Dear Fiscal Officer:

Subject: Price and Population Information

Appropriations Limit

The California Revenue and Taxation Code, Section 2227, mandates the Department of Finance (Finance) to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2007, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2007-08. Enclosure I provide the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2007-08 appropriations limit. Enclosure II provides city and unincorporated county population percentage changes, and Enclosure IIA provides county and incorporated areas population percentage changes. The population percentage change data excludes federal and state institutionalized populations and military populations, as noted.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. Consult the Revenue and Taxation Code, Section 2228 for further information regarding the appropriation limit. You can access the Code from the following website: "<http://www.leginfo.ca.gov/calaw.html>" check: "Revenue and Taxation Code" and enter 2228 for the search term to learn more about the various population change factors available to special districts to calculate their appropriations limit. Article XIII B, Section 9, of the State Constitution exempts certain special districts from the appropriations limit calculation mandate. Consult the following website: "http://www.leginfo.ca.gov/.const/article_13B" for additional information. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this issue should be referred to their respective county for clarification, or to their legal representation, or to the law itself. No State agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. Revenue and Taxation Code Section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2007.**

Please Note: City population estimates are controlled to independently calculated county population estimates which are subject to revisions. Prior year's city population estimates may also be revised as a result.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Enclosure

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost-of-living factor to compute their appropriation limit by a vote of their governing body. The cost-of-living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the 2007-2008 appropriation limit is:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2007-2008	4.42

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2007-2008 appropriation limit.

2007-2008:

Per Capita Cost of Living Change = 4.42 percent
 Population Change = 1.20 percent

Per Capita Cost of Living converted to a ratio: $\frac{4.42 + 100}{100} = 1.0442$

Population converted to a ratio: $\frac{1.20 + 100}{100} = 1.0120$

Calculation of factor for FY 2007-2008: $1.0442 \times 1.0120 = 1.0567$
