Amendment to Budget Bill Items 3100-001-0001 and 3100-001-0267, and Addition of Items 3100-301-0267, 3100-301-0660, and 3100-490, Support and Capital Outlay, Exposition Park

California Science Center Phase III Debt Service—It is requested that Item 3100-001-0001 be decreased by \$2,430,000 to be in accordance with the Food and Agricultural Code section 4103.5. This section requires the state to fund debt service on the California Science Center Phase III project starting in fiscal year 2022-23 or the year in which the facility is certified as available for use and occupancy. The current project schedule indicates the certificate of occupancy will not be issued until 2024-25; thus, a decrease is requested as the Governor's Budget included this authority.

Operational Start-Up for California Science Center Phase III Facility—It is requested that Item 3100-001-0267 be increased by \$1,373,000 and 3 positions ongoing to support start-up operations for the Samuel Oschin Air and Space Center. These resources will aid in the integration of HVAC, fire, electrical and plumbing systems with Phases I and II of the project and will support the development and curation of aeronautics exhibits and programs.

Park Partnerships—It is requested that Item 3100-001-0267 be increased by \$135,000 and 1 position ongoing to support strategic constituent and stakeholder management. This position will support the implementation of the Exposition Park Master Plan through management of coalition-building, digital engagement strategies, and storytelling campaigns.

Operations and Administration Supervisor—It is requested that Item 3100-001-0267 be increased by \$152,000 and 1 position ongoing to support operations and administration management. This position will work with Office of Exposition Park Management (OEPM) executives to develop and implement policies, create operational efficiencies, and identify opportunities for revenue-generation flexibilities.

Park Wide Surveillance System Supplemental Appropriation—It is requested that Item 3100-301-0267 be added in the amount of \$600,000 for the Park Wide Surveillance System project. This project will include physical infrastructure to mount surveillance equipment, electrical power to operate the field devices and surveillance system, and a communications network to enable the cameras to transmit video feeds to the OEPM's Dispatch Center. Given the unique layout of the park and existing agreements, the Department of General Services requires additional review of unrecorded rights for the real estate due diligence process and with additional escalation in supplies, additional funds are requested.

Southeast Underground Parking Structure—It is requested that Item 3100-301-0660 be added in the amount of \$14,051,000 for the performance criteria phase of the Southeast Underground Parking Structure. The project will create a 3-level underground parking structure and the performance criteria phase. Additionally, provisional language is requested to authorize Exposition Park and the State Public Works Board to execute and deliver any and all leases, contracts, agreements, or other documents necessary or advisable to consummate the sale and issuance of bonds (see Attachment 1).

Peace Officers: Exposition Park–Reappropriation—It is requested that Item 3790-490 be added to reappropriate the balance of funds available to remain in compliance with Chapter 411, Statutes of 2021 (AB 483). Due to the nature of Peace Officer Standards and Trainings, the Department requires additional time for all impacted staff to complete their certification (see Attachment 2).

The effect of my requested action is reflected on the attachment.

Eliminate Budget Bill Item 3125-101-0001, Local Assistance, California Tahoe Conservancy

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Nature-Based Solutions)—It is requested that Item 3125-101-0001 be eliminated to reflect the reduction of \$8,375,000 of funding for conservancy nature-based solutions projects. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Item 3340-001-0001, Eliminate Item 3340-002-0001, and Addition of Budget Bill Item 3340-496, Support, California Conservation Corps

Implementation of New Fire Fighter Personal Protective Equipment Regulations—It is requested that Item 3340-001-0001 be increased by \$1,123,000 in 2023-24, \$841,000 ongoing, and one position to provide the resources necessary to comply with revisions made to the California Code of Regulations, Title 8, Article 10.1 Safety Orders: Personal Protective Clothing and Equipment for Fire Fighters.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Nature-Based Solutions – Local Corps)—It is requested that Item 3340-002-0001 be eliminated in 2023-24. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Technical Adjustment to Shift the Reversion of 2022 Balances (Nature-Based Solutions – Local Corps)—It is requested that Item 3340-496 be added to revert the unexpended balance of appropriations made in the 2022 Budget Act. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department/agency level by shifting the reversions from the statewide control section to the applicable departmental budget. To effectuate this change, it is requested that Item 3340-496 be added (see Attachment 1).

The effect of my requested action is reflected on the attachment.

Amendment of Budget Bill Item 3340-490, Capital Outlay, California Conservation Corps

Residential Center, Auberry: New Residential Center, Reappropriation—It is requested that Item 3340-490, as added by the April Finance Letter, be amended to reappropriate the unencumbered balance of the appropriation provided in Item 3340-301-0001, Budget Act of 2021, for the working drawings phase of the Residential Center, Auberry: New Residential Center project. Due to a shift in design related to accommodating fire crews, the California Conservation Corps will not be able to complete preliminary plans for approval until July 2023 at the earliest and will therefore need additional time to begin the working drawings phase (see Attachment 1).

