**Amendment to Budget Bill Items 0250-101-0932, 0250-102-0159, 0250-111-0001,
0250-112-0001, Local Assistance, Judicial Branch**

Telecommunications Network—It is requested that Items 0250-102-0159 and 0250-112-0001 be increased by \$5,509,000 to support the expansion of the Local Area Network/Wide Area Network (LAN/WAN) telecommunications network infrastructure program to all 58 trial courts. This expansion will add the last four courts (Alpine, Los Angeles, Orange, and San Diego) not currently participating in the branch wide LAN/WAN program. The expansion of the LAN/WAN will provide a more secure, reliable, integrated network for the courts and is a more cost effective option for the overall maintenance and operation of the system.

Technical Adjustment for Cost Changes—It is requested that Items 0250-101-0932 and 0250-111-0001 be decreased by \$3,383,000 to reflect the updated Health Benefit and Retirement Rate cost changes (-\$3,923,000) and to correctly reflect a portion of the 5 percent augmentation to support trial court operations (\$540,000) in the appropriate schedule.

The effect of my requested action is reflected on the attachment.

**Amendment to Budget Bill Items 0250-490 and 0250-491, and Addition of Item 0250-493,
Capital Outlay, Judicial Branch**

Mendocino County: New Ukiah Courthouse Project (Issues 917, 919, and 920)—It is requested that Items 0250-490 and 0250-491 be amended to reappropriate the acquisition and preliminary plans phases of this project. The current appropriations for these phases expire on June 30, 2015. The timeline for the acquisition phase has been slightly delayed and is scheduled to be completed in July 2015; followed immediately by the start of the preliminary plans phase. The reappropriation of both phases will allow this project to continue without delay (see Attachments 1 and 2).

Glenn County: Renovation and Addition to Willows Courthouse Project (Issues 916, 918, and 919)—It is requested that Item 0250-491 be amended and Item 0250-493 be added to reappropriate the construction phase of this project. The working drawings phase for this project is scheduled to be completed in May 2015. Upon approval of working drawings, the proceed to bid notice for the construction phase can be granted. Should there be any delay in the completion and approval of the working drawings, or if the proceed to bid notice is not approved by June 30, 2015; the construction phase appropriation would expire before these funds could be encumbered. The reappropriation of the construction appropriation will allow this project to continue without delay (see Attachments 2 and 3).

The effect of my requested action is reflected on the attachment.

**Amendment to Budget Bill Item 0530-001-0001 and Reimbursements, Support,
Health and Human Services Agency**

Expansion of the Office of Law Enforcement Support (Issues 001-A1 and 002-A1)—It is requested that Item 0530-001-0001 be increased by \$1,965,000 and 15 positions and reimbursements be increased by \$600,000 to support an expansion of the Office of Law Enforcement Support (OLES) within the Health and Human Services Agency. The OLES will conduct oversight, provide investigative and legal support, and maintain quality control over administrative investigations that occur at Department of State Hospitals (DSH) and Department of Developmental Services (DDS) facilities. Additionally, the California Highway Patrol and the Office of Inspector General will provide subject-matter expertise, technical assistance, and operational assistance to the office through an interagency agreement. This request builds on resources included in the 2014 Budget Act to establish this office. This request is consistent with recommendations made in a report requested by the Legislature to further improve the quality and stability of law enforcement and investigative functions at DSH and DDS.

The effect of my requested action is reflected on the attachment.

Addition of Budget Bill Items 0540-101-6015 and 0540-491, Local Assistance, Secretary for Natural Resources Agency

Proposition 13—River Parkways Program—It is requested that Item 0540-101-6015 be added in the amount of \$4.4 million for the acquisition and development of river parkways and for protecting urban streams. This increase appropriates all remaining Proposition 13 funds for the River Parkways Program.

Reappropriations—It is requested that Item 0540-491 be added to reflect reappropriated funds from various local assistance appropriations from prior years to make the funds available for encumbrance or expenditure through June 30, 2018 (see Attachment 1). A number of grant programs have residual funds from projects that were unsuccessful or came in under budget. These reappropriations would allow for ongoing projects to reach completion and for remaining bond balances of programs to be awarded to new projects.

