Attention: Mr. Danny Alvarez, Staff Director (2)

Honorable John Laird, Chair
Assembly Budget Committee

Attention: Mr. Christopher W. Woods, Chief Consultant (2)

Amendment to Budget Bill Items 0250-001-0001, 0250-001-3066, and Reimbursements, Support, and Items 0250-101-0001, 0250-101-0890, 0250-101-0932, and 0250-111-0001, Local Assistance, Judicial Branch

This Finance Letter requests changes to the following Judicial Branch (Branch) items:

- Increase Item 0250-001-0001 by \$14,460,000
- Increase Item 0250-001-3066 by \$2,409,000
- Increase Item 0250-101-0001 by \$926,000
- Increase Item 0250-101-0890 by \$800,000
- Decrease Item 0250-101-0932 by \$15,386,000
- Decrease Item 0250-111-0001 by \$15,386,000
- Increase Reimbursements by \$588,000

Correction to Scheduling of Budget Balancing Reduction—It is requested that Items 0250-001-0001, 0250-101-0001, 0250-101-0932, and 0250-111-0001 be adjusted to reflect the Branch's scheduling of its General Fund Budget Balancing Reduction (BBR). The previous Finance Letter released on March 25, 2008, with the allocation of BBRs contains an incorrect allocation by Department of Finance (Finance) for the Branch. This requested change would correct that error and represent the allocation provided by the Branch.

Federal Child Access and Visitation Grants—It is requested that Item 0250-101-0890 be increased by \$800,000 federal funds on a one-time basis and Item 0250-101-0001 be amended for the Federal Child Access and Visitation Grant. These funds will be used to facilitate noncustodial parents' access to and visitation with their children.

Transfer of Court Facilities to State Responsibility—It is requested that Item 0250-001-3066 be increased by \$2,409,000 and Reimbursements be increased by \$588,000, to provide the authority necessary to expend funds that the Administrative Office of the Courts will receive from county facility payments for the operations and maintenance of court facilities. Of this amount, \$1,664,000 is requested for the court facilities that have already transferred to state responsibility since the release of the Governor's Budget, and \$1,333,000 is requested for those facilities scheduled to transfer to state responsibility by June 30, 2008. This technical adjustment reflects recent and anticipated transfers of court facilities from local to state responsibility.

Withdrawal of Workload Adjustments as part of Budget Balancing Reduction—It is requested that Item 0250-001-0001 be amended to reflect the Branch's request to withdraw several Budget Change Proposals included in the Governor's Budget and use those funds to offset the proposed \$245,944,000 General Fund BBR included in the 2008-09 Governor's Budget. The proposals total \$4,451,000, and Finance notes that this is an informational item only given that the BBR amount is already fully captured in the system. This item reflects no dollar changes, but provides a description of the manner in which the Branch proposes to allocate a portion of its General Fund BBR.

The effect of my requested action is reflected on the attachment.

Amendment to and Addition of Various Budget Bill Items as follows:

Capital Outlay, Judicial Council 0250-301-3037
 0250-491

It is requested that the following actions be taken:

Increase Item 0250-301-3037 by \$5,622,000 to augment the construction phase for the New Mammoth Lakes Courthouse in Mono County. The increased costs are primarily due to higher costs associated with an active seismic zone and heavy snow loads, resulting in the need for a substantially stronger structure. In addition, the extreme weather conditions of the region necessitate an acceleration of subsequent phases to remain on schedule as construction can only occur between May and October. These factors were not accounted for in the Governor's Budget submittal.

Add Item 0250-491 to reappropriate Item 0250-301-3037 (3), Budget Act of 2007 for the working drawings phase of the New Mammoth Lakes Courthouse in Mono County. Conveyance of land from the U.S. Forrest Service to the county was delayed resulting in the Judicial Council's inability to proceed to the working drawings phase within the approved project schedule. The State Public Works Board approved acquisition of the land in February 2008.

The effect of my requested action is reflected on the attachment.

**Amendment to and Addition of Various Budget Bill Items, Support and Local Assistance,
Secretary for Resources**

CALFED Watershed Program Transfer

It is requested that Item 0540-001-0001 be decreased by \$249,000 and Item 0540-001-0140 be amended to reflect this change to transfer positions and funding for the CALFED Watershed Program from the Secretary for Resources (Secretary) to the Department of Conservation (Conservation).

The 2006-07 reorganization of the CALFED Program abolished the Bay-Delta Authority and transferred portions of the CALFED Program to the Secretary. The Secretary's budget includes funding for the CALFED Oversight and Coordination, Science, and Watershed programs. Although the CALFED Oversight and Coordination and Science programs are appropriate for the Secretary to administer because of its oversight role, it is more appropriate for the Watershed Program to be administered by an implementing department. Conservation currently administers a successful Watershed Grant Coordinator Program in the Delta region that began as a pilot program in 2000-01. (See corresponding Finance Letter for the Department of Conservation.)

River Parkways

It is requested that Item 0540-101-6015 be added in the amount of \$1.1 million for River Parkway grants. River Parkway projects must provide public access or be a component of a larger parkway plan that provides public access. This request would appropriate the balance of previously appropriated Proposition 13 funds from projects that either did not come to fruition or were completed under budget. (See Attachment A.)

