

# Health and Human Services

Health and human services programs provide essential medical, dental, mental health and social services to many of California's most vulnerable and at-risk residents. These programs touch the lives of millions of Californians and provide access to critical services that promote their health, well-being and ability to function in society. The mission of the Health and Human Services Agency also includes recognizing children as a priority investment, promoting personal responsibility for services, and enhancing program effectiveness and accountability.

# 4100 State Council on Developmental Disabilities

The State Council on Developmental Disabilities collaboratively promotes and implements policies and practices that assist Californians with developmental disabilities and their families achieve self-determination, independence, productivity and inclusion in all aspects of community life.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

### 10 STATE COUNCIL PLANNING AND ADMINISTRATION

The Council and its statewide staff are responsible for developing and implementing a State Plan containing goals, objectives, activities, and projected outcomes designed to improve and enhance the availability and quality of services and support to individuals with developmental disabilities and their families. The appointed Council members ensure system coordination, monitoring, and evaluation.

### 20 COMMUNITY PROGRAM DEVELOPMENT

The Council administers grants to community-based organizations that fund new and innovative community program development projects to implement State Plan objectives and improve and enhance services for individuals with developmental disabilities and their families.

#### 40 REGIONAL OFFICES AND LOCAL AREA BOARDS

In addition to implementation of State Plan activities, regional office staff provide the following services to residents of State developmental centers and State-operated community facilities:

- Individualized advocacy services for individuals who have no legally appointed representative to assist them in making choices and decisions through volunteers recruited by Council staff.
- Clients' rights advocacy services to assure that laws, regulations, and policies pertaining to the rights of persons with developmental disabilities are observed.

# 4100 State Council on Developmental Disabilities - Continued

Life Quality Assessments for individuals who receive community residential services and support. Funding for advocacy
and assessments is provided to the Council via interagency agreements with the Department of Developmental Services.

Thirteen local Area Boards on Developmental Disabilities are attached to the Council for administrative purposes and assist with local advocacy, training, coordination, and implementation of State Plan objectives. Regional offices and local Area Boards report local outcomes to the Council for inclusion in reports to the federal government and the California Legislature.

#### 4130 California Health and Human Services Agency Data Center

The mission of the California Health and Human Services Agency Data Center is to:

- Ensure effective, efficient, and economical use of agency electronic data processing (EDP) resources by providing services at reduced cost, eliminating unnecessary duplication, and ensuring optimum use.

  Ensure EDP resources are available to meet agency-wide needs by providing appropriate computer capability and
- capacity.
- Promote appropriate use of EDP resources to assist in achieving Health and Human Services Agency goals and objectives by identifying potential EDP-related applications and by formulating and recommending policies on the appropriate use of EDP in the agency.

Effective July 1, 2005, the statewide responsibilities of the Data Center will be transferred to the proposed consolidated data center, the Department of Technology Services (organization code 1955).

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 25 OPERATIONS

The Operations program ensures efficient use of the Data Center resources; provides information technology support to customer organizations; and is committed to providing services and products to the managers and non-technical staff of customer departments. This program also provides the administrative services to support each program element including training, budgeting, accounting, cost recovery, contracts administration, procurement of hardware and software, general business services, planning, and personnel management.

The program includes the following major elements:

- Operations-Includes functions related to the operation of the Data Center's central computer processors and attached peripheral equipment. The equipment operates to meet user schedules. Normal operations are 24 hours a day, seven days a week.
- Software Support-Includes maintaining the software operating systems for the computers, maintaining software for the online inquiry systems, and installing and implementing proprietary software packages. Also included are monitoring and adjusting the computer system's configuration to achieve optimal performance and efficiency, and ensuring adequate hardware and software resources are available to meet current and projected needs of user departments. In addition, advice and consultation are provided to user departments regarding software systems, hardware service requests, workload, and resource utilization.
- Telecommunications-Includes delivering client information through the most efficient and cost-effective data communications network available. Telecommunications designs and maintains the network to meet current and projected requirements of user departments and maintains software for the entire telecommunications system.
- Information Systems-Includes investigating emerging technologies to determine if these technologies could be applied to the State's business problems and/or opportunities.

### 30 SYSTEMS MANAGEMENT SERVICES

This program administers five automation projects for the Department of Social Services (DSS) and one for the Employment Development Department (EDD). These projects include:

- Child Welfare Services/Case Management System
- Statewide Automated Welfare System
- Statewide Fingerprint Imaging System Electronic Benefit Transfer System
- Case Management, Information and Payrolling System
- Unemployment Insurance (UI) Modernization Project

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

### 10 HEALTHCARE QUALITY AND ANALYSIS

The Healthcare Quality and Analysis Program is responsible for analyzing healthcare costs and quality, making policy recommendations for future health-related needs, conducting research activities in the development of statewide health policy, and disseminating data to various audiences. The OSHPD produces risk-adjusted reports on hospital outcomes; analyzes and makes recommendations on specific issues affecting the cost or quality of healthcare; and monitors and projects the need for health facilities, services, and professionals.

