7501 Department of Human Resources

The Department of Human Resources (CalHR) is responsible for managing the state's personnel functions and represents the Governor as the "employer" in all matters concerning state employer-employee relations. CalHR is responsible for issues related to recruitment, selection, salaries, benefits, and position classification, as well as provides a variety of training and consultation services to state departments and local agencies. CalHR's main objectives are to:

- Represent the Governor in collective bargaining with unions representing rank and file state employees.
- Set salaries and benefits for employees excluded from collective bargaining and employees exempted from civil service.
- Serve as the sole fiduciary and administrative body for the Savings Plus Program (defined contribution program for full-time and part-time state employees).
- Provide legal representation to state agencies for appeals of disciplinary actions and labor relations matters.
- Hold ex-officio membership to the 13-member Board of Administration of the California Public Employees' Retirement System.

7502 Department of Technology

The Department of Technology is the central information technology (IT) organization for the State of California. The Department is responsible for the approval and oversight of statewide IT projects and statewide IT professional development, and through the Office of Technology Services provides centralized IT services to state and local governments as well as non-governmental entities. The Department promulgates statewide IT security policies and procedures, and has responsibility over telecommunication and IT procurements.

Effective July 1, 2013, the Governor's Reorganization Plan No. 2 of 2012 created the Secretary for Government Operations and moved the former California Technology Agency (now the Department of Technology) to the new Government Operations Agency. In addition, the Public Safety Communications Office was transferred from the Department to the California Office of Emergency Services.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Technology's Capital Outlay Program see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

10 - DEPARTMENT OF TECHNOLOGY

The Department maintains up-to-date policies for IT activities to ensure the state adopts and uses best practices in information technology management. The Department maintains a state IT strategic plan and establishes statewide IT policies and standards, facilitates the development and implementation of enterprise initiatives, and maintains a governance structure to address issues and concerns that arise as part of technology deployment.

The Department ensures that project-specific decisions are consistent with the state's policies and direction for IT development, including project management, oversight, and risk mitigation. The Department also ensures the coordination and collaboration of enterprise and other multi-department IT efforts, as well as standardization of project management processes and performance metrics, to maximize the management of major projects and allow project performance to be assessed uniformly.

The Office of Technology Services (OTech) provides IT services in state, federal, and local government entities throughout California. Through the use of a scalable, reliable, and secure statewide network, combined with voice and data technologies, OTech delivers computing, networking, electronic messaging, and training solutions.

Within the Department, the Office of Information Security (OIS) is the primary state government authority responsible for ensuring the protection of state information, as well as the confidentiality, integrity, and availability of state systems and applications. OIS represents the state to government entities, higher education, private industry, and others on security-related matters.

7760 Department of General Services

Effective July 1, 2013, the Governor's Reorganization Plan No. 2 of 2012 created the Government Operations Agency and, as part of the plan, moved the Department of General Services (previously budgeted within State and Consumer Services Agency under Organization Code 1760) to this new Agency (Government Operations).

As an enterprise organization, the Department of General Services provides centralized services to state agencies in the areas of: management of state-owned and leased real estate; approval of architectural designs for local schools and other state-owned building; printing services; procurement of commodities, services, and equipment for state agencies; and management of the state's vehicle fleet. Furthermore, the Department of General Services employs practices that support initiatives to reduce energy consumption and help preserve California resources. The Director of General Services serves on several state boards and commissions.

Because department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of General Services' Capital Outlay Program, see "Infrastructure Overview."

PROGRAM DESCRIPTIONS

10 - BUILDING REGULATION SERVICES

With a multi-billion dollar annual investment in facilities for state offices and public schools, centralized responsibilities for inspection and approval are needed. This is achieved in the following ways: (a) Assuring protection of lives and property in public buildings and schools through plan review and field supervision; (b) Ensuring that facilities constructed with state funds are accessible to persons with disabilities; (c) Developing uniform public health and safety regulations for state and public building construction; (d) Administering the State School Facility Program, which provides financial assistance to school districts for the development of schools sites, construction, and modernization or replacement of school buildings; and (e) Adopting, codifying and publishing building standards for design and construction throughout California.

15 - REAL ESTATE SERVICES

Centralized responsibilities for leasing, planning, acquisition, design, construction, maintenance, and operation are needed to ensure quality, avoid redundancy, and deliver property and facilities at the lowest possible cost. This is achieved by: (a) Providing adequate space for state operations at a cost below that which each agency could provide for itself; (b) Assuring protection of lives and property in public buildings through progressive design and proactive construction inspection; (c) Selecting the most qualified firms (both internal and external) to design and construct high quality facilities for other state departments to deliver their programs to the citizens of California; (d) Acquiring, managing, and disposing of real property assets for state agencies, and providing public service facilities with economy of operations and uniform practices for protecting the public's interests and ensuring equitable treatment of private property owners; (e) Preserving the state's capital investment in building, grounds, and equipment through an efficient and effective centralized maintenance and operations program; and providing state-wide sustainability, energy efficiency and clean renewable energy generation programs.

