---

Health and human services programs provide essential medical, dental, mental health and social services to many of California's most vulnerable and at-risk residents. These programs touch the lives of millions of Californians and provide access to critical services that promote their health, well-being and ability to function in society. The mission of the Health and Human Services Agency also includes recognizing children as a priority investment, promoting personal responsibility for services, and enhancing program effectiveness and accountability.

## 4100 State Council on Developmental Disabilities

### LEGAL CITATIONS AND AUTHORITY

#### DEPARTMENT AUTHORITY

### BUDGET-BALANCING REDUCTIONS

- The Budget includes a General Fund reduction of \$1.0 million in 2008-09.
- A portion of the Mobile Medical Assets program, totaling \$2.8 million General Fund, has been exempted from the budget balancing reductions. The program was partially exempted because a greater reduction would jeopardize the state's ability to provide emergency medical services, including deployment of Mobile Field Hospitals, in the event of a major disaster.
- The major budget balancing reductions include:

A reduction of \$690,000 for the Poison Control System. This will reduce the amount of the Poison Control System contract, and likely reduce the number of personnel available to staff the program.

A reduction of \$242,000 for Regional Emergency Medical Services Agencies. This reduction will be spread among the seven regional agencies and will be implemented in a variety of ways including reducing travel costs, holding positions vacant, and reducing hours.

A reduction of \$36,000 for Regional Disaster Medical Health Specialist (RDMHS) contract services. This will reduce the amount of RDMHS contracts with local emergency medical services agencies.

A reduction of \$35,000 in state operations costs associated with Mobile Medical Assets.

## PROGRAM DESCRIPTIONS (Program Objectives Statement)

### 10 - HEALTHCARE QUALITY AND ANALYSIS

The Healthcare Quality and Analysis Program is responsible for analyzing healthcare quality and costs, making policy recommendations for future health-related needs, conducting research activities in the development of statewide health policy, and disseminating data to various audiences. In addition, this program produces risk-adjusted reports on hospital and physician outcomes, current healthcare policy issues, and analyzes and makes recommendations on specific issues affecting the quality or cost of healthcare.

\* Dollars in thousands, except in Salary Range.

## 4140 Office of Statewide Health Planning and Development - Continued

The California Health Policy and Data Advisory Commission advises OSHPD on the collection and reporting of health facility data, public access to data, regulations, risk-adjusted outcome studies, and health planning issues. The Commission holds hearings for health facilities appealing fines for delinquent data submission and for applicants of the Cal-Mortgage Loan Insurance Program, and makes recommendations to the Director of the Office.

The Rural Health Policy Council promotes coordinated planning and policy development among state departments and between the State and local public and private providers, conducts public hearings in rural communities for the purpose of soliciting and receiving input from these communities, including input from rural hospitals, rural clinics, healthcare service plans, local governments, academia, and consumers.

### 30 - HEALTHCARE WORKFORCE

The Healthcare Workforce Program supports development and expansion of primary care and allied health training throughout the state and promotes recruitment of students into health professions. It includes the following program areas:

- Health Manpower Pilot Projects Program-Provides the opportunity for healthcare related organizations to demonstrate, test and evaluate new or expanded roles for healthcare professionals or new healthcare delivery alternatives prior to amending regulations or laws. Under this Program, trainees in approved pilot projects are exempted from other provisions of law. Pilot project results help guide changes to the Business and Professions Code.
- Song-Brown Healthcare Workforce Training Program-Grants funds to family practice residency, nurse practitioner, physician assistant, and registered nurse training programs to increase the number and improve the distribution of these professionals in underserved areas of the state.
- Health Careers Training Program-Works with public and private partnerships to promote recruitment, training, placement, and retention of healthcare professionals.
- Shortage Designation Program-Liaisons between the federal government and healthcare provider sites applying for designation as a Health Professional Shortage Area (HPSA) or a Medically Underserved Area/Population (MUA/P). These designations enable clinics to be eligible for assignment of National Health Service Corps Personnel or apply for Rural Health Clinic (RHC) certification Federally Qualified Health Center Look-Alike certification, and New Start/Expansion Program.
- National Health Service Corps/State Loan Repayment Program (SLRP)- Increases the number of primary care physicians, dentists, physician assistants, nurse practitioners, nurse midwives, and mental health providers practicing in designated HPSAs. SLRP is authorized to repay educational loans of health professionals, who in turn must obligate themselves for service in public or private non-profit entities for a minimum of two years and maximum of four years in direct patient care.
- Health Professions Education Foundation (a non-profit public benefit corporation)-Provides scholarship and loan repayments to health professional students and graduates who agree to provide direct patient care in a medically underserved area of California for 2 to 3 years.

### 40 - FACILITIES DEVELOPMENT

The Facilities Development Program regulates the design and construction of health facilities to ensure the facilities are safe and available to provide care to the community in the event of a major disaster.

### 45 - CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is an insurance program for health facility construction, improvement, and expansion loans, to ensure that healthcare providers have adequate access to capital to provide the facilities necessary to meet the healthcare needs of California.

The Program provides financial analysis and review of health facility project applications for Health Facility Construction Loan Insurance, administers loan payback provisions of Fire Protection Loans and Clinic Renovation Loans, and administers the Eminent Domain Certificate Program for health facilities. The Program also ensures that available financial assistance is allocated to eligible health facilities in California. Projects receiving this assistance are subject to on-site construction progress and payment verification inspections to assure conformity with approved plans, specifications and loan agreement terms and conditions.