The California Health Policy and Data Advisory Commission advises the OSHPD on the collection and reporting of health facility data, public access to data, regulations, risk-adjusted outcome studies, and health planning issues. The Commission holds hearings for health facilities appealing fines for delinquent data submission and for applicants of the Cal-Mortgage Loan Insurance Program, and makes recommendations to the Director of OSHPD.

### 30 HEALTHCARE WORKFORCE

The Healthcare Workforce Program supports development and expansion of primary care and allied health training throughout the State and promotes recruitment of students into health professions. It includes the following program areas:

- The Health Manpower Pilot Projects Program-provides the opportunity for healthcare related organizations to demonstrate, test and evaluate new or expanded roles for healthcare professionals or new healthcare delivery alternatives prior to amending regulations or laws. Under this Program, trainees in approved pilot projects are exempted from other provisions of law. Pilot project results become the basis for recommendations to improve the healing arts practice acts and regulations.
   The Song-Brown Family Physician Training Program-grants State funds to family practice residency, nurse practitioner,
- The Song-Brown Family Physician Training Program-grants State funds to family practice residency, nurse practitioner
  and physician assistant training courses to increase the number and improve the distribution of these professionals in
  underserved areas of the State.
- The Health Careers Training Program-is designed to help promote public and private sector collaboratives that identify
  and develop health career training, funding resources, and jobs for the unemployed, targeted layoff, and dislocated
  worker.
- The Health Professions Education Foundation-a non-profit public benefit corporation, provides financial assistance to
  economically disadvantaged students and graduates, and administers two statutorily established funds: the Health
  Professions Education Fund and the Registered Nurse Education Fund.

### **40 FACILITIES DEVELOPMENT**

The Facilities Development Program regulates the design and construction of health facilities to ensure the facilities are safe and available to provide care to the community in the event of a major disaster.

### 45 CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is an insurance program for health facility construction, improvement, and expansion loans, to ensure that healthcare providers have adequate access to capital to provide the facilities necessary to meet the healthcare needs of California.

The program provides financial analysis and review of health facility project applications for Health Facility Construction Loan Insurance, administers loan payback provisions of Fire Protections Loans and Clinic Renovation Loans, and administers the Eminent Domain Certificate Program for health facilities. The program also ensures that available financial assistance is allocated to eligible health facilities in California. Projects receiving this assistance are subject to on-site construction progress and payment verification inspections to assure conformity with approved plans, specifications and loan agreement terms and conditions.

### **60 HEALTHCARE INFORMATION**

The Healthcare Information Program collects and maintains an ongoing repository of uniform and objective information about the costs, capacity, and utilization of health facilities as well as, the services provided and patients served by these facilities. This information is used by various OSHPD programs, such as the Healthcare Quality and Analysis Program, to fulfill its goals and mission.

#### 80 ADMINISTRATION

Administration provides overall management, planning, policy development, legal, legislative, and administrative services to the OSHPD.

# 4170 Department of Aging

The Department's mission is to promote the independence and well-being of older adults, adults with disabilities, and families through:

- Access to information and services to improve the quality of their lives;
- Opportunities for community involvement; and
- Support to family members providing care.

The Department accomplishes its mission through administering programs and working with Area Agencies on Aging to ensure that a wide array of federally and State-funded services for older adults, adults with disabilities, family caregivers, and residents in long-term care facilities are provided throughout the State. It also contracts directly with agencies that operate the Multipurpose Senior Services Program though the Medi-Cal home and community-based waiver for the elderly, and certifies Adult Day Health Care centers for the Medi-Cal program.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

### 10 NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and referral, escort, employment, and education.

### 20 SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service facilities for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

#### 30 SUPPORTIVE SERVICES AND CENTERS

This program provides supportive services including information and assistance, legal and transportation services, senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

### **40 SPECIAL PROJECTS**

This program includes the Multipurpose Senior Services Program, Adult Day Health Care Program, and Community-Based Services Programs. The Multipurpose Senior Services Program provides health/social case management in order to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The Adult Day Health Care Program provides a day program of health, therapeutic and social services in approximately 326 licensed centers in order to restore or maintain optimal capacity for self-care to frail elderly and younger functionally impaired adults. The Community-Based Services include the Senior Companion, Brown Bag, Alzheimer's Day Care Resource Centers, Linkages, Health Insurance Counseling and Advocacy, and Respite programs.

# 4180 Commission on Aging

The California Commission on Aging's (CCoA) mission is to serve as advisor to the Governor, Legislature, and State and local agencies on the problems and needs of older Californians. As the principal State advocate for seniors, CCoA works with government officials and senior organizations regarding matters of public policy affecting older persons.

