May 2006

Dear Fiscal Officer:

Subject: Price and Population Information

Appropriations Limit

The California Revenue and Taxation Code, Section 2227, mandates the Department of Finance (Finance) to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2006, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2006-07. Enclosure I provide the change in California’s per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2006-07 appropriations limit. Enclosure II provides city and unincorporated county population percentage changes, and Enclosure IIA provides county and incorporated areas population percentage changes. The population percentage change data excludes federal and state institutionalized populations and military populations, as noted.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. Consult the Revenue and Taxation Code, Section 2228, for the various population options available to special districts to assess population change in their district. Article XIII B, Section 9, of the State Constitution exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. No State agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. Revenue and Taxation Code Section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller’s Office. Finance will certify the higher estimate to the State Controller by June 2, 2006.

Please Note: City population estimates are controlled to independently calculated county population estimates. Due to county estimates revisions; prior year’s city population estimates may have also been revised.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Sincerely,

MICHAEL C. GENEST
Director

By:

VINCENT P. BROWN
Chief Deputy Director

Enclosure
A. **Price Factor**: Article XIII B specifies that local jurisdictions select their cost-of-living factor to compute their appropriation limit by a vote of their governing body. The cost-of-living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the 2006-2007 appropriation limit is:

<table>
<thead>
<tr>
<th>Per Capita Personal Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fiscal Year</td>
</tr>
<tr>
<td>(FY)</td>
</tr>
<tr>
<td>2006-2007</td>
</tr>
</tbody>
</table>

B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2006-2007 appropriation limit.

**2006-2007**:

Per Capita Cost of Living Change = 3.96 percent
Population Change = 1.21 percent

Per Capita Cost of Living converted to a ratio: \( \frac{3.96 + 100}{100} = 1.0396 \)

Population converted to a ratio: \( \frac{1.21 + 100}{100} = 1.0121 \)

Calculation of factor for FY 2006-2007: \( 1.0396 \times 1.0121 = 1.0522 \)
### Enclosure II

**Annual Percent Change in Population Minus Exclusions (*)**