### 60 - HEALTHCARE INFORMATION

The Healthcare Information Program collects and maintains an ongoing repository of uniform and objective information about the costs, charges, capacity, and utilization of health facilities, as well as the services provided and patients served by these facilities. This information is used by various OSHPD programs, such as the Healthcare Quality and Analysis Program, to fulfill its goals and mission.

### 80 - ADMINISTRATION

Administration provides overall management, planning, policy development, legal, legislative, information technology support and administrative services to the OSHPD.

- Access to information and services.
- Opportunities for community involvement.
- Support to family members providing care.

\* Dollars in thousands, except in Salary Range.

## 4170 Department of Aging - Continued

As the designated State Unit on Aging, the Department administers Older Americans Act programs that provide a wide variety of community-based supportive services as well as congregate and home-delivered meals. It also administers the Older Californians Act programs including, but not limited to, the Health Insurance Counseling and Advocacy Program, the Linkages program, and the Alzheimer's Day Care Resource Center program. The Department also contracts directly with agencies that operate the Multipurpose Senior Services Program, and certifies Adult Day Health Care centers for the Medi-Cal program.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for, and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers and residents of long term care facilities.

### BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$6.265 million and 3.0 positions in 2008-09.

\* Dollars in thousands, except in Salary Range.

## 4170 Department of Aging - Continued

- The major budget balancing reductions include:

A \$2.5 million General Fund reduction in the Multipurpose Senior Services Program. This will result in 1,179 client slots being reduced through attrition.

A \$1.5 million General Fund reduction in the Senior Community Services Employment Program. This reduction will have minimal impact upon the program due to the recent federal minimum wage increase which has resulted in a higher federal allocation to the state and an accompanying reduction in the state's required share of minimum wage.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and referral, escort, employment, and education.

#### 20 - SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service facilities for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

#### 30 - SUPPORTIVE SERVICES AND CENTERS

This program provides supportive services including information and assistance, legal and transportation services, senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

#### 40 - SPECIAL PROJECTS

This program includes the Multipurpose Senior Services Program, Adult Day Health Care (ADHC) Program, and Community-Based Service Programs. The Multipurpose Senior Services Program provides health/social case management in order to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The ADHC Program is a community-based day program that provides a variety of health, therapeutic and social services to restore or maintain optimal capacity for self-care of frail older persons and adults with functional impairments. The Department certifies ADHC centers for participation in the Medi-Cal Program. The Community-Based Services include the Senior Companion, Brown Bag, Alzheimer's Day Care Resource Centers, Linkages, Health Insurance Counseling and Advocacy, and Respite programs.

## 4200 Department of Alcohol and Drug Programs - Continued

### LEGAL CITATIONS AND AUTHORITY

#### DEPARTMENT AUTHORITY

Health and Safety Code, Division 10.5 (commencing with Section 11750).

### MAJOR PROGRAM CHANGES

- The Governor's Budget includes an increase of \$25 million General Fund in Substance Abuse Services Coordinating Agencies contract funding passed through to the California Department of Corrections and Rehabilitation (CDCR). This increase is offset by a corresponding General Fund reduction in the CDCR.
- The Governor's Budget includes 3.0 positions and the redirection of \$1.3 million federal Substance Abuse Prevention and Treatment funds to conduct and evaluate a three-year demonstration project designed to enhance alcohol and other drugs treatment services for women. The demonstration project will provide data to guide the implementation of gender-responsive, comprehensive services that utilize evidence-based practices.
- The Governor's Budget includes \$400,000 (\$250,000 Reimbursements and \$150,000 Gambling Addiction Program Fund) to expand research and prevention services for problem and pathological gamblers.

### BUDGET-BALANCING REDUCTIONS

- The Governor's Budget includes General Fund reductions of \$6.5 million in 2007-08 and \$28.1 million in 2008-09, after exempting \$8.9 million General Fund which is passed through to the California Department of Corrections and Rehabilitation (CDCR), consistent with the CDCR's reduction plan.
- The major budget-balancing reductions include:

Reductions of \$2.5 million in 2007-08 and \$16.1 million and 5.8 positions in 2008-09 for Alcohol and Other Drug Programs, primarily resulting from a reduction in Drug Medi-Cal provider rates.

Reductions of \$3.3 million in 2007-08 and \$10 million and 3.0 positions in 2008-09 for the Substance Abuse Crime Prevention Act of 2000 (Proposition 36). This reduction in the amount of state funding will not change sentencing law requirements under Proposition 36.

Reductions of \$667,000 in 2007-08 and \$2 million and 0.4 positions in 2008-09 for the Substance Abuse Offender Treatment Program. This program serves offenders eligible for treatment under Proposition 36.

**PROGRAM DESCRIPTIONS (Program Objectives Statement)**

**15 - ALCOHOL AND OTHER DRUG SERVICES**

The Alcohol and Other Drug Services Program assists counties in providing appropriate prevention, treatment, and recovery services to help Californians have healthy lives free of alcohol and other drug-related problems and become contributing members of their communities. In addition to ensuring compliance with state and federal statutes, the Department provides program oversight for state and federally-funded programs, maintains agreements with counties to monitor performance measures and spending related to federal maintenance of effort requirements, and implements projects consistent with specific Department objectives.

