

Education

Education programs provide academic services segmented by elementary, secondary, undergraduate and graduate programs as well as credentialing services to ensure schools are staffed with effective instructors. Elementary and secondary instruction is provided to all of California's children to prepare them for higher education or entry into the workforce. Institutions of higher education provide further access to the skills necessary for career goals and participation in a globally competitive workforce, as well as conducting research and providing public services.

6110 Department of Education

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6.3 million students. Administrative branches of the Department include the Executive Branch; the Finance, Technology, and Administration Branch; the Curriculum and Instruction Branch; the School and District Operations Branch; and the Assessment and Accountability Branch.

The functions of state staff include:

- Allocation of funds to local education agencies.
- Curriculum and management leadership.
- Assessment and program review.
- Focused school improvement intervention.
- Regulatory and compliance action.
- Child development agency assistance.
- Nutrition services and distribution of United States Department of Agriculture (USDA) surplus donated food.

The primary duties of the Superintendent and the Department are to provide technical assistance to local school districts and to work with the educational community to improve academic performance. Major goals of the Department include: (a) holding local agencies accountable for student achievement in all programs and for all groups of students, (b) building local capacity to enable all students to achieve to state standards, (c) expanding and improving a system of recruiting, developing, and supporting teachers that instills excellence in every classroom, preschool through adult, (d) providing statewide leadership that promotes effective use of technology to improve teaching and learning, (e) increasing efficiency and effectiveness in administration of K-12 education, including student record keeping and good financial management practices, (f) providing broader and more effective communication among the home, school, district, county, and state, (g) establishing and fostering systems of school, home, and community resources that provide the physical, emotional, and intellectual support to help students succeed, (h) advocating for additional resources and additional flexibility, (i) providing statewide leadership that promotes good business practices, so that California schools can target their resources to serve students, and (j) improving the effectiveness and efficiency of the Department.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Education's Capital Outlay Program, see "Infrastructure Overview."

The Administration will introduce trailer bill legislation to identify potential savings in other programs in an effort to help offset the 2007-08 mid-year reduction of \$360 million to K-12 apportionments.

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code, Section 33300

PROGRAM AUTHORITY

California Education Code, and select federal laws including, but not limited to, the No Child Left Behind Act, Elementary and Secondary Education Act, Carl D. Perkins Vocational and Applied Technology Education Act, and Workforce Investment Act.

MAJOR PROGRAM CHANGES

- **Cost-of-Living Adjustment (COLA) Increases**-The workload Budget includes a \$2.4 billion increase to fund a 4.94-percent statutory COLA: \$1.8 billion for revenue limits, \$168.7 million for special education, \$82.8 million for child care programs, \$62.3 million for class size reduction, \$52.9 million for the Targeted Instructional Improvement Grant, \$49.1 million for Economic Impact Aid and \$247.4 million for various categorical programs.
- **Adjustments for Average Daily Attendance (ADA)**-The workload Budget includes a \$96.4 million net reduction in 2008-09 to reflect the decline in ADA. The majority of this amount consists of a \$142.4 million decrease in school district and county office of education revenue limit apportionments (general purpose funding for schools). Due in part to the decline in attendance, there also is a \$6.2 million decrease in revenue limit apportionments for 2007-08.
- **Local Property Tax Adjustments**-The workload Budget reflects a General Fund increase of \$640 million in school district and county office of education revenue limit apportionments in 2007-08 and a decrease of \$249.3 million in 2008-09 related to school district and county office of education property tax revenues. In general, increases in local property tax revenues reduce the amount of state General Fund costs for revenue limit apportionments.
- **Funding for Ongoing Programs**-The 2007 Budget Act appropriated \$555.6 million in one-time funding to support the ongoing costs of several programs. As a result, the workload Budget backfills the one-time funding with ongoing General Fund by providing increases of \$349.1 million for the Home-to-School Transportation, \$115.5 million for the Deferred Maintenance, \$73 million for the High Priority Schools Grant program, and \$18 million for the Charter School Facilities Block Grant to fully fund these programs in 2008-09.
- **Special Session Reduction**-Due primarily to a significant reduction in General Fund revenues anticipated for 2007-08, the Proposition 98 minimum guarantee is \$1.4 billion lower than the level of Proposition 98 appropriations included in the 2007 Budget Act. However, recognizing a reduction of that magnitude would be very difficult for schools to absorb mid-year, 2007-08 school revenue limit apportionments will be reduced by \$360 million.

BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$4,347.1 million in 2008-09. The following programs totaling \$9.1 million General Fund, have been exempted from the budget balancing reductions: Fiscal Insolvency Loan Payments, Proposition 98 Mandate Deferrals, and Lease Payments Securing Lease Revenue Bonds. The major budget balancing reductions in 2008-09 include:
 - A \$2.6 billion reduction for school district and county office of education revenue limit apportionments. This will eliminate the 4.94-percent COLA and reduce existing revenue limit levels, thereby creating a 6.99-percent deficit factor.
 - A \$357.9 million reduction for Special Education. No COLA will be provided and existing state funding for local schools' special education costs will be reduced. Because the program is federally mandated, and to the extent that federal and

* Dollars in thousands, except in Salary Range.

6110 Department of Education - Continued

state funds are insufficient, schools will have to backfill most of this reduction.

- A \$198.9 million reduction for Child Development programs. No COLA or growth will be provided for this program. After accounting for normal program savings, approximately 8,000 existing slots will be reduced.
- A \$59.6 million reduction for Before and After School programs. The Administration will propose a ballot initiative to amend Proposition 49 to achieve these savings. This reduction is expected to have minimal impact because a number of recent grant awardees have not implemented the program or have not had the enrollment levels initially anticipated.
- A \$14.2 million reduction for Child Nutrition programs. This reduction will cut the free and reduced price meal reimbursement rate by approximately \$0.02. However, the program received a \$0.06 per meal augmentation in 2007-08, leaving the rate at approximately \$0.19 to supplement the federal reimbursement rate.
- A \$1,091.4 million reduction for other K-12 categorical programs. COLA adjustments will not be provided and proportional funding rate reductions will be applied to programs such as Class Size Reduction, the Charter School Categorical Block Grant, Instructional Materials, Supplemental Instruction, Home-to-School Transportation, Supplemental School Counseling, and various Career Technical Education.
- A \$5.6 million reduction for the Department of Education administration and program support. The Superintendent of Public Instruction will have discretion to allocate this reduction.
- A \$9.2 million reduction for the Department of Education State Special Schools. This unallocated reduction will provide maximum flexibility to the Superintendent and the State Special Schools.

	Amount Deferred from 2005-06 to 2006-07	368,151		-
	Amount Deferred from 2006-07 to 2007-08	-388,283	388,283	-
	Amount Deferred from 2007-08 to 2008-09	-	-388,283	388,283
	Amount Deferred from 2008-09 to 2009-10	-	-	-388,283
	Totals, Categorical Programs	\$14,359,771	\$14,857,180	15,818,352

(a) Includes Funding for Student Vocational Organizations.

(b) Beginning in 2006-07, funding transferred to mandate item 6110-295-0001.

(c) The 2006-07, 2007-08, and 2008-09 contain funding from ongoing Proposition 98 General Fund, E-Rate and California Teleconnect Funds, and unexpended cash reserves.

(d) Chapter 632, Statutes of 2006, made the program permanent. Funding is contingent upon an annual Budget Act appropriation.

(e) Includes \$115.5 million that was reappropriated from the Proposition 98 Reversion account. See Item 6110-485 (12) of the 2007 Budget Act.

(f) SB 20 (Ch. 215/07) provided \$18 Million for the Charter School Facility Grant Program in 2007-08.

(g) 2008-09 totals do not include necessary budget balancing reductions contained in Control Section 4.44.

For individual programs, deferred funding is reflected in the year earned for services provided rather in the year of appropriation. In contrast, funding totals include an adjustment for deferrals to reflect the total amount appropriated in the fiscal year. Also, the figures shown in some instances include one-time appropriations of Proposition 98 Reversion Account funds.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - INSTRUCTION

This program provides direct educational services to children and adults in the state's public elementary and secondary school system. The following elements are included in this program:

10.10 - School Apportionments:

Supplements local resources to fund general education programs.

10.25 - Class Size Reduction and Language Arts Enrichment:

Provides incentive funding for school districts to implement class size reduction programs in kindergarten and grades 1-3 and 9.

10.30 - Other Compensatory Programs:

Includes Migrant Education, California Indian Education Centers, Education for Homeless Children, Federal Title I, and Economic Impact Aid.

10.40 - Special Programs for English Learners:

Addresses the needs of English learners through direct local assistance to school districts.

10.50 - Adult Education:

Provides citizenship training and education to improve literacy skills, employability, and parenting abilities to adults served by public high school and unified districts. Adult education programs also meet the special needs of the disabled, older persons, and non-limited-English speaking adults.

10.60 - Special Education Programs for Exceptional Children:

Provides special education services. Under state law and the federal Individuals with Disabilities Education Act (20 USC 1400 et seq.), individuals with exceptional needs are entitled to a free, appropriate public education. Students requiring special education are served either by local educational agencies using state, federal, and local property tax funds or by the State Special Schools operated by the Department of Education. The Special Schools (three centers for diagnostic services, two residential schools for the deaf and one residential school for the blind) provide highly specialized services including educational assessments and individual educational recommendations and a comprehensive residential and nonresidential educational program composed of academic, nonacademic and extracurricular activities.