20 - STATEWIDE SUPPORT SERVICES

To fulfill their program responsibilities, state agencies require support services for business transactions and activities which are basic to their organizational functions. These operational requirements include procurement of green and sustainable materials, energy/natural gas, and transportation; publishing and related business and office services. Other state agency support requirements include travel, consulting services for legal contracts, risk and insurance management services and budget, accounting and human resources services. Additionally, state and local agencies contract for the services of administrative judges to conduct quasi-judicial hearings and mediations authorized by law.

30 - ADMINISTRATION

The Administration program provides services essential to support the programmatic responsibilities of the Department. This program provides executive leadership and policy direction through the executive office, legislative affairs, legal services, auditing, research and strategic planning, public affairs and equal employment opportunity as well as central administrative services in accounting, budgeting, business services, human resources, training, labor relations, information technology, health and safety, procurement, and contracting.

INFRASTRUCTURE OVERVIEW

As of July 1, 2013, the Department of General Services (DGS) is responsible for managing approximately 39 million square feet (sf) of space that supports a variety of state programs and functions. Of this amount, approximately 19.1 million sf is attributable to DGS-managed state-owned office, warehouse, storage, and other space; and 19.9 million sf to DGS-managed leases. DGS has control and jurisdiction over 58 office buildings totaling 16.5 million sf (including the State Capitol), as well as 21 other buildings totaling 2.6 million sf including warehouses, storage, the Central Heating and Cooling Plant, the State Printing Plant, three state-owned, stand-alone parking structures in Sacramento, and the State Records Warehouse. DGS also has jurisdiction over retail and residential properties in downtown Sacramento that are directly managed by the Capitol Area Development Authority.

MAJOR PROJECT CHANGES

- The Governor's Budget proposes \$2.5 million General Fund for the development a long-range planning study for the Sacramento Region to determine the best course of action to address this region's infrastructure deficiencies and space needs, with a focus on controlling long-term costs.

7870 California Victim Compensation and Government Claims Board

The governing body of the Victim Compensation and Government Claims Board (VCGCB) consists of three members: the Secretary of the Government Operations Agency who serves as the chair, the State Controller, and a public member appointed by the Governor. The VCGCB provides responsive financial compensation to remedy the financial burdens of victims of crime through a stable Restitution Fund, and for those with claims against the state, an opportunity to resolve those claims or proceed with other remedies. The primary objectives of the VCGCB are to:

- Compensate victims of violent crime and eligible family members for certain crime-related financial losses.
- Review and act upon civil claims against the state for money or damages.
- Resolve bid protests with respect to the awarding of state contracts for the procurement of goods and services.
- Provide for reimbursement of counties' expenditures for special elections called for by the Governor to fill vacant seats in the Legislature and Congress.
- Determine the eligibility of individuals for compensation for pecuniary injury sustained through erroneous conviction and imprisonment.
- Process claims for the Missing Children Reward Program to assist local law enforcement agencies or other parties involved in the identification and recovery of missing children in California.
- Assist with the administration of the California State Employees Charitable Campaign.
- Process claims through the Good Samaritan Program to private citizens who are injured rescuing another person, preventing a crime, or assisting a law enforcement officer.

PROGRAM DESCRIPTIONS

11 - VICTIM COMPENSATION

This program reimburses certain expenses of victims of crime in California who are injured or threatened with injury and suffer financial hardship as a direct result of a violent crime. The victim of a qualifying crime, and eligible family members, may file a claim with the VCGCB for program benefits.

12 - FISCAL SERVICES DIVISION

This division includes Accounting, Budgets, and the Revenue Recovery Program. The Revenue Recovery Program serves victims of crime in California by maintaining the fiscal stability of the Restitution Fund through the recovery of monies owed from restitution fines and orders. The Program's chief emphasis is to educate the criminal justice community (the judiciary, district attorneys, chief probation officers, and court administrators) on the importance of the consistent imposition and collection of restitution fines and orders. The program also partners with the Department of Corrections and Rehabilitation, the Franchise Tax Board, and the Attorney General's Office on restitution-related activities.

31 - GOVERNMENT CLAIMS

This program receives, investigates, and processes claims for money or damages filed against the state.

41 - GOOD SAMARITAN

This program reimburses persons for certain expenses who sustained injury or losses as a result of a direct action that benefited the public, such as the prevention of a crime or a rescue of a person in immediate danger of injury or death.

7900 Public Employees' Retirement System

The California Public Employees' Retirement System (CalPERS) administers retirement benefits for about 1,679,000 active employees and retirees of state and local agencies in California as of June 30, 2013. Benefits include retirement, disability, and survivor retirement benefits.

CalPERS provides health benefits for approximately 1,376,000 active and retired state, local government, and school employees and their family members as of October 30, 2013. CalPERS develops, negotiates, and administers contracts with health maintenance organizations, group hospitals, and medical insurance plans. In addition, CalPERS administers a long-term care program for members and eligible individuals.

