

# **General Government**

---

The General Government Section includes departments, commissions and offices responsible for oversight of distinct policy areas, such as ensuring peace officer competence, reasonable public utility rates, food and agricultural issues, and services to veterans, that are not easily consolidated into other oversight areas. Additionally, this Section includes issues that are statewide in nature such as lease/revenue issues, bonds, and local government issues.

## 8120 Commission on Peace Officer Standards and Training

The Commission on Peace Officer Standards and Training is responsible for raising the competence level of law enforcement officers in California by establishing minimum selection and training standards, improving management practices, and providing financial assistance to local agencies relating to the training of law enforcement officers.

### PROGRAM DESCRIPTIONS

#### 6500 - STANDARDS

The Standards Program establishes job-related selection and training standards for peace officers and dispatchers. It also provides management consultation to local law enforcement agencies. Activities include development of examinations and counseling local law enforcement agencies on ways to improve management practices.

The Program conducts applied research in the areas of peace officer selection and training, operational procedures and program evaluation to meet statutory requirements and to provide management guidance to local law enforcement agencies. It also facilitates the development and implementation of new programs for local agencies by serving as a clearinghouse of successful program information. Finally, it conducts accreditation and peace officer feasibility studies.

#### 6505 - TRAINING

The Training Program increases the competence of law enforcement personnel by developing and certifying courses that meet identified training needs. This activity requires scheduling and quality control of such courses, and assisting law enforcement agencies in presenting necessary training and career development programs to their officers. The Commission assesses training on a continuing basis to ensure that evolving training needs are met. The curricula cover a wide variety of topics necessary to satisfy statutory and regulatory mandates, maintain competence in police work, and address the training needs of law enforcement agency personnel. Curricula content is updated regularly. The Program also presents advanced training for law enforcement supervisors and executives through its Command College and the Supervisory Leadership Institute, and for trainers through the Basic Academy Instructor Certificate Program and the Instructor Development Institute. Other specialty programs include the Institute of Criminal Investigation.

Job-related selection and training standards for peace officers and dispatchers, established by the Standards Program, are enforced through inspections of local agencies receiving state aid to ensure they are adhering to minimum state standards.

#### 6510 - PEACE OFFICER TRAINING

The Peace Officer Training Program provides financial assistance to participating jurisdictions for instructional costs associated with selected training courses. Funding is also provided for the cost of student travel and per diem expenses associated with training presentations and for necessary overtime to enable line officers to receive in-service training in areas of critical need. To encourage and assist local law enforcement agencies to meet and maintain minimum standards in the selection and training of law enforcement officers, the Commission provides financial assistance to all 58 counties, approximately 346 cities, and numerous specialized districts and local agencies which have agreed to meet the Commission's standards.

## 8260 California Arts Council

The California Arts Council (Council) consists of eleven members, nine appointed by the Governor and one each appointed by the President pro Tempore of the Senate and the Speaker of the Assembly. The Council establishes general policy and approves program allocations.

The Council recognizes that the Arts are essential for the cultural, educational, social and economic development of California. The Council seeks to further its mandates and services to the public through the development of partnerships with the public and private sectors and by providing support to the state's non-profit arts and cultural community, which are broad-based and extended across the state from its largest metropolitan areas to its most rural areas.

The Council is statutorily required to:

- Encourage artistic awareness, participation, and expression among the citizens of California.
- Help independent local groups develop their own arts programs.
- Promote the employment of artists and those skilled in crafts in both the public and private sectors.
- Provide for the exhibition of art works in public buildings throughout California.
- Enlist the aid of all state agencies in the task of ensuring the fullest expression of our artistic potential.

## 8420 State Compensation Insurance Fund

State Compensation Insurance Fund (State Fund) is a public enterprise fund established through legislation enacted in 1913 to provide an available market for workers' compensation insurance to employers located in California. State Fund is governed by a board of directors with authority comparable to that of the governing body of a private insurance carrier.

State Fund's purpose is to provide fairly priced workers' compensation insurance, make the workplace safe, and restore injured workers. State Fund is self-supported with revenues from premiums on policies written and from investment income. It does not receive any financial support from the state, and the state is not liable for any obligations of State Fund. Almost all of State Fund's employees are civil servants.

Separate from its insurance business, State Fund has been engaged by the California Department of Human Resources to provide workers' compensation claims administration services for legally uninsured departments, agencies, boards, commissions, or other subdivisions of state government under a Master Agreement. Under this agreement, the state provides a deposit out of which State Fund pays compensation benefits to injured workers and medical benefits to health providers, and is reimbursed by state agencies for amounts paid plus service fees equal to the costs of these services.

### PROGRAM DESCRIPTIONS

6570 - AGRICULTURAL PLANT AND ANIMAL HEALTH; PEST PREVENTION; FOOD SAFETY SERVICES

The objective of this program is to prevent the introduction and establishment of serious plant and animal pests and diseases to California and protect the safety of California's dairy products and meat and poultry products exempt from Federal inspection. In particular, the program is focused on pests and diseases that can: (1) be transmitted to humans, (2)

inflict catastrophic financial loss on California's farmers, ranchers, and associated businesses, (3) have severe negative impact on the environment, or (4) adversely affect the supply of agricultural products to the consumer.

### 6575 - MARKETING; COMMODITIES AND AGRICULTURAL SERVICES

California agriculture produces over 400 different crops, which enter state, national, and international commerce. The objectives of this program are to assure orderly domestic and international marketing of safe and quality agricultural commodities, promote consumer protection, food access, ensure fair pricing practices, oversee industry-supported grading services, and maintain standards of measurement which provide a basis of value comparison, fair competition in the marketplace, and establish quality standards for conventional and alternative fuels and automotive products.

