compliance with the anti-discrimination, anti-redlining, and build-out requirements of California's state franchise law.

15 - UNIVERSAL SERVICE TELEPHONE PROGRAMS

The PUC oversees nearly \$1 billion in telecommunications consumer programs including the California Lifeline Fund, California Teleconnect Fund, Deaf and Disabled Telecommunications Program, and California High Cost Funds, all of which provide much-needed services to the state's consumers and communities. The objectives of these 'universal telephone service' programs are to: (1) ensure that basic telephone service remains available and affordable to all Californians regardless of geography, language, cultural, ethnic, physical or income differences; (2) encourage consumer choice among competitive telephone companies; (3) modify, as necessary, the basic telephone service definition to incorporate new technology for all residential subscribers; and (4) ensure that consumers have access to sufficient information to make informed choices about basic service and universal lifeline telephone services. Specifically, the California High-Cost Fund A program provides supplemental funding to 17 small local telephone companies to minimize rate disparities which otherwise would occur in basic telephone service costs between rural and metropolitan areas. The California High-Cost Fund B program provides supplemental funding to large telephone companies to minimize disparities which otherwise would occur between high-cost and metropolitan areas. The Deaf and Disabled Telecommunications program provides assistance to deaf, hearing impaired and disabled residents. The Payphone Service Providers program provides payphones to the general public at no charge in the interest of public safety and at locations where payphones otherwise would not be found. The California Teleconnect Fund program provides discounted telecommunication services to qualifying schools, libraries, hospitals and community-based organizations. The California Advanced Services Fund Program encourages the deployment of broadband infrastructure in unserved and underserved rural and urban areas of California.

20 - REGULATION OF TRANSPORTATION

The PUC oversees the safety of all railroads, six major rail transit agencies, five smaller transit systems, and more than 16,000 public and private crossings. The PUC's specially trained and federally certified inspectors inspect all tracks (annually), all train equipment and facilities (semi-annually), investigate all rail accidents that result in loss of life and property damage, and ensure the safe transportation of hazardous materials. The PUC has exclusive authority to approve or disapprove all highway-rail crossings. The Transportation program also oversees passenger carriers, including privately owned for-hire passenger transportation companies and household goods carriers. The program regulates rates and services, issues certificates and other licenses, and enforces safety standards and insurance requirements.

8770 Electricity Oversight Board

The Electricity Oversight Board (EOB) was established as part of California's effort to restructure the electricity market in 1996. The goal of the EOB was to ensure that wholesale energy markets and the electric transmission system function reliably and provide electricity at fair costs to California's consumers and businesses. The EOB's primary means of pursuing these goals had been to monitor electricity markets in order to guard against price manipulation by electricity producers, and to pursue refunds of alleged overcharges during the energy crisis of 2001.

In recent years, other entities have taken on major responsibilities related to the activities engaged in by the EOB. The California Independent System Operator has developed extensive procedures for market oversight, and the California Public Utilities Commission has intervened with Federal Energy Regulatory Commission and the courts in pursuit of refunds due to overcharges. In view of these developments, the continued operation of the EOB was no longer necessary, and the EOB ceased operations on April 1, 2008.

8780 Milton Marks "Little Hoover" Commission on California State Government Organization and Economy

The Milton Marks "Little Hoover" Commission on California State Government Organization and Economy is the state's only independent and citizen-based oversight mechanism. It conducts four to five comprehensive reviews of executive branch programs, departments, and agencies each year and recommends ways to improve performance by increasing efficiency and effectiveness with existing resources. The Commission is statutorily responsible for analyzing and making recommendations to the Legislature on all Governor reorganization plans.

The Commission is composed of two members of the Senate, two members of the Assembly, and nine unpaid citizen members - five appointed by the Governor and four appointed by the Legislature.

Because of the Commission's independence, the Legislature charged it with oversight of the Bureau of State Audits, including contracting with an independent auditor for annually examining the State Audit Fund.

8855 Bureau of State Audits

The California State Auditor promotes the effective and efficient administration and management of public funds and programs. As the State's independent external auditor, the State Auditor provides the citizens and the government nonpartisan, accurate, and timely assessments of state and local government entities' financial and operational activities in compliance with generally accepted government auditing standards. The State Auditor conducts performance, financial, and compliance audits that are either mandated by statute or requested by the Legislature through the Joint Legislative Audit Committee. Moreover, the State Auditor identifies statewide issues or specific government entities as high risk and has the authority to conduct evaluations of those issues or entities identified as high risk.

Additionally, under the California Whistleblower Protection Act, the State Auditor has broad authority to perform independent investigations into complaints of improper governmental activities or conduct of state employees. The office administers California's Whistleblower Hotline that enables the public to report improper acts committed by state agencies, departments, or employees, as defined by law.

PROGRAM DESCRIPTIONS (Program Objectives Statement)**10 - ANNUAL FINANCIAL PLAN**

To ensure the financial integrity of the state through the planned allocation of state resources, the Department of Finance advises the Governor on the fiscal condition of the state and prepares the annual Governor's Budget. The Governor's Budget contains past year actual expenditures and revenues, current year estimated expenditures and revenues, and proposed expenditures and estimated revenues for the next fiscal year. After the budget is enacted, the Department of Finance assists in the administration of the budget. The Department of Finance also provides fiscal analyses of bills introduced in the Legislature and makes recommendations to the Governor.

15 - FINANCIAL INFORMATION SYSTEM FOR CALIFORNIA (FI\$Cal) PROJECT SUPPORT

The Department of Finance is one of four partner agencies responsible for the development, implementation, utilization, and maintenance of an integrated statewide financial management system, FI\$Cal. This program includes Department of Finance subject-matter experts assigned to the FI\$Cal Project.

20 - PROGRAM AND INFORMATION SYSTEM ASSESSMENTS

The Department of Finance systematically reviews and evaluates state-administered and financed programs. 30 - SUPPORTIVE DATA

This program includes a variety of information systems and services. The budget support systems provide information to decision-makers throughout the budgetary process. The operation and management of the automated California State Accounting and Reporting System (CALSTARS) is intended to provide a uniform and complete accounting system for state agencies. The Fiscal Systems and Consulting Unit develops and maintains statewide fiscal and accounting policies and provides fiscal and accounting advice and consultation to all state departments. Basic and applied economic and tax research functions support the revenue estimates required for the development of the state financial plan, for the analysis of financial legislation, and the evaluation of economic trends or other fiscal developments which affect the state. Basic and applied demographic research functions provide data to support the workload estimates of state agencies.

8880 Financial Information System for California

The Department of Finance, the State Treasurer's Office, the State Controller's Office, and the Department of General Services have entered into a Memorandum of Understanding to collaborate in a historic partnership to serve the best interest of the state and its citizens. These four departments are known as the 'Partner Agencies'. This partnership will optimize the business management of the state, successfully design, develop, implement, utilize, and maintain an integrated financial management system, as approved in the Financial Information System for California (FISCAL) Special Project Report and further defined in legislation. Additional guiding principles include:

- Development of FISCAL resides with the four Partner Agencies, although additional state agencies collaboratively contributed to the proposed system requirements.
- The FISCAL project will ensure best business practices are incorporated in re-engineering the state's financial and business processes in the areas of budgeting, accounting, procurement, cash management, financial management, financial reporting, cost accounting, asset management, project accounting, grant management and human resources management.
- The FISCAL project is a 'Next Generation' project. FISCAL is incorporating nationwide best business practices, lessons learned from other states, and the goals set in the State Chief Information Officer's 2005 Statewide Information Technology Strategic Plan, in implementing an Enterprise Resource Planning (ERP) system statewide.
- Through the partnership, this 'Next Generation' project will prepare the state's systems and the state's financial management workforce to function in a significantly improved, integrated ERP environment with highly developed, transferable skills.
- The FISCAL system will be implemented in several waves or phases over the next decade.

8910 Office of Administrative Law

The Office of Administrative Law is responsible for reviewing administrative regulations proposed by over 200 state regulatory agencies for compliance with standards set forth in California's Administrative Procedure Act, for transmitting these regulations to the Secretary of State, and for publishing regulations in the California Code of Regulations. The Office assists state regulatory agencies through a formal training program, as well as through other less formal methods, to understand and comply with the Administrative Procedure Act. Through its Reference Attorney service, the Office provides direct legal advice to state agencies and members of the public regarding California rule making law.

In response to petitions by interested persons, the Office evaluates whether rules being used by state agencies constitute underground regulations which have not been properly adopted pursuant to the requirements of the Administrative Procedure Act and issues formal determinations reflecting those evaluations.