CalPERS is governed by a Board of Administration. The California Constitution provides that the Board of Administration has authority over the administration of the retirement system; therefore, the budget data presented here is for informational purposes only, with the exception of the component of the Health Benefits Program funded from the Public Employees' Contingency Reserve Fund.

PROGRAM DESCRIPTIONS

10 - RETIREMENT

CalPERS provides retirement planning education, service and disability retirement, refunds, and survivor and death benefits for employees of California public employers. CalPERS provides special benefits based on death or disability incurred in the line of duty for members in certain occupations. As of June 30, 2013, there were about 1,104,000 active and inactive members, and about 575,000 retirees, survivors, and beneficiaries under the CalPERS system.

Basic retirement benefits are generally based upon three factors: age at retirement, years of service, and final compensation. There are different formulas for each of the member categories, such as Miscellaneous, Industrial, Peace Officer/Firefighter, California Highway Patrol, and Safety. Over 50 contract options are available to local cities, counties, and districts that contract with CalPERS. However, state and local employees hired after January 1, 2013 will generally be limited to one of five benefit formulas. A member's retirement and death benefits are determined by statute and/or contract provisions.

As of June 30, 2013, there were 3,089 public agency and school district employers providing CalPERS retirement, death, and survivor benefits to California public employees. CalPERS benefits may be transferable for members who continue their careers with many other public employers in California as a result of agreements between CalPERS and other public agency retirement systems.

CalPERS also administers the Legislators' and Judges' Retirement Systems.

20 - HEALTH BENEFITS

The Health Benefits Branch program contracts with health maintenance organizations, claim administrators, employee associations, and others to provide health and long-term care insurance for state, California State University, and local public agency employees, retirees, and their dependents. The program negotiates and monitors health plan contracts, develops cost-effective programs, provides enrollment services to members and employers, and meets and confers with employee organizations and employer representatives.

Additionally, this program maintains demographic and statistical information systems; establishes standards for Basic, Supplement to Medicare, and Managed Medicare health plans; establishes and maintains health benefits coverage for all eligible employees and retirees; provides accurate and timely accounting for participating agencies; and serves as an impartial intermediary between CalPERS enrollees and insurance carriers in resolving claim and service disputes.

30 - INVESTMENT OPERATIONS

Through this program, CalPERS invests funds in various investment categories (stocks, bonds, real estate, etc.) for the purpose of minimizing the employers' contributions to the system needed to provide benefits to active participants, retired members, and their beneficiaries. Since CalPERS was established in 1932, assets have grown from \$800,000 to a total of \$257.9 billion, as of June 30, 2013.

40 - ADMINISTRATION

This program provides executive direction, specialized information, and administrative support necessary to administer all of the CalPERS programs. The various services include: Audits, Diversity Outreach, Executive, Financial Office, Human Resources, Information Technology, Legal, Governmental Affairs, Operation Support, Enterprise Strategy and Performance, and Public Affairs.

7910 Office of Administrative Law

The Office of Administrative Law (Office) is responsible for reviewing administrative regulations proposed by over 200 state regulatory agencies for compliance with standards set forth in California's Administrative Procedure Act, for transmitting these regulations to the Secretary of State, and for publishing regulations in the California Code of Regulations. The Office is also responsible for posting links on its website to other state agency websites where the public may find regulations that have been recently filed with the Secretary of State, but have not yet gone into effect. The Office assists state regulatory agencies through a formal training program, as well as through other less formal methods, to understand and comply with the Administrative Procedure Act. Through its Reference Attorney service, the Office provides direct legal advice to state agencies and members of the public regarding California rulemaking law.

In response to petitions submitted by interested persons, the Office evaluates whether rules being used by state agencies constitute underground regulations, i.e., rules that have not been properly adopted pursuant to the requirements of the Administrative Procedure Act, and issues formal determinations reflecting those evaluations.

The Office oversees the publication and distribution, in print and on the Internet, of the California Code of Regulations and the California Regulatory Notice Register.

PROGRAM DESCRIPTIONS

10 - SERVICE TO MEMBERS AND EMPLOYERS

CalSTRS is responsible for the determination and payment of benefits to members, retirees, and their beneficiaries, and for the distribution of information to all members, employers, and other interested groups. CalSTRS' Defined Benefit Program includes service retirement, benefits for survivors, and disability benefits. Basic retirement benefits are generally based upon three factors: age at retirement, years of service, and final compensation. The member may modify the basic allowance by selecting a joint and survivor annuity option to provide benefits for their beneficiary after the member dies. Generally, the payments of benefits are made within 30 days following the effective date of the member's retirement. A member's retirement benefits, benefits for survivors, and disability benefits are determined by statute and/or contract provisions.

Income to CalSTRS is derived from contributions from members and employing school districts, appropriations from the General Fund, and investment earnings (see 6300 - State Contributions to the State Teachers' Retirement System). The cost of administration is paid from the Teachers' Retirement Fund, as provided in Section 22304(a) of the Education Code.