This program also provides support to governmental agencies that work to protect the nation's food supply and the environment by monitoring for chemical contaminants such as pesticides in food, animal feed and fertilizers.

### 6580 - ASSISTANCE TO FAIRS AND COUNTY AGRICULTURAL ACTIVITIES

This program provides limited fiscal and policy oversight to the network of California fairs.

The State has a network of 78 fairs including county fairs, citrus fruit fairs and District Agricultural Associations. State oversight of these local fairs includes periodic financial reviews and audits.

### 6590 - GENERAL AGRICULTURAL ACTIVITIES

This program provides the fiscal and policy oversight of the federal grants awarded that promote California agriculture, and for all CDFA Greenhouse Gas Reduction Program activities which are designed to reduce greenhouse gas emissions in agriculture.

In addition, this program serves as the central point of contact for logistical coordination of all departmental resources, provides industry and agency coordination on environmental issues affecting agriculture, and provides centralized communications to California's agricultural industry, including County Agricultural Commissioners and the statewide fairgrounds.

This program also partially reimburses County Agricultural Commissioners' Offices for carrying out agricultural programs authorized by the Food and Agricultural Code under the supervision of CDFA.

### 9900 - EXECUTIVE, MANAGEMENT AND ADMINISTRATIVE SERVICES

Executive and Management Services include the executive leadership of the Secretary's Office. The Secretary's Office sets priorities and policies to protect, support, and promote agriculture in the State of California, and helps to protect the health and welfare of the public and the environment.

Administrative Services provides centralized administrative support to the Department through fiscal operations, employee-employer relations, personnel management, employee development, and general business services.

**8660 Public Utilities Commission**

The California Public Utilities Commission (PUC) regulates critical and essential services such as privately-owned telecommunications, electric, natural gas, and water companies, in addition to overseeing railroad/rail transit and moving and transportation companies. The PUC is the only agency in the state charged with protecting private utility consumers. As such, the PUC is responsible for ensuring that customers have safe, reliable utility service at reasonable rates, protecting against fraud, and promoting the health of California's economy, which depends on the infrastructure the utilities and the PUC provide.

### PROGRAM DESCRIPTIONS

#### 6680 - REGULATION OF UTILITIES

Californians spend more than \$50 billion annually for services from industries regulated by the PUC. This includes 6 electricity utilities (80 percent of electric load in California), 913 telecommunications carriers, 129 water and sewer utilities, 5

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## 8660 Public Utilities Commission - Continued

natural gas utilities with approximately 10.8 million customers, 4 gas storage facilities, and more than 3,170 small mobile home park and propane operators.

The PUC oversees the safety of electric, communications, natural gas, and propane gas utility systems. Safety functions include both backward-looking investigation and analysis of safety incidents and utility performance, and forward-looking risk assessment to identify necessary regulatory rule reform. The PUC also performs operation and maintenance audits, outage inspections, and investigations of incidents at electric generation facilities.

The PUC conducts triennial reviews of utility operations to determine just and reasonable rates for energy services. The PUC provides guidelines for investor-owned utilities and other load-serving entities to follow when purchasing electricity on behalf of their 11.5 million customers to ensure that sufficient amounts of electricity are procured when and where needed in the state. Environmental protection and the impact of climate change are critical factors in PUC regulation and promotion of ratepayer-funded energy efficiency programs, the state's mandated renewable energy programs, and other clean energy programs.

Natural gas rate regulation encompasses setting natural gas rates and overseeing services, including in-state transportation over the utilities' transmission and distribution pipeline systems, storage, procurement, metering, and billing.

The PUC establishes requirements for energy programs for low-income ratepayers, including programs providing rate discounts, financial assistance with energy bills, and the Energy Savings Assistance Program, which provides no-cost weatherization services to customers who meet low-income eligibility criteria.

The PUC conducts and manages environmental reviews pursuant to the California Environmental Quality Act for transmission, telecommunications, and other infrastructure projects.

The PUC develops and implements policies for the rapidly changing communications and broadband markets, including removing barriers to a fully competitive market; enforcing customer service standards for telecommunication services; regulating basic and rural telecommunication rates; protecting consumers against telecommunications fraud; promoting widespread access to advanced video technology, and developing programs to bridge the "digital divide."

The PUC is responsible for ensuring that California's investor-owned water utilities deliver clean, safe, and reliable water to their customers at reasonable rates. The PUC's water utility work includes investigating water and sewer service quality, promoting water conservation and metering, improving low-income programs, analyzing and processing rate change requests, and tracking and certifying compliance with PUC requirements.

The Public Advisor's Office provides procedural information, advice, and assistance to individuals and groups interested in participating in PUC proceedings and advises the Commission on procedural matters related to public participation in proceedings. The Consumer Affairs Branch responds to questions regarding utility service and bills, and assists consumers who have unresolved disputes with regulated utilities through an informal process. A Supplier Diversity program promotes and monitors supplier diversity in procurement by utilities and oversees a certification clearinghouse.

### 6685 - UNIVERSAL SERVICE TELEPHONE PROGRAMS

The PUC oversees approximately \$720 million in telecommunications programs including the California Lifeline Fund, California Teleconnect Fund, Deaf and Disabled Telecommunications Program, and California High Cost Funds, all of which provide needed services to consumers and communities. The objectives of these "universal telephone service" programs include: (1) ensuring basic telephone service is available to all Californians; (2) encouraging consumer choice among competitive telephone companies; (3) modifying, as necessary, the basic telephone service definition to incorporate new technology; and (4) ensuring consumers have access to sufficient information to make informed choices about basic service and universal lifeline telephone services. The California Teleconnect Fund program provides discounted telecommunication services to qualifying schools, libraries, hospitals, and community-based organizations. The California Advanced Services Fund Program encourages the deployment of broadband infrastructure in unserved and underserved rural and urban areas of California.

