California Child Support Automation System (CCSAS) Project Funding

Shift (Issue 029)—It is requested that Franchise Tax Board (FTB) shift \$30.0 million of a scheduled \$80.0 million business partner payment from 2008-09 to 2007-08 to fund changes in the CCSAS project schedule and the business partner's scope of work. Project staff notes the changes in schedule and scope are necessary to complete the federal certification process and relieve the state from further federal penalties. The Department of Child Support Services proposes to fund the \$30.0 million reimbursement to FTB from reappropriated federal and General Fund monies. FTB will fund a required additional \$3,947,000, by increasing Item 1730-001-0001 by \$1,342,000 and Reimbursements by \$32,605,000.

Franchise Tax Board Provisional Language for Unanticipated Funding Needs for the CCSAS Project (Issue 030)—It is requested that provisional language be added to Item 1730-001-0001 that presently is contained in Provision 8 of Item 1730-001-0001 of the Budget Act of 2006. The recommended Budget Bill language is:

Notwithstanding any other provision of law, upon request of the Franchise Tax Board, the Department of Finance may transfer any amounts not fully expended in Schedule (4)—Child Support Automation, to the Department of Child Support Services to provide for unanticipated costs associated with the California Child Support Automation System project. This provision may become effective no sooner than 30 days after providing notification in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

Amendment to Budget Bill Items 1900-001-0942 and 1900-001-0950, Support, California Public Employees Retirement System

It is requested that Item 1900-001-0942 be decreased by \$509,000 and Item 1900-001-0950 be increased by \$509,000 to accurately reflect the ongoing cost of administering the processing of Medicare Part D eligibility files, reconciliation files, and subsidy requests. California Public Employees Retirement System (CalPERS) requests that the current appropriation authority for the 5.5 positions paid out of the Special Deposit Fund be paid from the Contingency Reserve Fund (CRF) because the dollars are now being deposited into the CRF per an Attorney General Opinion dated November 2, 2006.

It is requested that Item 1900-001-0950 be increased by \$552,000 to support ongoing activities that will result in a cost avoidance of over \$5.0 million per year. The requested staff increases will allow CalPERS to better monitor Kaiser Surcharge Reductions, implement broader quality control measures, and comply with Executive Order S-12-06, Health Information Technology, which requires the development of a state policy agenda to improve health care through the rapid implementation of health information technology.

It is requested that Item 1900-001-0950 be increased by \$659,000 to implement and support ongoing activities with the processing of Medicare Part B Income Related Monthly Adjustment Amount reimbursements. As of January 1, 2007, the Social Security Administration began to base Medicare Part B premiums on income rather than a flat rate as was done in the past. Additional program staff are requested to develop, update, and maintain the new system needed to comply with the new Social Security Administration requirements.

The effect of my requested action is reflected on the attachment.