10.70 - Vocational Education:

Offers a sequence of courses that provide the academic knowledge and skills needed to prepare for further education and careers in current or emerging employment sectors. Programs include School-to-Career, Partnership Academies, Agricultural Education, and Carl D. Perkins Vocational and Applied Technology Education.

10.80 - Special Instructional Programs:

Includes Gifted and Talented Education, and university and college opportunity programs.

20 - INSTRUCTIONAL SUPPORT

Instructional Support provides resources to complement the Instruction Program. The following elements are included in this program:

20.10 - Curriculum Services:

Provides materials and resources for curriculum planning and development in language arts, mathematics, science, history-social science, foreign language, visual and performing arts, health, nutrition, safety, physical education, and environmental/energy education. Provides funding for the use of educational technology in schools. Includes funding for Safe and Drug Free Schools and Rural and Low Income Schools Grants.

20.20 - Instructional Materials Management and Distribution:

Assists in the development of curriculum frameworks and evaluation and distribution of instructional materials, including electronic resources. This element includes the Clearinghouse for Specialized Media and Technology.

20.30 - Administrative Services to Local Educational Agencies:

Provides leadership, guidance and technical expertise to schools to manage and improve operations, and more efficiently use scarce resources, in addition to publishing specified documents.

20.40 - Supplementary Program Services:

Identifies, develops and disseminates innovative and exemplary programs and practices to schools and aids in the development of alternative educational options. Examples include Independent Study, Library Services, Foster Youth Services, Alternative Educational Programs/Opportunity School Incentives, and Specialized Secondary Programs.

20.60 - Improving School Effectiveness:

Improves educational quality through: School Safety, Community Day Schools, Charter Schools, Administrator Training, Family-School Partnerships, Teacher Credentialing Block Grant, Bilingual Teacher Training, Readers for Blind Teachers, Teaching Improvement, High Priority Schools Grant Program, Learn and Serve America Program, Alternative Schools Accountability, Title V Innovative Programs, Title I Reading First, Title II Math and Science Partnership Grants, and Teacher and Principal Training.

* Dollars in thousands, except in Salary Range.

6110 Department of Education - Continued

20.70 - Assessments:

Includes the Standardized Testing and Reporting (STAR) Program, which provides funding to districts for assessments in grades 2 through 11, the High School Exit Exam, the English Language Development Test, and Advanced Placement Test Fee Waivers.

30 - SPECIAL PROGRAMS

30.10 - Child Development:

Provides a full range of child care and development services, including part- and full-time child care and development and supportive services to children from low-income families and families with special needs. Several different programs exist to target resources to specific populations or to address specific needs. The State Preschool Program provides a wide range of educational services in part-day settings for pre-kindergarten (three-four year old) children from low-income families and parent education for the parents of eligible children. The After School Education and Safety program provides students in grades K-9 with academic support, homework assistance, and enrichment programs, in a safe after-school environment. Child care services for families participating in the California Work Opportunity and Responsibility to Kids (CalWORKs) program help public assistance recipients achieve and maintain self-sufficiency. The Department of Education administers child care for CalWORKs Stages 2 and 3.

30.20 - Child Nutrition:

Assists participating public and private schools, county offices of education, public and private residential child care institutions, camps, family day care homes, and non-residential adult day care centers in serving nutritious meals by providing educational and technical assistance, and federal and state subsidies. Subsidies are received from the United States Department of Agriculture (USDA) to fund the National School Lunch Program, School Breakfast Program, Special Milk Program, Child Care Food Program, Adult Day Care Food Program, Summer Food Service Program, After School Meals Program, and the Nutrition Education and Training Program. Subsidies also are received from the state through the state-mandated Child Nutrition Programs, the School Breakfast start-up grants program, and the Meal Supplement for Pregnant and Lactating Students Program.

30.50 - Food Distribution:

Makes surplus USDA donated food available to certain California public, private, and nonprofit agencies. The Department of Education is designated as the California State Agency for USDA surplus food distribution.

40 - EXECUTIVE MANAGEMENT AND SPECIAL SERVICES

Executive Management and Special Services consists of the offices of the Superintendent of Public Instruction, Deputy Superintendents, Communications, and Government Affairs.

42 - DEPARTMENT MANAGEMENT AND ADMINISTRATIVE SERVICES

Department Management and Administrative Services consists of Accounting, Budgeting, Contracting, Personnel, and Technology Services. The effective provision of these services ensures the delivery of timely, reliable, and accountable educational services to students in California.

50 - STATE BOARD OF EDUCATION

The State Board of Education sets K-12 education policy in the areas of standards, instructional materials, assessment, and accountability.

98 - STATE-MANDATED LOCAL PROGRAMS

This program provides funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated education programs.

INFRASTRUCTURE OVERVIEW

The State Special Schools Division has six facilities under its jurisdiction: three residential schools and three diagnostic centers. The residential schools, which serve students ranging in age from three to 22, include Schools for the Deaf in Riverside and Fremont, and a School for the Blind in Fremont. The California Schools for the Deaf provide comprehensive educational programs composed of academic, extracurricular, and residential activities for students. The California School for the Blind is a statewide residential campus that provides intensive, disability-specific educational services for pupils who are blind, visually impaired or deaf-blind. The diagnostic centers are regionally located in Fresno, Fremont, and Los Angeles, and address the unique educational needs of California's most difficult to serve special education students. The diagnostic centers provide comprehensive assessment services for students with complex learning and behavioral problems in addition to providing Local Education Agencies staff with professional development and training opportunities. These facilities comprise a total of 960,000 gross square feet on 176 acres.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$31.5 million lease-revenue bonds for construction and renovation of the athletic facilities at the California School for the Deaf, Riverside, and California School for the Deaf, Fremont.

6120 California State Library

The State Library is California's public research library that helps a diverse people; their governments and their libraries meet their knowledge and information needs. The goal of the State Library is to make information available to users in a coordinated, effective, and efficient manner. The State Library provides services to the Legislative and Executive Branches of state government, to members of the public and to California public libraries; develops and promotes outreach programs such as California Library Literacy Services; and improves access to information through information technology and the use of resource sharing.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the State Library's Capital Outlay Program, see "Infrastructure Overview."

LEGAL CITATIONS AND AUTHORITY

PROGRAM AUTHORITY

10-State Library Services:

Education Code Sections 19320(h), 19320(k), 19323, 19324.

20-Library Development Services:

Education Code Sections 18010, 18700, 18880, 19985.

30-Information Technology Services:

Education Code Section 19320(d).

MAJOR PROGRAM CHANGES

- The Budget provides \$1,420,000 General Fund to acquire and implement the California State Library's new Integrated Library System.
- The Budget provides \$2,620,000 General Fund to relocate State Library staff and materials during the renovation of the Library and Courts Building.

BUDGET-BALANCING REDUCTIONS

- Total budget-balancing reductions for the California State Library amount to \$5.1 million in 2008-09.
- The only program exempted from reductions is debt service (\$2.4 million budgeted).
- The major reductions in 2008-09 are described below:
 - A \$1.6 million reduction for State Operations - Support. The actual impact depends on how the State Library implements this unallocated reduction.
 - A \$1.4 million reduction for the Transaction-Based Reimbursement Program. The reduction would reduce state reimbursement of the local costs for library book loan programs.
 - A \$1.4 million reduction for the Public Library Foundation Program. This would reduce state support for local library operating costs. Local libraries may need to delay purchases of new materials or reduce the hours or days of operation.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STATE LIBRARY SERVICES

The State Library Services (SLS) program serves as the central reference and research library for the Governor, the State Legislature and state government officials and staff. The SLS also provides library services to the public by making available collections and services in its branch libraries and special collections. In order to perform its functions, the SLS gathers, catalogs, preserves and protects information and materials so they may be easily used.

The interlibrary loan service supplements the collections of California libraries. Reference and informational questions are also answered for local libraries. The SLS also coordinates the distribution of state and federal publications to libraries so residents using local libraries have convenient access to official government publications.

Through the Braille and Talking Book Library, which is a regional library designated by the Library of Congress National Library Service for the Blind and Physically Handicapped, Braille and recorded books (records and cassettes) and special playback equipment are provided to blind and physically disabled residents of Northern California who are unable to use standard print materials. Funds are provided for the Braille Institute in Los Angeles to operate the Southern California Regional Library.

To support the Bernard E. Witkin State Law Library, Government Code Section 68926.3 provides an estimated \$465,000 annually from appellate court filing fees to partially support its collections, which contain primary and secondary sources in American law; Federal and state appellate court opinions, session laws, codes/statutes; federal agency decisions, and attorney general opinions of the U.S. and its fifty four jurisdictions.

The California Research Bureau (CRB) provides nonpartisan analytical research and specialized library services on major state issues for both houses of the Legislature, the Governor's Office and other constitutional officers. It maintains a growing publications program on state policy matters, including CRB Briefs that provide current summaries of state issues, as well as more in-depth research works.

20 - LIBRARY DEVELOPMENT SERVICES

The Library Development Services program provides state and federal financial assistance to libraries and provides technical consulting assistance to help local libraries extend and improve services to all residents. The primary components of the program are: (a) the California Library Services Act, (b) the California State Library Literacy and English Acquisition Services Program, (c) the Public Library Foundation Program, and (d) the Library Services and Technology Act Program.