The Office oversees the publication and distribution, in print and on the Internet, of the California Code of Regulations and the California Regulatory Notice Register.

8940 Military Department

The Military Department is responsible for the command, leadership and management of the California Army and Air National Guard and five other related programs. The purpose of the California National Guard is to provide military service supporting this state and the nation. The three missions of the California National Guard are to provide: (1) mission ready forces to the federal government as directed by the President, (2) emergency public safety support to civil authorities as directed by the Governor, and (3) support to the community as approved by proper authority. The Military Department is organized in accordance with federal Departments of the Army and Air Force staffing patterns. In addition to the funding that flows through the State Treasury, the Military Department also receives Federal Funding directly from the Department of Defense. A special display titled "Other Federal Funds" shows the funding received from this source.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Military Department's Capital Outlay Program, see "Infrastructure Overview."

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - ARMY NATIONAL GUARD

The objective of this program is to optimize the preparedness and readiness of the California Army National Guard's community-based land force to respond to state emergencies and national security missions supporting civil authorities with organized units that are manned, equipped, trained, and resourced.

The Temporary Emergency Shelter Program provides armories statewide for use by local officials to conduct emergency shelter programs for homeless persons during severe weather conditions.

20 - AIR NATIONAL GUARD

The objective of this program is to maximize the readiness of all California Air National Guard units to effectively execute federal or state missions. Plans are developed and maintained for employment of Air National Guard forces during state emergencies and federal mobilization. Support plans include rescue, air defense, airlift, unmanned aerial systems, space, intelligence, communications, and other specialized services. Training is conducted using United States Air Force and Air National Guard technical schools and on-the-job training at home stations or training sites within the United States or overseas. The federal government provides virtually all supplies, equipment, transportation, subsistence, and support services necessary for training, deployment, and commitment of the Air National Guard.

30 - OFFICE OF THE ADJUTANT GENERAL-ADMINISTRATION

This program provides strategic methodology and organization to fulfill the mission of the California National Guard to support our communities and nation and ensure the public safety of our citizens. This program governs the joint activities and performance of the Military Department in areas such as personnel and fiscal resource management, judicial affairs, internal controls, facility management, youth education, and information technology.

35 - MILITARY SUPPORT TO CIVIL AUTHORITY

The Military Support to Civil Authority Program supports the emergency needs of civil authority when called to duty by the Governor. To assure a timely and effective response of National Guard resources, policies and procedures governing their use are continuously reviewed and updated. Liaison and coordination is maintained with federal, state, and local agencies so that mutual understanding and unity of purpose is assured during an emergency. The objectives of this program are to plan and prepare for the deployment of National Guard personnel and equipment to support civil authority when called to state service by the Governor due to domestic emergency or natural disaster and to provide the state, county, city, and other public agencies with the coordination necessary to insure a timely, organized response.

Pursuant to prior-year sub-grant funds from the Office of Homeland Security, the California National Guard continues to support the Office of Homeland Security's Training and Exercise program for state and local first responders involving incidents of Weapons of Mass Destruction. This program is a critical aspect of the overall State Homeland Security Assessment and Strategy, and the state partnership with the United States Department of Homeland Security, Office of Domestic Preparedness.

40 - MILITARY RETIREMENT

This program provides retirement benefits, similar to those provided by the federal military services, to persons who entered state active duty prior to October 1, 1961, and have served 20 or more years, at least 10 of which have been on state active duty, or have been separated for physical disability. All other permanent state employees are covered by the Public Employees' Retirement System.

50 - CALIFORNIA CADET CORPS

The California Cadet Corps is a statewide, school-based, applied leadership program conducted within a military framework. The program is designed to provide maximum growth and leadership opportunities for cadets in the middle school through high school levels.

55 - STATE MILITARY RESERVE

The State Military Reserve is a volunteer organization that is a component of the California Military Department whose mission is to support the California Military Department and the California National Guard during training, preparation for mobilization, demobilization, and defense support to civil authorities during periods of state emergencies and disasters.