### 6690 - REGULATION OF TRANSPORTATION

The PUC oversees the safety of railroads, rail transit systems, rail crossings, and other forms of motor conveyance in California. All railroads, 7 major rail transit agencies, 6 smaller transit systems, and more than 13,500 public and private crossings are subject to PUC regulation and inspection. For traditional heavy rail, the PUC's specially trained and federally-certified inspectors inspect all tracks (annually), all train equipment and facilities (thrice annually), and all signals and appurtenances; investigate all rail accidents resulting in loss of life and property damage; and ensure safe transport of hazardous materials by rail.

For rail transit systems, PUC inspectors and engineers conduct safety inspections of track, vehicles, signals and train control, and operations, as well as overall agency triennial safety audits. The PUC also has exclusive authority to approve or disapprove all highway-rail crossings of railroad or rail transit tracks, and crossing safety treatments deployed at each crossing. Additionally, the PUC jointly (with Caltrans) administers the state's annual allocation of federal funds for crossing hazard elimination projects and the state's grade separation program, which assists localities with the high cost of grade-separating highway/rail crossings.

The transportation program also oversees passenger carriers, including privately-owned for-hire passenger transportation companies (e.g., limousines, airport shuttles, and charter and scheduled bus operators), privately-owned water ferries, and household goods carriers. The program regulates rates and services, issues certificates and other licenses, enforces safety

standards and insurance requirements, and protects consumers from moving companies and for-hire passenger carriers operating illegally.

### 6695 - OFFICE OF RATEPAYER ADVOCATES

The mandate and function of the Office of Ratepayer Advocates (ORA) is defined in Public Utilities Code Section 309.5. The ORA is a statutorily-defined state entity charged with representing and advocating on behalf of public utility customers and subscribers in all significant proceedings within the PUC's jurisdiction.

Chapter 856, Statutes of 1996 (SB 960), codified the ORA with a director appointed by and serving at the pleasure of the Governor and charged the ORA with representing ratepayer interests in Commission proceedings. Chapter 1005, Statutes of 1999 (AB 1658), directed funds from the Public Utilities Commission Utilities Reimbursement Account to be transferred in the annual budget act to the Public Utilities Commission Ratepayer Advocate Account. The law further required that "funds in the Public Utilities Commission Ratepayer Advocate Account shall be utilized exclusively by the division in the performance of its duties as determined by the director" [of ORA], and that the budget be submitted to the Commission for approval.

Chapter 440, Statutes of 2001 (SB 201), removed the limitation that ORA only represent ratepayers in PUC proceedings. SB 201 extended ORA's representation to other venues such as, but not limited to, the Energy Commission, Air Resources Board, California Independent System Operator, and legislative hearings.

Chapter 440, Statutes of 2005 (SB 608), required the PUC to provide personnel and resources to ORA, including attorneys and other legal support, sufficient to ensure that customer and subscriber interests are effectively represented in all significant proceedings. The law also authorized the ORA director to appoint a lead attorney to represent the division and that "all attorneys assigned by the Commission to perform services for the division shall report to and be directed by the lead attorney appointed by the Director" [of ORA].

Chapter 356, Statutes of 2013 (SB 96), requires the creation of an independent ORA program budget administered and utilized exclusively by ORA, subject to review and approval by the Department of Finance. SB 96 also requires the ORA director to employ personnel and resources, including attorneys and other legal support staff, at a level sufficient to ensure that customer and subscriber interests are effectively represented in all significant proceedings.

## 8780 Milton Marks "Little Hoover" Commission on California State Government Organization and Economy

The Milton Marks "Little Hoover" Commission on California State Government Organization and Economy (Commission) is the state's only independent and citizen-based oversight mechanism. It conducts four to five comprehensive reviews of executive branch programs, departments, and agencies each year and recommends ways to improve performance by increasing efficiency and effectiveness with existing resources. The Commission is statutorily responsible for analyzing and making recommendations to the Legislature on all Governor reorganization plans.

The Commission is composed of two members of the Senate, two members of the Assembly, and nine unpaid citizen members - five appointed by the Governor and four appointed by the Legislature.

Because of the Commission's independence, the Legislature charged it with oversight of the California State Auditor, including contracting with an independent auditor for annually examining the State Audit Fund.

## 8790 California Commission on Disability Access

The Commission on Disability Access was established in 2008 pursuant to Chapter 549, Statutes of 2008, and subsequently redefined pursuant to Chapter 383, Statutes of 2012, to study existing disability access requirements and compliance, and to promote better compliance with existing laws and regulations, such as the Americans with Disabilities Act and the California Unruh Civil Rights Act. The Commission also acts as an information center on disability access compliance statutes and regulations, coordinates with state agencies and local building departments, and prevents or minimizes compliance problems by California businesses. Lastly, the Commission develops recommendations that enable persons with disabilities to exercise their right to full and equal access to public facilities, and facilitate business compliance with laws and regulations to avoid unnecessary litigation.