To meet this responsibility, the Department performs the following functions:

- Service Delivery System-Design, maintain, and continuously improve a statewide infrastructure for the delivery of community-based alcohol and other drug prevention, treatment, and recovery services, as well as problem gambling prevention services. This is achieved through ongoing partnership with county governments and in cooperation with numerous private and public agencies, organizations, and groups.
- System Financing-Provide efficient and effective systems of obtaining, allocating, administering, and accounting for local, state, and federal funds used in the alcohol and other drug system.
- Quality Assurance-Ensure that service providers maintain compliance with basic facility and program standards. The Department licenses and/or certifies a range of programs including residential treatment centers and outpatient programs, clinics for narcotic replacement therapy, and Driving Under the Influence educational programs.
- Alcohol and Other Drug Prevention-Maintain a prevention program designed to avert, reduce, and eliminate alcohol and other drug-related problems among California's children, youth, and adult populations.
- Information Technology-Develop an information infrastructure that supports the goals, strategies, and operations of the Department and its stakeholders.

**30 - DEPARTMENTAL ADMINISTRATION**

The objective of the Administration Program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

**4260 Department of Health Care Services**

Pursuant to Chapter 241, Statutes of 2006 (SB 162), effective July 1, 2007, specific programs and public health responsibilities vested within the former California Department of Health Services were transferred to the newly established California Department of Public Health, and the California Department of Health Services was renamed the California Department of Health Care Services (CDHCS).

The mission of the CDHCS is to protect and improve the health of all Californians. To fulfill its mission, the CDHCS finances and administers a number of individual health care service delivery programs, including the California Medical Assistance Program (Medi-Cal), which provides health care services to low-income persons and families who meet defined eligibility requirements.

To achieve its mission, the CDHCS has set the following goals:

- Provide health care services to low-income persons and families who meet defined eligibility requirements.
- Ensure access to comprehensive health services using public and private resources.
- Emphasize prevention-oriented health care programs that promote human health and well-being.

### MAJOR PROGRAM CHANGES

- The Governor's Budget includes a reduction of \$330 million (\$165 million General Fund) in 2007-08 by delaying the Medi-Cal Check Write by one week. This action will delay a June payment to Medi-Cal fee-for-service providers into July. This will be a permanent shift of the payment by one week.

---

### BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$47.6 million in 2007-08 and \$1.1 billion in 2008-09.
- The following programs totaling \$2.5 billion General Fund, have been exempted from the budget balancing reductions. The Third Party Recovery and the Audits and Investigations Divisions were exempted since they are revenue producing activities (\$5.5 million). The Accelerated Enrollment program and implementation of Chapter 437, Statutes of 2006 (SB 437) were exempted since they are part of the Children's Outreach activities to support enrollment and retention of children in health care programs (\$17.8 million). Free standing nursing facilities subject to AB 1629 and Intermediate Care Facilities for the Developmentally Disabled were exempted from the provider rate reduction (\$2.446 billion).
- The major budget balancing reductions include:

Reductions of \$33.4 million in 2007-08 and \$602.4 million in 2008-09 by reducing Medi-Cal provider rates for physicians and other medical and service providers.

Reductions of \$10 million in 2007-08 and \$134 million in 2008-09 by eliminating certain Medi-Cal optional benefits including incontinence creams and washes, acupuncture, adult dental, audiology, optometry, optical, chiropractic, podiatry, psychology, and speech therapy.

A reduction of \$92.2 million in 2008-09 by eliminating continuous Medi-Cal eligibility for children and restoring quarterly status reports for both children and parents. Currently, children receive continuous eligibility until their annual redetermination. This proposal would reinstate quarterly status reports, which would allow an evaluation of the person's eligibility for Medi-Cal on a quarterly basis instead of annually for children and semi-annually for parents.

A reduction of \$75.8 million in 2008-09 in Medi-Cal payments to counties. Adjustments include: elimination of the California Necessities Index-based cost of living adjustment that would be provided to county eligibility, administrative, and support positions; elimination of caseload growth funding that is used to hire additional county staff to address increased workload due to increases in Medi-Cal eligibles; a reduction of the county administration base, which provides funding for staff, support, and staff development costs associated with the Medi-Cal eligibility process; and reductions in funding for California Children's Services and the Child Health Disability Prevention Program.

A reduction of \$56.8 million in 2008-09 resulting from a reduction in the payments to long-term care facilities, with the exception of freestanding facilities that are subject to AB 1629 and intermediate-care facilities for the developmentally disabled.

Reductions of \$4.2 million in 2007-08 and \$50.1 million in 2008-09 by not paying the Medicare Part B premiums for Medi-Cal unmet share-of-cost beneficiaries who can become Medi-Cal certified by meeting their share-of-cost during the month. These individuals are Medi-Cal eligible but have adjusted income that exceeds 129 percent of the Federal Poverty Level and have not spent down their excess income. They will have the option of continuing to pay their own premiums to maintain their Medicare Part B benefits.