65 - CALIFORNIA NATIONAL GUARD YOUTH PROGRAMS

The California National Guard Youth Programs are responsible for the command, leadership, and management of five unique youth programs located throughout California. These programs are financed with federal, state and local funds. The California National Guard is involved in youth programs because political and community leaders at the federal, state, and local levels recognize that the National Guard brings structure, discipline, and effective leadership training methods to the educational setting. These programs include the Grizzly Youth Academy, Sunburst Youth Academy, Oakland Military Institute, STARBASE Academy, and Santa Clara Alternative Placement Academy.

8950 Department of Veterans Affairs

The California Department of Veterans Affairs promotes and delivers benefits to California veterans and their families.

More specifically, the Department:

- Provides California veterans and their families with aid and assistance in presenting their claims for veterans' benefits under the laws of the United States.
- Provides California veterans with beneficial opportunities through direct low-cost loans to acquire farms and homes.
- Provides the state's aged or disabled veterans with rehabilitative, residential, and medical care and services in a home-like environment at the California Veterans Homes.

This mission is based upon the philosophy that benefit programs for veterans fulfill necessary, proper, and valid public purposes by promoting patriotism, by recognizing and rewarding sacrifice and service to country, and by providing needed readjustment assistance to returning veterans and their families, whose lives were interrupted when they responded to their country's call to military service.

Since department programs drive the need for infrastructure investment, each program has a related capital outlay program to support this need. For the specifics on the Department of Veterans Affairs' Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS (Program Objectives Statement)**10 - FARM AND HOME LOANS TO VETERANS**

The Cal-Vet Home Loan Program provides veterans, meeting specified requirements, loans for new or existing single family dwellings, which include condominiums, planned unit developments, units in cooperative housing developments, and mobile homes permanently affixed to land or in rental parks, and for farms. Construction and rehabilitation loans are also available. Cal-Vet also has a Home Improvement Loan Program to assist active contract holders or homeowners who own their homes free of debt in securing certain home maintenance and renovation improvements.

20 - VETERANS CLAIMS AND RIGHTS

The Veterans Services Division provides service and assistance to California's veterans, dependents, and survivors. Programs administered consist of: Veterans Dependents Educational Assistance Program, County Veterans Service Office Program, Medi-Cal Cost Avoidance Program, Claims and Rights Representation, Veteran Cemeteries, and the Veterans License Plate Program. California, with approximately 2.3 million veterans, represents 9 percent of the nation's total veteran population.

30 - CARE OF SICK AND DISABLED VETERANS

The Veterans Home of California, Yountville (Yountville Home) is one of the largest geriatric facilities in the country and provides full support of its residents. The Yountville Home maintains medical and nursing facility beds, including acute care, skilled nursing, and intermediate care beds as well as assisted living and domiciliary facilities.

The Veterans Home of California, Barstow is a licensed long-term care facility providing skilled nursing and intermediate care beds as well as domiciliary facilities.

The Veterans Home of California, Chula Vista is a licensed long-term care facility, encompassing skilled nursing, Residential Care for the Elderly, and domiciliary facilities.

The Veterans Home of California, GLAVC will open its satellite homes in Lancaster and Saticoy (Ventura County) for Residential Care for the Elderly residents in the Spring of 2009 and Adult Day Health Care in 2010. The West Los Angeles campus will open in Spring 2010 to Residential Care for the Elderly, Memory Care, and skilled nursing levels of care.

40 - FARM AND HOME LOANS TO NATIONAL GUARD MEMBERS

revenue bonds to provide low interest loans to National Guard members for the purchase of farms and homes. The loan provisions of this program are similar to those of the Cal-Vet Loan Program. Responsibility for administering this program was transferred to the Department of Veterans Affairs effective January 1, 1997.

45 - VETERANS MEMORIALS

This program is responsible for the beautification and enhancement of the California Mexican American Veterans Memorial on state grounds through private contributions. The money in the fund is continuously appropriated, without regard to fiscal year.

This program also supports the Veterans Registry, which is part of the California Veterans Memorial. The provided contributions help to defray the costs of data entry and system management for the Registry and the reasonable costs that are incurred by the Department for administering the fund.

50 - GENERAL ADMINISTRATION

This program provides for the executive management of the Department's full range of programs and administrative support. Functions include budgeting, accounting, personnel, and business services. These costs are distributed to the major programs.

