### MAJOR PROGRAM CHANGES

- **Adult Inmate and Parolee Population**-The adjusted adult inmate average daily population is projected to decrease from 134,986 in 2014-15 to 133,109 in 2015-16, a decrease of 1,877 inmates, or 1.4 percent. The average daily parolee population is projected to decrease from 43,266 in 2014-15 to 40,467 in 2014-15, a decrease of 2,799 parolees, or 6.5 percent. The decrease in adult inmate population is due to court-ordered population reduction measures and Proposition 47. When compared to the projected average daily population at the 2014 Budget Act, these changes result in a decrease of \$12.1 million General Fund in 2014-15 and a decrease of \$20 million General Fund in 2015-16.
- **Mental Health Program**-The population of inmates requiring mental health treatment is projected to be 35,013 in 2014-15 and 35,534 in 2015-16. This is an increase of 895 inmates in 2014-15 and 1,416 inmates in 2015-16 in comparison to the projected mental health population at the 2014 Budget Act. Based on the Mental Health Staffing Ratios, these changes will result in an increase of \$12.1 million in 2015-16.
- **Juvenile Ward Population**-Compared to the 2014 Budget Act projections, the ward population is projected to increase by 29 in 2014-15 and 53 in 2015-16, for a total population of 685 in 2014-15 and 709 in 2015-16.
- **California Health Care Facility Staffing**-The Budget includes \$26 million General Fund in 2014-15 and \$76.4 million General Fund ongoing to add 715 positions at the California Health Care Facility to provide adequate medical care to inmates at the facility. The Receiver's Office hired a contractor to perform a staffing analysis of the facility, which is the basis of this request. Once fully activated, the California Health Care Facility will provide almost 2,600 health care beds of which approximately 950 are licensed beds.
- **Infill Activation**-The Budget includes an increase of \$35.5 million General Fund and \$90,000 Inmate Welfare Fund to activate three level II dormitory housing facilities at existing prisons beginning February 1, 2016. The new facilities will add 2,376 beds to the institution design capacity and increase educational and vocational programming slots by 1,266.
- **Armstrong Accessibility Improvements**-The Budget includes \$19 million General Fund in 2015-16 and 2016-17 for construction at 15 prisons to improve accessibility consistent with Americans with Disabilities Act guidelines.
- **Parole Calculation Correction**-The Budget includes \$14.6 million General Fund to correct an error in the caseload calculation for Parole Agent II Supervisors. The correction of the ratio calculation error will reduce the operational parolee to agent ratio, thereby improving the supervision and reintegration of parolees and enhancing public safety.
- **Receiver Quality Management Program**-The Budget includes \$4.9 million General Fund for the Receiver's Office to expand the existing quality management program to monitor and improve delivery of health care services, consistent with the Turnaround Plan of Action.
- **Career Technical Education**-The Budget includes \$2.6 million General Fund for the Division of Rehabilitative Programs to continue contracting with the California Prison Industry Authority to provide 342 Career Technical Education offender training slots. This program provides graduates with employable skills in diverse career fields, and promotes reduced recidivism rates for program graduates compared to the general prison population.
- **Coleman Use of Force and Segregated Housing Policy**-The Budget includes \$13 million General Fund in 2014-15 and \$42 million beginning in 2015-16 for the Department and the Receiver to implement revised policies and procedures as required by the Coleman v. Brown court. The revised policies include use of force incidents, management cell status, alternative housing options for certain Coleman class members in segregated housing, welfare checks for inmates in segregated housing, and additional training for suicide prevention. The court's order and the Department's revised policies are intended to improve prison mental health care and reduce suicide incidents in prison.

### PROGRAM DESCRIPTIONS

#### 4500 - CORRECTIONS AND REHABILITATION ADMINISTRATION

The objective of the Corrections and Rehabilitation Administration program is to provide policy direction, accountability, administrative oversight, and support to ensure the overall success of all adult and juvenile correctional and rehabilitation programs. The program consists of the Office of the Secretary; Legislative Affairs; Public and Employee Communications; Internal Affairs and Audits and Court Compliance; Victim and Survivor Rights and Services; Support Services; Enterprise Information Services; Labor Relations, Regulations and Policy; Research; Legal Affairs; Leasing and Facility Management and the Office of the Ombudsman.

#### 4505 - PEACE OFFICER SELECTION AND EMPLOYEE DEVELOPMENT

The program is also responsible for academy training, as well as employee development for all departmental staff, both peace officers and non-peace officers.

#### 4510 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to the CDCR.

#### 4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department accepts commitments from California courts provided that the person to be committed was under 18 years of age at the time the offense was committed, can materially benefit from institutional programs, and there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations program is to ensure the operation of safe and secure juvenile facilities, to perform tasks related to routine day-to-day operations of institutions and camps, and to provide juvenile offenders necessary services such as security, feeding, clothing, and facility operations. In addition, this program provides staff training, juvenile offender intake and court services, population management services, facility maintenance, and maintains juvenile offender master files. This program currently oversees operations for three facilities and one conservation camp. In addition, Juvenile Operations and Offender Programs are responsible for overseeing and implementing the Integrated Behavioral Treatment Model which uses evidence-based principles of a cognitive behavioral treatment program to guide the development of the best program for the unique needs of the youth population.

Treatment programs begin by performing diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each offender. Based on the results of this evaluation, various counseling and evidence-based treatment programs are available, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, counterpoint, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

On January 1, 2015, the California Department of Corrections and Rehabilitation began implementing the new court-ordered parole process for non-violent second-strike offenders who have completed 50 percent of their sentence. Additionally, effective January 1, 2015, minimum custody inmates in state prison that are eligible to receive day-for-day credits began earning two-for-one credits.

## 5420 Prison Industry Authority

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. The CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of Business, Transportation and Housing or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and the industry. The Secretary of the CDCR serves as chair of the Board.

The CALPIA supports the public safety mission of the CDCR by producing well-trained offenders that have a job skill, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. The CALPIA work programs also help the CDCR to avoid the cost of alternative inmate programming for program participants.

The CALPIA has three statutory objectives: 1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for offenders under the jurisdiction of the CDCR; 2) create and maintain working conditions within

enterprises similar to those which prevail in private industry to assure offenders assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and 3) operate work programs for offenders that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by the CDCR, thereby reducing the costs of its operation. The CALPIA receives no annual appropriation from the Legislature.