The California Library Services Act promotes resource sharing and reimburses public libraries for loans to people living outside their jurisdiction.

The California Library Literacy and English Acquisition Services Program provide community-centered literacy assistance to adults who have missed the opportunity to learn to read English.

The Public Library Foundation Act is a funding formula under which the state contributes funding for basic local library services under specified conditions.

The federal Library Services and Technology Act provides grants to libraries of all types on a competitive basis for (a) developing new and innovative library services, (b) providing technology assistance, (c) library networking and resource sharing, and (d) providing library services to underserved populations.

The California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act was enacted as Proposition 14 in the spring of 2000 to provide \$350 million in bond funds for the construction and renovation of public libraries.

30 - INFORMATION TECHNOLOGY SERVICES

The Information Technology Services program supports library technology operations and infrastructure, including the integrated bibliographic library system, network infrastructure, data communications, microcomputer systems and applications, electronic mail, web-related interfaces and services, access to the Internet, specialized applications of

* Dollars in thousands, except in Salary Range.

INFRASTRUCTURE OVERVIEW

The California State Library operates two facilities in Sacramento and one in San Francisco. In Sacramento, the facilities are the Stanley Mosk Library and Courts Building, and the Library and Courts Building II that total 267,722 gross square feet. In San Francisco, a temporary 21,231 square foot facility is being used to house the Sutro Library collection, until a joint use library with the California State University, San Francisco, is constructed.

6125 Education Audit Appeals Panel

The Education Audit Appeals Panel adopts the annual guide for audits of K-12 education entities and independently resolves disputes arising from those audits. These activities set clear standards for compliance with education funding requirements, and allow both the state and local schools to avoid lengthy and expensive litigation over disputed funding.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA STATE SUMMER SCHOOL FOR THE ARTS

This program provides a four-week residential summer instruction program in Animation, Creative Writing, Dance, Film/Video, Music, Theatre Arts, and Visual Arts. Funds support the competitive selection of applicant high school students, contracts with arts faculty, course equipment and materials, rental of classroom and residential space, and program staff costs.

6300 State Contributions to the State Teachers' Retirement System

The state General Fund makes annual payments to the California State Teachers' Retirement System (CalSTRS) in order to reduce the retirement contribution burden on members and school districts.

Effective July 1, 2003, the annual General Fund contribution to the CalSTRS is based on 2.017 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. Current law also provides for an additional state contribution when the State Teachers' Retirement Fund has a normal cost deficit or unfunded obligation for benefits in place on July 1, 1990. This contribution is 0.524 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. If the unfunded obligation continues, the 0.524 percent factor may be adjusted upwards annually in increments of no more than 0.25 percent and is capped at 1.505 percent of members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. No state contribution is required for this purpose in 2008-09. The state contributions are not appropriated through the annual Budget Act.

The Supplemental Benefit Maintenance Account (SBMA) was established in 1989 to maintain purchasing power of retired members. In 2001, the purchasing power threshold was increased from 75 percent to 80 percent of the value of the original benefit. The state General Fund provides a statutory transfer to the CalSTRS of an amount equal to 2.5 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year to be deposited in the SBMA. If, at anytime the funds in the SBMA are insufficient to support 80 percent purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no CalSTRS unfunded obligation exists; (2) increase employer contributions; or (3) reduce the SBMA benefit payment. A recent actuarial analysis performed at the direction of the Department of Finance concluded that the currently required state contributions are more than sufficient to maintain purchasing power at 80 percent, based on current economic assumptions. The state's basic contributions (2.5 percent of members' creditable earnings of the fiscal year ending in the immediately preceding calendar year) for purchasing power protection are not appropriated through the annual Budget Act. Any increase in employer contributions must be approved through the Budget Act.

6300 State Contributions to the State Teachers' Retirement System - Continued

MAJOR PROGRAM CHANGES

- The state makes annual General Fund contributions to the Supplemental Benefit Maintenance Account (SBMA) of 2.5 percent of teacher payroll for purchasing power protection. An actuarial analysis performed in 2005 at the direction of the Department of Finance shows that the SBMA has more than enough money to provide the purchasing power protection for current and future retired teachers. The Administration is proposing to fully vest the benefit at 80 percent purchasing power protection, which would provide increases to the future value of this program for retired teachers. As a result of the funded status of the SBMA, the state will be able to fully vest the purchasing power protection and reduce the state's contributions to the SBMA from 2.5 percent to 2.2 percent of salary consistent with the actuarial calculation. The savings from the reduced contribution equates to \$80 million in 2008-09. In addition, payments of 1.1 percent each would be made on November 1 and April 1, instead of July 1 of each fiscal year.
- In May 2003, the Legislature enacted legislation (Chapter 6, Statutes of 2003-04, First Extraordinary Session, Senate Bill No. 20, 'SBX1 20') that reduced the payment by \$500 million to CalSTRS's SBMA. On October 14, 2003, the CalSTRS board and certain CalSTRS members filed a complaint in the Sacramento County Superior Court as Teachers' Retirement Board, as Manager of the California State Teachers' Retirement System, et al. v. Tom Campbell, Director of California Department of Finance, and Steve Westly, California State Controller (Case No. 03CS01503). This lawsuit sought, primarily, to compel the State Controller to transfer funds from the state's General Fund to the SBMA in an amount equal to \$500 million plus interest. The court declared SBX1 20 unconstitutionally impairs CalSTRS members' vested contractual rights. The court ordered the State Controller to transfer \$500 million from the General Fund to the SBMA. The state appealed the decision, and plaintiffs and the intervening California Retired Teachers' Association filed cross-appeals (Court of Appeal, Third Appellate District, Case No. C050889). The Third District Court of Appeals issued its decision, which affirms the portion of the trial court's judgment that found the amendment of Education Code section 22954 by SBX1 20 to be an unconstitutional impairment of contract and ordered the Controller to transfer funds to the SBMA in accordance with the provisions of Education Code 22954 as it existed prior to SBX1 20. That decision was final on September 29, 2007. Education Code 22954 contains a continuous appropriation that is available for the payment of the \$500 million. No appropriation currently exists, but is required, for the payment of any costs to petitioners or the pre-judgment interest ordered by the court. The Administration is proposing to pay the \$210 million interest in three annual installments, the first to be made in fiscal year 2008-09 in the amount of approximately \$80 million.

6330 California Career Resource Network

The California Career Resource Network (CalCRN), formerly the California Occupational Information Coordinating Committee, provides youth and adults with the career development information and resources they need to enable them to reach their career goals. The primary duty of the CalCRN is to develop and distribute career information, resources, and training materials to middle school and high school counselors, educators, and administrators in order to ensure that students are provided the guidance and educational tools needed to help them achieve their career goals.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA CAREER RESOURCE NETWORK

Empirical research shows that effective career self-management programs and services result in significant educational, social, and economic benefits. Providing these programs and services is the central objective of the California Career Resource Network. Major focuses of this organization include the following:

Educational Outcomes

- Improved educational achievement
- Improved preparation and participation in postsecondary education
- Better articulation among levels of education and between education and work
- Shorter time to graduation
- Higher graduation and retention rates

Social Benefits

- Benefits to family, peers, and community
- Higher levels of worker satisfaction and career retention
- Shorter path to primary labor market for young workers
- Lower incidence of work-related stress and depression
- Reduced likelihood of work-related or school violence

Economic Consequences

- Higher incomes and increased tax revenues
- Lower rates and shorter periods of unemployment
- Lower costs of worker turnover
- Lower healthcare costs

* Dollars in thousands, except in Salary Range.

6330 California Career Resource Network - Continued

- Lower incarceration and criminal justice costs
- Increased worker productivity

6350 School Facilities Aid Program

The School Facilities Aid Program provides financing to school districts for K-12 school facility-related activities such as school construction, deferred maintenance and emergency repairs.

The Leroy F. Greene School Facilities Act of 1998, Chapter 407, Statutes of 1998 (SB 50), created the School Facility Program (SFP) to streamline school construction funding. The SFP provides grants from State General Obligation Bonds to school districts for new construction and modernization projects. Proposition 1D, approved in November 2006, provides

* Dollars in thousands, except in Salary Range.

6350 School Facilities Aid Program - Continued

\$500 million for the Career Technical Education Facilities Program, to create and equip facilities so that students can acquire high-demand skills necessary for the technical careers of today and tomorrow; and \$100 million for the High Performance Incentive Grant Program which promotes the use of high performance attributes in new construction and modernization projects. High performance attributes include using designs and materials that promote energy and water efficiency, maximize the use of natural lights, improve indoor air quality, and utilize recycled materials. The SFP also contains provisions for Charter Schools, Overcrowding Relief, Critically Overcrowded Schools, Joint-Use, Seismic Mitigation, and Small High Schools.

The State School Deferred Maintenance Program, established by Chapter 282, Statutes of 1979 (AB 8), provides state matching funds, on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of school building components, such as roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. The program also provides funds for critical hardship projects where the work must be completed within one year.