INFRASTRUCTURE OVERVIEW

The Department of Veterans Affairs facilities include three operating veterans homes, five veterans homes under development, a state veterans cemetery, and two office buildings. The three existing veterans homes are located in Yountville, Barstow, and Chula Vista, on 547 acres of land, with 1.5 million gross square feet of building space. New homes in Lancaster and Ventura are expected to be completed by March 2009 and in West Los Angeles by March 2010, thereby providing an additional 55 acres of land and 465,000 gross square feet of building space. Homes in Redding and Fresno are in design and will reside on 52 acres. Veterans homes provide domiciliary housing for the state's veterans and are also licensed to provide four levels of care, ranging from assisted living to acute care. The state cemetery is located near Redding on 63 acres of land, and contains 8,523 gravesites and 7,800 gross square feet of building space.

9100 Tax Relief

California taxpayers are provided assistance through a variety of tax relief programs. Additional relief is provided to low-income senior citizens and disabled persons. Tax relief also is provided to individuals who agree to hold their land as open space under the Williamson Act of 1965. This budget also provides payments to cities and counties to help defray revenues lost as a result of tax relief programs.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - SENIOR CITIZENS' PROPERTY TAX ASSISTANCE

The Senior Citizens' Property Tax Assistance Program provides financial assistance to qualified California homeowners who are 62 years of age or older, and to blind or disabled residents regardless of age. The Franchise Tax Board administers this program.

20 - SENIOR CITIZENS' PROPERTY TAX DEFERRAL PROGRAM

The Senior Citizens' Property Tax Deferral Program allows eligible homeowners to defer payment of residential property taxes. The state pays the deferred taxes to local governments on behalf of the participants, and places a lien on their property to assure repayment when the property is sold or transferred. The State Controller administers this program.

30 - SENIOR CITIZEN RENTERS' TAX ASSISTANCE

The Senior Citizen Renters' Tax Assistance Program provides financial assistance to eligible low-income renters who are 62

years of age or older, and to blind or disabled renters regardless of age. The Franchise Tax Board administers this program.

50 - HOMEOWNERS' PROPERTY TAX RELIEF

In order to reduce California taxpayers' property tax burden, the California Constitution exempts homeowners from paying property taxes on the first \$7,000 of the assessed value of their principal place of residence. The Constitution requires the state to reimburse local governments for revenues lost due to the homeowners' exemption.

60 - SUBVENTIONS FOR OPEN SPACE

The Williamson Act permits cities and counties to enter into contracts with landowners to limit the use of land to agricultural, scenic and open-space purposes. Article XIII, Section 8, of the California Constitution permits land under such restrictions to be assessed at other than market value based on its limited use. The state provides reimbursements to cities and counties to partially defray the loss of property tax revenues. The Department of Conservation administers this program.

MAJOR PROGRAM CHANGES

- General Fund support for the Citizens Option for Public Safety/Juvenile Justice Crime Prevention Act program is reduced by \$89.3 million in 2008-09, and eliminated in 2009-10. These reductions will be backfilled from the Local Safety and Protection Account in the amount of \$53.8 million in 2008-09, and \$191.6 million in 2009-10. Funding for the Local Safety and Protection Account comes from vehicle license fee revenue formerly used to support the Department of Motor Vehicles. These changes will result in \$214.2 million in ongoing General Fund savings beginning in 2009-10.
- General Fund support for the Booking Fees program is eliminated in 2009-10, for annual savings of \$31.5 million. The reduction will be fully backfilled with revenues from the Local Safety and Protection Account described above.
- The Governor's Budget proposes to eliminate \$151.8 million in General Fund support for local juvenile probation activities in 2009-10. This reduction is partially offset with \$135.9 million from the Local Safety and Protection Account.
- General Fund support for the Small/Rural Sheriffs program is eliminated in 2009-10, for annual savings of \$18.5 million.

9600 Debt Service General Obligation Bonds and Commercial Paper

The General Obligation Bond and Commercial Paper interest and redemption program is based upon the debt service cash needs of the related programs. Assumptions of the debt service on the remaining 2008-09 and 2009-10 General Obligation bond sales are reflected in this budget. The assumptions regarding sale volume and the types of bond (i.e., fixed versus variable) are anticipated by the State Treasurer's Office. For information on issued and unissued bonds, total amounts of authorized bonds, and proposed sales, please refer to Summary Schedule 11.