### 4200 Department of Alcohol and Drug Programs

The Department of Alcohol and Drug Programs provides leadership, policy, coordination, and investments in the planning, development, implementation, and evaluation of a comprehensive statewide system of alcohol and other drug prevention, treatment, and recovery services. As the State's alcohol and drug authority, the Department is responsible for inviting the collaboration of other departments, local public and private agencies, providers, advocacy groups, and individuals in establishing standards for the statewide service delivery system.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

### 15 ALCOHOL AND OTHER DRUG SERVICES

The Alcohol and Other Drug Services Program assists counties in providing appropriate prevention, treatment, and recovery services to help Californians have healthy lives free of alcohol and other drug-related problems and become contributing members of their communities. In addition to ensuring compliance with State and federal statutes, the Department provides program oversight for state and federally-funded programs, maintains agreements with counties to monitor performance measures and spending related to federal maintenance of effort requirements, and implements projects consistent with specific Department objectives.

To meet this responsibility, the Department performs the following functions:

- Service Delivery System-Design, maintain, and continuously improve a statewide infrastructure for the delivery of community-based alcohol and other drug prevention, treatment, and recovery services. This is achieved through ongoing partnership with county governments, and in cooperation with numerous private and public agencies, organizations, and groups.
  System Financing-Provide efficient and effective systems of obtaining, allocating, administering, and accounting for local,
- state, and federal funds used in the alcohol and other drug system.
- Quality Assurance-Ensure that service providers maintain compliance with basic facility and program standards. The Department licenses and/or certifies a range of programs including residential treatment centers and outpatient programs, clinics for narcotic replacement therapy, and Driving Under the Influence educational programs.
- Alcohol and Other Drug Prevention-Maintain a prevention program designed to avert, reduce, and eliminate alcohol and other drug-related problems among California's children, youth, and adult populations.
- Information Technology-Develop an information infrastructure that supports the goals, strategies, and operations of the Department and its stakeholders.

### 30 DEPARTMENTAL ADMINISTRATION

The objective of the Administration Program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

### 4260 Department of Health Services

The mission of the Department of Health Services (DHS) is to protect and improve the health of all Californians. To fulfill its mission, the DHS administers a broad range of public and environmental health programs, as well as the California Medical Assistance Program (Medi-Cal), which provides health care services to eligible low-income persons and families.

To achieve its mission, the DHS has set the following goals:

- Promote an environment that enhances human health and well-being.
- Ensure the availability of equal access to comprehensive health services using public and private resources.
- Emphasize prevention-oriented health care programs.
- Promote the development of knowledge related to the causes and cures of illness.
- Ensure appropriate and effective expenditure of public resources to serve those with the greatest health care needs.

Since Department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Health Services' Capital Outlay Program see "Infrastructure Overview."

#### **MAJOR PROGRAM CHANGES**

- Medi-Cal Program Redesign The Governor's Budget is proposing a redesign of select components of Medi-Cal to
  increase efficiency and effectiveness for beneficiaries and providers, improve health care outcomes, and provide for the
  long-term financial viability of the program.
- Expanding Health Insurance Coverage For Children The Governor's Budget proposes a number of incremental reforms
  that place a priority on maximizing the enrollment and retention of uninsured children eligible for Medi-Cal or Healthy
  Families. These reforms advance a number of important objectives, including increased awareness about the importance
  of health coverage and the availability of no and low-cost insurance plans for children of low-income families; simplified
  enrollment and retention systems; and extended utilization of county-based efforts for children not eligible for State
  programs.
- California Obesity Initiative The Governor's Budget proposes to create a comprehensive obesity prevention program.
   The DHS will provide leadership in preventing obesity by promoting healthy eating, regular physical activity and responsible choices by individuals. Although the overall objectives will require commitment and action from government, business, academia and other communities, the budget proposal includes the beginnings of a turning point in the way that Californians approach their eating habits and physical activity.
- California Rx (Cal Rx): Prescription Drugs for the Uninsured The Governor's Budget proposes to make discounted drugs available to California's low-income uninsured families and individuals. The Administration's efforts have brought pharmaceutical manufacturers to the table to develop a framework building upon Medi-Cal's success in negotiating drug rebates.
- Newborn Screening Program Expansion The Governor's Budget includes the expansion of the Newborn Screening Program. This expansion will allow the DHS to screen newborns for an additional 37 treatable genetic diseases using Tandem Mass Spectrometry (MS/MS) technology. The use of this technology will allow physicians to treat newborns and reduce the debilitating effects of genetic disease.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 PUBLIC AND ENVIRONMENTAL HEALTH

The Public and Environmental Health Program objective is to prevent disease and premature death and to enhance the health and well being of all Californians. Programs within DHS achieve these objectives by:

- Working with local public health and environmental health agencies that protect and enhance public health.
- Coordinating prevention-related programs to minimize the incidence, prevalence, and duration of infectious diseases, environmental and occupational hazards, injuries, and chronic diseases.
- Regulating and developing partnerships with businesses and industries to achieve and maintain a healthful environment.
- Designing and evaluating the cost effectiveness of treatment strategies.
- Providing quality laboratory services for biomedical, bioenvironmental, forensic alcohol and methadone drug analyses.
- Supporting research into the cause, prevention, early detection, diagnosis, and treatment of cancer.