As a part of the Williams vs. State of California settlement, Chapter 899, Statutes of 2004 (SB 6) established the Emergency Repair Program (ERP). In order to help meet emergency repair costs, the School Facilities Emergency Repair Account is funded from the Proposition 98 Reversion Account at a minimum of \$100 million per year until a total of \$800 million has been disbursed for the purpose of addressing emergency facilities needs at school sites in deciles 1 through 3 based on the 2006 Academic Performance Index. As a continuation of the provisions of the settlement, Chapter 704, Statutes of 2006 (AB 607) adopts and encourages participation in the ERP by providing grant funding as well as funding to reimburse applicants for emergency repairs, and provides for a permanent state standard of good repair.

MAJOR PROGRAM CHANGES

- The 2006 State School Facilities Fund, authorized by the passage of the Kindergarten-University Public Education Facilities Bond Act of 2006, will provide \$7.3 billion for K-12 school facility needs. Of this amount, over \$197 million was allocated to school districts in 2006-07. For 2007-08 and 2008-09, the Governor's Budget projects expenditures of \$2.341 billion and \$3.148 billion respectively. These funds will be allocated to school districts for the construction and modernization of classrooms, including career technical education and charter school facilities, for the replacement of portable classrooms with permanent new classrooms to relieve overcrowded school sites, and to repair, reconstruct, or replace school facilities that are most vulnerable to a seismic event. In addition, funding is provided for high performance schools for design and materials costs that promote energy and water efficiency, maximize the use of natural lighting, enhance indoor air quality, and improve acoustics to enhance the K-12 learning environment.

6360 Commission on Teacher Credentialing

The purpose of the Commission on Teacher Credentialing (Commission) is to ensure integrity and high quality in the preparation, conduct and professional growth of the educators who serve California's public schools. Its work shall reflect both statutory mandates that govern the Commission and research on professional practices.

6360 Commission on Teacher Credentialing - Continued

The amounts included as General Fund, Proposition 98 are for the purposes of meeting the minimum funding guarantee for education programs pursuant to Section 8 of Article XVI of the California Constitution. Specific appropriations are identified in the Detail of Appropriations and Adjustments.

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code Sections 44210 and 44225.

BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$4.3 million in 2008-09. However, because the Commission's state operations are paid entirely from special fund revenues derived from the credentialing and examination fees paid by K-12 teachers, administrators and professional services personnel, there are no administrative reductions for the Commission. The major budget balancing local assistance reductions include:
 - A \$3.5 million reduction for the Alternative Certification Program which partners school districts and colleges to train individuals pursuing teaching as a second career. The impact of this reduction will be minimal due to lower-than-anticipated program participation which has resulted in program savings in recent years.
 - A \$855,000 reduction for the Paraprofessional Teacher Training Program which provides assistance to teachers' aides with completing their baccalaureate and teacher preparation programs. Similar to that of the Alternative Certification Program, the impact of this reduction will be minimal because the program has experienced savings in recent years.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - STANDARDS FOR THE PREPARATION AND LICENSING OF TEACHERS

10.10 - Certification, Assignment and Waivers:

Certification, Assignment and Waivers is the licensing division of the Commission, responsible for evaluating and processing over 250,000 applications annually for credentials, permits, certificates and waivers for authorization to serve in California's public schools. Certification, Assignment and Waivers serves as the Commission's primary point of contact, providing information to credential applicants and holders and credential personnel at the college, university, county, and school district levels regarding specific requirements for the licenses issued. It is also responsible for monitoring certificated assignments in collaboration with county and district offices of education.

10.20 - Professional Services:

Professional Services is responsible for: the development of licensure standards for all credential areas for which the Commission issues credentials; the accreditation of colleges, universities and local education agencies that offer educator preparation; the development and implementation of licensing examinations as required in the Education Code; and the administration of state funded programs including the Paraprofessional Teacher Training Program, the Alternative Certification/Intern Program, and in conjunction with the California Department of Education, the Beginning Teacher Support and Assessment Program. Related activities include data collection and reporting and policy research.

10.30 - Professional Practices:

Professional Practices is responsible for both the discipline of credential applicants and holders and the legal activities of the Commission. Professional Practices supports the Committee of Credentials, a statutory body that is responsible for conducting investigations of charges of misconduct against a credential holder or applicant upon initial application for a credential, when a credential is renewed, or when there are allegations against a credential holder relating to criminal activity, unprofessional conduct or misconduct that would impact the status of a license. The professional practices legal staff provides legal counsel and advice to the Commission, the Committee of Credentials and program divisions within the Commission.

6420 California Postsecondary Education Commission

The California Postsecondary Education Commission is responsible for the planning and coordination of education beyond high school. The Commission provides policy analyses, advice and recommendations to the Legislature and the Governor on statewide policy and funding priorities for colleges, universities, and other postsecondary education institutions. The Commission has 16 members: one member each from the governing boards of the University of California, the California State University, and the California Community Colleges; one representative of the independent colleges and universities, appointed by the Governor; one representative from the State Board of Education; two student representatives, appointed by the Governor; and nine representatives of the general public, three each appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee. The Commission selects its chairperson from among the public members.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - The Commission has organized its staff into three broad units to carry out its responsibilities: Executive, Policy and Federal Programs, and Information Systems and Administrative Services.

EXECUTIVE

Under general policies established by the Commission, the Executive Unit provides leadership to staff in the long-range planning and coordinating efforts of the Commission, and advises the Governor, the Legislature, and other state agencies concerning policies and funding priorities for postsecondary education. The Executive Director works closely with the voluntarily-created Education Roundtable and a Statutory Advisory Committee established pursuant to Section 66901 of the Education Code. The governmental relations activities of the Executive area are the primary means by which the Commission establishes and maintains liaison with the Legislature, the Legislative Analyst's Office, the Governor's Office, and the Department of Finance. Major activities include reviewing, monitoring, and providing summaries of all legislation and budget proposals related to postsecondary education in California, as well as providing direct testimony to appropriate legislative committees.

POLICY AND FEDERAL PROGRAMS

The Policy and Federal Programs Unit is responsible for policy analyses and evaluation activities. It also is responsible for program and facilities review, fiscal and policy analysis, and for carrying out many of the Commission's specific charges delineated in Sections 66903 and 66904 of the Education Code. This unit also has primary responsibility for preparing

* Dollars in thousands, except in Salary Range.

6420 California Postsecondary Education Commission - Continued

responses to legislative or gubernatorial requests for information on postsecondary education pursuant to Section 66902 of the Education Code. The Federal Programs component of the unit is responsible for administration of the federally-funded Improving Teacher Quality Grant Program.

INFORMATION SYSTEMS AND ADMINISTRATIVE SERVICES

The Information Systems and Administrative Services Unit is responsible for the collection of data and maintenance of a comprehensive data system on postsecondary education. The unit is also responsible for the accounting and contract services of the Commission, and provides general support services to the public and to Commission staff. This unit coordinates the annual collection of data for the Integrated Postsecondary Education Data System survey by the National Center for Educational Statistics and maintains historical data on the enrollment characteristics and degrees awarded to students in all public, and many independent, colleges and universities. The Commission's database provides the foundation for its policy analyses, annual publication of data abstracts on various postsecondary education outcomes, and research by members of the education and public policy communities.

6440 University of California

The University of California was founded in 1868 as a public, state-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust, to be administered by an independent governing board - the Regents of the University of California. The Board of Regents includes 28 members: seven ex officio, 20 appointed by the Governor with the approval of the Senate for staggered terms, and one student appointed by the Board.

The 1960 Master Plan for Higher Education designates the University of California as the primary state-supported academic agency for research, with exclusive jurisdiction in public higher education over instruction in law, medicine, dentistry, and veterinary medicine. Sole authority is also vested in the University to award doctoral degrees in all fields, with the exception of the doctorate in Education that may be awarded by the California State University. Joint doctoral degrees may also be awarded with the California State University. The University is headed by a President who is responsible for overall policy

* Dollars in thousands, except in Salary Range.

6440 University of California - Continued

development, planning, and resource allocations. Chancellors are responsible for the management of individual campuses. The Regents have delegated authority to the Academic Senate to determine conditions for admission, degree requirements, and approval of courses and curricula. Special faculty committees serve in an advisory capacity to the Regents, the President, and the Chancellors in a variety of matters.

There are ten campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Each campus offers undergraduate, graduate, and professional education, with the San Francisco campus devoted exclusively to the health sciences. The University operates five teaching hospitals in Los Angeles, San Francisco, Sacramento, San Diego, and Orange counties. Approximately 150 University institutes, centers, bureaus, and research laboratories operate in all parts of the state. The University also provides oversight of one Department of Energy Laboratory and is in partnerships with private industry to manage two additional Department of Energy Laboratories.

The University of California conducts higher education programs in four major areas:

- Instruction of qualified individuals through offering lower division, upper division, graduate, professional, and postdoctoral degree programs on each of its general campuses.
- Research directed toward advancing the understanding of arts and sciences and the interpretation of human history.
- Education for professional careers.
- Public service contributing to the fulfillment of the University's obligation to disseminate knowledge.

Because department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the University of California's Capital Outlay Program see "Infrastructure Overview."

This summary includes expenditures, but not personnel years for auxiliary organizations or extramural programs.

