DETAIL OF CHANGES

The changes listed in the following pages are to the 2024-25 Governor's Budget as submitted on January 10, 2024, to the California State Legislature. The changes are referenced to (1) the item number or control section of the Budget Act, (2) the corresponding category of expenditure, and (3) the corresponding program(s) [and sub program(s), when used] and project(s) affected by the changes. Some changes are to expenditures authorized in control sections or in statutes outside of the Budget Act. These expenditure changes are assigned an item number with a reference code in the range of 501 to 999. The first four digits of an item number identify the business unit (previously known as an organization or department). The next three digits identify the reference code, followed by four digits to identify the fund. The last four digits identify the year of enactment. The combination of these four components is unique for each item of appropriation.

Example: BU Ref Fund ENY
0110-501-0348-1981

Under the item number, after the Proposition 98 designation, is an issue identifying number and title that briefly describes the issue.

Example: **0110-700-BBA-2024-L** Legislative Action: SAL Increase

Changes to the 2024-25 Governor's Budget are presented in three columns and represent different points-in-time during the budgeting process. The May Revision column presents changes requested by the Administration as of May Revision. The Conference Committee column contains accepted Administration requests and legislative changes to the proposed budget plan. The Enacted Budget column includes all changes to the 2024-25 Governor's Budget, including any changes resulting from vetoes by the Governor.

When sub program detail is used, it is displayed in addition to the program detail. The sub program lines add to equal the program line displayed. Program numbers are identified using a four digit number, whereas sub program numbers use a seven digit number.

Example:

	Program Changes	Positions	Whole Dollars
Program	2050 Traffic Management	10.0	4,551,000
Sub program	2050019 Flight Operations	2.0	153,000

Establishing the Office of the Inspector General, High-Speed Rail

	May Revision	Conference Committee	Enacted Budget
Summary:		<p>The Legislature made four temporary positions permanent, augmenting the HSR OIG's budget by \$626,000 beginning in 2027-28 and ongoing. Additionally, the Legislature adopted TBL to allow the HSR OIG to bypass CalHR's Exceptional Allocation Process to establish any position classification it deems necessary to carry out its duties. Additionally, the TBL requires Finance to submit any initial BCPs received from the HSR OIG on September 1 and explain all changes between the initial request and the amount included in the Governor's Budget or in any Finance Letters. Further, the Legislature proposes BBL requiring that the HSR OIG concurrently submits any initial budget requests to Finance and the JLBC pursuant to Provision 1 of Item 2667-001-0046.</p>	<p>The Legislature reclassified two positions, resulting in a \$22,000 increase in 2024-25 and ongoing. Additionally, the Legislature replaced four temporary positions with permanent ones, augmenting the HSR OIG's budget by \$626,000 beginning in 2027-28 and ongoing.</p> <p>The Legislature adopted TBL that confirms the HSR OIG's ability to review or investigate contracts, includes High-Speed Rail Authority (Authority) contractors in whistleblower protections, and clarifies the definition of personnel issues so that the HSR OIG can investigate fraud complaints made by Authority employees. Additionally, the TBL clarifies that Finance is to notify the Legislature of any position or funding changes from original BCP submissions.</p> <p>Further, the Legislature amended Provision 1 of Item 2667-001-0046, allowing the JLBC to shorten the 30-day notification period before</p>

Technical Adjustment: AB 8 Expenditure Adjustment

Summary:	<p style="text-align: center;">May Revision</p> <p>This proposal makes a technical adjustment to shift resources that were approved as part of Chapter 319, Statutes of 2023 (AB 126), which reauthorized AB 8 fees. The expenditure authority for CARB that resulted from this fee reauthorization was incorrectly programmed in the Air Pollution Control Fund, when it should have been programmed in the Air Quality Improvement Fund. Further, the accompanying provisional language increases the encumbrance deadline to June 30, 2027, and the liquidation deadline to June 30, 2029.</p>	<p style="text-align: center;">Conference Committee</p> <p>Approved as Budgeted</p>	<p style="text-align: center;">Enacted Budget</p> <p>Approved as Budgeted</p>