#### 10.10-Health Information and Strategic Planning:

This program works to improve health data systems by providing assistance to local public health organizations and facilitating the collection, validation, analysis, and dissemination of health information. It includes the Center for Health Statistics and the Local Public Health Services program.

#### 10.20-Environmental Controls:

This program works to protect and improve the health of all California residents by assuring the safety of drinking water, foods, drugs, and medical devices through investigation, inspection, and regulatory activities. It includes the Drinking Water and Environmental Management Division and the Food, Drug, and Radiation Safety Division. It also administers two federal bioterrorism grants, which fund the State's bioterrorism preparedness and response program.

#### 10.30-Public Health Services:

This program works to prevent and control environmental and occupational diseases, infectious diseases (AIDS, hepatitis, meningitis, and tuberculosis), and chronic diseases (cancer, cardiovascular diseases, and diabetes). Divisions within this program include Communicable Disease Control, Environmental and Occupational Disease Control, Chronic Disease and Injury Control, and the Office of AIDS, which is responsible for providing accessible and cost effective health care services.

#### 20 HEALTH CARE SERVICES

The Health Care Services Program ensures that low-income Californians have access to health care services, and that those services are delivered in a cost-effective manner. Health Care Services is comprised of four programs: Medical Care Services (Medi-Cal), Licensing and Certification, County Health Services, and Primary Care and Family Health.

#### 20.10-Medical Care Services (Medi-Cal):

The Medical Care Services (Medi-Cal) program is responsible for coordinating and directing the delivery of health care services to low-income Californians. Medi-Cal provides access to quality medical care in a fiscally prudent manner through both fee-for-service and managed care delivery systems. Medi-Cal activities are carried out through five Divisions: Medi-Cal Policy, Medi-Cal Operations, Payment Systems, Medi-Cal Managed Care, and Audits and Investigations.

#### 20.20-Licensing and Certification:

The Licensing and Certification program regulates the quality of care in approximately 7,000 public and private health facilities, clinics and agencies throughout the State, and licenses Certified Nurse Assistants, Home Health Aides, and Hemodialysis Technicians, and other direct care staff. The Laboratory Science Division licenses laboratory facilities and personnel.

#### 20.30-County Health Services:

The County Health Services program provides funding for hospital, physician, and other health related services. County programs include the County Medical Services Program, the California Healthcare for Indigents Program, Rural Health Services, Emergency Medical Services, and Refugee Health services.

#### 20.40-Primary Care and Family Health:

The Primary Care and Family Health programs ensure access to comprehensive and coordinated preventive and primary care services for low-income women, infants, children, and families and children with special needs. These programs include Primary and Rural Health Care, Child Health and Disability Prevention, Maternal and Child Health, Genetically Handicapped Persons Program, California Children's Services, Genetic Disease Testing, Family Planning Services, and the Supplemental Nutrition Program for Women, Infants, and Children.

#### 30 DEPARTMENTAL ADMINISTRATION

This program provides overall management, planning, policy development, legal and administrative support services for all DHS programs.

#### 98 STATE-MANDATED LOCAL PROGRAMS

California Constitution requires the state to reimburse local government for costs to comply with state-mandated local programs. This program provides funding for health-related state-mandated local programs.

#### **CAPITAL OUTLAY**

The Department of Health Services operates laboratory and office facilities in Berkeley, Los Angeles, and Richmond. The 200,000 gross square foot (gsf) Berkeley facility currently houses office programs that will be transferred to the Richmond Campus by the end of fiscal year 2004-05. The 29-acre Richmond Campus will contain 692,000 gsf of laboratory, office and support space upon completion of the final phase of construction in the latter part of 2004-05. The Los Angeles facility is a 30,500 gsf regional laboratory and office facility. The Department's laboratories provide analytical, diagnostic, development, evaluative, epidemiological, reference, quality control, educational, training, and consultative laboratory services related to the protection and promotion of public health.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 MAJOR RISK MEDICAL INSURANCE PROGRAM (MRMIP)

MRMIP objectives are to provide health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable"-at high risk of needing costly care. The program procures coverage for subscribers, through participating health carriers, and subsidizes the cost of coverage.

20 ACCESS FOR INFANTS AND MOTHERS (AIM) PROGRAM

AIM objectives are to provide comprehensive health care to pregnant women and their babies and educate women about the dangers of tobacco use. Only pregnant women whose family income is between 200 percent and 300 percent of the Federal Poverty Level are eligible. Pregnant women with incomes below 200 percent of the Federal Poverty Level are eligible for the Medi-Cal program. The AIM program provides subsidized coverage through participating health plans and covers eligible women through their pregnancy to 60 days postpartum and babies up to their second birthday.