MAJOR PROGRAM CHANGES

- In accordance with the Higher Education Compact signed by the Administration and UC in 2004, the workload budget includes a 5 percent increase of \$154.8 million for basic budget and core instructional support and an increase of \$56.4 million for 2.5 percent enrollment growth, sufficient to fund 5,000 full-time equivalent students.
- The workload budget reflects an increase in fee revenues of \$124.8 million associated with an increase of 7.4 percent in mandatory systemwide fees, and fee increases ranging from 7 percent to 19 percent for specified professional school programs.
- The Budget proposes a \$5 million increase in funding from the Public Transportation Account for the Institute of Transportation Studies within the University of California to study land use, air quality, and other environmental issues related to transportation.

BUDGET-BALANCING REDUCTIONS

- The Budget includes a General Fund reduction of \$331.9 million in 2008-09.
- The following program totaling \$175.1 million General Fund has been exempted from the budget balancing reduction: Lease Payments Securing Lease Revenue Bonds.

* Dollars in thousands, except in Salary Range.

6440 University of California - Continued

- The budget balancing reduction includes: a reduction of \$32.3 million from Institutional Support and an unallocated reduction of \$299.6 million.

¹ Represents weighted average of nine campuses. Miscellaneous fees for 2008-09 have not yet been determined. Beginning Fall 2001, undergraduate students must show proof of health insurance or purchase a campus undergraduate health insurance plan. The average cost of health insurance in 2007-08 for undergraduates is \$878.

² There were no increases in professional degree fees for 2006-07. However, fee levels include increases approved for 2005-06 but deferred to 2006-07.

³ Some degree programs charge different fee levels to reflect individual program needs. The range of fee levels is shown for those programs.

⁴ In July 2005, the Regents approved a schedule of temporary increases in mandatory systemwide fees to cover income losses associated with a student fee lawsuit. A temporary fee of \$700 for professional school students only was implemented in 2005-06 and increased to \$1,050 for 2006-07. For 2007-08, the temporary fee for professional school students is eliminated and replaced by a \$60 temporary surcharge for all UC students. Until all losses are covered, the temporary surcharge will be included in total charges.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

05 - INSTRUCTION AND DEPARTMENTAL RESEARCH

General Campuses

Instruction includes most of the direct instructional resources associated with the schools and colleges located on the general campuses. Included are classroom and laboratory instruction, instructional technology, and joint scholarly research activities of students and faculty.

Health Sciences

The instructional program in the health sciences is carried on in 15 schools that provide education in various health fields to students preparing for careers in health care, teaching and research. The health science schools are located on six campuses and include five schools of medicine, two schools of dentistry, three schools of nursing, two schools of public health, two schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, four programs in medical education are conducted at Berkeley, Fresno, Riverside, and the Charles R. Drew University of Medicine and Science in Los Angeles. The physical, biological and behavioral science programs of the general campuses complement the programs of the health science schools.

Summer Sessions

Non-UC matriculated students may enroll in summer sessions as self-supported students; funding for these students remains in the Summer Session budget. In summer 2007, 9,060 non-UC students registered for UC summer sessions. Many of these students are regularly enrolled at the California State University, California Community Colleges, and other institutions. All general campuses currently offer state-supported summer instruction to UC-matriculated students, funding for which is included in the general campus instruction portion of the budget.

University Extension

University Extension is the largest institution of its kind, with an annual estimated enrollment of nearly 300,000 registrants participating in classes, short courses, seminars, field studies, and similar activities throughout California and in several foreign countries. It has open admissions, optional credit, and free student selection of curriculum. University Extension is self-supporting, and its offerings depend entirely on student fees. Almost 60 percent of Extension's offerings are designed to serve the continuing educational needs of professionals. Overall, 500 certificate programs are offered.

10 - RESEARCH

The University is designated by the 1960 Master Plan as the primary state-supported academic agency for research. Its research activities contribute to the social, economic, and technological progress of the state and the nation. Knowledge discovered in the University's research programs has yielded a multitude of benefits, ranging from technological applications that increase industrial and agricultural productivity to insights into social and personal behaviors that help improve the quality of human life. The research process also is essential to training scholars in the methodology of inquiry, particularly in graduate and professional programs.

15 - PUBLIC SERVICE

Public service includes a broad range of activities organized by the University to serve state and local communities, students, teachers and staff in K-12 schools and community colleges, and the public in general. Consistent with its mission as a land grant institution, the University's public service programs help improve the quality of life in California by focusing on major challenges, whether in business, education, health care, community development, or civic engagement, that impact the economic and social well-being of its citizens. One component of public service is the University's Student Academic Preparation and Educational Partnerships, which work collaboratively with schools and other partners to help educationally disadvantaged students meet rigorous standards of academic preparation needed to be successful in higher education and the world of work. Public service also includes Cooperative Extension, which is the University's largest public service program. Cooperative Extension provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, community resource development, and 4-H youth development. Campuses also conduct other public service programs, generally supported by user fees and other non-state fund sources such as arts and lecture programs, and student-initiated community service projects. The University's public service programs also include a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

20 - ACADEMIC SUPPORT

Libraries

The University libraries identify, acquire, organize and provide access to publications and scholarly materials in all formats. Access is provided for the University's students, faculty and staff, the faculty and students of other California colleges and universities, other California libraries, business and industry, and the general public. The University library system serves both instructional and research needs, and provides a critical archival function. The rapid expansion of knowledge requires extensive efforts to keep materials current and of a high quality. The accelerating impact of changes in information technology and the dynamic information needs of its faculty and students obligates the University to develop new digital library collections and services while also maintaining and enhancing its traditional collections.

Academic Support - Other

Academic Support - General Campus Programs: Other academic support on the general campuses is comprised of a number of partially self-supporting activities organized and operated in connection with educational departments, and conducted as a basic support for the departments' educational programs. Many diversified programs are included, such as a demonstration school that serves as an interdepartmental teaching laboratory for experimentation, research and teacher

6440 University of California - Continued

training.

Academic Support - Health Sciences Programs: The University operates dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco, a veterinary medicine teaching facility at Davis and one in the San Joaquin Valley (near Tulare), an optometry clinic at Berkeley and two occupational health centers. These facilities are extensions of the health sciences schools and provide both clinical experience and community health services.

Other activities supporting both general campus and health sciences programs include vivaria, which provide centralized facilities for ordering, receiving and care of all animals necessary for teaching and research in the biological sciences; support for arts by direct sponsorship of performances and exhibits; support of specialized physical science and engineering projects; and support for professional journals.

25 - TEACHING HOSPITALS

The University owns and operates five academic medical centers - Davis, Irvine, Los Angeles, San Diego, and San Francisco. Their primary mission is to support the clinical teaching programs of the five schools of medicine and the educational programs in the University's other health science schools. The academic medical centers also provide a full range of health care services to their community and are sites for the development and testing of new diagnostic and therapeutic techniques. The medical centers provide health care to thousands of patients who generally have more serious illnesses and fewer financial resources than patients at non-teaching hospitals. Based on their tripartite mission of teaching, research and public service, the University of California's academic medical centers are a major resource for California and the nation.

The state appropriates funds, called Clinical Teaching Support, for the University medical centers in recognition of the need to maintain a sufficiently large and diverse patient population for teaching purposes. The funds are primarily used to provide financial support for patients who are essential for the clinical teaching programs, but who are unable to pay the full cost of their care.

30 - STUDENT SERVICES

Student Services programs support activities whose primary purpose is to contribute to the students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instruction program. It includes expenditures for organized Student Service administrative activities that provide assistance and support for the needs of students.

35 - INSTITUTIONAL SUPPORT

This includes a wide variety of activities including police, accounting, payroll, personnel, administrative computing, material management, environmental health and safety, and publications. Institutional Support also includes the planning, policy making, and coordination activities that occur within the offices of the Chancellors, President, and the Regents.

40 - OPERATION AND MAINTENANCE OF PLANT

This function includes resources for the maintenance, preservation, and renewal of the University's State and Educational Fee-supported physical plant. The physical plant includes site infrastructure and over 56 million gross square feet of buildings and related fixed equipment. Major component elements include purchased utilities, building and grounds maintenance, refuse, and janitorial services, with additional administrative and support services.

45 - STUDENT FINANCIAL AID

University of California students receive financial aid from University resources, the federal government, the state, and from private donors and outside agencies. The primary sources of University support are the state General Fund, student fee income, and support from the Regents. The federal government provides loans, work-study, veterans' benefits, and grants. In addition, graduate students receive traineeships and fellowships through various federal sources. The California Student Aid Commission provides scholarships, loans, and grants directly to students. Private donors and outside agencies also provide scholarships, loans and grants.

50 - AUXILIARY ENTERPRISES

Auxiliary Enterprises are those non-instructional services provided to individuals, primarily students, in return for specific user charges. These services include student housing, intercollegiate athletics, food services, and parking. Auxiliary Enterprises are self-supporting and are not subsidized by the state.

55 - PROVISIONS FOR ALLOCATION

These budgetary provisions serve as a temporary repository for lump sum appropriations which are destined for allocation (1) from systemwide provisions to campus provisions and (2) from campus provisions to operating programs and subprograms where expenditures will occur. Provisions for allocation may include funds for academic position upgrades, staff reclassifications, price increases, employee benefits, unallocated state funding increases, and University endowment income. These provisions also include funds for lease-purchase bond payments. They are partially offset by the University budgetary savings target.

