**Addition of Budget Bill Items 7760-301-0660 and 7760-311-0001, Capital Outlay,
Department of General Services**

Sacramento Region: Jesse Unruh Building Renovation—It is requested that Item 7760-301-0660 be added in the amount of \$63,110,000 one-time Public Buildings Construction Fund to supplement the design-build phase of the Jesse Unruh Building Renovation project in Sacramento (see Attachment 1). Due to cost impacts related to supply chain issues, including escalation, as well as recently discovered deteriorating site conditions and seismic strengthening requirements for the building structure, this supplemental authority is necessary to advance this project to the Guaranteed Maximum Price (GMP) milestone. Because this project is authorized for the Progressive Design-Build methodology, these additional issues were discovered prior to the start of construction, thus saving on later more costly change orders.

Sacramento Region: Resources Building Renovation—It is requested that Item 7760-301-0660 be added in the amount of \$73,727,000 one-time Public Buildings Construction Fund to supplement the design-build phase of the old Resources Building Renovation project in Sacramento (see Attachment 1). Due to cost impacts related to supply chain issues, including escalation, as well as recently discovered deteriorating site conditions, this supplemental authority is necessary to advance this project to the GMP milestone. Because this project is authorized for the Progressive Design-Build methodology, these additional issues were discovered prior to the start of construction, thus preventing later more costly change orders.

Sacramento Region: 10th and O Street State Office Building – Fund Shift from Lease Revenue Bonds to General Fund—It is requested that statutory changes be made to amend Item 7760-301-0001 to the Budget Act of 2021 in the amount of \$476,738,000 one-time to convert existing lease revenue bond authority to General Fund for the design-build phase of the Sacramento Region: 10th and O Street State Office Building

(see Attachment 2). The request will allow for the payment of the interim financing loan for the project and all related administrative costs and interest. This proposal will result in significant savings from avoided interest payments related to the sale of bonds, and is part of a multi-year effort to build resiliency in the state's fiscal plan.

State Project Infrastructure Fund—It is requested that Item 7760-311-0001 be added in the amount of \$80 million one-time for transfer to the State Project Infrastructure Fund to support the continuation of design and pre-construction activities for the Capitol Annex projects (see Attachment 3). The May Revision also includes a statutory proposal to increase the cap on lease revenue bond funding for the projects, as defined in Government Code 9112.5(a)(1), from \$755.6 million to \$837 million.

The effect of my requested action is reflected in the attachments.

Amendment to Budget Bill Item 7920-011-0001, Support, California State Teachers' Retirement System

It is requested that Item 7920-011-0001 be increased by \$6,032,000 ongoing to reflect an increase in the state's contributions to the California State Teachers' Retirement System's Defined Benefit (DB) Program and Supplemental Benefit Maintenance Account (SBMA), as required in statute. The state's contributions to the DB program and SBMA are calculated using creditable compensation provided by the Teachers' Retirement Board (Board) for the fiscal year immediately preceding June 30th; the report is published annually by the Board by October 25th, with a subsequent report due by April 15th, displaying necessary revisions to creditable compensation. Based on the Board's April 12, 2022 creditable compensation report, the DB contribution will be increased by \$4,640,000 and the SBMA contribution will be increased by \$1,392,000, as compared to the Governor's Budget.