A reduction of \$34.4 million in 2008-09 by shifting federal Safety Net Care Pool payments from designated public hospitals to the California Children's Services, the Genetically Handicapped Persons, the Medically Indigent Adult-Long-term Care, and the Breast and Cervical Cancer Treatment Programs, which are eligible for these funds. This shift will allow a corresponding reduction in General Fund for these programs.

A reduction of \$30 million in 2008-09 by reducing the reimbursement rates for hospitals that do not contract with Medi-Cal.

A reduction of \$24 million in 2008-09 from reduced Medi-Cal Disproportionate Share Hospital replacement payments for private hospitals. These payments are made to hospitals based on their uncompensated Medi-Cal and uninsured care costs.

A reduction of \$8.2 million in 2008-09 and 136.8 positions within the department's state operations budget.

## 4265 Department of Public Health

Pursuant to Chapter 241, Statutes of 2006 (SB 162), effective July 1, 2007, specific programs and public health responsibilities vested with the former California Department of Health Services were transferred to the newly established California Department of Public Health (CDPH).

The mission of the CDPH is to protect and improve the health of all Californians. To fulfill its mission, the CDPH administers a broad range of population-based public and environmental health programs and has set the following goals:

- Promote healthy lifestyles and appropriate use of health services
- Prevent disease, disability and premature death
- Protect the public from unhealthy and unsafe environments
- Provide and ensure access to critical public health services
- Enhance public health emergency preparedness and response

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Public Health's Capital Outlay Program see "Infrastructure Overview."

## MAJOR PROGRAM CHANGES

- Licensing and Certification - Consistent with the requirements of Chapter 895, Statutes of 2006 (SB 1312), the Department of Public Health conducted a comparison of state and federal standards for long-term health care facilities. Based on the outcome of this study, the Governor's Budget includes 68.0 positions and \$8.9 million from the Licensing and Certification Program Fund to conduct periodic licensing surveys of facilities to ensure California provides long-term care residents with quality medical care that exceeds the requirements of federal law.
- Vital Records Image Redaction and Statewide Access/Computerization of Records (VRIRSA/COR) - Chapter 914, Statutes of 2002 (SB 247) mandated the development of safety and security measures to protect against the fraudulent use of birth and death records. The Governor's Budget includes a one-year extension of 3.0 limited-term positions and \$2.3 million from the Health Statistics Special Fund to continue the VRIRSA/COR project.
- Proposition 99 - Due to lower revenues and higher costs in the Access for Infants and Mothers program, Proposition 99 funding for health programs administered by the Department of Public Health is reduced by \$878,000 in 2007-08 and \$20.5 million in 2008-09 from the 2007 Budget Act level.

---

## BUDGET-BALANCING REDUCTIONS

- The Governor's Budget includes General Fund reductions of \$31.7 million and 51.2 positions in 2008-09.
- Lease payments totaling \$11.6 million General Fund, have been exempted from the budget-balancing reductions. These payments secure lease revenue bonds for the Richmond Laboratory. In addition, activities related to foodborne illness and lead testing totaling \$5.6 million General Fund, have been exempted from the budget balancing reductions to ensure the safety of California's food supply. These activities include sampling and testing imported candy and conducting chemical and microbial tests of food, consumer products, and environmental samples.
- The major budget-balancing reductions include:

Reductions of \$11 million for the AIDS programs. This reduction will be achieved by reducing state support and local assistance for various programs, including AIDS Education and Prevention, AIDS Epidemiology Studies and Surveillance, AIDS Drug Assistance, and HIV Counseling and Testing. This reduced level of funding does not jeopardize the state's ability to meet the federal maintenance-of-effort requirement for receipt of Ryan White Act funds.

Reductions of \$6.6 million and 22.0 positions for other communicable disease programs and services, including laboratory support services, immunization programs, and communicable disease surveillance activities.

Reductions of \$5.4 million and 3.0 positions for family health programs. This will result in a reduced level of funding to local agencies that provide case management services for at-risk teens, perform domestic violence prevention activities, and conduct education activities including breastfeeding, nutrition, and Sudden Infant Death Syndrome risk reduction.

Reductions of \$3.3 million and 5.7 positions for chronic disease programs. This will result in a reduced level of funding to local agencies that conduct cancer and injury prevention surveillance activities, develop public health interventions, and monitor environmental contaminants.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

Major Risk Medical Insurance Program - provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" -- at high risk of needing costly care. The program procures subsidized coverage for subscribers through participating health carriers.

#### 20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

Access for Infants and Mothers Program - provides comprehensive health care to pregnant women and educates women about the dangers of tobacco use. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty level are eligible for the Medi-Cal program. The AIM Program provides subsidized coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum.

#### 40 - HEALTHY FAMILIES PROGRAM

Healthy Families Program - provides a subsidized children's health insurance program for low- to moderate-income families.

\* Dollars in thousands, except in Salary Range.

## 4280 Managed Risk Medical Insurance Board - Continued

The children have a choice of participating health, dental, and vision plans that offer a full range of services and comprehensive benefits equivalent to those provided to state employees. The program provides subsidized coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level that are not eligible for Medi-Cal because of income.