The effect of my requested action is reflected on the attachment.

Amendments to and Additions of Various Budget Bill Items, Support and Local Assistance, and Statutory Changes, Energy Resources Conservation and Development Commission (California Energy Commission)

Division of Petroleum Market Oversight—It is requested that Item 3360-001-0465 be increased in the amount of \$5,861,000 and 14 positions in 2023-24 and ongoing to support the implementation of Chapter 2, Statutes of 2023, First Extraordinary Session (SB x1-2). It is also requested statutory changes be added to provide clarifications to support implementation of the legislation. Statutory changes for this proposal are forthcoming.

Energy Load Management Standards—It is requested that Item 3360-001-0465 be increased in the amount of \$373,000 and 2 positions in 2023-24 and ongoing to implement new energy load management standards adopted by the California Energy Commission.

Energy Resources Program Account (ERPA)—It is requested that statutory changes be added to amend the Revenue and Taxation Code to address the structural deficit of the California Energy Commission's main operating fund, ERPA. The language proposes to increase the surcharge cap on the fee and extend the fee to behind-the-meter ratepayers. Statutory changes for this proposal are forthcoming.

Various Reappropriations—It is requested that Item 3360-491 and 3360-492 be added to reappropriate the balances of funds from various Budget Act state operations and local assistance appropriations. These reappropriations are needed to allow the Commission to address delays resulting from COVID-19 and project completion timelines (see Attachment 1 and 2).

Opt-in Permitting Provisional Language—It is requested that provisional language be added to Item 3360-001-3062 to support unanticipated workload from the Opt-in Permitting program included in the 2022 Budget Act (see Attachment 3).

Distributed Electricity Backup Assets Provisional Language—It is requested that provisional language be added to Items 3360-008-0001 and 3360-108-0001 to enable the transferring of \$100 million of Distributed Electricity Backup Asset funds in 2023-24 to the Department of Water Resources (DWR) Electricity Supply Strategic Reliability Reserve Program for DWR to reimburse electrical corporations for the value of imported energy or import capacity products delivered or capable of being delivered between July 1, 2023, and on or before October 31, 2023 (see Attachment 4).

Reduction of 2023-24 Appropriation for ZEV Package: Drayage Trucks and Infrastructure Program—It is requested that Item 3360-001-0001 be reduced by \$300,000 in 2023-24, and Item 3360-101-0001 be reduced by \$79.7 million in 2023-24. It is also requested that Item 3360-004-0001 be reduced by \$1 million in 2023-24, and Item 3360-104-0001 be reduced by \$19 million in 2023-24 for the Drayage Trucks and Infrastructure Program. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this expenditure to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The above General Fund reductions to Drayage Trucks and Infrastructure Program are requested to be supplemented by the Greenhouse Gas Reduction Fund. It is requested that Item 3360-001-3228 be increased by \$5 million in 2023-24, and Item 3360-101-3228 be increased by \$95 million in 2023-24.

Reduction of 2023-24 Appropriation for ZEV Package: Transit Buses and Infrastructure Program—It is requested that Item 3360-004-0001 be reduced by \$1.2 million in 2023-24, and Item 3360-104-0001 be reduced by \$22.8 million in 2023-24 for the Transit Buses and Infrastructure Program. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this expenditure to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The above General Fund reductions to Transit Buses and Infrastructure Program are requested to be supplemented by the Greenhouse Gas Reduction Fund. It is requested that Item 3360-001-3228 be increased by \$1.2 million in 2023-24, and Item 3360-101-3228 be increased by \$22.8 million in 2023-24.

Reduction of 2023-24 Appropriation for ZEV Package: Clean Trucks, Buses and Off-Road Vehicles Program—It is requested that Item 3360-004-0001 be reduced by \$10,850,000 in 2023-24, and Item 3360-104-0001 be reduced by \$206,150,000 in 2023-24 for the Clean Trucks, Buses, and Off-Road Vehicles Program. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this expenditure to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The above General Fund reductions to the Clean Trucks, Buses and Off-Road Vehicles Program are requested to be supplemented by the Greenhouse Gas Reduction Fund. It is requested that Item 3360-001-3228 be increased by \$10,850,000 in 2023-24, and Item 3360-101-3228 be increased by \$206,150,000 in 2023-24.

Reduction of 2023-24 Appropriation for ZEV Package: Hydrogen Infrastructure

Program—It is requested that Item 3360-004-0001 be reduced by \$1 million in 2023-24, 2024-25, and 2025-26; and Item 3360-104-0001 be reduced by \$19 million in 2023-24, 2024-25, and 2025-26 for the Hydrogen Infrastructure Program. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this expenditure to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The above General Fund reductions to the Hydrogen Infrastructure Program are requested to be supplemented by the Greenhouse Gas Reduction Fund. It is requested that Item 3360-001-3228 be increased by \$1 million in 2023-24, 2024-25, and 2025-26 and Item 3360-101-3228 be increased by \$19 million in 2023-24, 2024-25, and 2025-26.