#### 40 HEALTHY FAMILIES PROGRAM

Healthy Families Program objectives are to provide a subsidized children's health insurance program for low to moderate income families. The children, whose families are ineligible for Medi-Cal because of income, have a choice of participating health, dental, and vision plans that offer a full range of services and comprehensive benefits equivalent to those provided to State employees. The program provides subsidized coverage for eligible children up to age 19 in families with incomes up to 250 percent of the Federal Poverty Level.

#### 50 COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

This program provides a subsidized children's health insurance program for moderate-income families in counties that have chosen to participate and have been approved by the Federal government. The children, whose families are ineligible for Medi-Cal or the Healthy Families Program because of income, can be enrolled in a county-sponsored insurance program. Participating counties provide subsidized coverage for eligible children up to age 19 in families with incomes between 250 percent and 300 percent of the Federal Poverty Level. The County Health Initiative Matching Fund Program provides a full range of services and comprehensive benefits equivalent to those provided under the Healthy Families Program. Program costs are funded by matching County funds with federal funds. The Managed Risk Medical Insurance Board manages the funds and the counties administer the program.

#### 4300 Department of Developmental Services

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act to ensure that persons with developmental disabilities receive the services and supports they need to lead more independent, productive, and normal lives and to make choices and decisions about their own lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of their disability; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates, monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and state-operated community facilities, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies, known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals
  and their families.
- Develop systems to ensure that quality services and supports are provided.

<sup>\*</sup> Dollars in thousands, except in Salary Range.

### 4300 Department of Developmental Services - Continued

 Facilitate the dissemination of information and deployment of assistive and information technology to improve services and supports and the lives of people with developmental disabilities.

Ensure the Department, state Developmental Centers, regional centers, and service providers are in compliance with all
applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate
manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

#### **MAJOR PROGRAM CHANGES**

Agnews Developmental Center Closure - The Governor's Budget reflects the planned July 2007 closure of the Agnews
Developmental Center (Agnews). The goals of the Agnews closure plan are to transition residents to safe and stable
homes in the community and to ensure ongoing quality of care. This goal of keeping clients out of developmental centers
and in the community is also consistent with California's Olmstead Plan.

### 4300 Department of Developmental Services - Continued

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The Department also assesses the needs of individuals who reside in state-operated facilities and develops community resources to assist those who would be more appropriately served in the community. The regional centers directly provide or coordinate the following services and supports as they relate to a person's developmental disability: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for at-risk infants and their families, (9) genetic counseling, (10) family support, (11) planning, placement, and monitoring for 24-hour out-of-home care, (12) training and educational opportunities for individuals and families, (13) community education about developmental disabilities, and (14) habilitation services.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

#### 20 DEVELOPMENTAL CENTERS PROGRAM

The Department operates five Developmental Centers: Agnews, Fairview, Lanterman, Porterville, and Sonoma. Secure treatment services are provided at Porterville Developmental Center. In addition, the Department leases two facilities for persons who require specialized behavioral interventions: Sierra Vista, a 54-bed facility in Yuba City, and Canyon Springs, a 63-bed facility in Cathedral City. Services at all facilities involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, employment, etc.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitative services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, county mental health departments, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the five Developmental Centers and the two leased facilities to ensure the quality of services provided, compliance with state licensing and federal certification requirements, and attainment of quality assurance standards. The areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers Program operations and compliance with professional clinical standards in providing effective care, treatment and habilitation training for persons with developmental disabilities.

#### 35 DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

#### 98 STATE-MANDATED LOCAL PROGRAMS

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs incurred in complying with certain state-mandated local programs. Funding for four ongoing mandates is proposed for inclusion in the Budget Act.

### **CAPITAL OUTLAY**

The Department of Developmental Services operates five State-owned and operated 24-hour care facilities, and two State-operated 24-hour leased facilities. The five state-owned Developmental Centers (DC) are Agnews DC (Santa Clara County), Fairview DC (Orange County), Lanterman DC (Los Angeles County), Porterville DC (Tulare County), and Sonoma DC (Sonoma County). These facilities comprise approximately 5.3 million gross square feet on 2,157 acres. Leased facilities include Sierra Vista (Sutter County) and Canyon Springs (Riverside County). The facilities are used to aid the Department's mission to provide medical and dental care, supervision, active treatment and education for residents with developmental disabilities. Additionally, Porterville DC serves clients referred through the State's judicial system.

## 4440 Department of Mental Health

The California Department of Mental Health, entrusted with leadership of the California mental health system, ensures through partnerships the availability and accessibility of effective, efficient, culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since Department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Mental Health's Capital Outlay Program see "Infrastructure Overview."

