391	Transbay Under Ramp Park Construction. Contract to be managed by the San Francisco Department of Public Works, as an ancillary contract in compliance with Section 201 of the Transbay Implementation Agreement (Line 105). The project was delayed in FY 20/21 but restarted in the A period of FY 21/22 and the remaining Public Works contract balance of approximately \$6.35M is being rolled forward. While the contract with Public Works expired in August 2022, OCII and Public Works are presently working on an amendment to extend the contract. OCII anticipates Commission approval of the contract in the early part of CY 2024. The Outstanding Balance Amount reflects the design and predevelopment work and includes a \$64M estimate for construction. We anticipate a bond issuance to finance construction of the park in FY 25/26.
395	HPS Affordable Housing Blocks 52/54. This line is per final and conclusive determination for HPS housing obligation in umbrella line 218. \$2.5M in ROPS 14-15B for predevelopment was increased to \$4.0M in ROPS 16-17 amendment to reflect timetable extension & combining Blocks 52/54 for a more financially feasible "scattered site" development. The ROPS 20-21 included OCII's construction funding, but due to project delay, committed in ROPS 21-22 instead. The total funding has increased by \$20M in the event that the project does not secure any state funds other than tax-exempt bonds and 4% tax credit equity and to account for less favorable financing terms overall based on market changes. The site work entity is the Rose Community Development Company, LLC, a Delaware liability company, and the loan is with HPSY 52/54 LP, a California limited partnership. Project began construction in FY 23/24, will be spending remaining funds in 24/25.

The construction funding for this affordable homeownership project is based on the construction cost estimate of the current project design; the estimate is from the developer's general contractor and reviewed by OCII. OCII's construction funding amount also estimates other expected project financing sources, and then OCII's construction funding is sized based on the "gap" remaining to fully fund the project. The OCII loan closed and the Project began construction in Summer 2022. Since that time, unanticipated significant mortgage rate increases were realized. Affordable pricing for these units assumed a 4.2% mortgage rate. Added funds to reduce construction loan based on new purchase prices.