Technical Adjustment to Shift the Reversion of 2022 Budget Act Balance of Equitable Building Decarbonization

—It is requested that Item 3360-495 be added to revert \$50 million from the 2022 Budget Act for the Equitable Building Decarbonization Program. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget (see Attachment 5).

Technical Adjustments to Shift the Deferral of 2022 Budget Act Balance of Climate Innovation Program

—It is requested that Item 3360-495 be added to revert \$50 million from the 2022 Budget Act to reflect a deferral of funding for the Climate Innovation Program until 2026-27. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget (see Attachment 5).

Technical Adjustments to Shift the Reversion of 2022 Budget Act Balance of Industrial Decarbonization and Improvements to Grid Operations Program

—It is requested that Item 3360-495 be added to revert \$10 million from the 2022 Budget Act for the Industrial Decarbonization and Improvements to Grid Operations Program. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget (see Attachment 5).

Technical Adjustment to Shift the Reduction of 2023-24 Appropriation for the Long Duration Storage Program

—It is requested that Item 3360-002-0001 be reduced by \$5 million, and Item 3360-102-0001 be reduced by \$45 million. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriation for the Food

Production Investment Program—It is requested that Item 3360-002-0001 be reduced by \$1 million, and Item 3360-102-0001 be reduced by \$9 million for the Food Production Investment Program. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget.

Technical Adjustment to Shift the Deferral of 2023-24 Appropriation for the Equitable Building Decarbonization Program

—It is requested that Item 3360-002-0001 be reduced by \$32 million, and Item 3360-102-0001 be reduced by \$288 million in 2023-24 as part of a deferral in funding for the Equitable Building Decarbonization Program. It is also requested that Item 3360-002-0001 be increased by \$16 million in 2024-25, \$7.3 million in 2025-26, and \$5 million in 2026-27 and Item 3360-102-0001 be increased by \$144 million in 2024-25, \$65.7 million in 2025-26, and \$45 million in 2026-27. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriation for the Carbon

Removal Program—It is requested that Item 3360-007-0001 be reduced by \$2.5 million, and Item 3360-107-0001 be reduced by \$22.5 million in 2023-24 for the Carbon Removal Program. Amendment to Budget Bill Item 3480-001-0001, Eliminate Item 3480-102-0001, and Addition of Budget Bill Items 3480-492 and 3480-495, Support and Local Assistance, Department of Conservation

Reduction of 2023-24 Appropriation (Multi-Benefit Land Repurposing Program)—It is requested that Item 3480-001-0001 be decreased by \$1 million one-time, and Item 3480-102-0001 be eliminated to reduce the amount provided for the Multi-Benefit Land Repurposing Program. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this program to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

Reappropriation: California Geologic Energy Management Division—It is requested that Item 3480-492 be added to reappropriate \$1 million Oil, Gas, and Geothermal Administrative Fund until June 30, 2024, for contract funding authorized in the 2022 Budget Act to study fugitive emissions, including greenhouse gases, toxic air contaminants, and volatile organic compounds (see Attachment 1).

Technical Adjustment to Shift the Reversion of 2022 Balances (Climate Smart Land Management Program and Sustainable Agricultural Lands Conservation Program)—It is requested that Item 3480-495 be added to revert the unexpended balance of appropriations made in the 2022 Budget Act (see Attachment 2). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversion from the statewide control section to the Department of Conservation's budget.

The effect of my requested action is reflected on the attachment.

Amendment to and Addition of Various Budget Bill Items and Reimbursements, Support and Local Assistance, Department of Forestry and Fire Protection

2023-24 Fire Protection Augmentation—It is requested that Item 3540-001-0001 be increased by \$117,268,000 and 503.5 positions one-time and reimbursements be increased by \$1,315,000 one-time, Item 3540-001-0102 be increased \$14,000 one-time, Item 3540-001-0198 be increased \$11,000 one-time, Item 3540-001-0209 be increased by \$16,000 one-time, Item 3540-001-0928 be increased by \$22,000 one-time, and Item 3540-002-3228 be increased by \$161,000 one-time to support augmented fire protection resources during fiscal year 2023-24. This funding will provide a flexible resource pool of 432 additional seasonal fire fighters, 6 additional fire fighter hand crews, sawyers to support Military Department hand crews, and contract county proportional funding.