#### **MAJOR PROGRAM CHANGES**

- Proposition 63, Mental Health Services Act Proposition 63, the Mental Health Services Act (MHSA), was effective on January 1, 2005. Consistent with the intent of the MHSA, the Department of Mental Health will provide leadership and oversight to ensure that county mental health departments expend funds made available through this initiative to help transform California's current mental health system.
- Activation of Coalinga State Hospital The Governor's Budget reflects the activation of Coalinga State Hospital (CSH) beginning September 2005. CSH, a 1,500-bed high-security State mental hospital, will treat all Sexually Violent Predator (SVP) patients currently housed at Atascadero State Hospital and inmates referred from the Department of Corrections. Activation of the remaining 800 beds will continue over the next four fiscal years. Licensure, staffing, and training activities are underway in 2004-05.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 COMMUNITY SERVICES

The Community Services Program encourages coordinated service delivery in providing mental health treatment and support services. The funding assists counties in providing a broad array of mental health treatment and rehabilitative services in a local setting that promotes recovery and integration into the community for clients with mental illness and children and youth with serious emotional disturbance. Producing measurable outcomes is essential to the success of the Community Services Program. This includes consumer satisfaction strategies and enhancing cost-effectiveness by improving clinical efficacy, implementing recovery principles, and valuing a coordinated services approach to serving children, adults, and older adults.

Community Services sets overall policy for the delivery of mental health services statewide; develops and oversees performance contracts with county mental health departments; monitors compliance with State and federal statutes; and administers various State-funded programs and projects consistent with specific departmental objectives.

### 20 LONG-TERM CARE SERVICES

The Long-Term Care Services Program administers and provides leadership for the California State hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients. The State hospital system includes four existing State hospitals, Atascadero, Metropolitan, Napa, and Patton. A fifth State hospital, located in Coalinga, is currently under construction and will begin admitting patients in September 2005. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville, and one at Pleasant Valley State Prison in Salinas, which provide treatment services to California Department of Corrections inmates. This program also provides services to the California Youth Authority at the Southern Youth Correctional Treatment Center in Norwalk.

The State hospital population (excluding the inpatient psychiatric programs at the California Medical Facility and the Pleasant Valley State Prison) is expected to be 4,907 on June 29, 2005, and is expected to increase to 5,095 by June 28, 2006.

#### 35 DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the Community Services and Long-Term Care Services Programs in meeting their objectives. Services provided include: budgeting, accounting, fiscal systems, information technology, personnel, labor relations, business services, county financial program support, and Health Insurance Portability and Accountability Act of 1996 implementation.

### 98 STATE-MANDATED LOCAL PROGRAMS

State-Mandated Local Programs provides funding, pursuant to Section 6 of Article XIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain State-Mandated Local Programs. Funding for five ongoing mandates is proposed for inclusion in the Budget Act.

### **CAPITAL OUTLAY**

The Department of Mental Health operates four State hospitals throughout California including: Atascadero State Hospital (San Luis Obispo County), Metropolitan State Hospital (Los Angeles County), Napa State Hospital (Napa County), and Patton State Hospital (San Bernardino County). Each State hospital provides inpatient treatment services for the California's mentally disabled. These four facilities comprise over 4.8 million gross square feet of space on 2,360 acres of land. Additionally, a fifth state hospital, Coalinga State Hospital (Fresno County), is currently under construction with an activation date of September 2005. When completed, Coalinga State Hospital will occupy 1.1 million gross square feet on 240 acres.

The following major budget adjustment is proposed for 2005-06:

 The Governor's Budget proposes \$5.0 million General Fund for the construction phase of a continuing project to renovate six residential kitchens at Metropolitan State Hospital. This project is a component of the main kitchen renovation project that will replace outdated and inefficient kitchens, thereby allowing the hospital to better maintain food quality and temperature and providing a clean, safe and modern facility for kitchen staff.

### **MAJOR PROGRAM CHANGES**

• Energy Assistance Funding - The Governor's Budget includes a one-time augmentation of \$4 million in federal Petroleum Violation Escrow Account (PVEA) funds to provide energy assistance and energy saving services to low-income households. This augmentation will allow approximately 3,300 additional households to be served and will save an estimated \$996,000 in energy costs during 2005-06. Although this augmentation will permanently exhaust the PVEA fund, a comparable level of savings should continue in future years, depending on the price of energy.

#### 20 ENERGY PROGRAMS

The objective of the Energy Programs is to assist low-income households in meeting their immediate and long-term home energy needs through financial assistance, energy conservation, and weatherization services.

Through the Low-Income Home Energy Assistance Program (LIHEAP), financial assistance is provided to offset the costs of heating and/or cooling dwellings, energy crisis intervention to households that are in crisis, and weatherization services to make dwellings more energy efficient, thereby reducing energy usage and costs. In addition, needs assessment, client education, counseling, and coordination with utility companies are provided. The program administers a leveraging program with the objective of utilizing the purchasing power (or "leverage") of the LIHEAP to acquire the full economic value of its resources, and by doing so, substantial additional energy assistance resources and services for the poor from state energy market sources can be acquired.

#### 40 COMMUNITY SERVICES

The Community Services Program provides a wide range of services designed to assist low-income families and individuals in attaining the skills, knowledge, and motivation necessary to achieve self-sufficiency.