It is further requested that Item 0540-490 be added to reappropriate Proposition 50 River Parkway grant funds originally appropriated in Section 41 of Chapter 230, Statutes of 2004. Projects funded from this appropriation have experienced delays related to permitting, and therefore this action is necessary to ensure the projects are completed. (See Attachment B.)

The effect of my requested action is reflected on the attachment.

**Amendment to Budget Bill Items 0555-001-0044 and 0555-001-8020, Support, Secretary
for Environmental Protection**

Education and the Environment Initiative

It is requested that Item 0555-001-8020 be increased by \$400,000 to provide additional expenditure authority for the Environmental Education Account (EEA) and that Item 0555-001-0044 be amended to reflect this change. It is also requested that Budget Bill language (BBL) be added as provided in Attachment A. This BBL will provide the Administration with the flexibility to increase the budgeted appropriation in this Item, upon appropriate notification to the Legislature, should revenue to the EEA exceed the budgeted level within the 2008-09 fiscal year.

The Secretary for Environmental Protection and the California Integrated Waste Management Board are currently implementing the Education and the Environment Initiative (EEI) pursuant to Chapter 665, Statutes of 2003 (AB 1548) and Chapter 581, Statutes of 2005 (AB 1721). These statutes require the development of a unified education strategy to bring environmental education into California's primary and secondary schools. The additional expenditure authority will further EEI implementation in the areas of curriculum development and the preparation of field and pilot testing units for participating school districts.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Item 0650-001-0001, Support, Office of Planning and Research

It is requested that Item 0650-001-0001 be increased by \$107,000 to reflect the following:

- **Transfer of Governor's Mentoring Partnership**—It is requested that Item 0650-001-0001 be increased by \$107,000 to provide resources for the transfer of the Governor's Mentoring Partnership from the Department of Alcohol and Drug Programs to CaliforniaVolunteers, per Executive Order S-02-08. A corresponding reduction is proposed in a separate Finance Letter for the Department of Alcohol and Drug Programs.
- **Transfer of Federal Funds**—It is requested that a technical correction be made to Item 0650-001-0001 to reflect the proper allocation of federal funds to the Office of Planning and Research's programs. This change is needed to correct an error made during the preparation of the 2008-09 Governor's Budget. The action would result in a decrease in federal fund authority in Program 21-California Volunteers, and a corresponding increase in federal fund authority in Program 11-State Planning and Policy Development, for a net zero change to the overall appropriation.

The effect of my requested action is reflected on the attachment.

These grant funds would be used for all hazards planning, training, and exercises for emergency situations.
- **Mitigation Grant Increase**—An increase of \$786,000 federal funds and 7.0 positions (6.6 personnel years) are requested to administer three federal emergency mitigation grants. The Severe Repetitive Loss Grant Program, Hazard Mitigation Grant Program, and the Pre-Disaster Mitigation Grant Program provide funds to states to mitigate possible future disasters such as floods, fires, and other disasters.
- **Public Safety Interoperable Communications Grant Program**—An increase of \$4,542,000 federal funds and 6.0 positions (5.7 personnel years) are requested to implement projects funded by the Public Safety Interoperable Communications Grant Program. - **Office of Gang and Youth Violence Policy Budget-Balancing Reduction Restoration**—An increase of \$267,000 General Fund and 1.0 position (0.9 personnel years) is requested for the Office of Gang and Youth Violence Policy (Office). Of this amount, \$173,000 and 1.0 position is requested to backfill the General Fund Budget-Balancing Reduction taken to the Office in order to ensure the Statewide Anti-Gang Coordinator has the appropriate level of resources necessary, to combat gang and youth violence in California, and \$94,000 is requested to upgrade two Criminal Justice Specialist I positions to Research Program Specialist II positions to meet program need.

APR 01 2008

- **Revised Anti-Gang Grant Budget Bill Language**—It is requested that Budget Bill language (BBL) (Attachment A) be amended to revise the grant allocation methodology by specifying that \$1.0 million in grant funds would go to the city of Los Angeles to combat its severe gang problems, and \$8.5 million would go to other cities to combat gang violence. In addition, this revised BBL will reflect the elimination of specified funding to community-based organizations, instead providing that the funding would go to cities.

**Amendment to Budget Bill Item 0950-001-0001 and Reimbursements, Support,
State Treasurer's Office**

It is requested that Item 0950-001-0001 be amended by increasing reimbursement expenditure authority by \$184,000 due to the following:

- A 7.0 position reduction as a result of the 10-percent across-the-board budget reductions. The amount of this reduction has been included in the Governor's Budget.
- \$109,000 Reimbursements to fund 2.0 permanent Program Technician II positions to support existing workload, and \$75,000 Reimbursements to fund indirect administrative costs. Both of these requests are part of the State Treasurer's Office's plan to implement the 10-percent General Fund reduction, and are fund shifts that will assist in achieving these savings.

This request results in a net position reduction of 5.0 positions and an increase of \$184,000 in reimbursement authority.