Urban Forestry Inflation Reduction Act Grant—It is requested that item 3540-002-0890 be increased by \$2,099,000 and 6.1 positions, and Item 3540-101-0890 be increased by \$6 million in 2023-24 as part of a total one-time investment of \$43.2 million and 8.0 positions from 2023-24 through 2027-28 to implement urban forestry grants from federal funding awarded by the United States Forest Service through the Inflation Reduction Act.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Wildfire and Forest Resilience – Defensible Space Inspectors)—It is requested that Item 3540-001-0001 be decreased by \$5 million one-time. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Wildfire and Forest Resilience – Monitoring and Research)—It is requested that Item 3540-001-0001 be decreased by \$5 million one-time. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Wildfire and Forest Resilience – Workforce Training)—It is requested that Item 3540-101-0001 be decreased by \$15 million one-time. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Extreme Heat - Urban Forestry)—It is requested that Item 3540-101-0001 be decreased by \$10 million one-time. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department/agency level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Various Reappropriation Requests—It is requested that Item 3540-491 be amended to add various reappropriations necessary to continue implementation of existing authorized programs, including wildfire and forest resilience and mobile equipment investments (see Attachment 1).

Technical Adjustment to Shift Reversion of 2021 Balances (Urban Forestry)—It is requested that Item 3540-495 be added to revert the \$20 million appropriated for Urban Forestry in the 2021 Budget Act. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department/agency level by shifting the reversions from the statewide control section to the applicable departmental budget (see Attachment 2).

Technical Adjustment to Shift Reversion of 2021 Balances (Deferred Maintenance)—It is requested that Item 3540-495 be added to revert the \$13 million appropriated for Deferred Maintenance in the 2021 Budget Act. The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department/agency level by shifting the reversions from the statewide control section to the applicable departmental budget (see Attachment 2).

Addition of Budget Bill Item 3540-495, Capital Outlay, Department of Forestry and Fire Protection

Reversions of Lake Napa Projects—It is requested that Item 3540-495 be added to revert the unencumbered balances of funds for the Lake Napa Unit Auto Shop and Warehouse: Replace Facility and Lake Napa Unit Headquarters and St. Helena Fire Station: Relocate Facility projects (see Attachment 1) to the funds from which the appropriations were made.

The Lake Napa Unit Auto Shop and Warehouse: Replace Facility project includes the reversions of Item 3540-301-0001, Budget Act of 2020, for the acquisition phase; Item 3540-301-0001, Budget Act of 2021, for the working drawings phase; and Item 3540-301-0001, Budget Act of 2022, for the construction phase.

The Lake Napa Unit Headquarters and St Helena Fire Station: Relocate Facility project includes the reversion of Item 3540-301-0001, Budget Act of 2022, for the acquisition phase. These reversions will result in savings of \$27.3 million General Fund.

Approximately 30 acres of the state-owned property at the former Sonoma Developmental Center is being transferred to the Department of Forestry and Fire Protection for a future proposal that includes consolidation of the two Lake Napa projects. The combined project will be proposed in a future budget.

The effect of my requested action is reflected on the attachment.

Amendment to and Addition of Various Budget Bill Items, Support, Department of Fish and Wildlife.

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Complete Fine-Scale Vegetation Mapping for California)—It is requested that Item 3600-001-0001 be reduced by \$20 million one-time for complete fine-scale vegetation mapping. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions from the statewide control section to the applicable departmental budget.

Organizational Support for Salton Sea Management Program—It is requested that Item 3600-001-8018 be increased by \$1,663,000 and 6 positions ongoing for technical support and aquatic habitat monitoring and management consistent with the Salton Sea Management Plan.

Technical Adjustment to Shift the Reversion of 2022 Balance (Natural Community Conservation Program Planning and Land Acquisition)—It is requested that Item 3600-495 be added to revert \$6 million one-time appropriated in the 2022 Budget Act for Natural Community Conservation Planning (see Attachment 1). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversion from the statewide control section to the applicable department budget.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Items 3640-101-0001, 3640-103-0001, and 3640-495, Local Assistance, Wildlife Conservation Board.

Technical Adjustments to Shift the Reduction of 2023-24 Appropriations (Various Climate and Resources Investments)—It is requested that Item 3640-101-0001 be decreased by \$35 million one-time for Protecting Fish and Wildlife from Changing Conditions within the nature-based solutions investments (see Attachment 1). Additionally, it is requested that Item 3640-103-0001 be decreased by \$64 million one-time for Land Acquisition and Habitat Enforcement, and Cascades and High Sierra Upper Watersheds Programs within the water and drought investments (see Attachment 2). The Governor's Budget reduced and delayed various items of appropriation in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions and delays from the statewide control section to items of appropriation in the applicable department budget.

Technical Adjustment to Shift the Reversion of 2022 Balances (Watershed Climate Resilience)—It is requested that Item 3640-495 be added to revert \$158 million appropriated in the 2022 Budget Act for Land Acquisition and Habitat Enforcement, and Cascades and High Sierra Upper Watersheds Programs within the water and drought investments (see Attachment 3). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversion from the statewide control section to the applicable department budget.