**8855 California State Auditor's Office**

The California State Auditor (State Auditor) promotes the effective and efficient administration and management of public funds and programs by providing citizens and government officials nonpartisan, accurate, and objective assessments of state and local governments' financial and operational activities. As the independent auditor, the state law exclusively grants the State Auditor full access to all records of state and local agencies, special districts, school districts, and any publicly-created entity. The State Auditor conducts performance, financial, or compliance audits that are either mandated by statute

or requested by the Legislature through the Joint Legislative Audit Committee (JLAC). Further, the State Auditor is responsible for annually conducting California's statewide Single Audit - a combination of the independent audit of the State's basic financial statements and the independent audit of numerous federal programs administered by California. The Single Audit is federally required as a condition for California to receive billions in federal funds each year. In 2011-12, the Legislature enacted a program that requires the State Auditor to conduct pilot audits of the procurement practices of six trial courts in 2012-13 and thereafter biennially audit the procurement practices of the Administrative Office of the Courts and five judicial branch entities - which includes trial courts, Appellate Courts, and the Habeas Corpus Resource Center.

The State Auditor also identifies statewide issues or specific government entities as being at-high risk for waste, fraud, abuse, and mismanagement or that have major challenges related to efficiency and effectiveness. The State Auditor has the authority to conduct evaluations of those issues and entities identified as being high risk. Similar to the state high-risk program, Chapter 451, Statutes of 2011 (AB 187), also authorizes the State Auditor, to the extent resources are available, to identify local government agencies - including city, county, or special districts or publicly-created entities - as being at-high risk for the potential of waste, fraud, abuse, or mismanagement or that have major challenges associated with their economy, efficiency, or effectiveness. Further, if approved by the JLAC, the State Auditor can audit these identified local entities.

Additionally, under the California Whistleblower Protection Act, the State Auditor's office has broad authority to perform independent investigations into allegations of improper governmental activities by employees at state agencies and courts. The State Auditor's office administers California's Whistleblower Hotline that enables the public to report allegations of improper acts committed by the courts, state agencies, departments, or employees, as defined by law.

The Voters FIRST Act, approved by voters in November 2008 as Proposition 11, requires the State Auditor to initiate an application process for selecting the members of a 14-member Citizens Redistricting Commission (Commission) every 10 years. The State Auditor develops regulations to implement the application and selection process of the Commission and conducts comprehensive outreach to prospective applicants to serve on the Commission.

**PROGRAM DESCRIPTIONS****6770 - STATE BUDGET**

To ensure the financial integrity of the state through the planned allocation of state resources, the Department of Finance advises the Governor on the fiscal condition of the state and prepares the annual Governor's Budget. The Governor's Budget contains past year actual expenditures and revenues, current year estimated expenditures and revenues, and proposed expenditures and estimated revenues for the next fiscal year. After the budget is enacted, the Department of Finance assists in the administration of the budget. The Department of Finance also conducts performance reviews of state agencies and programs, recommends ways to lower the costs of state government and to better serve the public within existing resources, and provides fiscal analyses of bills introduced in the Legislature and makes recommendations to the Governor. Basic and applied economic and tax research functions support the revenue estimates required for the development of the state financial plan, for the analysis of financial legislation, and the evaluation of economic trends or other fiscal developments which affect the state. Basic and applied demographic research functions provide data to support the workload estimates of state agencies.

**6775 - FINANCIAL INFORMATION SYSTEM FOR CALIFORNIA (FI\$Cal) PROJECT SUPPORT**

The Department of Finance is one of four partner agencies responsible for the development, implementation, utilization, and maintenance of an integrated statewide financial management system, FI\$Cal. This program includes Department of Finance subject-matter experts assigned to the FI\$Cal Project.

**6780 - STATE AUDITS AND EVALUATIONS**

The Department of Finance systematically reviews and evaluates state-administered and financed programs. The Office of State Audits and Evaluations assists the Director of Finance in fulfilling the statutory responsibilities for supervision over all matters concerning the financial and business policies of the state by conducting financial audits and by performing critical examinations of state programs and policies.

**6785 - STATEWIDE ACCOUNTING POLICIES, CONSULTING AND TRAINING**

The Statewide Accounting Policies, Consulting and Training Unit sets statewide accounting policies and procedures. The unit provides fiscal consulting and training services to departments to help ensure that the state's assets are protected and accurate, and timely financial information is maintained. The unit maintains a uniform and complete accounting system for state departments and participates in the development of other statewide financial systems.

**6800 - LOCAL GOVERNMENT AUDITS AND EVALUATIONS**

The Department of Finance is responsible for the oversight activities associated with the dissolution of redevelopment agencies. **8940 Military Department**

The Military Department is responsible for the command, leadership and management of the California National Guard, Youth and Community Programs, State Military Reserve and the Naval Militia. The California Military Department, under proper authority, organizes, resources, and trains forces with unique capabilities to serve the community, state, and nation. The purpose of the California National Guard is to provide mission ready forces to the federal government as directed by the President, emergency public safety support to civil authorities as directed by the Governor, and support to our member's families and to the community. With an authorized strength of 22,325, the Army National Guard and Air National Guard are organized, manned, and funded in accordance with federal Departments of the Army and Air Force regulatory guidance.

The Military Department Youth and Community Program serves California communities and families by delivering national level, high quality educational support programs, in partnership with the educational community, within a military, academic structured environment. In addition to the funding that flows through the State Treasury, the Military Department also receives federal funding directly from the Department of Defense. A special display titled "Other Federal Funds" shows the funding received from this source.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Military Department's Capital Outlay Program, see "Infrastructure Overview."