### 50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

County Health Initiative Matching Fund Program - provides a subsidized children's health insurance program for moderate-income families in counties that have chosen to participate and have been approved by the federal government. The children, whose families are ineligible for Medi-Cal or the Healthy Families Program because of income, can be enrolled in a county-sponsored insurance program. Participating counties provide subsidized coverage for eligible children up to age 19 in families with incomes between 250 and 300 percent of the federal poverty level. The County Health Initiative Matching Fund Program provides a full range of services and comprehensive benefits equivalent to those provided under the Healthy Families Program. Program costs are funded by matching county funds with federal funds. The Managed Risk Medical Insurance Board manages the funds, and the counties administer the program.

**4300 Department of Developmental Services**

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of their disability; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and state-operated community facilities, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families.
- Develop systems to ensure that quality services and supports are provided.
- Facilitate the dissemination of information and deployment of assistive and information technology to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

### MAJOR PROGRAM CHANGES

- Increased Access to Mental Health Services

Consistent with the requirements of the Mental Health Services Act, the Department proposes an expenditure of \$1.1 million from the Mental Health Services Fund to increase access to mental health services for consumers who are dually diagnosed with a developmental disability and a mental illness. Through the identification and training of best practice models, the Department will improve clinical capacity and effectiveness of direct services to dually diagnosed consumers.

### BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$1.8 million and 7.0 positions in 2007-08 and \$286.4 million and 34.3 positions in 2008-09.
- A portion of the state Developmental Center budget, \$150.7 million, is exempt from the budget balancing reductions because additional reductions could not be implemented without impacting the health and safety of residents.
- The major budget balancing reductions include:

A reduction of \$235.1 million in 2008-09 through the extension of existing regional center cost containment measures, including rate freezes on targeted program categories, which are scheduled to sunset June 30, 2008.

\* Dollars in thousands, except in Salary Range.

## 4300 Department of Developmental Services - Continued

A reduction of \$14.2 million in 2008-09 to freeze rates negotiated by regional centers for all provider types not yet frozen and to set limits on the rates for new providers with whom the regional centers may negotiate.

A reduction of \$11.7 million in 2008-09 by maintaining the current capacity at Porterville Developmental Center's Secure Treatment Program, which will generate savings by reducing staffing needs associated with the previously proposed 96-bed expansion.

A reduction of \$1.8 million and 7.0 positions in 2007-08 due primarily to a reduction in regional center community placement plan operations, a reduction in Porterville Developmental Center's Office of Protective Services, and a reduction in the Vendor Fiscal Audits program.

A reduction of \$0.8 million in 2008-09 to expand the Family Cost Participation Program (FCPP) by assessing a share of the cost of respite, day care, and camping services to parents of Early Start consumers and by expanding the share of cost scale so that families between 400 percent of the Federal Poverty Level (FPL) and 500 percent of the FPL will pay 10 percent of the cost of these services and families at 2,000 percent of the FPL and above will pay 100 percent of the cost of these services.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The Department also assesses the needs of individuals who reside in state-operated facilities and develops community resources to assist those who would be more appropriately served in the community. The regional centers directly provide or coordinate the following services and supports in accordance with Individual Program Plans: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for at-risk infants and their families, (9) genetic counseling, (10) family support, (11) planning, placement, and monitoring for 24-hour out-of-home care, (12) training and educational opportunities for individuals and families, (13) community education about developmental disabilities, and (14) habilitation services.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

#### 20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates five Developmental Centers: Agnews, Fairview, Lanterman, Porterville, and Sonoma. Secure treatment services are provided at Porterville Developmental Center. In addition, the Department leases two facilities for persons who require specialized behavioral interventions: Sierra Vista, a 58-bed facility in Yuba City, and Canyon Springs, a 63-bed facility in Cathedral City. Services at all facilities involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitative services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the five Developmental Centers and the two leased facilities to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

#### 35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

## INFRASTRUCTURE OVERVIEW

The Department of Developmental Services operates five state-owned and operated 24-hour care facilities, and two state-operated 24-hour leased facilities. The five state-owned Developmental Centers (DCs) are Agnews DC (Santa Clara County), Fairview DC (Orange County), Lanterman DC (Los Angeles County), Porterville DC (Tulare County), and Sonoma DC (Sonoma County). These facilities comprise approximately 5.2 million gross square feet on 2,153 acres. Leased facilities include Sierra Vista (Sutter County) and Canyon Springs (Riverside County). The seven facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. Additionally, Porterville DC serves consumers referred through the state's judicial system. Due to declining population, the Legislature has approved a plan to close Agnews by June 30, 2008, and closure activities are underway.

## MAJOR PROJECT CHANGES

- The Governor's Budget provides \$939,000 General Fund to begin two projects that will improve the safety of people at Developmental Centers. One project will upgrade the fire alarm system at Fairview Developmental Center, while the other project will replace oxygen tanks used by medically fragile residents at Sonoma Developmental Center with an oxygen, suction, and medical gasses system containing outlets for each consumer.

### 4440 Department of Mental Health

The California Department of Mental Health, leads the state's mental health system, ensuring the availability and accessibility of effective, efficient, and culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Mental Health's Capital Outlay Program see "Infrastructure Overview."

### LEGAL CITATIONS AND AUTHORITY

#### DEPARTMENT AUTHORITY

Welfare and Institutions Code, Divisions 4-8 (commencing with Section 4000).