The effect of my requested action is reflected on the attachment.

Schedule:

(1) 2710-Wildlife Conservation Board~~100,000,000~~65,000,000

Provisions:

1. Of the amount appropriated in this item, ~~\$100,000,000~~\$65,000,000 shall be available for the protection of California's fish and wildlife resources in response to changing climate conditions and the highly variable habitat needs of fish and wildlife, as well as for restoration and stewardship projects that restore or manage the land to improve its resilience to climate impacts and natural disasters. Eligible purposes include the following:

- (a) Land acquisition projects, including those that protect land from development.
- (b) Restoration and stewardship projects that restore or manage the land to improve its resilience to climate impacts and natural disasters.
- (c) Projects for the protection of threatened and endangered species, including projects within natural community conservation plans or habitat conservation plans. Projects may include land acquisition through either easement or fee title.
- (d) Projects for the development and implementation of regional conservation investment strategies that include climate resilience elements.
- (e) Restoration activities to control or eradicate invasive plants and species.
- (f) Projects for the acquisition, development, rehabilitation, restoration, protection, and expansion of wildlife corridors and open space, including projects to improve connectivity and reduce barriers between habitat areas.
- (g) Funds, to the extent feasible, shall be expended in furtherance of the state's conservation goals, including the goal to conserve at least 30 percent of the state's land and coastal waters by 2030 as established by Executive Order N-82-20.

3. Up to 5 percent of the amount appropriated in this item may be used for administrative costs.

4. The funds appropriated in this item shall be available for encumbrance or expenditure until June 30, 2026.”

Amend Item 3640-103-0001 as follows:

“3640-103-0001—For local assistance, Wildlife Conservation Board
~~194,000,000~~ 130,000,000

2. Up to 5 percent of the amount appropriated in this item may be used for administrative costs.
3. The funds appropriated in this item shall be available as follows:
 - (a) \$95,000,000 for the Wildlife Conservation Board's nature-based solutions grant programs. The board shall, to the extent possible, strive to award at least 40 percent of these funds to projects and programs for biodiversity conservation actions adjacent to or directly benefitting climate-vulnerable communities, disadvantaged communities, or California Native American tribes.
 - (b) \$3,000,000 to support resource conservation investment strategies.
 - (c) ~~\$48,000,000~~ \$16,000,000 for competitive grants through the Cascades and High Sierra Upper Watersheds Program to improve watershed protection and climate resiliency.
 - (d) ~~\$48,000,000~~ \$16,000,000 for competitive grants through the Land Acquisition and Habitat Enhancement Program to improve watershed protection and climate resiliency in Southern California.”

3640-495—Reversion, Wildlife Conservation Board. As of June 30, 2023, the balances specified below of the appropriations provided in the following citations shall revert to the balances in the funds from which the appropriations were made.

0001—General Fund

1. Item 3640-103-0001, Budget Act of 2022 (Ch. 249, Stats. 2022). \$158,000,000 appropriated in Program 2710—Wildlife Conservation Board.

Elimination of Budget Bill Items 3760-101-0001 and 3760-107-0001, Amendment to Item 3760-105-0001, and Addition of Item 3760-495, Support and Local Assistance, State Coastal Conservancy

State Coastal Conservancy: Reduction of 2023-24 Appropriation—It is requested that Item 3760-101-0001 be eliminated, Item 3760-105-0001 be increased by \$249,700,000 and 3760-107-0001 be eliminated. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

State Coastal Conservancy: Technical Adjustment to Shift Reversion of 2021 and 2022 Balances—It is requested that Item 3760-495 be added to revert portions of the unexpended balance of appropriations made in the 2021 and 2022 Budget Act (see Attachment 1). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget.

Amendment to and Addition of Various Budget Bill Items and Reimbursements, Support and Capital Outlay, Department of Parks and Recreation

Providing Efficient Environmental Review for Federal and State Projects—It is requested that Item 3790-001-0001 be increased by \$764,000 and 4 positions ongoing to address the increase of federal and state reviews performed by the Office of Historic Preservation (OHP). These positions will support OHP's federal and state environmental review responsibilities to handle the increased workload it is currently experiencing along with additional significant increases anticipated in future years.

2023 Winter Storm Damage: Statewide Repairs and Adaptation—It is requested that Item 3790-001-0001 be increased by \$14 million ongoing and reimbursements be increased by \$1 million and 5 positions ongoing. It is also requested that Item 3790-001-0392 be amended by decreasing reimbursements by \$94 million. This will allow funding to support strategic planning efforts and rebuilding facilities destroyed by storms to pre-disaster conditions. Federal Emergency Management Agency funding will be the source of the reimbursements for this proposal.