### PROGRAM DESCRIPTIONS

#### 6911 - NATIONAL GUARD

The Military Department will maximize the readiness of the California National Guard's Soldiers and Airmen, along with our State Military Reserve. Army National Guard support plans include a community-based land force, logistics, communications, law enforcement and other specialized support. Air National Guard support plans include rescue, air defense, airlift and unmanned aerial systems, space, intelligence, communications, and other specialized services. The Office of the Adjutant General element governs the joint activities and performance of the Military Department in areas such as personnel and fiscal resource management, judicial affairs, internal controls, facility management, and information technology. The Military Civil Support element provides liaison and coordination with federal, state, and local agencies so that mutual understanding and unity of purpose is assured during an emergency. The objectives of this element are to plan, prepare, and train for the deployment of Military Department personnel and equipment to support civil authority when called to state service by the Governor due to domestic emergency or natural disaster and to provide the state, county, city, and other public agencies with the coordination necessary to ensure a timely, organized response. The State Military Reserve is a volunteer component of the Military Department whose mission is to provide a trained, disciplined and ready force during training, preparation for mobilization, demobilization, and provision of support to civil authorities during periods of state emergencies. The federal government provides virtually all supplies, equipment, transportation, subsistence, and support services necessary for training, deployment, and commitment of the National Guard. Training is conducted in accordance with the Department of the Army and Air Force Regulations and Training Guidance.

#### 6912 - YOUTH AND COMMUNITY PROGRAMS

The Military Department manages the following seven programs while serving more than 12,000 youth annually: California Cadet Corps, Oakland Military Institute, Grizzly Youth Academy, Sunburst Youth Academy, Discovery ChalleNGe Academy, STARBASE Academy Sacramento and STARBASE Academy Los Alamitos. The California Cadet Corps, founded in 1911 by the California Legislature and then-Adjutant General BG Edwin Forbes, is a school-based, applied leadership program that is designed to provide maximum growth and leadership opportunities for cadets from elementary through high school levels. It provides leadership opportunities for cadets by allowing them to conduct training for junior cadets, perform as leaders in their cadet military units, and by demonstrating proper behavior and citizenship at their schools and in their communities. As part of their training, cadets provide assistance and support to the school and community. The Oakland Military Institute College Preparatory Academy develops leaders of character by providing a rigorous seven-year college preparatory program to promote excellence in the four pillars of academics, leadership, citizenship, and athletics. Using a military framework, the goal of Oakland Military Institute is to graduate cadets who are capable of meeting the admissions requirements for any college in the nation and who are prepared for their roles as future leaders. The mission of the National Guard Youth ChalleNGe Program is to intervene in and reclaim the lives of 16-18 year old high school dropouts. Graduates leave the program with the values, life skills, education, and self-discipline necessary to succeed as productive citizens. The goal of the Department of Defense STARBASE program is to motivate elementary school students, primarily 5th graders, to explore Science, Technology, Engineering and Math (STEM) as they continue their education. The curriculum is designed to increase student involvement and interest in STEM, enhance their understanding of the role that STEM literacy plays in their lives, strengthen potential for future careers, and make the pursuit of STEM activities more attractive and accessible. While attending STARBASE students interact with military personnel to explore careers and observe STEM applications in the "real world." These seven youth programs are financed with federal, state and local funds. The California National Guard is involved in youth programs because political and community leaders at the federal, state, and local levels recognize that the National Guard brings structure, discipline, and effective leadership training methods to the educational setting.

**8955 Department of Veterans Affairs**

The California Department of Veterans Affairs (CalVet) promotes and delivers innovative services that California veterans and their families need for successful, productive, efficient and cost-effective collaboration with our key stakeholders and partners. The CalVet seeks to serve California's veterans and their families.

More specifically, the CalVet:

- Provides California veterans and their families with aid and assistance in presenting their claims for veterans' benefits under the laws of the United States.
- Provides California veterans with beneficial opportunities through direct low-cost loans to acquire farms and homes.
- Provides the state's aged or disabled veterans with rehabilitative, residential, and medical care and services in a home-like environment at the California Veterans Homes.

This mission is based upon the philosophy that benefit programs for veterans fulfill necessary, proper, and valid public purposes by promoting patriotism, by recognizing and rewarding sacrifice and service to country, and by providing needed readjustment assistance to returning veterans and their families, whose lives were interrupted when they responded to their country's call to military service.

Since the CalVet programs drive the need for infrastructure investment, each program has a related capital outlay program to support this need. For the specifics on the CalVet's Capital Outlay Program see "Infrastructure Overview."

## INFRASTRUCTURE OVERVIEW

The Department of Veterans Affairs (CalVet) facilities include eight veterans homes, two state veterans cemeteries, and two office buildings. The eight veterans homes are located in Yountville, Barstow, Chula Vista, Ventura, Lancaster, West Los Angeles, Redding and Fresno on 776 acres of land, with 2.4 million gross square feet of building space. Veterans homes provide domiciliary housing for the state's veterans and are also licensed to provide three levels of care, ranging from assisted living to skilled nursing. The two cemeteries operated by CalVet are located in Igo, near Redding, and in Yountville, and contain a total of approximately 19,000 gravesites on 74 usable acres. A third state cemetery is under construction in the City of Seaside in Monterey County; upon completion, the cemetery will contain 5,000 columbaria gravesites on approximately 17 developed acres.

**9100 Tax Relief**

This budget provides funding for cities and counties to help defray the loss of revenue as a result of the Homeowners' Property Tax Relief Program, that provides California homeowners assistance through a \$7,000 exemption from property tax, and the Open Space Subventions Program, that provides tax relief to individuals who agreed to hold their land as open space under the Williamson Act of 1965. In addition, this budget receives the excess funds from loan repayments from individuals that participated in the Senior Citizens' Property Tax Postponement Program.