The Community Services Block Grant Program provides funds to help families and individuals obtain education and job training, secure employment and housing, solve problems that prevent stable family living and economic independence, better manage available income, meet nutritional and health care needs, raise healthy children, and achieve greater participation in community affairs. The Community Food and Nutrition Program provides funds to coordinate existing private and public food assistance resources, assist low-income communities to identify potential sponsors of child nutrition programs and initiate new programs in underserved or unserved areas, and develop innovative approaches at the State and local level to meet the nutrition needs of low-income people.

#### **50 ADMINISTRATION**

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers services to persons with disabilities through district and branch offices located throughout the State. In addition, the Department has entered into a number of cooperative agreements with State and local agencies (educational, mental health, and welfare) to assure specialized services are provided to target groups within this population. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Related services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with the most significant disabilities who can reasonably be expected to benefit from independent living services are provided a full range of services, including special adaptive equipment to assist in personal care, aides for communication, minor home modifications, and specialized wheelchairs for independent mobility.

#### 30 SUPPORT OF COMMUNITY FACILITIES

The Community Resources Development Section works with for-profit, public, and not-for-profit organizations to develop and improve community-based vocational rehabilitation services for the Department's clients. Services are provided by Community Rehabilitation Programs, including independent living centers, mental health and substance abuse programs, and programs providing special services to the deaf, hearing impaired, blind, and visually impaired.

The Department sets standards for Community Rehabilitation programs and the services they provide. The Department certifies programs to ensure that standards are met and establishes fees for services purchased from programs. The Department inventories Community Rehabilitation programs and maintains a current listing of services available to the Department's clients.

Under this program, the Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

#### 40 ADMINISTRATION

The Administration Program provides overall management planning, policy development and administrative support services to departmental programs.

## 5170 State Independent Living Council - Continued

The State Independent Living Council, in conjunction with the Department of Rehabilitation, is responsible for developing a State plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan. The Council also interacts with similar statewide councils to enhance the effectiveness of the network of centers that provide independent living services in California. The Council is required by the Federal Rehabilitation Act of 1973, as amended by Title 29 United States Code Section 796d(a), in order for the State to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council serves as an educational resource on disability and independent living for the Governor, other state agencies, the Legislature, the general public, and a variety of statewide and national organizations.

### 5175 Department of Child Support Services

The mission of the California Child Support Program is to promote the well-being of children and the self-sufficiency of families by delivering first-rate child support establishment and collection services that help both parents meet the financial, medical, and emotional needs of their children. The Department of Child Support Services is the single State agency designated to administer the Title IV-D state plan. The Department is responsible for providing strong state leadership to ensure that all functions necessary to establish, collect and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented.

The statewide Child Support Program is founded on a belief that California's children have the right to be supported by both parents financially, medically and emotionally. The Child Support Program is committed to ensuring that California's children are given every opportunity to obtain these rights in a fair and consistent manner throughout the State. The Child Support Program is committed to providing the highest quality services and collection activities in the most efficient and effective manner.

#### **MAJOR PROGRAM CHANGES**

 Federal Penalties for Child Support Automation - The Governor's Budget includes \$218 million General Fund to pay the 2005 Alternative Federal Penalty due in September 2005. This proposal will allow the State to continue operating the Child Support Program in 2005-06 without loss of the program's federal share of funding or jeopardizing the Temporary Assistance for Needy Families Program in the Department of Social Services. Completion of the new California Child Support Automation System is expected to be finalized and fully functional on a statewide basis as required by the federal government in September 2008.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 CHILD SUPPORT SERVICES

The Child Support Services program provides assistance to persons receiving CalWORKs and/or Medi-Cal and to unaided persons, upon application, by obtaining child support and medical support. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities, by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders so that children receive financial and medical support as ordered.

#### 10.01-Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of state staff salaries and benefits and operating expenses, local child support agency administrative, electronic data processing maintenance, and operation costs. The federal government pays 66 percent and the State pays 34 percent of the Child Support Program costs. However, the Child Support Program earns federal incentive funds based on the State's performance in five federal performance measures and these federal incentive funds offset the State General Fund on a dollar for dollar basis. County administrative expenses not meeting statutory criteria remain a county responsibility.

#### 10.03-Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. The Department of Child Support Services, in collaboration with the Franchise Tax Board and a private vendor, is in the process of developing a single statewide automation system, termed the California Child Support Automation System (CCSAS). The Department anticipates full completion of the new system by September 2008. There are two components of the single statewide system (CCSAS), the first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component will contain tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU will be a system managed by a private vendor and will collect child support payments from non-custodial parents and disburse these payments to custodial parents.

### 5180 Department of Social Services

The mission of the Department of Social Services is to serve, assist, and protect needy and vulnerable children and adults in ways that strengthen and preserve families, encourage personal responsibility, and foster independence. The department accomplishes its mission through three major programs: welfare, social services and licensing, and disability evaluation and other services.