Technical Correction to Reimbursement for Sonoma Open Space Area Operations—It is requested that reimbursements to Item 3790-001-0263 be decreased by \$3 million and 2 positions one-time and reimbursements to Item 3790-001-0392 be increased by \$3 million and 2 positions one-time. This is a technical adjustment to change the reimbursement authority from the Off-Highway Vehicle Trust Fund to the State Parks and Recreation Fund.

Oceano Dunes SVRA Re-designation to State Beach—It is requested that provisional language be added to Item 3790-001-0392 for operations at Oceano Dunes State Vehicular Recreational Area SVRA to be funded by the State Parks and Recreation Fund upon the cessation of off-highway vehicle activity in the in the park (see

Attachment 1). This would allow for an increase in the appropriation of up to \$11,904,000.

Winter Recreation Fund Support Request—It is requested that Item 3790-001-0449 be increased by \$469,000 one-time in order to provide increased visitor services at SNO-Parks. This funding will also be used to resolve project backlogs and comply with federal requirements for the SNO-Parks program.

Fiscal Stability for Boating Programs—It is requested that Item 3790-001-0516 be decreased by \$5,314,000 ongoing and Item 3790-101-0516 be decreased by \$6 million ongoing. It is also requested that statutory changes be made to increase the biennial registration tax on recreational vessels from \$20 to \$80. These changes will provide long term structural stability for the Harbors and Watercraft Revolving Fund.

Department of Parks and Recreation: Technical Adjustment to Shift Reversion of 2020, 2021, and 2022 Balances—It is requested that Item 3790-497 be added to revert the unexpended balance of appropriations made in the 2021 Budget Act (see Attachment 2). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the applicable departmental budget.

Department of Parks and Recreation: Reversion of 2021 Balances and Reduction of 2023-24 Appropriation—It is requested that Item 3790-497 be added to revert the unexpended balance of appropriations made for the Statewide Parks Program in the 2021 Budget Act (see Attachment 2). It is also requested that Item 3790-101-0001 be decreased by \$25 million one-time to reduce the amount provided for the Statewide Parks Program and provisional language be amended (see Attachment 3). As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to this program to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

Department of Parks and Recreation: Technical Adjustment to Shift the Reduction of 2023-24 Appropriations—It requested that Item 3790-101-0001 be reduced by \$24.5 million. It is also requested that provisional language be amended (see Attachment 3). The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

El Capitan SB: Entrance Improvements—It is requested that Item 3790-301-0392 be increased by \$1.3 million in reimbursement authority and that Item 3790-301-3312 be added in the amount of \$1,886,000 for the construction phase of the continuing El Capitan State Beach (SB): Entrance Improvements project. This project includes improvements that will provide an alternate safe route for pedestrians and bicyclists, provide increased space for today's larger vehicles on the park road and entrance area, replace a culvert with a bridge to allow the endangered steelhead trout a barrier free passage, and replace the aging and damaged entrance kiosk.

Border Field SP: Monument Mesa Day Use & Interpretation Area Updates—It is requested that Item 3790-301-3312 be added in the amount of \$1 million Natural Resources and Parks Preservation Fund for the preliminary plans phase of the Border Field SP: Monument Mesa Day Use and Interpretive Area project. It is also requested that provisional language be added (see Attachment 4). This project includes updates to the outdoor educational plaza at Monument Mesa within Border Field SP with mixed-use group event areas and provide interpretive elements and exhibits along with updated walkways and landscaping.

Various Reappropriations, Reversions and Technical Adjustments—It is requested that Item 3790-490, Item 3790-491, Item 3790-492, Item 3790-493, Item 3790-495 and Item 3790-496 be added to reappropriate and revert specified amounts in various general fund and special fund appropriations for support and capital outlay. This request includes reappropriation of existing support, local assistance, and capital outlay appropriations to allow for the completion of projects currently in process, a reversion of \$940,000 from Proposition 68 to stay within the 5 percent cap for program delivery, revert remaining balances for continuously appropriated items for support and capital outlay as they are no longer needed by the Department, and technical corrections for previously approved budget change proposals (see Attachments 5-10).

The effect of my requested action is reflected on the attachment.

Eliminate Budget Bill Item 3810-104-0001, Local Assistance, Santa Monica Mountains Conservancy

Santa Monica Mountains Conservancy: Reduction of 2023-24 Appropriation—It is requested that Item 3810-104-0001 be eliminated to reduce the amount provided for Nature-Based Solutions. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to the Nature-Based Solutions to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The effect of my requested action is reflected on the attachment.

San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy: Technical Adjustment to Shift the Reduction of 2023-24 Appropriations—It is requested that Item 3825-102-0001 be eliminated. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

The effect of my requested action is reflected on the attachment.

If you have any questions or need additional information regarding this matter, please call Michael McGinness, Principal Program Budget Analyst, at (916) 445-9694.