### PROGRAM DESCRIPTIONS

#### 7500 - HOMEOWNERS' PROPERTY TAX RELIEF

In order to reduce California taxpayers' property tax burden, the California Constitution exempts homeowners from paying property taxes on the first \$7,000 of the assessed value of their principal place of residence. The Constitution requires the state to reimburse local governments for revenues lost due to the homeowners' exemption.

#### 7505 - SUBVENTIONS FOR OPEN SPACE

The Williamson Act permits cities and counties to enter into contracts with landowners to limit the use of land to agricultural, scenic, and open space purposes. Article XIII, Section 8, of the California Constitution permits land under such restrictions to be assessed at other than market value based on its limited uses. The state provides reimbursements to cities and counties to partially defray the loss of property tax revenues. The Department of Conservation administers this program.

#### 7510 - SENIOR CITIZENS' PROPERTY TAX POSTPONEMENT LOAN REPAYMENTS

The Senior Citizens' Property Tax Postponement Program allows eligible homeowners to defer payment of residential property tax. The state pays the deferred taxes to local governments on behalf of the participants, and places a lien on their property to assure repayment when the property is sold or transferred. The Senior Citizens' Property Tax Postponement Loan Repayments Program captures repayments from individuals that participated in the Senior Citizens' Property Tax Postponement Program and transfers to the General Fund the amount in excess of what is required to fund the Postponement Program claims. The Program was suspended in 2009 and was reestablished via legislation in 2014 (Chapter 703, Statutes of 2014).

<sup>1</sup>Totals reflect Build America Bond subsidy.<sup>2</sup>General Obligation bond expenditures include repayment of debt service for various departments funded by a series of bonds; however, the state may assign each maturity of the bonds to one or more departments, rather than having all of the debt allocated to a department mature proportionally across the entire maturity schedule. Regardless of the debt service allocated among departments, the aggregate debt service obligation of the state remains the same.<sup>3</sup>Includes Higher Education debt service paid through UC and CSU main budget items.

## 9610 Lease-Revenue Notes and Bonds

This budget is limited to those long-term lease arrangements, generally resulting in a capital acquisition or improvement, for which a bond has been issued as the underlying source of funds. This budget reflects expenditures for the appropriations necessary for the lease payments that are contained in the support budgets of the affected departments or agencies and may vary from this display because of reimbursements from bond surplus accounts. This display is intended to meet the needs of the financial community for summary information relating to lease-revenue debt.

## 9612 Enhanced Tobacco Settlement Asset-Backed Bonds

In accordance with Government Code section 63049.1, the Enhanced Tobacco Settlement Asset-Backed Bonds item appropriates \$1,000 and authorizes the Director of Finance to allocate up to \$200 million General Fund if tobacco settlement revenues are insufficient to pay the costs of debt service and operating expenses. While this authority was necessary to sell the Tobacco Settlement Revenue backed bonds, it is not anticipated that the General Fund will be required to make any payments.

## 9620 Cash Management and Budgetary Loans

Cash Management and Budgetary Loans account for the interest cost and related expenditures to the General Fund for internal and external borrowing used to overcome normal cash flow imbalances during the fiscal year. Because receipts and disbursements occur unevenly throughout the fiscal year, the General Fund may need to borrow even though its budget is balanced. This short-term borrowing for cash flow purposes does not indicate fiscal weakness and may be preferable to carrying too large a reserve.

### PROGRAM DESCRIPTIONS

#### 7720 - CASH MANAGEMENT

##### Borrowing From Other Funds or Other State/Local Entities

Chapter 312, Statutes of 1907, authorized the transfers to the General Fund from certain specified funds (often referred to as "borrowable" funds) in the State Treasury System whenever the General Fund was exhausted. Those provisions, in slightly modified form, are now contained in Sections 16310 and 16418 of the Government Code. This authorization enables the General Fund to overcome normal cash flow imbalances throughout the fiscal year to a large extent. The use of these funds' money for General Fund cash flow purposes is largely transparent to most of these funds. This mechanism does not interfere with the day-to-day cash needs of the borrowable funds because of the implementation method. Generally, when a fund is designated as borrowable for General Fund cash flow purposes, it merely increases the amount of cash the State Controller's Office is authorized to borrow from the Pooled Money Investment Account (PMIA) when there is a General Fund cash shortage. For most of these funds, actual cash is not transferred out of the funds into the General Fund. The entire cash balances of these funds remain intact and completely available for the funds' purposes.

A State Agency Investment Fund (SAIF) Program was enacted pursuant to Chapter 142, Statutes of 2011 (Senate Bill 79, Government Code section 16330), to increase internal borrowable resources through the receipt of deposits from a state entity that is not required to deposit or invest funds in the PMIA. The minimum deposit or investment per participant is \$500 million and the maximum amount for the SAIF Program for all participants is \$10 billion. There are currently no deposits in this program.

A Voluntary Investment Program (VIP) was enacted pursuant to Chapter 44, Statutes of 2012 (Senate Bill 1033, Government Code section 16340), for the receipt of voluntary deposits from local entities for the purpose of providing additional liquidity for the state's cash management. The minimum deposit from a local entity is \$200 million and the maximum amount for the VIP from all local entities combined is \$10 billion. No deposits have been made into this program.

## 9620 Cash Management and Budgetary Loans - Continued

In addition, the courts have validated temporary external borrowing that meets the "appropriation doctrine". Under this doctrine, an obligation is not considered a debt or liability within the State Constitutional limitation on indebtedness (Section 1 of Article XVI) if an appropriation is made from existing funds or reasonably anticipated funds subject to appropriation. This doctrine was invoked in 1933 and 1936 to uphold the use of registered warrants (IOUs) during the Great Depression and again in 1971 to validate the State of California Notes provisions of Chapter 223, Statutes of 1971. The Notes provisions were invoked in 1971-72 in lieu of the more costly registered warrant authority used during the Depression and, like registered warrants, required the projected exhaustion of all internal sources of funds before being implemented. The Notes provisions were re-enacted by Chapter 10X, Statutes of 1983, and employed in 1982-83 and 1983-84.