9610 Lease-Revenue Notes and Bonds

This budget is limited to those long-term lease arrangements, generally resulting in a capital acquisition or improvement, for which a bond or note has been issued as the underlying source of funds. This budget reflects expenditures for the appropriations necessary for the lease payments that are contained in the support budgets of the affected departments or agencies and may vary from this display because of reappropriations from prior years savings or reimbursements from bond surplus accounts. This display is intended to meet the needs of the financial community for summary information relating to lease-revenue debt. The proposed sales detailed in this budget are anticipated by the Department of Finance and the State Treasurer's Office.

In accordance with Government Code Section 63049.1, the Enhanced Tobacco Settlement Asset-Backed Bonds item appropriates \$1,000 and authorizes the Director of Finance to allocate up to \$200 million if tobacco settlement revenues are insufficient to pay the costs of debt service and operating expenses. While this authority was necessary to sell the Tobacco Settlement Revenue backed bonds, it is not anticipated that the General Fund will be required to make any payments.

9620 Payment of Interest on General Fund Loans

The Payment of Interest on General Fund Loans Program accounts for the interest cost to the General Fund for internal and external borrowing used to overcome normal cash flow imbalances during the fiscal year. Because receipts and disbursements occur unevenly throughout the fiscal year, the General Fund will need to borrow even though its budget is balanced. This short-term borrowing for cash flow purposes does not indicate fiscal weakness and may be preferable to carrying too large a reserve.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - PAYMENT OF INTEREST ON GENERAL FUND LOANS

Chapter 312, Statutes of 1907, authorized the transfers to the General Fund from other funds in the State Treasury whenever the General Fund was exhausted. This enabled the General Fund to overcome normal cash flow imbalances. All money so transferred had to be returned as soon as possible, and such transfers were not to interfere with the day-to-day needs of the loaning funds. These provisions in slightly modified form are now contained in Sections 16310 and 16418 of the Government Code.

In addition, the courts have validated temporary external borrowing that meets the "appropriation doctrine". Under this doctrine, an obligation is not considered a debt or liability within the State Constitutional limitation on indebtedness (Section 1 of Article XVI) if an appropriation is made from existing funds or reasonably anticipated funds subject to appropriation. This doctrine was invoked in 1933 and 1936 to uphold the use of registered warrants (IOUs) during the Great Depression and again in 1971 to validate the State of California Notes provisions of Chapter 223, Statutes of 1971. The Notes provisions were invoked in 1971-72 in lieu of the more costly registered warrant authority used during the Depression and, like registered warrants, required the exhaustion of all internal sources of funds before being implemented. The Notes provisions were re-enacted by Chapter 10X, Statutes of 1983, and employed in 1982-83 and 1983-84.

In 1984-85, the state implemented a cash management program pursuant to Chapter 268, Statutes of 1984, which provided the flexibility to borrow from external sources prior to exhausting internal sources. Under this program, the use of external funds results in potential savings to the General Fund, as well as increased revenue to the various special funds from which the General Fund would have borrowed from pursuant to Sections 16310 and 16418 of the Government Code.

External sources of borrowing available to the state include revenue anticipation notes (RANs), revenue anticipation warrants (RAWs), and registered warrants. RANs and RAWs are short-term debt obligations issued in anticipation of receiving revenues in the near future. Registered warrants are essentially short-term IOUs.

Pursuant to Government Code Sections 12020 and 12021, accounts payable and receivable and cash flow statements for the past, current, and budget years are included as Schedule 5 in the Governor's Budget Summary. Neither cash receipts nor disbursements match revenues and expenditures presented elsewhere in this Budget. In order to reflect cash flow, budget data is converted to cash basis primarily by adjusting for cash collected by an agency but not yet recorded by the Controller and for accruals. Adjustments are also made to reflect statutory changes, anticipated legislative actions, and administrative actions. The estimated current and budget year cash flows incorporate revenue and expenditure measures

reflected in this Budget, as of January 10. These cash flows include estimates of internal and external borrowing based on the revenue and expenditure projections in the Governor's Budget.

Recent budgets have authorized loans from various funds and accounts to the General Fund. These loans are being repaid over multiple fiscal years. Unless otherwise specified in statute, the loans are being repaid with interest calculated at the Pooled Money Investment Account Rate on the date of transfer.