Amendment to Budget Bill Item 3835-101-0001 and Addition of Budget Bill Item 3835-490, Local Assistance, Baldwin Hills Conservancy

Baldwin Hills Conservancy: Technical Adjustment to Shift the Reduction of 2023-24 Appropriations—It is requested that Item 3835-101-0001 be reduced by \$2,083,000. It is also requested that Provisions 2 and 3 be eliminated. The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reductions from the statewide control section to items of appropriation in the applicable departmental budgets.

Reappropriation: Proposition 68 Local Assistance—It is requested that Item 3835-490 be added to reappropriate, until June 30, 2026, the balances of Proposition 68 local assistance funds as published in the 2020 and 2021 Budget Acts in order to implement projects in Disadvantaged and Severely Disadvantaged Communities (see Attachment 1). Applications for these projects have been delayed for reasons associated with the pandemic. The Conservancy's expansion in 2023 has allowed for engagement with the City of Los Angeles' empowerment zone and other, new opportunities for the use of Proposition 68 resources.

Amendment to and Addition of Various Budget Bill Items, Support and Local Assistance, Department of Water Resources

Organizational Support for Salton Sea Management—It is requested that Item 3860-001-0001 be increased by 3 positions ongoing to implement the Salton Sea Management Program, including the construction and management of approximately 29,800 acres of habitat and dust suppression projects.

Diablo Canyon Nuclear Power Plant Loan—It is requested that Item 3860-014-0001 be added to provide a loan from the General Fund to the Diablo Canyon Extension Fund consistent with Chapter 239, Statutes of 2022 (SB 846) (see Attachment 1).

Technical Adjustment to Shift the Reduction of 2023-24 Appropriations (Watershed Climate Resilience)—It is requested that Item 3860-101-0001 be reduced by \$30 million in 2023-24 and increased by \$72 million in 2024-25 for watershed climate resilience. The Governor's Budget reduced various items of appropriation in the 2023-24 fiscal year in Control Section 4.07 and delayed certain investments to future fiscal years. This is a technical adjustment to provide transparency at the department level by shifting the reductions and delays from the statewide control section to items of appropriation in the Department's budget.

Reduction of 2023-24 Appropriations (Various Water and Drought Resilience Investments)—It is requested that Item 3860-101-0001 be decreased by \$85 million one-time for flood and dam safety and Sustainable Groundwater Management Act Implementation. It is also requested that Item 3860-101-0001 be decreased by \$25 million in 2024-25 for flood and dam safety. Finally, it is requested that Item 3860-102-0001 be eliminated in 2023-24 for Salton Sea. As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to these programs to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

Flood Control Subventions Program—It is requested that Item 3860-101-0001 be increased by \$75 million one-time for the Flood Control Subventions Program. This program supports local flood control projects, including in communities impacted by recent storms such as the Pajaro River Flood Risk Management Project.

Technical Adjustment to Shift Reversion of 2022 Balances (Aqueduct Solar Panel Pilot Study and Watershed Climate Resilience)—It is requested that Item 3860-495 be added to revert \$15 million for the aqueduct solar panel pilot study and \$42 million for watershed climate resilience in the 2022 Budget Act (see Attachment 2). The Governor's Budget reverted these funds in statewide Control Section 4.06. This is a technical adjustment to provide transparency at the department level by shifting the reversions from the statewide control section to the Department's budget.

Reversion of 2021 and 2022 Balances (Various Water and Drought Resilience Investments)—It is requested that Item 3860-495 be added to revert \$24.5 million for the drought salinity barrier in the 2022 Budget Act, \$25 million for the Agriculture and Delta Drought Response Program (LandFlex) in the 2022 Budget Act, and \$89 million for the Salton Sea in the 2022 Budget Act (see Attachment 2). As a result of lower revenue projections and a resulting increase in the budget problem, the May Revision proposes adjustments to these programs to assist in closing the projected shortfall and ensuring the submission of a balanced budget plan.

The effect of my requested action is reflected on the attachment.

3860-014-0001—For transfer by the Controller, upon order of the Director of Finance, from the General Fund to the Diablo Canyon Extension Fund as a loan....(400,000,000)

Provisions:

1. Notwithstanding any other law, the Director of Finance may transfer up to \$400,000,000 as a loan to the Diablo Canyon Extension Fund from the General Fund for the purpose of being loaned to the company licensed to operate the Diablo Canyon Units 1 and 2 for extending operations of the Diablo Canyon powerplant facility, to dates that shall be no later than November 1, 2029, for Unit 1, and no later than November 1, 2030, for Unit 2. The Department of Finance may provide funds not sooner than 30 days after notifying, in writing, the Joint Legislative Budget Committee, or any lesser time determined by the chairperson of the joint committee, or the chairperson's designee.
2. It is the intent of Legislature to authorize an additional \$400,000,000 loan to the Diablo Canyon Extension Fund from the General Fund in fiscal year 2024-25.