65 - SPECIAL REGENTS' PROGRAMS

After provision for costs related to federal contract and grant activity, and the funding of buildings supported under

* Dollars in thousands, except in Salary Range.

6440 University of California - Continued

Garamendi (wherein the University may use federal indirect cost monies received for research activities to pay debt service and maintenance costs for specifically approved research buildings), 55 percent of the federal overhead on contracts and grants is used to fund the University's general purpose budget for current operations. The other 45 percent is the source of the University Opportunity Fund. This fund supports high priority programs that are not adequately supported from other sources, such as faculty recruitment and retention, special research programs, instructional programs and administrative programs, and support for external fund raising. In addition, the Department of Energy pays the University a performance management fee to cover costs related to operational oversight of the Lawrence Berkeley National Laboratory. The fee also cover costs related to audit disallowances and federally unreimbursed costs, and provides support to University research programs. The University also receives a net fee for its partial ownership of two limited liability companies, each of which holds a contract, one to manage the Los Alamos National Laboratory and the other to manage the Lawrence Livermore National Laboratory. The fees are used for value-added oversight and University research.

INFRASTRUCTURE OVERVIEW

The University of California (UC) system comprises 10 campuses, which are located in Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz, that operate 150 institutes, centers, bureaus, and research laboratories throughout the state serving more than 216,000 students. All of the campuses offer undergraduate, graduate, and professional education with one, San Francisco, devoted exclusively to the health sciences. In addition, the University operates teaching hospitals and clinics in five counties. The UC system has more than 5,500 buildings with 116 million gross square feet on approximately 30,000 acres.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$336.4 million from the 2008 University Capital Outlay Bond Fund for 24 projects for the construction and renovation of buildings. These buildings are needed for critical infrastructure deficiencies to meet enrollment and facility renewal needs at UC campuses.

SUMMARY OF PROJECTS

6445 California Institute for Regenerative Medicine

Proposition 71, the California Stem Cell Research and Cures Act, was approved by California voters on November 2, 2004, providing \$3 billion in funding for stem cell research at California universities and research institutions, and calling for the establishment of a new state agency to make grants and provide loans for stem cell research, research facilities, and other vital research opportunities. The California Institute for Regenerative Medicine (Institute) was established in early 2005.

The Independent Citizens Oversight Committee (ICOC) is the 29-member governing board for the Institute. The ICOC members are public officials, appointed on the basis of their experience earned in California's leading public universities, non-profit academic and research institutions, patient advocacy groups, and the biotechnology industry.

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

California Constitution, Article XXXV; Health and Safety Code, Section 125290.10 et seq.

MAJOR PROGRAM CHANGES

- With the resolution of the litigation preventing the General Obligation Bond sale, and in accordance with the California Stem Cell Research and Cures Bond Act of 2004, the state has issued \$250 million in stem cell bonds, the net proceeds of which will support stem cell research and operating costs.

* Dollars in thousands, except in Salary Range.

6600 Hastings College of the Law

Hastings College of the Law was founded in 1878 by Serranus Clinton Hastings, the first Chief Justice of the State of California. On March 26, 1878, the Legislature provided for affiliation with the University of California. Hastings is the oldest law school and one of the largest public law schools in the West. Policy for the College is established by the Board of Directors and is carried out by the Chancellor, Dean, and other officers of the College. The Board has 11 directors: one is an heir or representative of S.C. Hastings and the other 10 are appointed by the Governor and approved by a majority of the Senate. Directors serve for twelve-year terms. Hastings is a charter member of the Association of American Law Schools and is fully accredited by the American Bar Association. The juris doctor degree is granted by The Regents of the University of California, and is signed by the President of the University of California and the Chancellor and Dean of Hastings College of the Law.

The mission of the University of California, Hastings College of the Law is to provide an academic program of the highest quality, based upon scholarship, teaching, and research, to a diverse student body and to assure that its graduates have a comprehensive understanding and appreciation of the law and are well trained for the multiplicity of roles they will play in a society and profession that are subject to continually changing demands and needs.

Because an institution's programs drive the need for infrastructure investment, each entity has a related capital outlay program to support this need. For the specifics on the Hastings College of the Law's Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- Consistent with the Higher Education Compact the Governor entered into with the University of California and California State University, the workload budget reflects a 5 percent increase of \$531,000 for basic budget and core instructional support for Hastings College of the Law.
- The workload budget reflects an increase in fee revenue of \$4.9 million associated with an 18 percent scheduled fee increase that has been adopted by the Hastings Board of Directors.

BUDGET-BALANCING REDUCTIONS

- The Budget includes a General Fund reduction of \$1.1 million in 2008-09. The budget balancing reduction includes:
 - A reduction of \$252,000 from Institutional Support.
 - An unallocated reduction of \$872,000.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - INSTRUCTION PROGRAM

The Instruction program is designed to provide thorough and systematic instruction in those branches of the law, which will best prepare students for their responsibilities to the community as members of the legal profession. It is composed of three elements: classroom, theory-practice, and instructional support. Through these elements, students receive a combination of theoretical instruction, practical experience, specialized training as lawyers, and necessary support services.

The principal objectives of the program are to: (1) develop in the students the required competency in substantive law demanded by the legal profession; (2) develop students' skills in research and writing; (3) provide students with an adequate background in the law through the study of the development of the legal system and the role of the legal profession, both in the United States and abroad; (4) instill in students, through theory-practice clinical courses, a level of professional competence and skill that will shorten the period of training in the law office; and (5) develop special skills in advocacy for trial lawyers.

30 - ACADEMIC SUPPORT PROGRAM-LAW LIBRARY

The primary objective of the Law Library is to support the legal education curriculum of Hastings by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, for moot court, trial practice, legal clinic assignments, and to support legal scholarships. A secondary objective of the Law Library is to support the legal research needs of the larger community, including local attorneys.

40 - STUDENT SERVICES PROGRAM

The Student Services program includes Admissions, Records, Financial Aid, Career Services, the Academic Support Program, the Legal Education Opportunity Program (LEOP) and the Disability Resource Program. Through these offices, students are provided a fair system for admittance to the law school and information about their academic performance. Students are assisted in securing necessary financial assistance to complete the instructional program, and are also assisted in identifying employment opportunities. Supportive services include academic advising, accommodations for students with disabilities, the Academic Support Program, which provides analytical skills and writing instruction to qualifying students, and the LEOP program, which includes small group tutorials and other services to supplement regular instructional activities for the educationally, socially, economically, or otherwise disadvantaged students. In 2007-08, the 246 LEOP students comprised 19 percent of the student body.

50 - INSTITUTIONAL SUPPORT PROGRAM

The Institutional Support program includes Executive Management and Management Support, Personnel, Fiscal Services, Public Safety, Community Relations and Administrative Services. This program provides administrative support to all the programs provided by the Hastings College of the Law.

INFRASTRUCTURE OVERVIEW

Hastings College of the Law is a stand-alone institution with over 1,200 students and is affiliated with the University of California. The College's academic mission is dedicated exclusively to providing legal education of the highest quality. Hastings is located in San Francisco's Civic Center area. The campus is on 2.6 acres in an urban setting with three buildings totaling 581,000 gross square feet along with a parking lot of 37,000 gross square feet.

6610 California State University

The California State University (CSU) system is comprised of 23 campuses, including 22 university campuses and the California Maritime Academy. The system is administered by an independent governing Board of Trustees that includes 25 members: 5 ex officio, 16 appointed by the Governor to four-year terms and 4 members appointed to two-year terms (two student representatives-one voting and one non-voting; and one representative each from faculty and alumni). The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers of the respective campuses.

The California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972, the system became the California State University and Colleges (CSUC); the name of the system was changed to the California State University in January 1982. The oldest campus, San Jose State University, was founded in 1857 and became the first institution of public higher education in California.

The Trustees, the Chancellor, and the Presidents develop systemwide policy, with actual implementation at the campus level taking place through a broadly based consultative process. The Academic Senate, made up of elected faculty representatives from each campus, recommends academic policy to the Board of Trustees through the Chancellor. While each campus has its own unique geographic and curricular character, all campuses offer undergraduate and graduate instruction for professional and occupational goals, as well as broad liberal education programs. For graduation, each campus requires a basic program of general education, regardless of the major selected by the student. CSU offers the doctorate in Education, as well as a limited number of doctoral degrees offered jointly with the University of California and with Claremont Graduate School.

The program goals of the University are:

- To provide instruction in the liberal arts and sciences, the professions, applied fields which require more than two years of college education, and teacher education-both for undergraduate and graduate students through the master's degree.
- To provide public services to the people of the State of California.
- To provide services to students enrolled in the University.
- To support the primary functions of instruction, research, public services, and student services in the University, and to ensure legal obligations related to executive and business affairs are met.
- To prepare administrative leaders for California public elementary and secondary schools and community colleges with the knowledge and skills needed to be effective leaders by awarding the doctorate degree in Education.

Because department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the California State University's Capital Outlay Program see "Infrastructure Overview."

Beginning in fiscal year 2006-07, Higher Education Fees and Income are continuously appropriated and deposited in CSU local trust accounts.

MAJOR PROGRAM CHANGES

- In accordance with the Higher Education Compact signed by the Administration and CSU in 2004, the workload budget includes a 5 percent increase of \$146.2 million for basic budget and core instructional support and an increase of \$70.1 million for 2.5 percent enrollment growth, sufficient to fund 8,572 full-time equivalent students.
- The workload budget reflects an increase in fee revenue of \$109.8 million associated with fee increases of 10 percent for undergraduates, graduates, and teacher credential candidates.