In 1984-85, the state implemented a cash management program pursuant to Chapter 268, Statutes of 1984, which provided the flexibility to borrow from external sources prior to exhausting internal sources. Under this program, the use of external funds results in potential savings to the General Fund, as well as increased revenue to the various special funds from which the General Fund would have borrowed from pursuant to Sections 16310 and 16418 of the Government Code.

External sources of borrowing available to the state include revenue anticipation notes (RANs), revenue anticipation warrants (RAWs), and registered warrants (short-term IOUs). RANs and RAWs are short-term debt obligations issued in anticipation of receiving revenues in the near future.

Additional costs to the cash management program include, but are not limited to, costs to issue and redeem IOUs, and any other program measures necessary to effectively manage cash flow.

### Overall Program

Pursuant to Government Code Sections 12020 and 12021, accounts payable and receivable and cash flow statements for the past, current, and budget years are included as Schedule 5 in the Governor's Budget Summary. Neither cash receipts nor disbursements match revenues and expenditures presented elsewhere in this Budget. In order to reflect cash flow, budget data is converted to cash basis primarily by adjusting for cash collected by an agency but not yet recorded by the Controller and for accruals. Adjustments are also made to reflect statutory changes, anticipated legislative actions, and administrative actions.

The estimated current and budget year cash flows incorporate the latest revenue and expenditure budget measures and assumptions. During difficult cash periods, cash management measures such as intra-year payment deferrals may be used from time-to-time to address low points during the fiscal year.

### 7725 - BUDGETARY LOANS

The Budget Act authorizes budgetary loans from various funds and accounts to the General Fund. These loans are being repaid over multiple fiscal years. Unless otherwise specified in statute, the loans are being repaid with interest calculated at the Pooled Money Investment Account rate on the date of transfer.

## 9625 Interest Payments to the Federal Government

Pursuant to the Cash Management Improvement Act of 1990 (CMIA), the state will incur an interest liability to the federal government. The purpose of CMIA is to ensure greater efficiency, effectiveness, and equity in the exchange of funds between the federal government and the state. The major provisions of CMIA are: (a) federal agencies must make timely fund disbursements and grant awards to the state; (b) the state must minimize the time between the deposit of federal funds in the state account and the payout of the funds for program purposes; (c) the state is entitled to interest from the federal government from the time state funds are paid out for program purposes until federal funds are deposited in the state account; and (d) the federal government is entitled to interest from the state from the time federal funds are deposited in the state account until the funds are paid out for program purposes.

The federal assistance programs impacted by the CMIA are those programs that have \$229 million or more in federal fund expenditures. For the majority of these programs, state departments request federal funds in advance of the warrant (i.e., check) issuance. State departments use this funding technique because the State Constitution requires that the funds be deposited before the warrants are issued.

Interest payments to the federal government are due no later than March 31 each year. The payment will be for the interest liability incurred during the state's prior fiscal year.

## 9650 Health and Dental Benefits for Annuitants

This program provides funding for health and dental benefit services for retired state employees and their dependents.

The program began on January 1, 1962, with an employer contribution of \$5 per month toward the cost of a basic health plan. Since then, major medical plans, Medicare, and plans supplementing Medicare have been developed. Dental care was added in 1982.

The 2015-16 employer contribution for health premiums maintains the average 100/90 percent contribution formula established in Government Code Section 22871 for fully vested members. Under this formula, the state averages the premiums of the four largest health benefit plans in order to calculate the maximum amount the state contributes towards retiree health benefits. The state also contributes 90 percent of this average towards the health benefit costs of each of the retiree's dependents. Vesting schedules and employer contributions may vary by employee bargaining unit contract.

The retiree is responsible for paying all health benefit plan costs that exceed the state contribution. Premiums are determined on a calendar-year basis; therefore, the state contribution will vary during the fiscal year. The 2015 monthly contribution maximums are \$655 for a single enrollee, \$1,246 for an enrollee and one dependent, and \$1,605 for an enrollee and two or more dependents. The 2016 monthly contribution maximums are \$705 for a single enrollee, \$1,343 for an enrollee and one dependent, and \$1,727 for an enrollee and two or more dependents. Dental care premiums vary by plan and number of dependents.

Effective July 1, 2012, funding for health benefits for California State University annuitants is displayed in Organization Code 6645 under Higher Education. This funding was previously budgeted within Organization Code 9650.

## 9658 Budget Stabilization Account

Proposition 2, approved by voters in November 2014, replaces the Proposition 58 (2004) version of the Budget Stabilization Account (BSA) to build a stronger "rainy day" reserve while requiring accelerated debt pay down.

Beginning with the 2015-16 fiscal year, Proposition 2 requires a transfer from the General Fund to the BSA by October 1 of each year. This transfer includes fifty percent of the sum of 1.5 percent of estimated General Fund revenues and the amount of capital gains revenues over 8 percent of General Fund tax proceeds that is not required to fund Proposition 98. The remaining fifty percent will be used for supplemental debt payments and other specified long-term liabilities.

