

Corrections and Rehabilitation

The mission of the California Department of Corrections and Rehabilitation (CDCR) is to enhance public safety through safe and secure incarceration of the most serious and violent offenders, effective parole supervision, and rehabilitative strategies to successfully reintegrate offenders into our communities. The CDCR is organized into the following programs: 1) Corrections and Rehabilitation Administration; 2) Peace Officer Selection and Employee Development; 3) Juvenile Operations and Offender Programs-Academic and Vocational Education and Health Care Services; 4) Adult Corrections and Rehabilitation Operations-Security, Inmate Support, Contracted Facilities, and Institution Administration; 5) Adult Parole Operations—Supervision, Community Based Programs, and Administration; 6) Board of Parole Hearings-Adult Hearings and Administration; 7) Rehabilitative Programs-Adult Education, Cognitive Behavioral Therapy and Reentry Services, Inmate Activities, and Administration; and, 8) Adult Health Care Services. Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. MAJOR PROGRAM CHANGES

- **Adult Inmate and Parolee Population**-The adult inmate average daily population is projected to increase from 134,986 in 2013-14 to 137,788 in 2014-15, an increase of 2,802 inmates, or 2.1 percent. The average daily parolee population is projected to decrease from 45,934 in 2013-14 to 36,652 in 2014-15, a decrease of 9,282 parolees, or 20.2 percent. The increase in adult inmate population is due to an increase in new admissions and second striker admissions, while the parolee decreases are a result of Chapter 15, Statutes of 2011, which shifted the responsibility of certain parolees to counties. When compared to the projected average daily population at the 2013 Budget Act, these changes result in an increase of \$3.2 million General Fund in 2013-14 and a decrease of \$38.6 million General Fund in 2014-15.
- **Mental Health Program**-The population of inmates requiring mental health treatment is projected to be 33,480 in 2013-14 and 34,118 in 2014-15. This is an increase of 1,727 inmates in 2013-14 and 2,365 inmates in 2014-15 in comparison to the projected mental health population at the 2013 Budget Act of 31,753. Based on the Mental Health Staffing Ratios, these changes will result in an increase of \$11.718 million in 2014-15.
- **Juvenile Ward Population**-Compared to the 2013 Budget Act projections, the ward population is projected to increase by 32 in 2013-14 and decrease by 34 in 2014-15, for a total population of 711 in 2013-14 and 645 in 2014-15.
- **SB 105**-The Budget includes \$405.2 million General Fund and \$9.7 million Recidivism Reduction Fund to continue the Three-Judge Panel compliance efforts pursuant to Chapter 310, Statutes of 2013 (SB 105). The Budget assumes a two-year extension in reaching compliance with the 137.5 percent population cap. These resources will allow CDCR to place 12,575 inmates in contract beds by June 2015 above 2013 Budget Act funding levels and 14,111 inmates above the number anticipated in the Blueprint. These inmates will be housed in a combination of public and private in-state and out-of-state contract beds. The Recidivism Reduction Fund expenditures proposed for these contract beds will be used to provide cognitive behavioral therapy, including substance use disorder treatment.
- **Drug Interdiction and Substance Abuse Treatment**-The Budget includes \$14 million General Fund to establish an enhanced drug interdiction program statewide and \$11.8 million Recidivism Reduction Fund to expand substance abuse treatment to 10 non-reentry hub institutions in 2014-15 and the remaining 11 non-reentry hub institutions in 2015-16. These programs will be phased in over a two-year period, and will address illegal drug and contraband use from both the supply and demand perspective with the ultimate goal of reducing recidivism and reducing inmate violence, increasing safety for staff and inmates, and promoting a drug-free rehabilitative environment.
- **Local Reentry**-The Budget includes \$40 million Recidivism Reduction Fund for reentry beds for inmates within one year of release from prison, either through reentry programs provided in jails or reentry services provided by community-based facilities.
- **Integrated Services for Mentally Ill Parolees (ISMIP)**-The Budget includes \$11.3 million Recidivism Reduction Fund to allow the CDCR to expand the ISMIP program up to 900 slots in 2014-15. The ISMIP program is a comprehensive treatment model, focused on mentally ill parolees who are homeless or at risk of being homeless, which provides varied levels of care, supportive/transitional housing, and an array of mental health rehabilitative services to assist with the development of independent living in the least restrictive environment possible.
- **Community Corrections Performance Incentive Grants**-The Budget includes an increase of \$21.3 million, bringing total funding for the California Community Corrections Performance Incentive Act of 2009 (SB 678) to \$129.3 million. SB 678 provides performance-based incentive payments to county probation departments when they demonstrate success in reducing recidivism among adult felony probationers. This funding has increased because Chapter 310, Statutes of 2013 (SB 105), changed the calculation for the payments to counties so that it is now based on the amount the state saves by avoiding incarcerations in contracted facilities. The estimate for a contracted bed is \$29,491, which is being used as the state's savings for purposes of the SB 678 calculation.
- **Youthful Offender Parole Hearings**-The Budget includes \$1.6 million General Fund on a limited-term basis for youthful offender parole hearings pursuant to Chapter 312, Statutes of 2013 (SB 260). SB 260 requires the Board of Parole Hearings to establish youthful offender parole hearings for qualified offenders who were under 18 years of age when they committed their offense and were sentenced to state prison. SB 260 requires the Board to complete all youthful offender parole hearings for inmates who are eligible upon enactment of this legislation by July 1, 2015.
- **Workers' Compensation**-The Budget includes \$75 million General Fund to address rising workers' compensation costs. From 2009-10 to 2012-13, CDCR's workers' compensation costs grew by nearly \$90 million due to increases in open claims, cost of living adjustments, retirement and medical benefits, and State Compensation Insurance Fund fees. CDCR will enhance cost containment strategies; however, it is still anticipated that the Department will have at least a \$75 million shortfall in 2014-15.
- **Academy**-The Budget includes \$61.7 million General Fund to increase the CDCR's Basic Correctional Officer Academy capacity from 720 in 2013-14 to 3,400 in 2014-15. This augmentation will allow CDCR to fill an increasing number of vacancies in its Correctional Officer classification due to retirements and other attrition. To facilitate an increased number of cadets, CDCR will be transitioning from a 16-week Academy to a 12-week Academy, where the final four weeks of training are provided at an institution. The 2014-15 adjustment builds upon Academy expansion efforts commencing in 2013-14.
- **Custody Relief**-The Budget includes \$9 million General Fund to provide the appropriate number of custody positions needed to cover staff leave usage. The increase is attributable to the inclusion of essential categories such as Furlough and Personal Leave Program usage.

