SECTION I. HOUSING UNITS GAINED

Please check the method you reported on this survey for newly constructed units:

Final Inspections completed between 1/1/14 – 12/31/14 Report counts only for units that are ready for occupancy.

If you are unable to provide final inspections, report one of the following types of counts to indicate newly constructed units:

Completed Housing Units, 1/1/14 – 12/31/14 Certificates of Occupancy, 1/1/14 – 12/31/14 Utility Releases, 1/1/14 – 12/31/14

If you can only report building permits issued, you **MUST** adjust the building permits to estimate completions using a different time frame:

Single unit permits issued: 7/1/13 – 6/30/14 and Multiple unit permits issued: 1/1/13 – 12/31/13

Civilian Group Quarters

- Covers any new civilian group quarters facilities, facilities that closed, and any facilities that had a change in group quarters population.
- Civilian group quarters include data more efficiently collected by local jurisdictions.
 - Assisted Living Facilities
 - Private College Dormitories
 - Group Homes
 - Nursing Facilities
 - Residential Treatment Centers

GQ Challenges and Issues

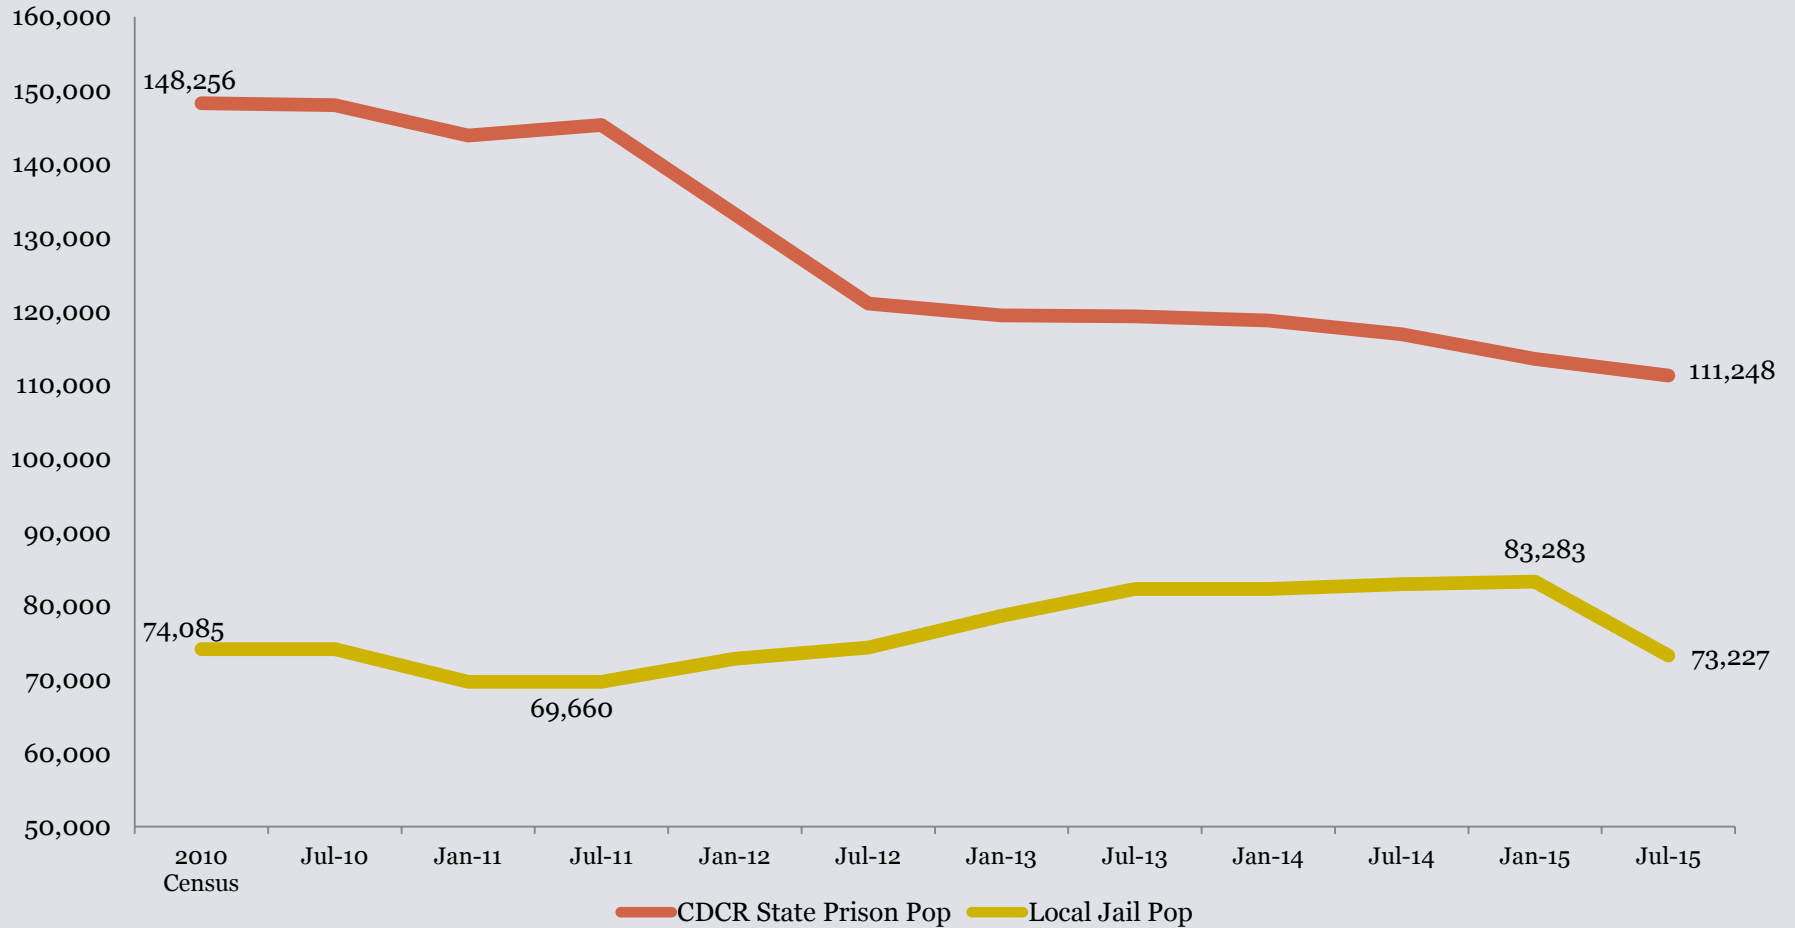

- Prison realignment and county jail enumeration
- College group quarters enumeration
- Military privatization and survey collection
- Administrative record updates for skilled nursing facilities and other GQ

Prison Realignment

- **In 2011 Governor Brown signed AB 109 and AB 117**
 - Goal of 137.5% capacity in California state prisons
 - Shifted responsibility of low-level offenders to county jails
- **Proposition 47 passed in November 2014**
 - Reduces certain drug possession felonies to misdemeanors
 - Requires misdemeanor sentencing for petty theft, receiving stolen property, and forging/writing bad checks when the amount is \$950 or less.
 - Effectively lowered county jail populations throughout the state.

Realignment Results

College GQ Issue

- **2000 Census Bureau definition of college GQ:**
 - “*College quarters off campus.* Includes university-owned off-campus housing, if the place is reserved exclusively for occupancy by college students who do not have their families living with them. In census products, people in this category are classified as living in a college dormitory.”
 - “*College dormitories.* Includes college students in dormitories (provided the dormitory is restricted to students who do not have their families living with them), fraternity and sorority houses, and on-campus residential quarters used exclusively for those in religious orders who are attending college. College dormitory housing includes university-owned, on-campus and off-campus housing for unmarried residents.”