BUDGET-BALANCING REDUCTIONS

- The Budget includes a General Fund reduction of \$312.9 million in 2008-09.
- The following program totaling \$57 million General Fund has been exempted from the budget balancing reduction: Lease Payments Securing Lease Revenue Bonds.
- The budget balancing reduction includes: a reduction of \$43.2 million from Institutional Support and an unallocated reduction of \$269.7 million.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

01 - INSTRUCTION

The California State University (CSU) Instruction program educates students for attainment of degrees, credentials or certificates in the liberal arts and sciences, and certain applied fields and professions. CSU graduates ten percent of the California workforce, and prepares an estimated ten percent of the nation's teachers and seven percent of the nation's engineers. The University prepares about 60 percent of California's teachers. CSU offers more than 1,800 bachelor's and master's degree programs in over 240 subject areas. Many programs are offered so students can complete all upper division and graduate requirements by part-time late afternoon and evening study. CSU also offers a doctorate degree in Education, as well as a limited number of doctoral degrees jointly with the University of California and with private California institutions.

In conjunction with campus-based instruction, CSU provides instruction through seven off-campus centers, and through self-supporting extended education programs.

The Instruction program consists of general academic instruction, preparatory/remedial instruction, instructional information technology, community education instructional services, and non-baccalaureate vocational/technical instruction.

02 - RESEARCH

CSU research is comprised of specifically organized activities, whether commissioned by an external agency or budgeted by the University. Additional research funds may be provided directly to the campuses from non-state General Fund, external sources.

03 - PUBLIC SERVICE

The Public Service program includes expenses for activities established primarily to provide non-instructional services beneficial to individuals and groups external to the institution. These activities include community service programs (excluding instructional activities) and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, and similar non-instructional services to particular sectors of the community.

04 - ACADEMIC SUPPORT

The Academic Support program includes libraries, museums and galleries, educational media services, support information technology, course and curriculum development, academic administration, and personnel development. The University budget includes \$2.5 million for individual faculty development through research and creative activity at the 23 campuses. Ancillary programs include the Desert Studies consortium, college farms, and the Center for Deaf Studies at the Northridge campus.

05 - STUDENT SERVICES

The Student Services program includes activities that contribute to students' emotional and physical well-being, and their intellectual, cultural and social development outside the formal instruction program. These activities include student newspapers, intramural athletics, student organizations, counseling and career guidance, student financial aid administration, and student health services.

06 - INSTITUTIONAL SUPPORT

The Institutional Support program includes executive-level activities concerned with management and long-range planning. These activities maintain the University's effectiveness and continuity and ensure the University's operations are consistent with the state's public higher education policy. Activities include executive management, fiscal operations, general administration, administrative information technology, public relations, and mandatory transfers.

07 - OPERATION AND MAINTENANCE OF PLANT

The Operation and Maintenance of Plant program includes physical plant administration, building maintenance, ground maintenance, utilities, major repairs, security and safety, logistics, debt service payments, operations and maintenance information technology, and insurance costs. The University also receives funding for scheduled maintenance. Currently, the deferred maintenance backlog exceeds \$400 million.

08 - STUDENT FINANCIAL AID

In 2008-09, it is estimated that the University will provide almost \$320 million in direct student financial assistance through the State University Grant program. Additional financial aid is provided through graduate fellowships and Educational Opportunity Program grants. Federal funds for financial aid that are not reported in the state treasury total over \$360 million. All federal financial aid programs provide between \$1 and \$2 billion in scholarships, grants, and loans to CSU students.

09 - AUXILIARY ENTERPRISES

Auxiliary Enterprises consist of student housing, parking, intercollegiate athletics, food services, book stores, and other self-supporting non-instructional services. These services are funded through specific user charges and are not subsidized by the state. CSU provides approximately 35,000 housing spaces and over 153,000 parking spaces at its 23 campuses.

* Dollars in thousands, except in Salary Range.

6610 California State University - Continued

11 - REIMBURSED ACTIVITIES

This program includes activities funded from external organizations that are independent of, but enhance the mission of, the CSU.

INFRASTRUCTURE OVERVIEW

The California State University (CSU) system includes 23 campuses and 7 off-campus centers, which serve 450,000 students. While each campus in the system has its own unique geographic and curricular character, 22 campuses can be characterized as multipurpose institutions, offering undergraduate and graduate instruction for professional and occupational goals. The California Maritime Academy has a specialized mission, focusing on marine transportation and engineering, and maritime sciences. The CSU system has a total of 2,266 buildings with 82.7 million gross square feet on 23,051 acres.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$265.0 million from the 2008 University Capital Outlay Bond Fund for 19 projects for the construction and renovation of buildings. These buildings are needed for critical infrastructure deficiencies to meet enrollment and facility renewal needs at CSU campuses.

6870 Board of Governors of the California Community Colleges

The Board of Governors of the California Community Colleges was established in 1967 to provide statewide leadership to California's community colleges. The Board has 17 members appointed by the Governor with the advice and consent of the Senate. Twelve members are appointed to six-year terms and two student members, two faculty members, and one classified member are appointed to two-year terms.

* Dollars in thousands, except in Salary Range.

6870 Board of Governors of the California Community Colleges - Continued

The objectives of the Board are:

- To provide direction, coordination, planning, and leadership to California's community colleges.
- To promote quality education in community colleges.
- To improve district and campus programs through informational and technical services on a statewide basis, while recognizing the community-oriented aspect of California's network of 109 community colleges.
- To seek adequate financial support while ensuring the most prudent use of public funds.

Since community college programs drive the need for infrastructure investment, each community college district has a related capital outlay program to support this need. For the specifics on the community college capital outlay program see "Infrastructure Overview."

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code, Division 7.

MAJOR PROGRAM CHANGES

- A \$171.9 million increase (3-percent) for enrollment growth for Apportionments. This would fund more than 35,000 additional full time equivalent (FTE) students. This level exceeds the 1.5 percent minimum increase pursuant to the statutory formula included in Chapter 631, Statutes of 2006.
- A \$291.7 million increase for cost-of-living (4.94-percent COLA) for general-purpose Apportionments.
- A \$28.5 million increase for categorical program enrollment growth and COLA (3-percent and 4.94-percent, respectively). These programs include Matriculation, Disabled Students Programs and Services, Campus Childcare Tax Bailout, Extended Opportunity Programs and Services and Apprenticeship.
- A \$374,000 net increase for the Chancellor's Office state operations for standard baseline adjustments and an increase of \$200,000 and two positions for workload associated with nursing and career technical education program local assistance increases resulting from 2007 budget actions.

* Dollars in thousands, except in Salary Range.

6870 Board of Governors of the California Community Colleges - Continued

- A \$40 million current year reduction to community college apportionments. The Administration will introduce trailer bill legislation to identify potential savings in other programs in an effort to help offset this mid-year reduction.

BUDGET-BALANCING REDUCTIONS

- The Budget includes Proposition 98 General Fund reductions of \$291.7 million for community college general-purpose Apportionments, and \$111.8 million for Growth for Apportionments.
- The Budget includes a Proposition 98 General Fund reduction of \$79.9 million for community college categorical programs.
- The Budget includes a General Fund reduction of \$1 million for the Chancellor's Office state operations.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - COMMUNITY COLLEGE APPORTIONMENTS

This program provides funding that supplements local resources in financing the general education programs of the 109 community colleges. This program also includes the preparation of reports and the collection of a wide range of data from community colleges for certification of the funding provided to each district. The majority of state funding for community colleges is provided by the General Fund.

20 - SPECIAL SERVICES, OPERATIONS AND INFORMATION

Special Services, Operations and Information functions include the development, implementation, and coordination of policies and procedures regarding education programs and funding other than apportionments. Such programs include student financial aid, academic counseling, foster care education, and support for disabled students and CalWORKs participants.

30 - ADMINISTRATION

A total of 48.4 positions and \$4.4 million will be utilized by the Chancellor's Office during the 2008-09 fiscal year to perform administrative functions for support of the various programs of the Board of Governors of the California Community Colleges.

INFRASTRUCTURE OVERVIEW

The California Community College (CCC) system consists of 72 semi-autonomous districts encompassing 109 colleges, 58 off-campus centers, and 22 district offices throughout the state that serve over 2.6 million students. The CCC assets include over 20,000 acres of land, 4,629 buildings, and 58.7 million gross square feet of space. In addition, the system has numerous off-campus outreach centers at various locations. CCC facilities are used to provide lower division level academic and vocational education for recent high school graduates and working adults returning to school.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$453.5 million from the 2008 California Community College Capital Outlay Bond Fund for 64 community college facility projects. These projects are needed for critical infrastructure deficiencies and to meet enrollment and facility renewal needs at community college campuses.

* Dollars in thousands, except in Salary Range.

7980 California Student Aid Commission

The mission of the California Student Aid Commission (Commission) is to make education beyond high school financially accessible to all Californians. The Commission ensures the effective and efficient administration of federal and state authorized financial aid, including grants and student loans. In addition, the Commission has responsibility to provide leadership on financial aid issues and to make public policy recommendations concerning financial aid programs.