* Dollars in thousands, except in Salary Range.

5225 Department of Corrections and Rehabilitation - Continued

- Janitorial Services-The Budget includes \$14.5 million to establish a statewide janitorial contract with the California Prison Industry Authority (CALPIA). The proposed janitorial services program uses CALPIA's focused oversight and inmate labor to remedy cleanliness issues cited in the recent court appointed, medical experts' reports.
- Americans with Disabilities Act (ADA) Compliance-The Budget includes \$4.1 million for the California Correctional Health Care Services to achieve compliance with a court-ordered remedial plan in the Armstrong lawsuit. The remedial plan includes detailed instructions for tracking, investigating and resolving allegations of non-compliance with ADA requirements, the Armstrong remedial plan, and prior court orders associated with this lawsuit.
- Enhanced Class Action Litigation Representation-The Budget includes \$1.4 million to address litigation increasing in both volume and complexity in the CDCR's largest class action cases. The additional resources will allow the Department to contract with the Office of the Attorney General for five additional Deputy Attorney General positions that will focus solely on these class action lawsuits.
- Receiver's Acuity Based Staffing Model-The Budget includes a reduction of 148 positions as a result of implementing a staffing model based on the medical acuity of inmates and medical missions of the prisons. The Receiver's new staffing model is based on the medical acuity of the inmate population rather than adjusting medical positions based on changes in the total inmate population.
- Abolished Vacant Positions-The Budget includes a reduction of 240.9 vacant positions in various classifications and divisions throughout CDCR. When salary savings was eliminated in 2012-13, departments were directed to allocate funds to accurately reflect operational expenditures. This was expected to result in the elimination of positions historically held vacant to support the operational needs of departments. Given the concurrent timing of this policy and CDCR's Blueprint development, the Department did not have the opportunity to fully analyze their historical vacancy trends and eliminate positions in order to redirect the savings to support their operational needs.