3860-495—Reversion, Department of Water Resources. Notwithstanding any other law, as of June 30, 2023, the balances specified below, of the appropriations provided in the following citations shall revert to the balances in the funds from which the appropriations were made.

0001—General Fund

1. \$15 million of the amount appropriated for solar demonstration projects in subschedule (a)(5)(A) of Section 35 in Chapter 574, Statutes of 2022 (AB 211).
2. \$42 million of the amount appropriated for watershed climate resilience in Item 3860-101-0001 in Chapter 574, Statutes of 2022 (AB 211).
3. \$89 million of the amount appropriated for Salton Sea in Item 3860-102-0001 of the Budget Act of 2022 (Chs. 43, 45, and 249, Stats. of 2022).

3398—California Emergency Relief Fund

1. \$25 million of the amount appropriated for the Agriculture Drought Response Program and Delta Drought Response Pilot program in Item 3860-101-3398 of the Budget Act of 2022 (Chapter 44, Stats. of 2022).
2. \$24.5 million of the amount for drought salinity barriers in subschedule (a)(2)(A) of Section 35 in Chapter 574, Statutes of 2022 (AB 211).

Amendment to Budget Bill Item 3875-101-0001, Local Assistance, Sacramento-San Joaquin Delta Conservancy

It is requested that Item 3875-101-0001 be reduced by \$7,375,000 one-time and Provision 1 be eliminated for nature-based solutions support (see Attachment 1). The Governor's Budget reduced various items of appropriations in the 2023-24 fiscal year in Control Section 4.07. This is a technical adjustment to provide transparency at the department level by shifting the reduction from the statewide control section to an item in the Sacramento-San Joaquin Delta Conservancy's budget.

Amendment to and Addition of Various Budget Bill Items and Reimbursements, Support and Local Assistance, and Statutory Changes, Clean Energy Reliability Investment Plan—Various Departments.

This proposal includes resources for various departments related to implementing the Clean Energy Reliability Investment Plan (CERIP) prepared and adopted by the California Energy Commission and presented to the Legislature on March 1, 2023, pursuant to Chapter 239, Statutes of 2022 (SB 846). The CERIP supports programs and projects that accelerate the deployment of clean energy resources, support energy demand response, increase energy reliability, and assist ratepayers. This proposal allocates resources that were included in the Governor's Budget, but not yet distributed to the various departments, per the adopted CERIP.

CERIP Various Programs—It is requested that Item 3360-008-0001 be decreased by \$47 million in 2023-24, increased by \$400 million in 2024-25, and increased by \$495 million in 2025-26 to implement the CERIP. The decrease in 2023-24 reflects the adopted CERIP allocating \$53 million of the \$100 million available in 2023-24 to the California Energy Commission, with the remainder allocated as described below. It is also requested that statutory changes be added to effectuate the programs in the CERIP. This funding will focus on enabling investments, scaling demand-side and supply-side resources, and augmentations for extreme events (see Attachment 1).

CERIP Central Procurement Function—It is requested that Item 3860-001-0001 be increased by \$32 million in 2023-24 one-time and provisional language be added to implement the CERIP program to support the implementation of a central procurement function at the Department of Water Resources (see Attachment 2).

CERIP Energy Development, Permitting and Interconnection—It is requested that Item 0509-101-0001 be increased one-time by \$15 million in 2023-24, and \$5 million in 2025-26 and provisional language be added for the Governor's Office of Business and Economic Development to implement a CERIP program to address barriers throughout

the energy resource development process for local agencies, including navigating through permitting processes and requirements (see Attachment 3).

The effect of my requested actions is reflected on the attachment.

3. The funds appropriated in this Item shall be available for encumbrance or expenditure by the State Energy Resources Conservation and Development Commission until June 30, 2027, and shall be available for liquidation until June 30, 2031.”

Add the following provision to Item 3860-001-0001:

4. Of the funds in this item, \$32,000,000 shall be used to support a Central Procurement Function for diverse clean energy resources. The funds shall be available for encumbrance or expenditure until June 30, 2028, and shall be available for liquidation until June 30, 2030. If a determination is made by the California Public Utilities Commission that the Department will not perform this function, the remaining funds in this provision shall be transferred to the California Energy Commission upon order of the Director of Finance.

Add Provision 2 to Item 0509-101-0001

2. Of the amount appropriated in Schedule (1), \$15,000,000 shall be used to address barriers throughout the energy resource development process for local agencies, including navigating permitting processes and requirements. Notwithstanding any other law, these funds may be transferred to Item 0509-001-0001 upon order of the Department of Finance. The funds shall be available for encumbrance or expenditure until June 30, 2026, and liquidation until June 30, 2028.
