**Report on the Annual Progress of the  
Statewide Energy Partnership (SEP) Program**

Legislative Report

February 2016

UNIVERSITY *of* CALIFORNIA

**UNIVERSITY OF CALIFORNIA**  
**Report on the Annual Progress of the**  
**Statewide Energy Partnership (SEP) Program**

This report is submitted by the University of California in response to language contained in Sections 92493 through 92496 of the Education Code (SB 81, Chapter 22, Statutes of 2015), which state in part:

92495(g). Notwithstanding Section 10231.5 of the Government Code, commencing with the 2014–15 fiscal year, on or before February 1 of each fiscal year, the University of California shall simultaneously submit a progress report to the Joint Legislative Budget Committee and the Department of Finance detailing the scope, funding, and current status of all capital expenditures undertaken pursuant to Section 92493 and for all capital outlay projects undertaken pursuant to Section 92494.

Sections 92493 through 92496 permit the University of California to expend state operations funding for capital expenditures and debt service payment for projects associated with the university's Statewide Energy Partnership (SEP) Program following legislative notification. This provision permits the University of California to update the list of approved energy efficiency projects as new projects are identified for inclusion in the program, and requires the University of California to submit a progress report, which shows completed energy projects.

The following list (on page 3) identifies energy efficiency projects in State-supported facilities that have been completed in the Partnership Program since the previous reporting period. Energy savings for the projects on this list total \$1.9 million per year with Utility incentives of \$3.8 million. This list brings total reported Statewide Energy Partnership (SEP) Program energy savings in state-supported facilities to \$16.5 million per year and Investor Owned Utility incentives to \$31.4 million. The Statewide Energy Partnership Program has been extended by the University for an additional 10 years.