HHS 156 HEALTH AND HUMAN SERVICES

### 5180 Department of Social Services - Continued

- Child Welfare Services (CWS) Program Improvement Plan (PIP) In 2002, California failed a total of 12 out of 14 outcome
  measures in a federal review of California's CWS Program and is currently operating under a federally required PIP to
  improve program performance. In 2004-05, 11 counties are implementing systemic program changes which are included
  in the State's PIP. The Governor's Budget includes \$14.1 million General Fund for 11 additional counties to implement
  these activities, which will result in improved performance and reduce the potential for federal penalties for PIP
  noncompliance.
- Go-Forward Plan The Governor's Budget includes \$481,000 (\$241,000 General Fund) and 1.4 positions to support
  implementation of critical components of the Child Welfare Services/Case Management (CWS/CMS) System Go-Forward
  Plan. The CWS/CMS is a State and federally required statewide database, case management tool, and reporting system
  to support the CWS program. The Go-Forward Plan details California's agreements with the federal Administration for
  Children and Families to restore ongoing federal funding and resolve long-standing federal compliance issues.
- Improve CalWORKs Performance Measurement The Governor's Budget includes \$794,000 (\$87,000 General Fund) to support 8.0 redirected positions for two years to enhance the CalWORKs data collection process. This will enable the Department to more quickly begin working with individual counties to improve their performance, which will reduce the potential for federal penalties for not meeting work participation requirements.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 16 WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

- California Work Opportunity and Responsibility to Kids (CalWORKs); Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs:
- Supplemental Security Income/State Supplementary Payment Program;
- County Administration and Automation Projects; and
- Disaster Relief.

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

#### 16.30-CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while establishing specific work requirements and encouraging personal responsibility. Child care services are provided to CalWORKs recipients with children up to the age of 13 through a three-stage system, depending on the recipient's level of self-sufficiency and employment stability. Stage One is administered by the Department of Social Services. The Department of Education administers Stages Two and Three. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

#### 16.65-Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and State law.

The Adoption Assistance Program provides ongoing subsidies to encourage and promote the placement in adoptive homes of children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling group who should be placed in the same home, have become difficult to place in unsubsidized adoptive homes.

Refugees, asylees, Cuban/Haitian Entrants, certain Amerasians from Vietnam, and victims of a severe form of human trafficking who do not qualify for CalWORKs or Supplemental Security Income may receive assistance through the Refugee Cash Assistance (RCA) program. RCA benefits are available for a maximum period of eight months.

The Food Stamp Program provides for improved levels of nutrition among low-income households by offering eligible households food stamps at no cost. The cost of the benefit value of food stamps to these households is borne entirely by the United States Department of Agriculture (USDA). The Food Stamp Employment and Training Program requires certain non-assistance food stamp recipients to participate in employment and training activities.

The Department also administers the State-only California Food Assistance Program (CFAP) to provide food stamps to legal immigrants who meet federal Food Stamp eligibility criteria but for their immigration status.

The Emergency Food Assistance Program provides USDA donated commodities and surplus fresh fruits and vegetables donated by California farmers to local food banks and local soup kitchens for distribution to low-income, unemployed, and homeless persons. This program is funded with contributions made by taxpayers through a State income tax checkoff.

#### 16.70-Supplemental Security Income/State Supplementary Payment Program:

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

### 16.75-County Administration and Automation Projects:

Federal, State, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, State, and county funds are used to finance major data automation projects of the Department of Social Services.

#### 16.90-Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and families who have suffered losses from a Presidentially-declared disaster and those losses are not covered by other federal, State, or private assistance

programs.

#### 25 SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

#### 25.15-In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive public assistance or have low incomes. The IHSS program also ensures that counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

#### 25.30-Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency, in-home care and out-of-home care services for abused and neglected children and their families.

The Adoptions Program: (1) Provides agency (relinquishment) adoption services through five State offices and twenty-eight licensed county adoption agencies; (2) Conducts studies of all independent adoption placements through seven State offices and three county adoption agencies; (3) Reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (4) Provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides child abuse prevention and intervention services through more than 175 projects. The program also provides for training and technical assistance for administrators and staff.

The Department also has County Services Block Grant funding which includes Adult Protective Services.

The Community Care Licensing Division provides preventive and protective services to all persons in community care facilities by ensuring that licensed facilities meet established health and safety standards.

#### 25.35-Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Assistance Services.

#### 35 DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

#### 35.15-Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and their overall ability to engage in substantial gainful employment.

#### 35.25-Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel, and accounting to the State Council on Developmental Disabilities. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services. The Department also provides state hearings services to the Department of Child Support Services.

#### **60 ADMINISTRATION**

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

### 5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the State-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. Realignment provided counties with dedicated tax revenues from the State sales tax and vehicle license fee (VLF) to pay for these changes.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

The objectives of Realignment are to assign program responsibility to the most appropriate level of government, either State or local, and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of sales tax revenues and VLF revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other State and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.
