Roles

What is the difference between work at the federal and state level?

- Conducts the enumeration
- Ensures everyone is counted one time, in the right place

- Conducts a state-wide campaign
- Ensures the hardest-to-reach Californians are educated and motivated to participate
WHY THE CENSUS MATTERS

The 2020 Census will help decide how billions of dollars will reach our families. Your answers will help determine funding for dozens of programs that provide essential resources to Californians. Census data determines funding allocations for schools, child care programs, road maintenance projects and social assistance programs.