The Commission is composed of 15 members: 11 members are appointed by the Governor and confirmed by the Senate, 2 members are appointed by the Senate Rules Committee and 2 members are appointed by the Speaker of the Assembly. Members serve four-year terms except the two student members, appointed by the Governor, who serve two-year terms.

LEGAL CITATIONS AND AUTHORITY

DEPARTMENT AUTHORITY

Education Code Sections 66021.2, 69430-69439, 69509, 69509.5, 69510-69518, 69519, 69522-69529.5, 69530-69547.9, 69550-69551, 69560-69566, 69612-69615.6, 69618-69619, 69620-69628, 69750-69751.8, 69760-69779, 70100-70129 and Labor Code Section 4709.

MAJOR PROGRAM CHANGES

- The Budget proposes an increase of \$26.7 million over the revised 2007-08 level for anticipated growth in the Cal Grant Program. The Budget also includes an increase of \$80 million to the Cal Grant Program as a placeholder for potential fee increases by the University of California and the California State University systems.
- The Budget proposes a \$57.4 million reduction by eliminating new awards for the Competitive component of the Cal Grant Program.
- The Budget proposes a net state operations increase of \$981,000 due to the anticipated sale of EdFund that results in additional workload for the Commission.

BUDGET-BALANCING REDUCTIONS

- The Budget includes General Fund reductions of \$2.2 million in 2008-09.
- The following programs totaling \$930 million have been exempted from the budget balancing reductions: the Cal Grant Program, the Assumption Program of Loans for Education (APLE) Program, and other programs including the Graduate APLE, National Guard APLE, State Nursing APLE, and Nurses in State Facilities APLE. These programs include entitlement payments that cannot be reduced.
- The major budget balancing reductions include \$1.6 million in state operations and \$637,000 in the California Student Opportunity and Access Program.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

15 - 15 FINANCIAL AID GRANTS PROGRAM

This program provides grants and other specialized financial aid to help undergraduate and graduate students pay educational expenses. Awards are coordinated with other available award sources including federal Pell Grants. The financial aid grant programs are described below.

ENTITLEMENT AWARDS

Cal Grant Entitlement Award Programs were established by Chapter 403 of the Statutes of 2000. The entitlement awards are guaranteed to students who graduate from high school in 2000-01, or beyond, and meet financial, academic, and general program eligibility requirements.

- Cal Grant A provides tuition and fee funding to eligible lower income high school graduates who have at least a 3.0 grade point average (GPA) on a four-point scale. The award provides up to a maximum grant award of \$9,708 for new and renewal recipients at qualifying postsecondary institutions.
- Cal Grant B provides funds to eligible low-income disadvantaged high school graduates who have at least a 2.0 GPA. The award provides up to \$1,551 for book and living expenses for the first year. In the second year, it also helps pay for tuition and fees at qualifying post secondary institutions.
- The California Community College Transfer Award provides funding to eligible high school graduates who have a community college GPA of at least 2.4 on a four-point scale.

COMPETITIVE AWARDS

Cal Grant Competitive Award Program was established by Chapter 403 of the Statutes of 2000. There are 22,500 Cal Grant A and B competitive awards available to applicants who meet financial, academic, and general program eligibility requirements. Half of these awards (11,250) are offered to those applicants who did not receive an entitlement award and meet the March 2 deadline. The remaining 11,250 awards are offered to students who are enrolled at a California Community College and meet the September 2 deadline. Beginning 2008-09, no new warrants will be issued; only renewals will continue to be funded.

EXISTING AWARDS

The existing Cal Grant A and B Programs, prior to Chapter 403 of the Statutes of 2000, are being phased out. Funding is provided for renewal of awards made prior to the 2001-02 fiscal year.

- Cal Grant A and B provide tuition and fee funding for financially and academically eligible students attending a California college or university of their choice. Recipients at private institutions will continue to receive their maximum grant awards depending on when they received their first award. Cal Grant B recipients also receive up to \$1,551 for books and living expenses.

OTHER AWARDS

- The Cal Grant C provides funding for financially eligible low and middle-income students preparing for occupational or technical training. The authorized number of new awards is 7,761. For new and renewal recipients, the current tuition and fee award is up to \$2,592 and the allowance for training-related costs is \$576.
- The California Student Opportunity and Access Program (Cal-SOAP), through intersegmental consortia, provides financial aid outreach and tutoring services to disadvantaged K-12 students to increase their access to postsecondary education. Cal-SOAP also assists the matriculation of community college students to four-year institutions. There are 16 Cal-SOAP consortia operating in 17 locations.
- The Assumption Program of Loans for Education (APLE) allows the State to issue agreements for loan assumptions annually to students, district interns, and out-of-state teachers pursuing careers in teaching. Through APLE, a participant who teaches a total of four years can receive up to \$11,000 toward outstanding student loans. Participants teaching in priority areas will receive an additional \$1,000 a year, and if participants teach in a low-performing school they will receive an additional bonus of \$1,000 per year for a maximum of \$19,000.
- The Law Enforcement Personnel Dependents (LEPD) Scholarship Program provides college grants to dependents of: California law enforcement officers, officers and employees of the Department of Corrections and Department of Youth Authority, and firefighters killed or permanently disabled in the line of duty. This program is funded from the General Fund.
- The Graduate Assumption Program of Loans for Education (Graduate APLE) allows the State to issue loan assumption agreements to Californians pursuing graduate degrees at postsecondary institutions. A recipient who teaches for three years at a regionally accredited California college or university can receive up to \$6,000 toward outstanding student loans. Since 2003-04, no new warrants have been issued; only renewals will continue to be funded.
- The National Guard Assumption Program of Loans for Education (Chapter 345 of the Statutes of 2003) was established for qualifying members of the National Guard, the State Military Reserve, or the Naval Militia who seek, or who have completed, baccalaureate degrees at institutions of higher education within the State of California. Participants who provide additional service for four years can receive up to \$11,000 for student loans. Since 2006-07, no new warrants have been issued.
- The State Nursing Assumption Program of Loans for Education (SNAPLE), for nursing faculty, allows the State to issue agreements for loan assumptions to persons who have completed at least one academic year, or the equivalent, of full-time teaching nursing studies at one or more regionally accredited, eligible California colleges or universities. Through SNAPLE, a participant can receive up to \$8,333 annually for 3 years towards outstanding student loans for a total loan

* Dollars in thousands, except in Salary Range.

7980 California Student Aid Commission - Continued

- assumption of up to \$25,000.
- The Robert C. Byrd Honors Scholarship Program provides a \$1,500 scholarship to exceptionally able students who show promise of continued academic excellence. Scholarships may be renewed for up to four years. This program is funded from federal funds. The State Department of Education contracts with CSAC to administer the program.
 - The Child Development Teacher and Supervisor Grant Program (Chapter 721 of the Statutes of 1997) replaced the loan assumption program for participants who intend to teach or supervise in the field of child care and development in a licensed children's center. This program is funded from federal funds. The State Department of Education contracts with CSAC to administer the program.
 - The California Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth who are enrolled in college or vocational school at least half-time. The grant can be renewed if funding is available. This program is funded from federal funds and the General Fund. The State Department of Social Services contracts with CSAC to administer the program.
 - The State Nursing Assumption Program of Loans for Education, for nurses in state facilities, allows the State to issue agreements for loan assumptions to persons who fulfill agreements to work full-time for at least 4 consecutive years as a clinical registered nurse in a state-operated 24-hour facility that employs registered nurses and that has a clinical registered vacancy rate of greater than 10 percent. A participant can receive up to \$5,000 annually for 4 consecutive years towards outstanding student loans for a total loan assumption of up to \$20,000.

50 - 50 CALIFORNIA LOAN PROGRAM

The Commission administers the Federal Family Education Loan Program (FFELP) for students on behalf of the United States Department of Education (USED) pursuant to the Higher Education Act of 1965, as amended. Chapter 961 of the Statutes of 1996 authorized the Commission to establish an auxiliary organization, EdFund, as a nonprofit public benefit corporation to provide operational and administrative services for the Commission's participation in the FFELP, effective January 1, 1997. The Federal Student Loan Reserve Fund and Student Loan Operating Fund are continuously appropriated for this purpose.

The FFELP consists of Federal Subsidized Stafford loans, Federal Unsubsidized Stafford loans, Federal Parent Loans for Undergraduate Students (PLUS), Graduate and Professional PLUS, and the Federal Loan Consolidation Program. Loans are made available to students through private lenders such as banks or credit unions, and the Commission guarantees the loan. If a student or parent defaults, the lender files a claim with the Commission, which pays the lender a portion of the outstanding balance. The USED reimburses the Commission for the default. The cost of default claims, collection expenses and administration of FFELP are funded by: USED, a federal default fee, collections and fees from defaulted borrowers, and interest on investments.

Chapter 182 of the Statutes of 2007 (SB 89) authorizes the sale, or an alternative financial arrangement to the sale, of the California Student Aid Commission's loan guarantee function and nonprofit auxiliary organization, EdFund, in order to maximize the value of the State's assets related to implementation of the Federal Family Education Loan Program. The law authorizes the Director of Finance to act as an agent for the sale. Net proceeds generated from the sale will be deposited into the state's General Fund. SB 89 amends Education Code Sections 69522, 69526 and 69766 and adds Section 69521-69521.11.
