FROM: DEPARTMENT OF FINANCE

The Department of Finance (Finance), pursuant to Government Code section 11547, is requiring departments that received an appropriation in the 2021 Budget Act for the initiation of an Information Technology (IT) project through the [Project Approval Lifecycle](#) (PAL) Stages 1-4 to provide Finance quarterly Planning Expenditure Reports (DF-576).

It is each department's responsibility to determine whether a Planning Expenditure Report is required. If the reporting requirements are not clear for any given project, the department should contact Finance's Information Technology Consulting Unit (ITCU) at ITCUDOCS@dof.ca.gov. Departments should be aware that a lack of reporting may jeopardize future project funding. All IT projects are subject to audit by Finance's Office of State Audits and Evaluations per [State Administrative Manual Section 4943](#).

Reporting Requirements

The purpose of DF-576 is to account for all project planning expenditures throughout the PAL process and capture metrics on how planning relates to or increases project success. The DF-576 shall include **actual** expenditures for prior and current fiscal year(s) planning activities including but not limited to new and redirected staff, consulting services, miscellaneous IT expenses, new and/or amended contracts, a summary of planning activities, milestones accomplished or in process, and deliverables received. The DF-576 aligns directly with the accounting of prior and current fiscal year(s) costs as required in the PAL Financial Analysis Worksheets.

Submittal to Finance

Departments are required to submit the completed [DF-576](#) by email to ITCU at ITCUDOCS@dof.ca.gov by the fifth business day of the month in November, February, May, and August and reflect expenditure status as of the end of the prior quarter. For example, the first report is due November 5, 2021, and should include actual expenditures from July through September.

If you have any questions, please contact Rosanna Nguyen, Chief, Information Technology Consulting Unit, at Rosanna.Nguyen@dof.ca.gov or (916) 445-1777, extension 3238.