PROGRAM DESCRIPTIONS

10 - CORRECTIONS AND REHABILITATION ADMINISTRATION

The objective of the Corrections and Rehabilitation Administration program is to provide policy direction, accountability, administrative oversight, and support to ensure the overall success of all adult and juvenile correctional and rehabilitation programs. The program consists of the Office of the Secretary; Legislative Affairs; Public and Employee Communications; Internal Affairs and Audits and Court Compliance; Victim and Survivor Rights and Services; Support Services; Enterprise Information Services; Labor Relations, Regulations and Policy; Research; Legal Affairs; Leasing and Facility Management and Ombudsman.

11 - PEACE OFFICER SELECTION AND EMPLOYEE DEVELOPMENT

The Peace Officer Selection and Employee Development program is responsible for planning, organizing, analyzing, and managing peace officer selection through the application, testing, background investigation and medical/psychological screening processes. The program is also responsible for academy training, as well as employee development for all departmental staff, both peace officers and non-peace officers.

12 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to the CDCR.

20 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department accepts commitments from California courts provided that the person to be committed was under 18 years of age at the time the offense was committed, can materially benefit from institutional programs, and there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations program is to ensure the operation of safe and secure juvenile facilities, to perform tasks related to routine day-to-day operations of institutions and camps, and to provide juvenile offenders necessary services such as security, feeding, clothing, and facility operations. In addition, this program provides staff training, juvenile offender intake and court services, population management services, facility maintenance, and maintains juvenile offender master files. This program currently oversees operations for three facilities and one conservation camp.

Treatment programs begin by performing diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each offender. Based on the results of this evaluation, various counseling and treatment programs are available, including mental health programs (i.e., intensive treatment, specialized counseling, sex offender treatment, special behavior treatment, correctional treatment centers, intermediate care facilities, and general population outpatient services), substance abuse treatment programs, camp programs, and work employability programs.

21 - JUVENILE ACADEMIC AND VOCATIONAL EDUCATION

The objective of the Juvenile Academic and Vocational Education program is to reduce the number of individuals who re-offend by providing comprehensive academic education, vocational (career-technical) education, supplemental education, as well as treatment programs to help juvenile offenders earn a diploma or GED and develop acceptable socialization and employment skills.

Education programs for juveniles include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All curriculum presented to students is infused with values-based character education. Supplemental services include library services, special education, English learner services, basic skills enhancement, high school credit work experience, and community service.

23 - JUVENILE HEALTH CARE SERVICES

The mission of the Juvenile Health Care Services program is to provide medical, dental, and mental health care to juveniles consistent with adopted standards for quality and scope of services within a custodial environment. The program strives to achieve this mission by providing cost-effective, timely, and competent care.

25 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - GENERAL SECURITY

The Department is required by statute to accept convicted felons from California courts when their sentence is imprisonment in a state correctional facility. The objective of the Adult Operations - General Security program is to provide safe and secure detention facilities to protect public safety. The Adult Operations - General Security program consists of 34 operating correctional institutions, six of which have reception centers. The program also identifies custody overtime expenditures associated with housing, guarding, and transporting of adult offenders.

26 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - SECURITY OVERTIME

The objective of the Adult Operations - Security Overtime program is to identify custody overtime expenditures associated with housing, guarding, and transporting of adult offenders.

30 - PAROLE OPERATIONS - ADULT SUPERVISION

The primary objective of Parole Operations - Adult Supervision program is to improve public safety by increasing the rate and degree of successful reintegration and release to society of offenders paroled from state prison. The program is responsible for providing direct supervision, surveillance, and necessary apprehension of the state's parolee population. The main components of supervision include Global Positioning System (GPS) monitoring and general caseload supervision utilizing the California Parole Supervision and Reintegration Model which incorporates evidence-based practices into the Division of Adult Parole Operations' supervision strategies to elicit long-term behavioral change to reduce recidivism.

Standard and specialized caseloads and the degree of supervision are determined by case factors related to the offender's propensity for violence, past criminal history, and current service needs. Based on case assessments, parolees may be placed in a higher supervision category intended to prevent, detect, or interrupt behavior likely to endanger the community. Case supervision, reassessment, and reclassification, based on parolee behavior and stability in the community are regularly scheduled.