Amendment to Budget Bill Item 0690-301-0001, Capital Outlay, Office of Emergency Services

Southern Region Emergency Operations Center—It is requested that Item 0690-301-0001 be increased by \$613,000 to provide acquisition and preliminary plans authority for a capital outlay project that will build a new emergency operation center at the Joint Forces Training Base in Los Alamitos. The current Southern Region Emergency Operations Center, also located at the base, consists of two modular buildings. These buildings, built in 1991, were designed to be used temporarily until a permanent building was constructed. The condition of these buildings has deteriorated significantly, requiring increased maintenance and ongoing repairs to keep them operational. In addition, the Office of Emergency Services (OES) reports the existing space, approximately 7,200 square feet, is not large enough to facilitate all of the staff who should be located there for daily operations. This project will address critical infrastructure and space deficiencies by designing and constructing a new 30,000 square foot emergency operations center. OES is currently working with the Military Department to develop a ground lease between OES and the U.S. Army. While there are no anticipated acquisition costs, it is advisable to include acquisition phase authority should the development of the ground lease have some minor costs.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Item 0860-001-0022, and Addition of Items 0860-001-3251 and 0860-001-3270, Support, Board of Equalization

Prepaid Mobile Telephone Services (MTS) Surcharge—It is requested that the items listed below be increased by \$5,733,000 and 22.3 positions to implement the provisions of Chapter 885, Statutes of 2014 (AB 1717), which will impose a surcharge on retail consumers of prepaid MTS, beginning January 1, 2016. These resources will provide the Board of Equalization with the information technology resources to modify its existing systems to collect the new fees, as well as provide program staff for outreach, accounting, registration, and return processing for the initial implementation. Audit and collection staff will be addressed in a future proposal.

This request proposes the following changes:

- Increase Item 0860-001-0022 (Emergency Telephone Number Account) by \$110,000 and 0.5 positions.
- Add Item 0860-001-3251 (Prepaid Mobile Telephone Services Surcharge Fund) in the amount of \$2,358,000 and 9.1 positions.
- Add Item 0860-001-3270 (Local Charges for Prepaid Mobile Telephony Service Fund) in the amount of \$3,265,000 and 12.7 positions.

It is requested that language be added to Item 0860-001-3251 and to Item 0860-001-3270 authorizing the Department of Finance, after 30 days prior notice to the Legislature, to augment those items if additional resources are required to implement the statute. Suggested Budget Bill language is attached (Attachment 1).

Additionally, it is requested that trailer bill language be adopted to exempt retailers with de minimis sales of qualified prepaid MTS products from collecting the fee, provide a short-term cash flow loan from the General Fund until fee revenue is received, and make technical changes to facilitate implementation of the program.

The effect of my requested action is reflected on the attachment.

If you have any questions or need additional information regarding this matter, please call Mark Tollefson, Principal Program Budget Analyst, at (916) 322-2263.

Amendment to Budget Bill Item 0950-001-0001 and Reimbursements, Support, and Various Government Code Sections, State Treasurer's Office

Information Technology Staff Augmentation—It is requested that Item 0950-001-0001 be amended by increasing reimbursements by \$1,433,000 to fund 11 permanent positions in the Information Technology Division. The 11 positions would create a five-person Data and Government Transparency Unit; a three-person Project Management Office with two additional technical positions; and a Deputy Chief of Information Technology at the Data Processing Manager IV classification. The reimbursements would be funded by the Authorities and Commissions under the purview of the State Treasurer.

Personal Services Funding Augmentation—It is requested that Item 0950-001-0001 be amended by increasing reimbursements by \$650,000 to fully fund salaries and benefits for all authorized positions. Historically, the State Treasurer's Office (STO) has managed its vacant positions to create enough savings to pay for all personal services expenditures. However, this approach has impacted operational activities and constrained the STO's effectiveness in planning and decision making. The reimbursements would be funded by the Authorities and Commissions under the purview of the State Treasurer.

Trailer Bill Language to Update Statute Reflecting Current Banking Practices—It is requested that Government Code sections 16429.1, 16522, 16551-16554, and 16626-16629 be amended to remove restrictions and references to "San Francisco," in order to allow letters of credit from any Federal Home Loan Bank to be used as securities for deposit and to allow any Federal Reserve Bank, or any branch thereof, to receive deposits of securities approved by the Treasurer (see Attachment 1). This change would bring the management of these accounts in line with current banking practices, and the aforementioned Government Code sections into conformity with other related law.

The effect of my requested action is reflected on the attachment.