College GQ Issue

- **2010 Census Bureau definition of college GQ:**
 - “College/University Student Housing (code 501)— College/University student housing includes residence halls and dormitories, which house college and university students in a group living arrangement. These facilities are owned, leased, or managed either by a college, university, or seminary, or by a **private entity or organization**. Fraternity and sorority housing recognized by the college or university are included as college student housing.”

2000 to 2010 College GQ

- No longer mentioned college GQ housing being reserved exclusively for students
- In 2010, student housing may be owned and operated by a private entity and still included
- Unclear if off-campus housing is included in 2010
- No mention of apartments or apartment-style housing

College GQ Issue

- From Census Brochure to UC Berkeley on Group Quarters Enumeration:
 - “Group Quarters are places where people live or stay in group living arrangements that are owned or managed by an entity or organization (such as a college or university) providing housing and/or services for the residents. Off-campus residences where students live are not considered Group Quarters.”
- http://census2010.housing.berkeley.edu/GroupQuarters_CensusOnCampus.pdf

Question and Answer Session

- **What is a student apartment according to the Census Bureau?**
 - Are on-campus college student apartments considered a group living environment?
 - Are there rules to determine the differences between a dormitory and a multi-unit apartment structure?
 - How does the Census Bureau treat structures that contain both dormitory populations and apartment populations?

Question and Answer Session

- How was the enumeration process of college group quarters verified?
 - Were college housing contacts consistent with what they considered a group quarters environment?
 - Who completed census questionnaires for students living in campus housing (i.e. individual students, housing director, housing advisor, dorm manager, apartment landlord, etc.)?

Question and Answer Session

- How does the usual residence rule apply to college group quarters populations?
 - What measures are taken by the Census Bureau to prevent double counting or missing student housing populations? For example, if a parent of a college student receives a census questionnaire, how can we be sure that the student is only counted once at either their parent's residence or at their college housing address?
 - How can residency rules be enforced to consistently enumerate college GQ populations throughout all colleges and universities?