The other integral program component is the Parole Planning and Placement Program which identifies parolee needs and matches them with state and local programs to ensure a successful transition into local communities.

31 - PAROLE OPERATIONS - ADULT COMMUNITY BASED PROGRAMS

5227 Board of State and Community Corrections

The mission of the Board of State and Community Corrections (BSCC) is to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts and partnerships in California's adult and juvenile criminal justice system, including technical assistance and coordination to local governments related to 2011 public safety realignment. This mission reflects the principle of aligning fiscal policy and correctional practices, including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations.

The BSCC is organized into the following programs:

- Administration, Research and Program Support
- Corrections Planning and Grant Programs
- Local Facility Standards, Operations and Construction
- Standards and Training for Local Corrections

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Board of State and Community Corrections' Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

10 - ADMINISTRATION, RESEARCH AND PROGRAM SUPPORT

The objective of the Administration, Research and Program Support Program is to provide policy direction, accountability, administrative oversight, and support to ensure the overall success of all programs. Additionally, the program will evaluate the short-term and long-term goals of the BSCC related to data collection and research. Data collection efforts will include an analysis of cost-effective, promising and evidence-based strategies that will be used to inform best practices related to the state's criminal justice system.

15 - CORRECTIONS PLANNING AND GRANT PROGRAMS

The objective of the Corrections Planning and Grant Program is to provide leadership in the development, administration, and evaluation of programs and plans to improve the effectiveness of state and local correctional systems. Specifically, the program provides technical assistance and training in planning and program implementation. In addition, the program is responsible for reviewing plans for implementing 2011 public safety realignment submitted by counties and providing technical assistance and coordination to local governments.

20 - LOCAL FACILITY STANDARDS, OPERATIONS AND CONSTRUCTION

The objective of the Local Facility Standards, Operations and Construction Program is to work in collaboration with local corrections agencies to maintain and enhance the safety, security, and efficiency of state and local jails and juvenile detention facilities. This program also works in collaboration with state and local government agencies in administering funding for local detention facility construction projects.

25 - STANDARDS AND TRAINING FOR LOCAL CORRECTIONS

The objective of the Standards and Training for Local Corrections Program is to work directly with local corrections officials to establish minimum standards for personnel selection and training. This program also provides technical assistance to agencies to improve local training outcomes, administers a statewide training course certification process designed to ensure the competence of local corrections professionals, and provides funding to local agencies to offset a portion of the costs associated with meeting these training standards.

INFRASTRUCTURE OVERVIEW

The BSCC and the California Department of Corrections and Rehabilitation (CDCR) jointly administer three local public safety facilities financing programs with combined total authorizations of up to \$1.5 billion in state lease revenue bond financing appropriated to CDCR to partially finance the design and construction of local adult jails and local youthful offender rehabilitative facilities. The BSCC also administers a separate adult local criminal justice facilities financing program with a total authorization of up to \$500 million in state lease revenue bond financing appropriated to BSCC to partially finance the design and construction of adult local criminal justice facilities.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes expenditure of \$100 million from the \$500 million authorized for the adult local criminal justice facilities financing program (Chapter 42, Statutes of 2012). Conditional awards are expected to be made within this financing program in January 2014. The actual amount of expenditures from this financing program during fiscal year 2014-15 will depend on the specific project schedules for counties that receive those awards.

5420 Prison Industry Authority

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. The CALPIA was reconstituted from the previous California Correctional Industries Program through legislation enacted in 1982. The CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of Business, Transportation and Housing or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and the industry. The Secretary of the CDCR serves as chair of the Board.

The CALPIA supports the public safety mission of the CDCR by producing well-trained offenders that have a job skill, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. The CALPIA work programs also help the CDCR to avoid the cost of alternative inmate programming for program participants.

The CALPIA has three statutory objectives: 1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for offenders under the jurisdiction of the CDCR; 2) create and maintain working conditions within enterprises similar to those which prevail in private industry to assure offenders assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and 3) operate work programs for offenders that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by the CDCR, thereby reducing the costs of its operation. The CALPIA receives no annual appropriation from the Legislature.