9625 Interest Payments to the Federal Government

As a result of Public Law 101-453, 31 U.S.C. 3335 and 6503, which enacted the Cash Management Improvement Act of 1990 (CMIA), the state will incur an interest liability to the federal government. The purpose of CMIA is to ensure greater efficiency, effectiveness, and equity in the exchange of funds between the federal government and the state. The major provisions of CMIA are: (a) federal agencies must make timely fund disbursements and grant awards to the state; (b) the state must minimize the time between the deposit of federal funds in the state account and the payout of the funds for program purposes; (c) the state is entitled to interest from the federal government from the time state funds are paid out for program purposes until federal funds are deposited in the state account; and (d) the federal government is entitled to interest from the state from the time federal funds are deposited in the state account until the funds are paid out for program purposes.

The federal assistance programs impacted by the CMIA are those programs that have \$230 million or more in federal fund expenditures. For the majority of these programs, state agencies request federal funds in advance of the warrant (i.e., check) issuance. State agencies use this funding technique because the State Constitution requires that the funds be deposited before the warrants are issued.

Interest payments to the federal government are due no later than March 31 each year. The March 31, 2009 payment will be for the interest liability incurred during the state's 2007-08 fiscal year.

9650 Health and Dental Benefits for Annuitants

This program provides funding for health and dental benefit services for retired state employees and their dependents.

The program began on January 1, 1962, with an employer contribution of \$5.00 per month toward the cost of a basic health plan. Since then, major medical plans, Medicare, and plans supplementing Medicare have been developed. Dental care was added in 1982.

The 2008-09 employer contribution for health premiums maintains the average 100/90 percent contribution formula established in Government Code Section 22871. Under this formula, the state averages the premiums of the four largest health benefit plans in order to calculate the maximum amount the state will contribute toward the retiree's health benefits. The state also contributes 90 percent of this average for the health benefits of each of the retiree's dependents. The retiree is responsible for paying all health benefit plan costs that exceed the average of the four largest benefit plans. The 2008-09 monthly contribution maximums are \$478 for a single enrollee, \$909 for an enrollee and one dependent, and \$1,167 for an enrollee and two or more dependents. Dental care premiums vary by plan and number of dependents.

9658 Budget Stabilization Account

Proposition 58, as approved by the voters in March of 2004, established the Budget Stabilization Account (BSA), and requires the State Controller to transfer a specified percentage of estimated General Fund revenues from the General Fund to the BSA. The Legislature may transfer, by statute, amounts in excess of the specified percentage to the BSA. In addition, the Governor, by executive order, may suspend the transfer to the BSA. Half of the funds transferred to the BSA will be used to retire Economic Recovery Bonds authorized in Proposition 57 (March 2004).

PROGRAM AUTHORITY

Section 20, Article XVI of the Constitution of the State of California.

Control Section 35.50, Budget Act.

Control Section 35.60, Budget Act.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - Proposition 58, as passed by the voters March 2, 2004, established the Budget Stabilization Account (BSA) and requires the Controller to transfer a specified percentage of General Fund revenues, no later than each September 30, from the General Fund to the BSA as follows:

- For fiscal year 2006-07, one percent of estimated General Fund revenues.
- For fiscal year 2007-08, two percent of estimated General Fund revenues.
- Annually thereafter, three percent of estimated General Fund revenues.

Additionally, the Legislature may, by statute, direct the Controller to transfer into the BSA amounts in excess of the specified percentages. The Constitution also authorizes the Governor to reduce or suspend this transfer for any fiscal year by executive order prior to June 1 of the preceding fiscal year. The transfer of moneys is not required in any fiscal year to the extent that the balance in the BSA would exceed five percent of the General Fund revenues estimate set forth in the budget bill for that fiscal year, as enacted, or eight billion dollars (\$8,000,000,000), whichever is greater. In each fiscal year, 50 percent of the funds transferred to the BSA, up to \$5,000,000,000 in the aggregate, is to be deposited in the Deficit Recovery Bond Retirement Sinking Fund Subaccount and continuously appropriated to the Treasurer to supplement the retirement of Economic Recovery Bonds approved by the voters at the same election. Other funds in the BSA may be transferred back to the General Fund by statute.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - EQUITY CLAIMS

This program includes all claims approved by the three-member California Victim Compensation and Government Claims Board and referred to the Legislature in the omnibus claims bills for payment. The program provides an equitable procedure for the payment of the following categories of claims:

- Claims for which no appropriation has been made or for which no fund is available, but the settlement of which has been provided for by statute or constitutional provision.
- Claims for which the appropriation made or fund designated is exhausted.
- Claims for which settlement is not otherwise provided for by statute or constitutional provision.

