

DEPARTMENT OF FINANCE915 L STREET
SACRAMENTO, CA 95814-4998**EEO REPORTS FROM THE 1990 CENSUS**

The enclosed report was developed from the 1990 Census Equal Employment Opportunity (EEO) File. The universe is the civilian labor force data from the 1990 decennial census. The file contains two sets of sample-based tabulations - detailed occupations by sex, race, and Hispanic origin and educational attainment for selected age groups, by sex, race, and Hispanic origin. There are 512 detailed occupations in the file. The occupations are classified using a system developed by the Census Bureau and, while this system may be similar to the Standard Occupational Classification (SOC) or the Dictionary of Occupational Titles (DOT), the codes and job titles are not the same.

The State Census Data Center (SCDC) has prepared three standard reports from the EEO file. The reports are currently available for the U.S., California, and MSAs, counties, and places with a population of 50,000 or more within California.

The most detailed report, Detailed Occupation Report, is an 86-page report containing a cross-tabulation of the civilian labor force by sex, race and Spanish origin, and detailed occupation. The Occupational Groups Report is a three page summary of the 86-page report. The detailed occupations have been collapsed into 13 groups. A third report, Civilian Labor Force by Race/Ethnicity and Sex, is a one page report with no occupational information. Race categories on all three reports are: White, not Hispanic; Black, not Hispanic; Hispanic (All races); Asian & Pacific Islander, not Hispanic; American Indian, Eskimo, and Aleut, not Hispanic (also called "Native American"); Other races, not Hispanic; and Total Minority.

On these reports, the term "n.e.c." means "not elsewhere classified". These occupations generally represent a "catch-all" group for occupations within the same classification but not specifically mentioned.

Questions about these reports should be addressed to:
