PROGRAM DESCRIPTIONS

10 - HEALTH CARE QUALITY AND ANALYSIS

The Health Care Quality and Analysis Program conducts applied health care outcomes analysis to produce public reports that address health care quality, outcomes, access, and other relevant issues in order to improve access to and quality of health care with the intent of improving the health of Californians. Using data collected through the Health Care Information Program, this program also produces data and products about health care cost, utilization and other trends to effectively meet the needs of health care policymakers, health care providers, health planners, public and private sector health care purchasers, researchers, consumers, and the media.

^{*} Dollars in thousands, except in Salary Range.

The Health Care Workforce Program supports the development and expansion of primary care, mental health and allied health training throughout the state, promotes health care workforce diversity and cultural competency, encourages providers to work in underserved areas through strategies focused on pipeline development, training and placement, financial incentives, systems redesign, as well as research and policy, and promotes the recruitment of students into health

- Professions. It includes the following program areas:
 Health Careers Training Program Serves as a health professions resource and liaisons between public and private partnerships to promote recruitment, training, placement, and retention of a multicultural and linguistically competent health workforce in California and provides grants to organizations supporting underrepresented and economically disadvantaged students' pursuit of careers in health care
- Song-Brown Health Care Workforce Training Program Grants funds to family practice residency, nurse practitioner, physician assistant, mental health, and registered nurse training programs to increase the number and improve the distribution of these professionals in underserved areas of the state.
- California State Loan Repayment Program Increases the number of licensed primary care physicians, dentists, dental hygienists, physician assistants, nurse practitioners, certified nurse midwives, and mental health providers practicing in
- designated Health Professional Shortage Areas. Repays educational loans of health professionals, who in turn must provide direct patient care in public or private non-profit entities for a minimum of two years and maximum of four years. Mental Health Services Act Workforce Education and Training Program Remedies the shortage of qualified individuals to provide services to address severe mental illnesses by providing stipends and loan repayments to qualified mental health practitioners, funding educational institutions to provide training to physician assistants, supporting psychiatric residency programs, designating mental health professional shortage areas, as well as funding regional partnerships and a technical assistance center.
- Health Workforce Pilot Projects Program Allows healthcare organizations to test, demonstrate, and evaluate new or expanded roles for health care professionals or new health care delivery alternatives before changes in licensing laws are made by the Legislature. Trainees in approved pilot projects are exempted from other provisions of law and results from these pilot project guide changes to scope of practice statutes.
- Shortage Designation Program Liaisons between the federal government and health care provider sites applying for designation as a Health Professional Shortage Area or a Medically Underserved Area/Population. These designations enable clinics to draw down additional federal funds by making them eligible for assignment of National Health Service Corps personnel or apply for Rural Health Clinic certification, Federally Qualified Health Center Look-Alike certification,
- and the New Start/Expansion Program. Health Care Reform Program Monitors progress of the Affordable Care Act, develops recommendations to further the state's healthcare workforce, identifies and promotes federal funding opportunities, engages stakeholders on federal/state health workforce development activities and provides analysis of health reform initiatives. Health Care Workforce Clearinghouse Program (Clearinghouse) - Serves as the state's central repository of health care
- workforce and education information via the collection, analysis and distribution of educational, licensing and employment data and trends.
- Health Professions Education Foundation (a non-profit public benefit corporation) Provides scholarships, loan repayments, and programs to health professional students and graduates who agree to provide direct patient care in a medically underserved area of California for one to four years. Programs serve allied health, nursing, mental health, dentistry, and medical health professionals.

42 - FACILITIES DEVELOPMENT

The Facilities Development Program safeguards public health, safety, and general welfare through regulation of the design and construction of health care facilities to ensure they are capable of providing sustained services to the public.

45 - CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is modeled after federal home mortgage insurance programs, and insures loans to public and non-profit health care facilities for construction, renovation, and expansion projects. The Program facilitates access to private capital at no cost to taxpayers and has helped health care providers enhance the delivery of health care throughout California since 1972.

The Program underwrites loans, makes insurance recommendations to the Advisory Loan Insurance Committee, monitors the Cal-Mortgage insured loan portfolio, and administers the Health Facility Construction Loan Insurance Fund. The Program also administers loan payback provisions of Fire Protection Loans and the Eminent Domain Certificate Program for health facilities.

60 - HEALTH CARE INFORMATION

The Health Care Information Program sets standards for, collects, and maintains financial and utilization data from over 5,200 licensed health facilities in California, as well as comprehensive demographic, diagnostic, and treatment data for all patients discharged from licensed hospitals, treated in emergency departments, or having had an ambulatory surgery procedure in hospital surgical clinics. This information is used by health care policymakers, health care providers, health planners, public and private sector health care purchasers, researchers, consumers, and the media.

4150 Department of Managed Health Care

The people of the Department of Managed Health Care work toward an affordable, accountable and robust managed care delivery system that promotes healthier Californians.

Through leadership and partnership, the Department shares responsibility with everyone in managed care to ensure high quality health care, as well as cost-effective regulatory oversight. The Department achieves this mission by:

- Administering and enforcing the body of statutes collectively known as the Knox-Keene Health Care Service Plan Act of 1975, as amended.
- Operating the 24-hour-a-day Help Center to resolve consumer complaints and problems.
- Licensing and overseeing all Health Maintenance Organizations (HMOs) and some Preferred Provider Organizations (PPOs) in the state. Overall, the DMHC regulates approximately 90 percent of the commercial health care marketplace in California, including oversight of enrollees in Medi-Cal managed care health plans.
- Conducting medical surveys and financial examinations to ensure health care service plans are complying with the laws
 and are financially solvent to serve their enrollees.
- Convening the Financial Solvency Standards Board, comprised of people with expertise in the medical, financial and health plan industries. The board advises the Director on ways to keep the managed care industry financially healthy and available for the more than 21 million Californians who are currently enrolled in these types of health plans.

4170 **Department of Aging**

The Department of Aging's (CDA's) mission is to promote the independence and well-being of older adults, adults with disabilities, and families through:

- · Access to information and services to improve the quality of their lives;
- Opportunities for community involvement; Support to family members providing care; and •
- · Collaboration with other state and local agencies.

As the federally designated State Unit on Aging, the Department administers federal Older Americans Act programs that provide a wide variety of community-based supportive services and administers the Health Insurance Counseling and Advocacy Program. The Department also administers two Medi-Cal programs: it contracts directly with agencies that operate the Multipurpose Senior Services Program (MSSP), provides oversight for the MSSP waiver, and certifies Community-Based Adult Services centers for participation in Medicaid.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers, and residents of long-term care facilities.

PROGRAM DESCRIPTIONS

^{*} Dollars in thousands, except in Salary Range.

10 - NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education, and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and assistance, employment, and education.

20 - SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service agencies for low-income persons 55 years of age and older. The program also promotes transition to unsubsidized employment.

30 - SUPPORTIVE SERVICES

This program provides supportive services in the community to adults 60 years of age or older, their family caregivers, grandparents caring for grandchildren, and residents of long-term care facilities. Services include information and assistance, legal assistance, transportation, respite in-home support, senior center activities, elder abuse prevention, and the Long Term Care Ombudsman. Older Americans Act Titles III and VII fund these services to enable individuals to access the support necessary for them to remain independent in their communities, continue in their caregiving role, and/or receive long-term care services appropriate to their needs.

40 - COMMUNITY-BASED PROGRAMS AND PROJECTS

This program includes the community-based Health Insurance Counseling and Advocacy Program (HICAP). HICAP provides personalized counseling, community education, and outreach events for Medicare beneficiaries. HICAP is the primary local source for accurate and objective information and assistance with Medicare benefits, prescription drug plans, and health plans.

45 - MEDI-CAL PROGRAMS

This program includes oversight of the Multipurpose Senior Services Program (MSSP) and Community-Based Adult Services (CBAS) program. CBAS is a community-based day health program that provides services to adults 18 years of age or over who are at risk of needing institutional care due to chronic medical, cognitive, or mental health conditions and/or disabilities. CDA certifies CBAS centers for participation in the Medi-Cal Program. Under a 1915(c) Medicaid home and community-based services waiver, MSSP provides health and social care management to prevent premature and unnecessary long-term care institutionalization of frail adults aged 65 or older who otherwise would be placed in a nursing facility.

PROGRAM DESCRIPTIONS

10 - COMMISSION ON AGING

The Commission's statutory responsibilities include: assisting with the development of the Department of Aging's State Plan on Aging, monitoring the plan's progress, and information-gathering. As part of its information-gathering responsibility, the CCoA holds meetings and public hearings around the state to address the issues and concerns of older Californians, their families, and caregivers. The Commission uses the information gathered from these meetings and public hearings to develop initiatives and projects focused on older Californians. CCoA also assisted with the development and implementation of the state's Alzheimer's Disease Plan and administers the Area Agency on Aging Council of California (TACC). TACC is supported solely by voluntary contributions made through a check-off box included on the state income tax form.

\$51

The Department of Alcohol and Drug Programs provided leadership, policy, coordination, and investments in the planning, development, implementation, and evaluation of a comprehensive statewide system of alcohol and other drug prevention, treatment, and recovery services, as well as problem gambling prevention and treatment services. As the state's former alcohol and drug authority, the Department was responsible for inviting the collaboration of other departments, local public and private agencies, providers, advocacy groups, and individuals in order to establish standards for the statewide service delivery system.

This Department recently underwent significant changes and was eliminated effective July 1, 2013. In 2011-12, the Drug Medi-Cal functions were transferred to counties as part of 2011 Realignment (Org 5196), and administrative functions for the Drug Medi-Cal program were transferred to the Department of Health Care Services effective July 1, 2012. In 2013-14, the remaining programs were transferred to the Department of Health Care Services and the Department of Public Health.

MAJOR PROGRAM CHANGES

- The Governor's Budget proposes to shift funding and positions for the Drinking Water Program from the Department of
 Public Health to the State Water Resources Control Board to align the state's drinking water, groundwater, and water
 quality programs in a single agency to meet both current and future demands on water resulting from climate change,
 increasing population, and economic growth.
- The Governor's Budget proposes one-time funding of \$1.4 million from the Internal Departmental Quality Improvement Account to carry out the next stages of the Licensing and Certification Program Evaluation Project. This proposal will enable the Department of Public Health to improve internal business practices and meet federal benchmarks, and support continuation of federal grants through complete and timely fulfillment of state licensing and federal certification workload.
- The Governor's Budget proposes primarily one-time funding of \$3 million from the Infant Botulism Treatment and Prevention Fund. This proposal will allow the Department of Public Health to sustain statutorily-mandated production, distribution, regulatory compliance, and other activities for the orphan drug BabyBIG® given varying production costs and new federal requirements.

Grant award represents conversion from federal fiscal year to state fiscal year (1 Quarter + 3 Quarters). FY 2013-14 and FY 2014-15 reflect estimated grant award based on the latest grant award received.

3/ Expenditures for FY 2013-14 and FY 2014-15 reflect Budget as Signed, Budget Letter 13-17 (Retirement), Budget Letter 13-18 (Employee Compensation), and the Statewide Cost Allocation Plan (FY 2014-15).

^{4/} The negative fund balance in 2012-13 was the result of federal sequestration reductions to the Title V Block Grant late in the year.

PROGRAM DESCRIPTIONS

10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

The Major Risk Medical Insurance Program provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" or at high risk of needing costly care. The program procures coverage for subscribers through participating health plans. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

The Access for Infants and Mothers Program provides comprehensive health care to pregnant women. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty level are eligible for the Medi-Cal program. The AIM Program provides coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum. Subscribers pay a premium equal to 1.5 percent of their family income and the plan subsidizes the remaining cost of coverage.

40 - HEALTHY FAMILIES PROGRAM

The Healthy Families Program provides health coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level. These children are not eligible for Medi-Cal because of income. The program provides comprehensive health, dental and vision benefits through participating plans. Families pay a monthly premium and the program subsidizes the remaining cost of coverage. Individuals in the Healthy Families Program transitioned into the Medi-Cal program administered by the Department of Health Care Services beginning January 1, 2013.

50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

The County Health Initiative Matching Fund Program provides health coverage for eligible children up to age 19 in families with incomes between 250 and 400 percent of the federal poverty level that are not eligible for Medi-Cal or the Healthy Families Program. Coverage is provided through county-sponsored insurance programs, which provide comprehensive benefits similar to the Healthy Families Program. Program costs are funded by matching county expenditures with federal funds in participating counties that have been approved by the federal government. The Managed Risk Medical Insurance Board manages the intergovernmental transfer of federal funds, and the counties administer the program.

60 - PRE-EXISTING CONDITIONS INSURANCE PLAN PROGRAM

The Pre-Existing Conditions Insurance Plan Program (PCIP) is a federally-funded health coverage program which provides health coverage to medically-uninsurable individuals with pre-existing conditions. The program is only available for individuals who did not have health coverage in the six months prior to applying. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

4300 Department of Developmental Services

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and meet the needs and choices of these individuals at each stage of their lives; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates

^{*} Dollars in thousands, except in Salary Range.

service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and a state-operated community facility, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies known as regional centers.

The Department's goals are to:

- Maintain or develop systems that ensure that quality services and supports are provided to individuals and their families.
- Facilitate the dissemination of information to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

Since Department programs drive the need for infrastructure investment, the department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The regional centers directly provide or coordinate the following services and supports: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for infants and their families, (9) family support, (10) planning, placement, and monitoring for 24-hour out-of-home care, (11) training and educational opportunities for individuals and families, (12) community education about developmental disabilities, and (13) habilitation services. The needs of individuals who reside in state-operated facilities are assessed and community resources are developed to assist those who can appropriately transition to the community.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates four Developmental Centers: Fairview (Orange County), Lanterman (Los Angeles Countyscheduled to close December 2014), Porterville (Tulare County), and Sonoma (Sonoma County). Secure treatment services are provided at Porterville Developmental Center. In addition, the Department leases one small facility for persons who require specialized behavioral interventions: Canyon Springs, a 63-bed facility in Cathedral City. Services at all facilities involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitation services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the four Developmental Centers and the leased small community facility to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide to the Department (1) overall management, planning and policy development, legal, legislative, audit, and administrative services, and (2) revenue and reimbursement collections from federal and state programs, insurance companies, and private payers for the cost of services.

INFRASTRUCTURE OVERVIEW

The Department of Developmental Services is responsible for the operation and maintenance of the facilities under its control, including the four state-owned and operated 24-hour care facilities and their buildings, grounds and infrastructure. These Developmental Centers are: Fairview (Orange County), Lanterman (Los Angeles County), Porterville (Tulare County), and Sonoma (Sonoma County) and comprise approximately 4.7 million gross square feet on 1,948 acres. The facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. The Department also leases one small state-operated community facility but is not responsible for infrastructure or maintenance of this facility. Currently the Lanterman Developmental Center is scheduled for closure in December 2014.

4440 Department of State Hospitals

The mission of the California Department of State Hospitals (DSH) is to provide evaluation and treatment to patients in a safe and responsible manner, while seeking innovation and excellence in hospital operations across a continuum of care and settings. DSH was established on July 1, 2012 in accordance with Chapter 29, Statutes of 2011 (Assembly Bill 102). Assembly Bill 102 reorganized the Department of Mental Health, which was formerly responsible for managing the State Hospital system and community mental health services.

DSH is comprised of five state hospital facilities and three psychiatric programs. DSH is responsible for the daily care and provision of mental health treatment of over 6,000 patients. DSH population is comprised of forensic and civilly committed patients.

Since department programs drive the need for infrastructure investment, the department has a related capital outlay program to support this need. For the specifics on the Department of State Hospitals' Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

15 - IN-PATIENT SERVICES PROGRAM

The In-Patient Services Program administers the California state hospital system, the Forensic Conditional Release Program, the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients.

Program Administration

Program administration includes headquarters functions that support the state hospital system, including policy development and management, licensing oversight, patients' rights coordination, clinical oversight, and data management.

In-Patient Services

The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton, and Coalinga. In addition, this program includes three inpatient psychiatric programs. The psychiatric programs are located at the California Medical Facility in Vacaville, Salinas Valley State Prison in Salinas Valley and within the California Health Care Facility in Stockton. The three psychiatric programs provide treatment services to California Department of Corrections and Rehabilitation inmates. Mental health treatment services are delivered by professionally trained clinical teams who provide full-time inpatient care to the most serious mentally ill and those incapable of living in the community.

Conditional Release

The Forensic Conditional Release Program (CONREP) is the statewide system of community-based services for specified forensic patients. Mandated as a state responsibility by the Governor's Mental Health Initiative of 1984, the program began operations on January 1, 1986.

The goal of CONREP is to ensure greater public protection in California communities via an effective and standardized community outpatient treatment system.

25 - EVALUATION AND FORENSIC SERVICES

Evaluation and Forensic Services is comprised of the Mentally Disordered Offender (MDO) and the Sexual Offender Commitment Program (SOCP). The MDO program applies only to prisoners whose crimes were committed on or after January 1, 1986. Penal Code Sections 2960-2981 require that a prisoner who meets six specific MDO criteria be ordered by the Board of Prison Terms to be treated by DSH as a condition of parole. Welfare and Institutions Code Section 6600 et seq. (Chapter 793, Statutes of 1995) was enacted effective January 1, 1996, establishing a new category of civil commitment for persons found, upon release from prison, to be sexually violent predators. DSH has designated this program the SOCP.

30 - LEGAL SERVICES

Legal Services is responsible for a variety of legal issues, including representing DSH in lawsuits related to government, constitution, employment, orders to show cause, conditions of confinement, involuntary medication, electronic convulsive therapy, Health Insurance Portability and Accountability Act (HIPAA), and fraud. DSH attorneys make statewide court appearances, draft regulations and advise management and staff on a variety of programmatic issues.

MAJOR PROGRAM CHANGES

The 2014-15 Governor's Budget includes an increase of \$80 million from the Greenhouse Gas (GHG) Reduction Fund to
target low-income dwellings within the "disadvantaged communities" identified by California Environmental Protection
Agency in the Cap-and-Trade Investment Plan. The additional resources will provide weatherization and renewable
energy measures to low-income single/multi-family dwellings and will expand energy efficiency and clean renewable
energy generation with the goal of reducing GHG emissions.

The Low-Income Home Energy Assistance Program (LIHEAP) provides financial assistance to eligible low-income households to offset the costs of heating and/or cooling residential dwellings, assistance payments for weather-related or energy-related emergencies, and weatherization services to improve the energy efficiency of homes. This program may include a leveraging incentive program in which supplementary LIHEAP funds can be obtained by LIHEAP grantees if non-federal leveraged home energy resources are used along with LIHEAP weatherization related services.

The Department of Energy Weatherization Assistance Program provides weatherization to improve the energy efficiency of low-income residential dwellings and safeguard the health and safety of household occupants.

The Lead Hazard Control Program provides services to fully abate or control lead paint hazards in low-income privately owned housing with young children.

PROGRAM DESCRIPTIONS

10 - VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement, and independent living skills training to maximize their ability to live and work independently within their communities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Prevocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for vocational rehabilitation services and independent living.

The Department also works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs, and establishes fees for services provided to its consumers.

30 - INDEPENDENT LIVING SERVICES

The Department funds, administers, and supports 28 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also administers and supports the Traumatic Brain Injury (TBI) Program. In coordination with consumers and their families, seven service providers throughout California provide a coordinated post-acute care service model for persons with TBI, including supported living, community reintegration, and vocational supportive services.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

40 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

10 - STATE COUNCIL SERVICES

The State Independent Living Council, in conjunction with the Department of Rehabilitation, is responsible for developing a state plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan. The Council also interacts with similar statewide councils to enhance the effectiveness of the network of centers that provide independent living services in California. The Council is required by the Federal Rehabilitation Act of 1973, as amended, in order for the state to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council serves as an educational resource on disability and independent living for the Governor, other state agencies, the Legislature, the general public, and a variety of statewide and national organizations.

PROGRAM DESCRIPTIONS

10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the federal Title IV-D state plan. The Department is responsible for providing statewide leadership to ensure that all functions necessary to establish, collect, and distribute child support in California, including securing child and spousal support, medical support, and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under the Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. The Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders.

10.01 - CHILD SUPPORT ADMINISTRATION:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of local staff salaries, local staff benefits, and operating expenses and equipment. The federal government funds 66 percent and the state funds 34 percent of the Child Support Program costs.

10.03 - CHILD SUPPORT AUTOMATION:

Pursuant to Federal law, the department created a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. In addition, the program provides funding for the local electronic data processing maintenance and operation costs. The SDU provides services to collect child support payments from non-custodial parents and to disburse these payments to custodial parents.

MAJOR PROGRAM CHANGES

- The Governor's Budget includes an increase of \$9.9 million in 2014-15 to begin implementing a six-county, three-year \$115.4 million Parent/Child Engagement Demonstration Pilot Project to improve outcomes for 2,000 CalWORKs families. Beginning January 1, 2015, participating counties will target the neediest and hardest to serve CalWORKs families with children between the ages of 18 months and 5 years utilizing early interventions, including parenting skills, home visitation, job preparation tools, licensed subsidized child care, and child development activities.
- The Governor's Budget includes \$9.8 million (\$1.3 million General Fund) and 63 two-year limited-term positions beginning in 2014-15 to address the anticipated workload impact on the State Hearings Division resulting from implementation of the Affordable Care Act. The additional resources will provide timely hearing decisions to address disputes between applicants and recipients of public assistance benefits and county welfare departments.
- The Governor's Budget includes an increase of \$209 million (\$99.1 million General Fund) for the IHSS program to
 address changes made to the Fair Labor Standards Act concerning overtime and compensation for domestic workers.
 The proposal pays IHSS providers for activities that were not previously eligible for compensation, such as wait time for
 medical accompaniment, travel time between recipients, and mandatory provider training. Additionally, the proposal
 restricts overtime to documented emergency circumstances only and creates an emergency back-up system for recipients
 to request a provider under specified conditions.
- The Governor's Budget includes an increase of \$7.5 million (\$5.8 million General Fund) and 71.5 positions beginning in 2014-15 to improve the business processes of the Community Care Licensing Division. The additional resources will allow the division to meet its statutory requirement to inspect a licensed residential facility at least once every five years and reduce the number of negative health and safety outcomes for children and adults residing in facilities.

- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs Supplemental Security Income/State Supplementary Payment Program County Administration and Automation Projects

- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services currently are provided through a three-stage system to current and former CalWORKs recipients with children through the age of 10 (or up to 12 under certain conditions). Presently, Stage One is administered by the Department of Social Services, and the Department of Education administers Stages Two and Three. Stage Three is available only to the extent that funding is provided by the annual Budget Act or other source. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law. The Kinship Guardianship Assistance Program provides support payments to relative guardians of children who were previously in the foster care system.

The Adoption Assistance Program provides ongoing support payments for families who have adopted children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are in a sibling group, are less likely to be placed in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugee/Entrant Cash Assistance is provided to the following individuals if they do not qualify for CalWORKs or Supplemental Security Income: refugees, Cuban and Haitian entrants, Cuban medical professionals, asylees, certain Amerasians from Vietnam, Iraqi and Afghan Special Immigrants, and certified victims of human trafficking. Benefits are available for a maximum period of eight months.

The Trafficking and Crime Victims Assistance Program provides cash aid and social services to noncitizen victims of human trafficking, domestic violence and other serious crimes who meet the income and eligibility requirements. Benefits are available for a maximum period of eight months for adults without children and up to 48 months for families.

The CalFresh Program, formerly known as the Food Stamp Program and federally referred to as the Supplemental Nutrition Assistance Program (SNAP), provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of CalFresh benefits is borne entirely by the United States Department of Agriculture (USDA). The CalFresh Employment and Training Program requires certain non-assistance CalFresh recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food benefits to legal immigrants who meet federal SNAP eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities to 58 California county local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. The USDA food is distributed to eligible recipients for household consumption or used to prepare and serve meals in congregate settings. This program is also supplemented with food purchased by food banks using private donations and taxpayer contributions generated through a state income tax checkoff, as well as surplus fresh fruits and vegetables donated by farmers and businesses.

16.70 - Supplemental Security Income/State Supplementary Payment Program:

The federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

16.75 - County Administration and Automation Projects: Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff

who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

16.90 - Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private assistance programs.

25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive federally funded Medi-Cal or otherwise meet the program's income and resource requirements. There are four programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Option Program, the Community First Choice Option, and the IHSS-Residual Program.

25.30 - Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families, as well as services to assist transition age youth who are emancipating or have emancipated from foster care. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency adoption services through a mixture of state and county adoption agencies; (2) conducts studies of all independent adoption placements through state offices and three county adoption agencies; (3) provides technical assistance and support to public and private adoption agencies on adoption-related matters including agency, independent and intercountry adoption; (4) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (5) provides adoptive home recruitment activities through direct and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention and early intervention programs, education and outreach materials, activities, and services for at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Program is a regulatory enforcement program with the responsibility of protecting the health and safety of children and adults residing or spending a portion of their time in out-of-home care. The program includes prevention, compliance, and enforcement components.

25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Program Services.

26 - TITLE IV-E WAIVER

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families.

35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

35.25 - Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human

Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services.

60 - ADMINISTRATION

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. This realignment provides counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these programs.

² Reflects general growth carryover from 2013-14 to 2014-15 to fund the 5-percent increase to CalWORKs Maximum Aid Payment levels effective March 1, 2014, pursuant to Welfare and Institutions Code section 17601.50.

PROGRAM DESCRIPTIONS

10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of a half cent sales tax and a dedicated portion of vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health and social services programs.

5196 2011 State-Local Realignment

Building upon the 1991-92 realignment, 2011 Realignment moves program and fiscal responsibility to counties, providing a dedicated source of funding while eliminating duplication of effort, generating savings, and increasing flexibility.

Realigned programs include local public safety programs, mental health, substance abuse, foster care, child welfare services, and adult protective services. Many of these programs are already administered at the local level by counties. Therefore, it is appropriate for the programmatic and fiscal responsibility to reside with the counties with the state maintaining an oversight and technical assistance role where needed. These changes are made with the goal of providing services more efficiently and at less cost.

The funding sources for realignment are:

- The dedication of 1.0625 cents of a state special fund sales tax.
- The dedication of a portion of vehicle license fee revenues.

Counties receive 2011 Realignment funding from the following accounts and their related growth accounts:

^{*} Dollars in thousands, except in Salary Range.

- Protective Services Subaccount (Foster Care, Child Welfare Services, and Adult Protective Services)
- Behavioral Health Subaccount (Early and Periodic Screening, Diagnosis, and Treatment; Mental Health Managed Care; Substance Abuse Treatment; and Women and Children's Residential Treatment) Mental Health Account (Community Mental Health Programs) ٠
- Trial Court Security Subaccount
- ٠ Enhancing Law Enforcement Activities Subaccount (Local Jurisdiction for Lower-level Offenders and Parole Violators and Adult Parole) Community Corrections Subaccount
- District Attorney and Public Defender Subaccount
- Juvenile Justice Subaccount (consisting of the Youthful Offender Block Grant Special Account and Juvenile Reentry Grant Special Account)

The funding reflected below and in the associated special display titled "2011 Realignment Estimate" is an estimate based on statutory formulas and the most recent Department of Finance revenue figures.

Note the \$4.1 billion in 2013-14 and \$4.5 billion in 2014-15 shown below reflect the Health and Human Services public safety programs. This display does not reflect the funding for the non-Health and Human Services public safety programs. For the full list of funding in 2011 Realignment, refer to the special display titled "2011 Realignment Estimate."