### MAJOR PROGRAM CHANGES

- The Forensic Conditional Release Program (CONREP) mandates responsibility to the DMH for outpatient treatment and supervision of judicially committed patients including Mentally Disordered Offenders, individuals found Not Guilty By Reason of Insanity, Mentally Disordered Sex Offenders, and Sexually Violent Predators (SVPs). The Governor's Budget includes \$1.8 million General Fund for 2008-09 to provide an incremental 4-percent rate increase to cover the cost of clinical care incurred by county providers and to fund an estimated increase of 4 SVPs into the program.
- Since June 2, 2006, California's State Hospitals have operated under a Consent Judgment with the US Department of Justice (USDOJ) in order to address deficiencies in patient treatment and care which were deemed to be violations of the Civil Rights of Institutionalized Persons Act (CRIPA). In order to ensure that the state hospitals meet the wide-ranging treatment and performance requirements of the Consent Judgment, the Governor's Budget includes an increase of \$5.2 million General Fund and 26.6 positions for 2008-09. These additional resources include positions dedicated to monitoring hospital compliance and to the continued implementation of the Wellness and Recovery Model Support System project, an expansive information technology network that will ensure state hospital compliance with CRIPA.
- The Governor's Budget includes a \$52 million General Fund increase to fully fund the AB 3632 Special Education Pupils Program, which transferred responsibility for providing mental health services to special education pupils from school districts to county mental health departments. AB 3632 services include psychotherapy; collateral services; medication monitoring; intensive day treatment, day rehabilitation, and case management.

### BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$17.5 million and 4.2 positions in 2007-08 and \$76.8 million and 12.8 positions in 2008-09.
- The following programs totaling \$1.4 billion, have been exempted from the budget balancing reductions. The DMH's Long-Term Care Services Program, totaling \$1.3 billion, which includes the state hospitals, CONREP, and SVP evaluations, is exempt from the budget balancing reductions because the required level of savings could not be achieved without releasing dangerous individuals or hindering compliance with the CRIPA. In addition, the AB 3632 Special Education Pupils Program, totaling \$104 million, is exempt because funding this mandate at less than the full funding level would result in suspension of the mandate.
- The major budget balancing reductions include:

A decrease of \$8.2 million in 2007-08 and \$23.8 million in 2008-09 for managed care primarily by eliminating the annual cost-of-living increase and reducing the non-inpatient State Maximum Allowance (SMA).

A decrease of \$6.7 million in 2007-08 and \$46.3 million in 2008-09 for the Early and Periodic Screening, Diagnosis, and Treatment program (EPSDT). The savings would be achieved by requiring prior authorization by mental health providers for EPSDT day services that exceed six months, eliminating the annual cost-of-living increase, and reducing the non-inpatient SMA.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - COMMUNITY SERVICES

The Community Services Program coordinates delivery of mental health treatment and support services. Community Services sets overall policy for the delivery of mental health services statewide; develops and oversees performance contracts with county mental health departments; monitors compliance with state and federal statutes; and administers various state-funded programs and projects. Funding assists counties in providing a broad array of mental health treatment and rehabilitative services in a local setting that promotes recovery and integration into the community for clients with mental illness and children and youth with serious emotional disturbance. Producing measurable outcomes is essential to the success of the Community Services Program. This includes consumer satisfaction strategies and enhancing cost-effectiveness by improving clinical efficacy, implementing recovery principles, and valuing a coordinated services approach to serving children, youth, adults, and older adults.

Community Services also provides statewide leadership and oversight for implementation of the Mental Health Services Act, which funds various local programs that expand community mental health services to children, youth, adults and older adults who have severe mental illnesses. Efforts include:

- Expand recovery and resiliency mental health services to children, youth, adults and older adults who have severe mental illnesses.
- Implement the Prevention and Early Intervention program to reduce stigma, conduct outreach on recognizing early signs of mental illness, and reduce negative mental health outcomes such as suicide, incarceration, homelessness, school failure, unemployment and foster care.
- Develop innovative programs to improve access to high-quality mental health services.
- Expand capital facilities and address technology needs.
- Recruit, retain, and train additional staff to provide mental health services.

#### 20 - LONG-TERM CARE SERVICES

The Long-Term Care Services Program administers the California state hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients. The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton and Coalinga. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville and one at Salinas Valley State Prison, which provide treatment services to California Department of Corrections and Rehabilitation (CDCR) inmates. This program also provides services to juvenile justice wards of CDCR at the Southern Youth Correctional Treatment Center in Norwalk.

#### 35 - DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the Community Services and Long-Term Care Services Programs in meeting their objectives. Services provided include: budgeting, accounting, contracts and procurement, fiscal systems, information technology, personnel, labor relations, business services, local program financial support, and Health Insurance Portability and Accountability Act compliance.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - 10 VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide unique and collaborative services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Prevocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement and independent living skills training to maximize their ability to live and work independently within their communities.

The Department's Community Resources Development Section works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs and establishes fees for services provided to its consumers.

#### 30 - 30 INDEPENDENT LIVING SERVICES

The Department funds, administers and supports 29 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

#### 40 - 40 ADMINISTRATION

The Administration Program provides overall management planning, policy development and administrative support services to departmental programs.

10 - STATE COUNCIL SERVICES

The State Independent Living Council, in conjunction with the Department of Rehabilitation, is responsible for developing a state plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan. The Council also interacts with similar statewide councils to enhance the effectiveness of the network of centers that provide independent living services in California. The Council is required by the Federal Rehabilitation Act of 1973, as amended, in order for the state to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council serves as an educational resource on disability and independent living for the Governor, other state agencies, the Legislature, the general public, and a variety of statewide and national organizations.

### LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Family Code, Division 17, Chapter 1.

### MAJOR PROGRAM CHANGES

- Increase Child Support Pass-Through: The Governor's Budget proposes to change the amount of collected child support passed through to CalWORKs families to \$100 per month effective January 1, 2009. The current pass through of \$50 is not counted as income or resources for the purposes of CalWORKs eligibility. The Federal Deficit Reduction Act allows states to increase the pass through with the federal government participating in fifty percent of the revenue loss effective October 1, 2008. The increased federal participation will result in increased General Fund revenues of \$3.9 million in 2008-09. Once the pass-through is increased on January 1, 2009, it will be revenue neutral compared to current practice.

### BUDGET-BALANCING REDUCTIONS

\* Dollars in thousands, except in Salary Range.

## 5175 Department of Child Support Services - Continued

- The Budget includes reductions of \$200,000 General Fund in 2007-08 and \$4.3 million General Fund and 45.0 positions in 2008-09.
- The California Child Support Automation System (CCSAS) and Local Child Support Agency (LCSA) administration, totaling \$262.4 million General Fund, were exempted from the budget balancing reductions. Reductions in these areas would jeopardize the implementation of the CCSAS project and reduce the LCSAs ability to provide child support collection services.

- The major budget balancing reductions include:

A reduction of \$200,000 in 2007-08 and \$1.0 million in 2008-09 from operating expenses and equipment. This will be implemented through a variety of cost cutting measures such as reducing supply and travel costs.

A reduction of \$1.3 million in personal services. This will be implemented by eliminating 45.0 positions, primarily through attrition.

A reduction of \$2.0 million in contracts. This reduction will be implemented by reducing or eliminating a variety of contracted services such as technology review, business process re-engineering, and state hearings.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the Title IV-D state plan. The Department is responsible for providing strong state leadership to ensure that all functions necessary to establish, collect and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. Further, the Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities, by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders so that children receive financial and medical support as ordered.

#### 10.01 - Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of state staff salaries and benefits and operating expenses, local child support agency administrative, electronic data processing maintenance, and operation costs. The federal government pays 66 percent and the state pays 34 percent of the Child Support Program costs. In addition, the Child Support Program earns federal incentive funds based on the state's performance in five federal performance measures. Prior to October 2007, these federal incentive funds offset the state General Fund on a dollar for dollar basis because these funds have been eligible for federal matching funds. Beginning in October 2007, the incentive funds will not be eligible for federal matching funds.

#### 10.03 - Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. The Department of Child Support Services, in collaboration with the Franchise Tax Board and private vendors, has implemented Version 1 of the California Child Support Automation System (CCSAS), which provides centralized data processing, collection, and disbursements services according to the federal requirements as an Alternative System Configuration. The Department anticipates full implementation of Version 2 of CCSAS by November 2008, when the system will be operating as a single statewide system. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU provides services to collect child support payments from non-custodial parents and to disburse these payments to custodial parents.

#### 10.04 - Child Support Payments:

The Child Support Payments program provides the Department of Child Support Services the ability to advance funds to non custodial parents who have experienced increases in child support due to the change in accounting rules that took effect at the time of the implementation of the State Disbursement Unit.

### MAJOR PROGRAM CHANGES

- CalWORKs cost-of-living adjustment (COLA) - The Governor's Budget includes \$131 million to provide a statutory COLA for CalWORKs assistance payments. This COLA, scheduled to become effective July 1, 2008, is estimated to increase monthly grant levels for a family of three from \$723 to \$754.
- In place of a budget balancing reduction for CalWORKs, the Governor's Budget proposes to implement changes that promote personal responsibility and hold recipients accountable for the consequences of their actions, strengthen the work focus of the program, and improve California's ability to meet federal requirements and avoid fiscal penalties. The proposal will result in net savings of \$73.7 million General Fund in 2007-08 and \$476 million (\$389.1 million General Fund) in 2008-09. Key components of this effort include:

Implementing graduated full family sanctions to reduce prolonged noncompliance with program rules while providing a reasonable timeframe to achieve compliance during which benefits are still available.

Providing a Work Incentive Nutritional Supplement of \$40 per month in additional Food Stamp benefits to families who are not currently receiving CalWORKs benefits but are meeting federal work requirements.

Continuing to support and promote county efforts to increase work participation, including strategies to engage CalWORKs recipients early in the program, maintain full engagement, prevent recipients from becoming sanctioned, and encourage sanctioned individuals to re-engage in the program.

Modifying the safety net program to reward working families by continuing safety net benefits for families beyond their 60-month time limit only if they meet federal work participation requirements.

Providing cash aid for families receiving child-only benefits that are consistent with other CalWORKs families.

### BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$33.7 million in 2007-08 and \$658.7 million in 2008-09.
- In-Home Supportive Services (IHSS) funding for provider wages and health benefits totaling \$491.5 million General Fund has been exempted from the budget balancing reductions.
- The major budget balancing reductions include:

Savings of \$23.3 million in 2007-08 and \$300.3 million in 2008-09 in the Supplemental Security Income/State Supplementary Payment program from suspending the June 2008 and June 2009 state Cost-of-Living Adjustments (COLAs). Recipients will still see increased benefit payments in both years due to provision of the federal COLAs.