Prior to the passage of Proposition 2, Proposition 58, as approved by the voters in March of 2004, established the BSA, and required the State Controller to transfer a specified percentage of estimated General Fund revenues from the General Fund to the BSA. The Legislature could transfer, by statute, amounts in excess of the specified percentage to the BSA. In addition, the Governor, by executive order, could suspend the transfer to the BSA. Half of the funds transferred to the BSA were used to retire Economic Recovery Bonds authorized in Proposition 57 (March 2004).

### LEGAL CITATIONS AND AUTHORITY

#### PROGRAM AUTHORITY

Section 20, Article XVI of the Constitution of the State of California.

Control Section 35.50, Budget Act.

### MAJOR PROGRAM CHANGES

- Supplemental Transfer to the BSA - The Budget proposes a \$2 billion transfer from the General Fund to the BSA in addition to the current projected amounts required by Section 20 of Article XVI of the California Constitution for fiscal years 2015-16 and 2016-17. In the event the amounts required to be transferred for 2015-16 and 2016-17 exceed the current estimate in the Governor's Budget, this supplemental transfer shall be first applied towards meeting the additional requirement. The current projection for the required amounts for both 2015-16 and 2016-17 is \$4.405 billion. The application of this \$2 billion transfer includes the base transfer and the two subsequent true up transfers for these two

fiscal years.

**PROGRAM DESCRIPTIONS**

7760 - Proposition 2 requires the Legislature, through the 2029-30 fiscal year, to annually set aside in the BSA for a "rainy day" fifty percent of the sum of 1.5 percent of estimated General Fund revenues and the amount of capital gain revenues over 8 percent of General Fund tax proceeds that is not required to fund Proposition 98, with the remaining fifty percent to pay down debt. Beginning in 2030-31, 100 percent of the above sum would be deposited in the BSA for a "rainy day", reduced by any funds that the Legislature may appropriate, up to fifty percent of the funds calculated for the BSA transfer, to pay down debt. The maximum balance in the BSA is limited to ten percent of General Fund proceeds of taxes. Any amounts in excess of ten percent will be used for specified infrastructure needs.

Proposition 2 includes a true up mechanism for the two preceding years, if applicable.

The Legislature may suspend or reduce the BSA transfer if the Governor declares a budget emergency. Withdrawal of funds from the BSA is limited to half of the fund's balance in the first year of the budget emergency.

Proposition 2 also establishes a Proposition 98 reserve whereby spikes in funding will be saved for future years. This will smooth school spending and thereby minimize future cuts. This reserve does not change the Proposition 98 minimum guarantee calculation and transfers will not occur until various operational and economic conditions are met.

## 9800 Augmentation for Employee Compensation

This item reflects funding augmentations for state employee compensation. If the Legislature previously appropriated money, through this budget item, to pay for the economic terms of employee compensation in previous fiscal years, the funding for those economic terms is included in departments' budgets. When economic terms require funding not yet appropriated by the Legislature, those funds are included in this budget item.

## 9818 Federal Levy of State Funds

The federal courts periodically issue judgments or "writs of execution" against the State of California requiring the state to make payments to the federal government. The writs and judgments provide the authority to the federal government to withdraw funds from the state bank accounts maintained by the State Treasurer's Office at the various state depository banks.

Each year the Budget Act authorizes the Department of Finance to identify specific appropriations or funds to charge when the federal government withdraws funds from state bank accounts. When no specific appropriation or fund can be identified, the withdrawals are charged to the unappropriated General Fund balance.

No levies were paid during the 2014-15 fiscal year and none have been paid through December 31, 2015.

These appropriations are allocated to other departments by the Department of Finance based upon the determination of need.

## 9885 Reserve for Liquidation of Encumbrances

For individual department budgets, encumbrances (commitments for the procurement of goods or services which have not yet been received by the state) are accrued as expenditures by departments at year-end and included in the expenditure totals. This treatment is in accordance with the budgetary/legal basis of accounting and consistent with individual department budgets.

For the purpose of determining the overall General Fund balance, Government Code Section 13307 requires that encumbrances should not be counted as a budgetary expenditure until the delivery of the goods and services. Furthermore, Generally Accepted Accounting Principles (GAAP) require that encumbrances be reflected as a reserve against the General Fund balance and not as an expenditure, as in budgetary/legal basis accounting. Government Code Section 13306 and state policy require compliance with GAAP whenever it is in the best interest of the state. This budget reflects a statewide adjustment to reduce expenditures on a budgetary/legal basis by the encumbrance amounts to comply with Government Code Section 13307 and GAAP. A reserve of fund balance for encumbrances for this same amount is shown in Summary Schedule 1 for the General Fund.

### COMPUTATION OF ENCUMBRANCE ADJUSTMENT

The State Controller's Office accumulated a preliminary estimated General Fund encumbrance total of \$966,444,000 from 2014-15 year-end financial statements submitted by state departments. For budgeting purposes, encumbrances are estimated to be at the same level for the 2015-16 and 2016-17 fiscal years and are assumed to be liquidated (paid) within the next fiscal year. The Encumbrance Adjustment Table summarizes the methodology and the calculation for the encumbrance adjustment.

### 9900 Statewide General Administrative Expenditures (Pro Rata)

Central service agencies, such as Department of Finance, the State Treasurer, the State Controller, and Legislature, provide budgeting, banking, accounting, auditing, payroll, and other services to all state departments. The Pro Rata process apportions the costs of providing central administrative services to all state departments and funding sources that benefit from the services. Amounts apportioned to special funds for their fair share of central administrative services costs are transferred from the special funds to the General Fund and the Central Service Cost Recovery Fund.

Pro Rata charges to special funds are normally included in the appropriate departmental budgets. This budget item includes Pro Rata costs directly charged to special funds for those cases where appropriate funding was not provided for in departmental budgets.
