

As directed by Executive Order D-17-00, a comprehensive eGovernment initiative was launched that requires every agency and department to adhere to technical standards for accessible Web design and compatibility. Due to these changes, beginning with the 2022-23 spring budget process, the Excel upload templates for Hyperion will no longer be available on the Department of Finance's website.

The upload templates are now available through your Finance Budget Analyst and an email sent to the Budget Operations mailing list twice a year—after Governor's Budget (January/February) and after Budget Enactment (July/August).

New departmental staff interested in joining the Budget Operations mailing list can subscribe at: <https://dof.ca.gov/department-mailing-lists/>.

Thanks.