Savings of \$109.4 million in 2008-09 in the IHSS program from reducing hours authorized for non-medical domestic and related services to IHSS recipients. These services include meal preparation, meal clean-up, laundry, food shopping, and errands.

Savings of \$10.2 million in 2008-09 from reducing county administrative funding for IHSS, along with a corresponding reduction in county workload. Specifically, this proposal would change the timeframe for re-assessing the condition of IHSS recipients from every 12 months to every 18 months. These reductions should not impede the IHSS recipients' ability to remain safely in their own home and avoid institutionalization.

\* Dollars in thousands, except in Salary Range.

## 5180 Department of Social Services - Continued

Savings of \$83.7 million in 2008-09 from reducing the allocation to counties for Child Welfare Services. Counties will be able to choose how to apportion the reduced allocation to ensure the health and safety of vulnerable children and their families and to minimize the risk of failing to meet federal outcome requirements.

Savings of \$6.8 million in 2007-08 and \$81.5 million in 2008-09 from reducing rates for the basic care, specialized care, and clothing allowance for the Foster Care, Kin-GAP, and Adoption Assistance programs. This proposal also includes a reduction to maintenance payments for Foster Care, Group Homes, Foster Family Agencies, and Seriously Emotionally Disturbed placements.

Savings of \$2.3 million and a reduction of 33.0 positions in 2008-09 from reducing the frequency of random visits to licensed care facilities. Under this proposal, 14 percent of facilities would receive random inspections annually, equating to a visit for each facility approximately once every seven years. To mitigate health and safety impacts, no reduction will be made to follow-up inspection schedules for facilities that have previously been found to be out of compliance with licensing standards.

Savings of \$6.1 million in 2008-09 from reducing the allocation to counties for Adult Protective Services. Funding for this program is subject to appropriation in the annual Budget Act.

Savings of \$14.4 million in 2008-09 from reducing funding to counties for administration of the Food Stamp program.

Savings of \$3.4 million in 2007-08 and \$44 million in 2008-09 from eliminating the Interim Statewide Automated Welfare System (ISAWS) Migration project. The current ISAWS system remains fully operational and eliminating the ISAWS Migration project prevents the need to make reductions, and introduce significant risk, in other critical automation projects. A project to replace the aging ISAWS system will be proposed in the future when it can be better accommodated by the state budget.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 16 - WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

- California Work Opportunity and Responsibility to Kids (CalWORKs)
- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs
- Supplemental Security Income/State Supplementary Payment Program
- County Administration and Automation Projects
- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

#### 16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services are provided to current and former CalWORKs recipients with children up to the age of 13 through a three-stage system, depending on the recipient's level of self-sufficiency and employment stability. Stage One is administered by the Department of Social Services. The Department of Education administers Stages Two and Three. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

#### 16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law.

The Adoption Assistance Program provides ongoing support for families wanting to adopt children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling, have become difficult to place in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugees, asylees, Cuban/Haitian Entrants, certain Amerasians from Vietnam, and victims of a severe form of human trafficking who do not qualify for CalWORKs or Supplemental Security Income may receive assistance through the Refugee Cash Assistance (RCA) program. RCA benefits are available for a maximum period of eight months.

The Food Stamp Program provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of the benefit value of food stamps to these households is borne entirely by the United States Department of Agriculture (USDA). The Food Stamp Employment and Training Program requires certain non-assistance food stamp recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food stamps to legal immigrants who meet federal Food Stamp eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities, as well as surplus fresh fruits and vegetables donated by California farmers and businesses, to local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. This program is supplemented by contributions made by taxpayers to the Emergency Food Assistance Program Fund through a state income tax checkoff.

#### 16.70 - Supplemental Security Income/State Supplementary Payment Program:

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

#### 16.75 - County Administration and Automation Projects:

Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

#### 16.90 - Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private assistance programs.

## 5180 Department of Social Services - Continued

### 25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

#### 25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive public assistance or have low incomes. There are now three programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Waiver Program, and the IHSS-Residual Program.

#### 25.20 - Recipient Supplementary Payment:

The Recipient Supplementary Payment program provides supplemental payments to individuals who are participating in either the Personal Care Services Program or the IHSS Plus Waiver Program when their Medi-Cal share of costs are higher than their IHSS-Residual share of costs.

#### 25.30 - Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency (relinquishment) adoption services through five state offices and twenty-eight licensed county adoption agencies; (2) conducts studies of all independent adoption placements through seven state offices and three county adoption agencies; (3) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (4) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention and intervention programs serving at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Division provides preventive and protective services to all persons in community care facilities by ensuring that licensed facilities meet established health and safety standards.

#### 25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Assistance Services.

#### 26 - Title IV-E Waiver:

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families without regard to their federal eligibility or placement in out of home care.

### 35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

#### 35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

#### 35.25 - Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services. The Department also provides state hearings services to the Department of Child Support Services.

### 60 - ADMINISTRATION

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

### 5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. Realignment provided counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these changes.

#### PROGRAM DESCRIPTIONS (Program Objectives Statement)

##### 10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government, either state or local, and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of sales tax and vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.