The California Victim Compensation and Government Claims Board must submit special appropriation measures under Chapter 182, Statutes of 1976, at least twice during each calendar year. Current year expenditures for the payment of 2008-09 equity claims include funds appropriated by Chapters 37 and 338, Statutes of 2008.

20 - SETTLEMENTS AND JUDGMENTS

This program includes claims paid through judgment and settlement bills sponsored by the Department of Justice each year. The claims are either judgments against the state or settlements approved by the Department of Justice pursuant to the authority provided in Government Code Section 948 et seq. Current year expenditures for the payment of 2008-09 judgments and settlements are appropriated by Chapter 59, Statutes of 2008.

9800 Augmentation for Employee Compensation

This budget reflects funding augmentation amounts for state employee compensation adjustments. If the Legislature has already appropriated money to pay for the economic terms of employee compensation, the funding for these economic terms is included in departments' budgets. When new economic terms require funding not yet approved by the Legislature, the appropriations for those economic terms are included in this budget.

9818 Federal Levy of State Funds

The federal courts periodically issue judgments or "writs of execution" against the State of California requiring the state to make payments to the federal government. The writs and judgments provide the authority to the federal government to withdraw funds from the state bank accounts maintained by the State Treasurer's Office at the various state depository banks.

Each year the Budget Act authorizes the Department of Finance to identify specific appropriations or funds to charge when the federal government withdraws funds from state bank accounts. When no specific appropriation or fund can be identified, the withdrawals are charged to the unappropriated General Fund balance.

No levies were paid during the 2007-08 fiscal year and none have been paid through December 31, 2008.

9885 Reserve for Liquidation of Encumbrances

Encumbrances (commitments for the procurement of goods or services which have not yet been received by the state) are accrued as expenditures by departments at year-end and included in the expenditure totals of individual budget displays. This treatment is in accordance with the budgetary/legal basis of accounting.

Generally Accepted Accounting Principles (GAAP) require that encumbrances be reflected as a reserve against the General Fund balance and not as an expenditure, as in budgetary/legal basis accounting. Government Code Section 13306 and state policy require compliance with GAAP whenever it is in the best interest of the state. This budget reflects a statewide adjustment to reduce expenditures on a budgetary/legal basis by the encumbrance amounts to comply with GAAP. A reserve of fund balance for encumbrances for this same amount is shown in Summary Schedule 1 for the General Fund.

COMPUTATION OF ENCUMBRANCE ADJUSTMENT

The State Controller's Office accumulated a preliminary estimated General Fund encumbrance total of \$1,079,393,000 from 2007-08 year-end financial statements submitted by state departments. For budgeting purposes, encumbrances are estimated to be at the same level for the 2008-09 and 2009-10 fiscal years and are assumed to be liquidated (paid) within the next fiscal year. The Encumbrance Adjustment Table summarizes the methodology and the calculation for the encumbrance adjustment.

9900 Statewide General Administrative Expenditures (Pro Rata)

Central service agencies, such as Department of Finance, the State Treasurer, the State Controller, State Personnel Board, and Legislature, provide budgeting, banking, accounting, auditing, payroll, and other services to all state departments. The Pro Rata process apportions the costs of providing central administrative services to all state departments and funding sources that benefit from the services. Amounts apportioned to special funds for their fair share of central administrative services costs are transferred from the special funds to the General Fund and the Central Service Cost Recovery Fund.

Pro Rata charges to special funds are normally included in the appropriate departmental budgets. This budget item includes Pro Rata charges to special funds for those cases where appropriate funding was not provided for in departmental budgets.

9909 Health Insurance Portability and Accountability Act Compliance

The federal Health Insurance Portability and Accountability Act (HIPAA) reforms the health care industry with provisions that: (1) improve portability and continuity of health insurance coverage for groups and individuals, (2) combat waste, fraud, and abuse in health insurance for health care delivery, and (3) simplify the administration of health insurance. To accomplish these objectives, the HIPAA requires specific national standards for coding and tracking medical information, administrative simplification, and security and privacy of individual patient records.
